10D Certification

- (1) Where the Authority receives an application for certification, it must make a preliminary decision by the relevant deadline as to whether it should certify the applicant.
- (2) The relevant deadline is the end of the 4 months beginning with the day on which the Authority receives the application; but this is subject to any extension under subsection (3).
- (3) If, before the deadline mentioned in subsection (2) (or before that deadline as previously extended under this subsection), the Authority asks the applicant or a relevant producer or supplier for information under section 10B(4) or (5), the relevant deadline is the end of the 4 months beginning with the day on which the last of that information is received.
- (4) As soon as is reasonably practicable after making the preliminary decision the Authority must notify the decision and the reasons for it to—
 - (a) the applicant;
 - (b) the Secretary of State; and
 - (c) the European Commission.
- (5) The Authority must enclose with the notification under subsection (4)(c) a copy of any report—

- (a) which the Secretary of State has prepared under section 10C in respect of the applicant; and
 - (b) which the Authority receives before giving the notification.
- (6) Subsections (7) and (8) apply in relation to the Authority’s final decision under Article 3 of the Electricity Regulation as to whether to certify the applicant.
- (7) As soon as is reasonably practicable after making the final decision the Authority must notify the decision and the reasons for it to—
- (a) the applicant;
 - (b) the Secretary of State; and
 - (c) the European Commission.
- (8) If the final decision is to certify the applicant the applicant is to be taken as certified by the Authority under this section.

10E Grounds for certification

- (1) This section applies to—
- (a) a preliminary decision under section 10D as to whether an applicant should be certified;
 - (b) a final decision under Article 3 of the Electricity Regulation as to whether to certify an applicant.
- (2) The Authority may only decide that the applicant should be certified, or decide to certify the applicant, if one of the following five grounds (“the certification grounds”) applies.
- (3) The first certification ground is that the applicant meets the ownership unbundling requirement in section 10F.
- (4) The second certification ground is that the applicant has asked the Authority to exempt it from the ownership unbundling requirement on the grounds in paragraph (9) of Article 9 of the Electricity Directive (alternative arrangements for independence), and the Authority thinks the requirements of that paragraph are met.
- (5) The third certification ground is that—
- (a) the applicant has asked the Authority to exempt it from the ownership unbundling requirement on the grounds in paragraphs (1) and (2) of Article 13 of the Electricity Directive (independent system operator);
 - (b) the applicant has nominated an independent system operator for designation in accordance with those paragraphs; and
 - (c) the Authority—
 - (i) thinks that the requirements of those paragraphs are met, and
 - (ii) is minded to designate the nominated independent system operator.
- (6) The fourth certification ground is that—
- (a) the applicant holds a licence under section 6(1)(e); and
 - (b) in accordance with the conditions of that licence, the applicant has been granted an exemption under Article 17 of the Electricity Regulation (new interconnectors) and remains entitled to the benefit of it.
- (7) The fifth certification ground is that—

- (a) the applicant holds a licence under section 6(1)(e); and
 - (b) in accordance with the conditions of that licence, the applicant has been granted an exemption under Article 7 of Regulation (EC) No. 1228/2003 of the European Parliament and of the Council of 26 June 2003 on conditions for access to the network for cross-border exchanges in electricity (new interconnectors) and remains entitled to the benefit of it.
- (8) But, regardless of whether a certification ground applies, the Authority—
- (a) may, in particular, decide that the applicant should not be certified, or decide not to certify the applicant, if, on the basis of an opinion expressed by the European Commission under Article 11 of the Electricity Directive (certification in relation to persons from countries outside the European Economic Area), the Authority thinks that the certification of the applicant would put at risk the security of electricity supplies in any EEA state;
 - (b) must not decide that the applicant should be certified, and must not decide to certify the applicant, if a report prepared by the Secretary of State under section 10C states that the certification of the applicant would put at risk the security of electricity supplies in the United Kingdom or any other EEA state;
 - (c) must not decide to certify the applicant on the second certification ground if the European Commission has not verified, in accordance with paragraph (10) of Article 9 of the Electricity Directive (verification of independence under alternative arrangements), that the requirement in that paragraph as to arrangements for effective independence is met.

10F The ownership unbundling requirement

- (1) In section 10E(3) the ownership unbundling requirement is met by an applicant for certification if ^{F131}in relation to each of the five tests below—
- (a) the Authority thinks that it is passed, or
 - (b) it is treated as passed by virtue of subsection (7), (9) or (9A).]
- (2) The first test is that the applicant—
- (a) does not control a relevant producer or supplier;
 - (b) does not have a majority shareholding in a relevant producer or supplier; and
 - (c) will not, on or after the relevant date, exercise shareholder rights in relation to a relevant producer or supplier.
- (3) For the purposes of subsection (2)(c), the Authority is entitled to think that the applicant will not exercise shareholder rights if the applicant has given an undertaking not to exercise those shareholder rights.
- (4) The second test is that, where the applicant is a company, partnership or other business, none of its senior officers has been, or may be, appointed by a person who—
- (a) controls an electricity undertaking which is a relevant producer or supplier; or
 - (b) has a majority shareholding in an electricity undertaking which is a relevant producer or supplier.
- (5) The third test is that, where the applicant is a company, partnership or other business, none of its senior officers is also a senior officer of an electricity undertaking which is a relevant producer or supplier.
- (6) The fourth test is that the applicant is not controlled by a person who controls a relevant producer or supplier.

- (7) But even where the fourth test is not passed, the Authority may treat it as passed if—
- (a) the control over the applicant was gained through the exercise of a right conferred as a condition of the provision of either financial support or a guarantee (or both), in relation to the applicant’s business; or
 - (b) the control over the relevant producer or supplier was gained through the exercise of such a right conferred in relation to the business of the relevant producer or supplier.
- (8) The fifth test is that the applicant is not controlled by a person who has a majority shareholding in a relevant producer or supplier.
- (9) But even where the fifth test is not passed, the Authority may treat it as passed if—
- (a) the control over the applicant was gained through the exercise of a right conferred as a condition of the provision of either financial support or a guarantee (or both), in relation to the applicant’s business; or
 - (b) the majority shareholding in the relevant producer or supplier was gained through the exercise of such a right conferred in relation to the business of the relevant producer or supplier.
- [Except where subsection (9B) applies, the Authority may treat one or more of the five ^{F132}(9A) tests in this section as passed if—
- (a) the test or tests are not passed in relation to a relevant producer or supplier,
 - (b) the applicant has demonstrated to the Authority’s satisfaction that the applicant does not have a relationship with the relevant producer or supplier which might lead the applicant to discriminate in favour of the relevant producer or supplier, and
 - (c) the Authority thinks it appropriate to treat the test or tests as passed.
- (9B) This subsection applies where the applicant, or a person who controls or has a majority shareholding in the applicant, controls or has a majority shareholding in a person (“A”) who operates a generating station and—
- (a) A is a relevant producer or supplier; and
 - (b) the generating station is directly physically connected to anything that forms part of the applicant’s transmission system or electricity interconnector.]

[This section is subject to section 12 of the Marine and Coastal Access Act 2009 ^{F318}(1A) (which transfers certain functions of the Secretary of State to the Marine Management Organisation).]

- (5) If the person who has granted a consent in relation to any offshore generating activities thinks it appropriate to do so in the interests of the safety of navigation, he may at any time vary conditions of the consent so as to modify in relation to any of the following matters the obligations imposed by those conditions—
- (a) the provision of aids to navigation (including, in particular, lights and signals);
- (b) the stationing of guard ships in the vicinity of the place where the activities are being or are to be carried on; or
- (c) the taking of other measures for the purposes of, or in connection with, the control of the movement of vessels in that vicinity.

- (1) Where the Secretary of State under section 41A imposes on electricity suppliers obligations to achieve a target within a specified period, the power to make orders under that section is exercisable by the Scottish Ministers for the purposes of those obligations imposed in relation to Scotland and not, except as provided by subsections (9) and (10), by the Secretary of State.
- (2) An obligation is imposed in relation to Scotland to the extent that measures to meet that obligation may be carried out in Scotland (disregarding any power to elect under section 103 of the Utilities Act 2000).
- (3) For the purposes of the exercise by the Scottish Ministers of the power to make an order under section 41A, that section applies with the following modifications—
 - (a) for subsection (1) there is substituted a power by order to specify how electricity suppliers may meet their obligations to achieve the carbon emissions reduction target through measures carried out in Scotland;
 - (b) subsections (1A), (3), (5)(a), (7)(a) and (10A) are omitted;
 - (c) in subsection (2A) at the beginning of paragraph (b) there is inserted “where the Secretary of State has apportioned the overall carbon emissions reduction target under section 103(2A) of the Utilities Act 2000, and”;

- (5) Where an overall carbon emissions reduction target has been apportioned under section 103(2A) of the Utilities Act 2000, the Scottish Ministers must—
- (a) when making any order under section 41A, comply with the duty in subsection (6), and
 - (b) if the Secretary of State amends any order under that section, make any provision they think necessary, in consequence of the amendment, to comply with that duty.
- (6) The duty of the Scottish Ministers where subsection (5)(a) or (b) applies is to exercise their powers under section 41A (subject to subsection (8)) in the way they think most likely to secure that the proportion of compliance costs that is represented by costs relating to Scotland is no greater than the proportion of the overall carbon emissions reduction target that is represented by the part of it apportioned to measures carried out in Scotland.
- (7) In subsection (6)—
- (a) “compliance costs” means the total costs to electricity suppliers of complying with carbon emissions reduction obligations that, in relation to any period, are imposed by order under section 41A, and
 - (b) “costs relating to Scotland” means the total costs to electricity suppliers of complying with obligations that, in relation to the same period, are imposed in relation to Scotland.

 - (b) the Secretary of State has agreed to the order being made.
- (9) Subsection (1) does not prevent the Secretary of State from making provision under—
- (a) section 41A(1A), (3), (5)(a) or (7)(a), or
 - (b) section 41A(2A) where an overall carbon emissions reduction target has not been apportioned under section 103(2A) of the Utilities Act 2000.
- (10) Subsection (1) does not prevent the Secretary of State from making any other provision under section 41A or from varying or revoking an order made by the Scottish Ministers under that section—
- (a) with the agreement of the Scottish Ministers, or
 - (b) without their agreement, if subsection (11) applies.
- (11) This subsection applies if it appears to the Secretary of State, in the case of obligations imposed in relation to Scotland (the “Scottish obligations”), taking into account any provision made by the Scottish Ministers, that the Scottish obligations are, alone or in conjunction with obligations imposed or to be imposed in relation to England and Wales, likely to—
- (a) cause detriment to the United Kingdom,
 - (b) adversely affect the ability of the United Kingdom to comply with an international agreement or arrangement in relation to climate change or energy efficiency, or
 - (c) result in costs incurred by suppliers that are not broadly equivalent in relation to England and Wales and in relation to Scotland,
- and the Scottish Ministers have failed to comply with a request made to them by the Secretary of State to make modifications specified by the Secretary of State.

- (12) In determining for the purposes of subsection (11), whether detriment is likely to be caused to the United Kingdom, considerations that the Secretary of State may take into account include the costs imposed on suppliers by virtue of obligations imposed or to be imposed by the Secretary of State under section 41A or any provision made by the Scottish Ministers under that section.
- (13) A request by the Secretary of State to the Scottish Ministers for the purposes of subsection (11)—
- (a) must be in writing;
 - (b) must specify only modifications that appear to the Secretary of State to be necessary to prevent the effect mentioned in subsection (11)(a), (b) or (c);
 - (c) must specify the time within which the modifications are to be made, which must not be less than 2 months from the date of the request.]
