- (2) If the amount so calculated is a negative amount, the authority shall for that year carry the equivalent positive amount from their Housing Revenue Account to the credit of some other revenue account of theirs.
- (3) In determining a formula for the purposes of this section for any year, the Secretary of State may include variables framed (in whatever way he considers appropriate) by reference to—
- (a) any amounts which fall to be or were credited or debited to the authority's Housing Revenue Account for that year or any previous year;

- (a) by taking the amount which the Secretary of State considers (having regard, amongst other things, to past and expected movements in incomes, costs and prices) should be or should have been the aggregate amount for that year of the rental incomes or, as the case may be, the housing expenditure of all of the authorities (or all of the authorities in England or Wales) taken together; and
 - (b) by apportioning that amount between them in such manner as the Secretary of State considers appropriate (which may involve, if he thinks fit, inferring the aggregate values of the houses and other property within their respective Housing Revenue Accounts from the average values of any of the houses and other property which they have disposed of);
- and in this subsection “rental income” means income falling within item 1 of Part I of Schedule 4 to this Act and “housing expenditure” means expenditure falling within item 1 of Part II of that Schedule or falling to be debited to the authorities' Housing Repairs Accounts.
