BE IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Part I

Integrated Pollution Control and Air Pollution Control by Local Authorities

Preliminary

1 Preliminary

- (1) The following provisions have effect for the interpretation of this Part.
- (2) The “environment” consists of all, or any, of the following media, namely, the air, water and land; and the medium of air includes the air within buildings and the air within other natural or man-made structures above or below ground.
- (3) “Pollution of the environment” means pollution of the environment due to the release (into any environmental medium) from any process of substances which are capable of causing harm to man or any other living organisms supported by the environment.

(4) "Harm" means harm to the health of living organisms or other interference with the ecological systems of which they form part and, in the case of man, includes offence caused to any of his senses or harm to his property; and "harmless" has a corresponding meaning.

(5) "Process" means any activities carried on in Great Britain, whether on premises or by means of mobile plant, which are capable of causing pollution of the environment and "prescribed process" means a process prescribed under section 2(1) below.

(6) For the purposes of subsection (5) above—

"activities" means industrial or commercial activities or activities of any other nature whatsoever (including, with or without other activities, the keeping of a substance);

"Great Britain" includes so much of the adjacent territorial sea as is, or is treated as, relevant territorial waters for the purposes of [Part III of the Water Resources Act 1991] or, as respects Scotland, Part II of the Control of Pollution Act 1974; and

"mobile plant" means plant which is designed to move or to be moved whether on roads or otherwise.

(7) The "enforcing authority", in relation to England and Wales, is [the Environment Agency or the local authority by which], under section 4 below, the functions conferred or imposed by this Part otherwise than on the Secretary of State are for the time being exercisable in relation respectively to releases of substances into the environment or into the air; and "local enforcing authority" means any such local authority.

[(8) In relation to Scotland, references to the "enforcing authority" and a local enforcing authority" are references to the Scottish Environment Protection Agency (in this Part referred to as "SEPA").]

(9) "Authorisation" means an authorisation for a process (whether on premises or by means of mobile plant) granted under section 6 below; and a reference to the conditions of an authorisation is a reference to the conditions subject to which at any time the authorisation has effect.

(10) A substance is "released" into any environmental medium whenever it is released directly into that medium whether it is released into it within or outside Great Britain and "release" includes—

- (a) in relation to air, any emission of the substance into the air;
- (b) in relation to water, any entry (including any discharge) of the substance into water;
- (c) in relation to land, any deposit, keeping or disposal of the substance in or on land;

and for this purpose "water" and "land" shall be construed in accordance with subsections (11) and (12) below.

(11) For the purpose of determining into what medium a substance is released—

- (a) any release into—
 - (i) the sea or the surface of the seabed,
 - (ii) any river, watercourse, lake, loch or pond (whether natural or artificial or above or below ground) or reservoir or the surface of the riverbed or of other land supporting such waters, or
 - (iii) ground waters,

- is a release into water;
- (b) any release into—
- (i) land covered by water falling outside paragraph (a) above or the water covering such land; or
 - (ii) the land beneath the surface of the seabed or of other land supporting waters falling within paragraph (a)(ii) above,
- is a release into land; and
- (c) any release into a sewer (within the meaning of [the Water Industry Act 1991] or, in relation to Scotland, of the Sewerage (Scotland) Act 1968) shall be treated as a release into water;

but a sewer and its contents shall be disregarded in determining whether there is pollution of the environment at any time.

- (12) In subsection (11) above “ground waters” means any waters contained in underground strata, or in—
- (a) a well, borehole or similar work sunk into underground strata, including any adit or passage constructed in connection with the well, borehole or work for facilitating the collection of water in the well, borehole or work; or
 - (b) any excavation into underground strata where the level of water in the excavation depends wholly or mainly on water entering it from the strata.

(13) “Substance” shall be treated as including electricity or heat and “prescribed substance” has the meaning given by section 2(7) below.

[(14) In this Part “the appropriate Agency” means—

- (a) in relation to England and Wales, the Environment Agency; and
- (b) in relation to Scotland, SEPA.]

4 Discharge and scope of functions

(1) This section determines the authority by whom the functions conferred or imposed by this Part otherwise than on the Secretary of State are exercisable and the purposes for which they are exercisable.

(2) Those functions, in their application to prescribed processes designated for central control, shall be functions of [the appropriate Agency], and shall be exercisable for the purpose of preventing or minimising pollution of the environment due to the release of substances into any environmental medium.

(3) Subject to subsection (4) below, those functions, in their application to prescribed processes designated for local control, shall be functions of—

[(a) in the case of a prescribed process carried on (or to be carried on) by means of a mobile plant, where the person carrying on the process has his principal place of business—

and the functions applicable to such processes shall be exercisable for the purpose of preventing or minimising pollution of the environment due to the release of substances into the air (but not into any other environmental medium).

(4) The Secretary of State may, as respects the functions under this Part being exercised by a local authority specified in the direction, direct that those functions shall be exercised instead by [the Environment Agency] while the direction remains in force or during a period specified in the direction.

[(4A) In England and Wales, a local authority, in exercising the functions conferred or imposed on it under this Part by virtue of subsection (3) above, shall have regard to the strategy for the time being published pursuant to section 80 of the Environment Act 1995.]

(5) A transfer of functions under subsection (4) above to [the Environment Agency] does not make them exercisable by [that Agency] for the purpose of preventing or minimising pollution of the environment due to releases of substances into any other environmental medium than the air.

(6) A direction under subsection (4) above may transfer those functions as exercisable in relation to all or any description of prescribed processes carried on by all or any description of persons (a “general direction”) or in relation to a prescribed process carried on by a specified person (a “specific direction”).

(8B) Subsections (4) to (8A) above shall not apply to Scotland.]

[(9) It shall be the duty of local authorities to follow such developments in technology and techniques for preventing or reducing pollution of the environment due to releases of substances from prescribed processes as concern releases into the air of substances from prescribed processes designated for local control.]

(10) It shall be the duty of [the Environment Agency, SEPA] and the local enforcing authorities to give effect to any directions given to them under any provision of this Part.

(11) In this Part “local authority” means, subject to subsection (12) below—

(2) Those objectives are—

- (a) ensuring that, in carrying on a prescribed process, the best available techniques not entailing excessive cost will be used—
 - (i) for preventing the release of substances prescribed for any environmental medium into that medium or, where that is not practicable by such means, for reducing the release of such substances to a minimum and for rendering harmless any such substances which are so released; and
 - (ii) for rendering harmless any other substances which might cause harm if released into any environmental medium;
- (b) compliance with any directions by the Secretary of State given for the implementation of any obligations of the United Kingdom under the [EU] Treaties or international law relating to environmental protection;
- (c) compliance with any limits or requirements and achievement of any quality standards or quality objectives prescribed by the Secretary of State under any of the relevant enactments;

- (d) compliance with any requirements applicable to the grant of authorisations specified by or under a plan made by the Secretary of State under section 3(5) above.

(3) Except as respects the general condition implied by subsection (4) below, the Secretary of State may give directions to the enforcing authorities as to the conditions which are, or are not, to be included in all authorisations, in authorisations of any specified description or in any particular authorisation.

(4) Subject to subsections (5) and (6) below, there is implied in every authorisation a general condition that, in carrying on the process to which the authorisation applies, the person carrying it on must use the best available techniques not entailing excessive cost—

- (a) for preventing the release of substances prescribed for any environmental medium into that medium or, where that is not practicable by such means, for reducing the release of such substances to a minimum and for rendering harmless any such substances which are so released; and
- (b) for rendering harmless any other substances which might cause harm if released into any environmental medium.

(5) In the application of subsections (1) to (4) above to authorisations granted by a local enforcing authority references to the release of substances into any environmental medium are to be read as references to the release of substances into the air.

(6) The obligation implied by virtue of subsection (4) above shall not apply in relation to any aspect of the process in question which is regulated by a condition imposed under subsection (1) above.

(7) The objectives referred to in subsection (2) above shall, where the process—

- (a) is one designated for central control; and
- (b) is likely to involve the release of substances into more than one environmental medium;

include the objective of ensuring that the best available techniques not entailing excessive cost will be used for minimising the pollution which may be caused to the environment taken as a whole by the releases having regard to the best practicable environmental option available as respects the substances which may be released.

(8) An authorisation for carrying on a prescribed process may, without prejudice to the generality of subsection (1) above, include conditions—

- (a) imposing limits on the amount or composition of any substance produced by or utilised in the process in any period; and
- (b) requiring advance notification of any proposed change in the manner of carrying on the process.

(9) This section has effect subject to section 28 below . . .

(10) References to the best available techniques not entailing excessive cost, in relation to a process, include (in addition to references to any technical means and technology) references to the number, qualifications, training and supervision of persons employed in the process and the design, construction, lay-out and maintenance of the buildings in which it is carried on.

(11) It shall be the duty of enforcing authorities to have regard to any guidance issued to them by the Secretary of State for the purposes of the application of subsections (2) and (7) above as to the techniques and environmental options that are appropriate for any description of prescribed process.

(12) In subsection (2) above “the relevant enactments” are any enactments or instruments contained in or made for the time being under—

- (a) section 2 of the Clean Air Act 1968;
- (b) section 2 of the European Communities Act 1972;
- (c) Part I of the Health and Safety at Work etc Act 1974;
- (d) Parts II, III or IV of the Control of Pollution Act 1974;
- [(e) the Water Resources Act 1991; . . .]
- (f) section 3 of this Act[; . . .
- (g) section 87 of the Environment Act 1995;] [and

10 Variation of authorisations by enforcing authority

(1) The enforcing authority may at any time, subject to the requirements of section 7 above, and, in cases to which they apply, the requirements of Part II of Schedule 1 to this Act, vary an authorisation and shall do so if it appears to the authority at that time that that section requires conditions to be included

which are different from the subsisting conditions.

(2) Where the enforcing authority has decided to vary an authorisation under subsection (1) above the authority shall notify the holder of the authorisation and serve a variation notice on him.

(3) In this Part a "variation notice" is a notice served by the enforcing authority on the holder of an authorisation—

- (a) specifying variations of the authorisation which the enforcing authority has decided to make; and
- (b) specifying the date or dates on which the variations are to take effect;

and, unless the notice is withdrawn [or is varied under subsection (3A) below], the variations specified in a variation notice shall take effect on the date or dates so specified.

[(3A) An enforcing authority which has served a variation notice may vary that notice by serving on the holder of the authorisation in question a further notice—

- (a) specifying the variations which the enforcing authority has decided to make to the variation notice; and
- (b) specifying the date or dates on which the variations specified in the variation notice, as varied by the further notice, are to take effect;

(4) A variation notice served under subsection (2) above shall also—

- (a) require the holder of the authorisation, within such period as may be specified in the notice, to notify the authority what action (if any) he proposes to take to ensure that the process is carried on in accordance with the authorisation as varied by the notice; and

11 Variation of conditions etc: applications by holders of authorisations

(1) A person carrying on a prescribed process under an authorisation who wishes to make a relevant change in the process may at any time—

(a) notify the enforcing authority in the prescribed form of that fact, and

- (b) request the enforcing authority to make a determination, in relation to the proposed change, of the matters mentioned in subsection (2) below;

and a person making a request under paragraph (b) above shall furnish the enforcing authority with such information as may be prescribed or as the authority may by notice require.

- (2) On receiving a request under subsection (1) above the enforcing authority shall determine—
 - (a) whether the proposed change would involve a breach of any condition of the authorisation;
 - (b) if it would not involve such a breach, whether the authority would be likely to vary the conditions of the authorisation as a result of the change;
 - (c) if it would involve such a breach, whether the authority would consider varying the conditions of the authorisation so that the change may be made; and
 - (d) whether the change would involve a substantial change in the manner in which the process is being carried on;

and the enforcing authority shall notify the holder of the authorisation of its determination of those matters.

(3) Where the enforcing authority has determined that the proposed change would not involve a substantial change, but has also determined under paragraph (b) or (c) of subsection (2) above that the change would lead to or require the variation of the conditions of the authorisation, then—

- (a) the enforcing authority shall (either on notifying its determination under that subsection or on a subsequent occasion) notify the holder of the authorisation of the variations which the authority is likely to consider making; and
- (b) the holder may apply in the prescribed form to the enforcing authority for the variation of the conditions of the authorisation so that he may make the proposed change.

(4) Where the enforcing authority has determined that a proposed change would involve a substantial change that would lead to or require the variation of the conditions of the authorisation, then—

- (a) the authority shall (either on notifying its determination under subsection (2) above or on a subsequent occasion) notify the holder of the authorisation of the variations which the authority is likely to consider making; and
- (b) the holder of the authorisation shall, if he wishes to proceed with the change, apply in the prescribed form to the enforcing authority for the variation of the conditions of the authorisation.

(5) The holder of an authorisation may at any time, unless he is carrying on a prescribed process under the authorisation and wishes to make a relevant change in the process, apply to the enforcing authority in the prescribed form for the variation of the conditions of the authorisation.

(6) A person carrying on a process under an authorisation who wishes to make a relevant change in the process may, where it appears to him that the change will require the variation of the conditions of the authorisation, apply to the enforcing authority in the prescribed form for the variation of the conditions of the authorisation specified in the application.

(7) A person who makes an application for the variation of the conditions of an authorisation shall furnish the authority with such information as may be prescribed or as the authority may by notice require.

(8) On an application for variation of the conditions of an authorisation under any provision of this section—

- (a) the enforcing authority may, having fulfilled the requirements of Part II of Schedule 1 to this Act in cases to which they apply, as it thinks fit either refuse the application or, subject to the requirements of section 7 above, vary the conditions or, in the case of an application under subsection (6) above, treat the application as a request for a determination under subsection (2) above; and
- (b) if the enforcing authority decides to vary the conditions, it shall serve a variation notice on the holder of the authorisation.

[(9) Any application to the enforcing authority under this section shall be accompanied—

- (a) in a case where the enforcing authority is the Environment Agency or SEPA, by the charge (if any) prescribed for the purpose by a charging scheme under section 41 of the Environment Act 1995; or
- (b) in any other case, by the fee (if any) prescribed by a scheme under section 8 above.]

(10) This section applies to any provision other than a condition which is contained in an authorisation as it applies to a condition with the modification that any reference to the breach of a condition shall be read as a reference to acting outside the scope of the authorisation.

(11) For the purposes of this section a relevant change in a prescribed process is a change in the manner of carrying on the process which is capable of altering the substances released from the process or of affecting the amount or any other characteristic of any substance so released.

(1) No information relating to the affairs of any individual or business shall be included in a register maintained under section 20 above, without the consent of that individual or the person for the time being carrying on that business, if and so long as the information—

- (a) is, in relation to him, commercially confidential; and
- (b) is not required to be included in the register in pursuance of directions under subsection (7) below;

but information is not commercially confidential for the purposes of this section unless it is determined under this section to be so by the enforcing authority or, on appeal, by the Secretary of State.

(2) Where information is furnished to an enforcing authority for the purpose of—

- (a) an application for an authorisation or for the variation of an authorisation;

then, if the person furnishing it applies to the authority to have the information excluded from the register on the ground that it is commercially confidential (as regards himself or another person), the authority shall determine whether the information is or is not commercially confidential.

(3) A determination under subsection (2) above must be made within the period of fourteen days beginning with the date of the application and if the enforcing authority fails to make a determination within that period it shall be treated as having determined that the information is commercially confidential.

(4) Where it appears to an enforcing authority that any information (other than information furnished in circumstances within subsection (2) above) which has been obtained by the authority under or by virtue of any provision of this Part might be commercially confidential, the authority shall—

- (a) give to the person to whom or whose business it relates notice that that information is required to be included in the register unless excluded under this section; and

- (b) subsection (5) above is subject to section 114 of the Environment Act 1995 (delegation or reference of appeals etc.)]

(7) The Secretary of State may give to the enforcing authorities directions as to specified information, or descriptions of information, which the public interest requires to be included in registers maintained under section 20 above notwithstanding that the information may be commercially confidential.

(8) Information excluded from a register shall be treated as ceasing to be commercially confidential for the purposes of this section at the expiry of the period of four years beginning with the date of the determination by virtue of which it was excluded; but the person who furnished it may apply to the authority for the information to remain excluded from the register on the ground that it is still commercially confidential and the authority shall determine whether or not that is the case.

(9) Subsections (5) and (6) above shall apply in relation to a determination under subsection (8) above as they apply in relation to a determination under subsection (2) or (4) above.

(10) The Secretary of State may, by order, substitute for the period for the time being specified in subsection (3) above such other period as he considers appropriate.

[(3A) In the case of a site licence, a revocation under subsection (3) may extend to the whole of the land to which the licence extends or to any part of it.]

(4) The authority may, under this subsection, revoke the licence entirely.

(5) [Subject to subsection (3A),] a licence revoked under subsection (3) above shall cease to have effect to authorise the carrying on of the activities specified in the licence or, as the case may be, the activities specified by the authority in revoking the licence but shall not affect the requirements imposed by the licence which the authority, in revoking the licence, specify as requirements which are to continue to bind the licence holder.

(6) Where a licence granted by a waste regulation authority is in force and it appears to the authority—

- (a) that the holder of the licence has ceased to be a fit and proper person by reason of the management of the activities authorised by the licence having ceased to be in the hands of a technically competent person; or*
- (b) that serious pollution of the environment or serious harm to human health has resulted from, or is about to be caused by, the activities to which the licence relates or the happening or threatened happening of an event affecting those activities; and*
- (c) that the continuing to carry on those activities, or any of those activities, in the circumstances will continue or, as the case may be, cause serious pollution of the environment or serious harm to human health;*

the authority may suspend the licence so far as it authorises the carrying on of the activities specified in the licence or such of them as the authority specifies in suspending the licence.

[(6A) In the case of a site licence, the suspension may extend to the whole of the land to which the licence extends or to any part of it.]

(7) The Secretary of State may, if he thinks fit in relation to a licence granted by a waste regulation authority, give to the authority directions as to whether and in what manner the authority should exercise its powers under this section; and it shall be the duty of the authority to give effect to the directions.

(8) [Subject to subsection (6A),] a licence suspended under subsection (6) above shall, while the

suspension has effect, be of no effect to authorise the carrying on of the activities specified in the licence or, as the case may be, the activities specified by the authority in suspending the licence.

(9) Where a licence is suspended under subsection (6) above, the authority, in suspending it or at any time while it is suspended, may require the holder of the licence to take such measures to deal with or avert the pollution or harm as the authority considers necessary.

[(9A) A requirement imposed under subsection (9) above may require the holder of a licence to carry out works or do other things notwithstanding that he is not entitled to carry out the works or do the thing and any person whose consent would be required shall grant, or join in granting, the holder of the licence such rights in relation to the land as will enable the holder of the licence to comply with any requirements imposed on him under that subsection.

(9B) Subsections (2) to (8) of section 36A above shall, with the necessary modifications, apply where the authority proposes to impose a requirement under subsection (9) above which may require the holder of a licence to carry out any such works or do any such thing as is mentioned in subsection (9A) above as they apply where the authority proposes to issue a licence subject to any such condition as is mentioned in subsection (1) of that section, but as if—

(a) the reference in subsection (3) of that section to section 35(4) above were a reference to subsection (9A) above; and

(b) any reference in those subsections—

(i) to the condition, or the condition in question, were a reference to the requirement; and

(ii) to issuing a licence were a reference to serving a notice, under subsection (12) below, effecting the requirement.

(9C) The authority may postpone the service of any notice or the consideration of any representations required under section 36A above, as applied by subsection (9B) above, so far as the authority considers that by reason of an emergency it is appropriate to do so.]

(10) A person who, without reasonable excuse, fails to comply with any requirement imposed under subsection (9) above otherwise than in relation to special waste [hazardous waste] shall be liable—

(a) on summary conviction, to a fine of an amount not exceeding the statutory maximum; and

(b) on conviction on indictment, to imprisonment for a term not exceeding two years or a fine or both.

(11) A person who, without reasonable excuse, fails to comply with any requirement imposed under subsection (9) above in relation to special waste [hazardous waste] shall be liable—

(a) on summary conviction, to imprisonment for a term not exceeding six months or a fine not exceeding the statutory maximum or both; and

(b) on conviction on indictment, to imprisonment for a term not exceeding five years or a fine or both.

(12) Any revocation or suspension of a licence or requirement imposed during the suspension of a licence under this section shall be effected by notice served on the holder of the licence and the notice shall state the time at which the revocation or suspension or the requirement is to take effect and, in the case of suspension, the period at the end of which, or the event on the occurrence of which, the suspension is to cease.

[(12A) *If, in the case of a partial revocation referred to in subsection (3A), the authority is of the opinion that it is necessary to modify the conditions of the licence to take account of the revocation, it shall specify the necessary modifications in the notice served under subsection (12) and the modifications specified in the notice shall take effect on the date specified in the notice.*]

[(13) *If a waste regulation authority is of the opinion that proceedings for an offence under subsection (10) or (11) above would afford an ineffectual remedy against a person who has failed to comply with any requirement imposed under subsection (9) above, the authority may take proceedings in the High Court or, in Scotland, in any court of competent jurisdiction for the purpose of securing compliance with the requirement.*]

39 Surrender of licences

(1) A licence may be surrendered by its holder to the authority which granted it but, in the case of a site licence, only if the authority accepts the surrender.

(2) The following provisions apply to the surrender and acceptance of the surrender of a site licence.

[(2A) A surrender of a site licence may extend to the whole of the land to which the licence extends or to any part of it.]

(3) The holder of a site licence who desires to surrender it shall make an application for that purpose to the authority [on a form provided by the authority for the purpose, giving such information and accompanied by such evidence as the authority reasonably requires and accompanied by the charge prescribed for the purpose by a charging scheme under section 41 of the Environment Act 1995.]

(4) An authority which receives an application for the surrender of a site licence—

(a) shall inspect the land to which the [application] relates, and

(b) may require the holder of the licence to furnish to it further information or further evidence.

(5) The authority shall determine whether it is likely or unlikely that the condition of the land, so far as that condition is the result of the use of the land for the treatment, keeping or disposal of waste (whether or not in pursuance of the licence), will cause pollution of the environment or harm to human health.

(6) If the authority is satisfied that the condition of the land is unlikely to cause the pollution or harm mentioned in subsection (5) above, the authority shall, subject to subsection (7) below, accept the surrender of the licence; but otherwise the authority shall refuse to accept it.

(7) Where the authority proposes to accept the surrender of a site licence, the authority must, before it does so,—

(a) refer the proposal to [the appropriate planning authority]; and

(b) consider any representations about the proposal which [the appropriate planning authority] makes to it during the allowed period;

...

(8) ...

(9) Where the surrender of a licence is accepted under this section the authority shall issue to the applicant, with the notice of its determination, a certificate (a "certificate of completion") stating that it is satisfied as mentioned in subsection (6) above and, on the issue of that certificate, the licence shall cease to have effect [or, in the case of a partial surrender referred to in subsection (2A), the licence shall cease to have effect in relation to the land to which the surrender extends].

[(9A) If, in the case of a partial surrender referred to in subsection (2A), the authority is of the opinion that it is necessary to modify the conditions of the licence to take account of the surrender, it shall specify the necessary modifications in the notice of its determination issued under subsection (9) and the modifications specified in the notice shall take effect on the date specified in the notice.]

(10) If within the period of three months beginning with the date on which an authority receives an application to surrender a licence, or within such longer period as the authority and the applicant may at

any time agree in writing, the authority has neither issued a certificate of completion nor given notice to the applicant that the authority has rejected the application, the authority shall be deemed to have rejected the application.

(11) Section 36(10) above applies for the interpretation of the “allowed period” in [subsection (7) above].

[(12) In this section—

“the appropriate planning authority” means—

- (a) where the relevant land is situated in the area of a London borough council, that London borough council;
- (b) where the relevant land is situated in the City of London, the Common Council of the City of London;
- (c) where the relevant land is situated in a non-metropolitan county in England, the council of that county;
- (d) where the relevant land is situated in a National Park or the Broads, the National Park authority for that National Park or, as the case may be, the Broads Authority;
- (e) where the relevant land is situated elsewhere in England or Wales, the council of the district or, in Wales, the county or county borough, in which the land is situated;
- (f) where the relevant land is situated in Scotland, the council constituted under section 2 of the Local Government etc (Scotland) Act 1994 for the area in which the land is situated;

“the Broads” has the same meaning as in the Norfolk and Suffolk Broads Act 1988;

“National Park authority”, . . . , means a National Park authority established under section 63 of the Environment Act 1995 which has become the local planning authority for the National Park in question;

“the relevant land”, in the case of any site licence, means the land to which the licence relates.

(13) . . .

(14) The Secretary of State may by regulations amend the definition of “appropriate planning authority” in subsection (12) above.]

42 Supervision of licensed activities

(1) *While a licence is in force it shall be the duty of the waste regulation authority which granted the licence to take the steps needed—*

- (a) *for the purpose of ensuring that the activities authorised by the licence do not cause pollution of the environment or harm to human health or become seriously detrimental to the amenities of the locality affected by the activities; and*
- (b) *for the purpose of ensuring that the conditions of the licence are complied with.*

(2) . . .

(3) *For the purpose of performing the duty imposed on it by subsection (1) above, any officer of the authority authorised in writing for the purpose by the authority may, if it appears to him that by reason of an emergency it is necessary to do so, carry out work on the land or in relation to plant or equipment on the land to which the licence relates or, as the case may be, in relation to the mobile plant to which the licence relates.*

(4) *Where a waste regulation authority incurs any expenditure by virtue of subsection (3) above, the*

(i) stating that the authority is of the opinion that a condition of the licence is not being complied with or, as the case may be, is likely not to be complied with;

(a) to revoke the licence so far as it authorises the carrying on of the activities specified in the licence or such of them as the authority specifies in revoking the licence;

(b) to revoke the licence entirely; and

(c) to suspend the licence so far as it authorises the carrying on of the activities specified in the licence or, as the case may be, the activities specified by the authority in suspending the licence.

[(6ZA) In the case of a site licence, a revocation under subsection (6)(a) or a suspension under subsection (6)(c) may relate to the whole of the land to which the licence relates or to any part of it.]

[(6A) If a waste regulation authority is of the opinion that revocation or suspension of the licence, whether entirely or to any extent, under subsection (6) above would afford an ineffectual remedy against a person who has failed to comply with any requirement imposed under subsection (5)(a) above, the authority may take proceedings in the High Court or, in Scotland, in any court of competent jurisdiction for the purpose of securing compliance with the requirement.]

(7) Where a licence is revoked or suspended under subsection (6) above, [[subsections (3A), (5), (12) and (12A)] or, as the case may be, subsections (8) to (12) of section 38] above shall apply with the necessary modifications as they respectively apply to revocations or suspensions of licences under that section; . . .

(8) The Secretary of State may, if he thinks fit in relation to a licence granted by a waste regulation authority, give to the authority directions as to whether and in what manner the authority should exercise its powers under this section; and it shall be the duty of the authority to give effect to the directions.

[45C Separate collection of dry recyclable waste and food waste: Scotland]

[(1) This section applies to a waste collection authority whose area is in Scotland (an “authority”) when the authority is making an arrangement in accordance with section 45(1)(a).

(2) An authority must, from 1st January 2014, arrange for there to be provided to the occupier of every domestic property in its area such receptacles as will enable the separate collection of dry recyclable waste from the property.

(3) An authority need not arrange for a receptacle to be provided under subsection (2) if—

- (a) the property is in a rural area, and the authority considers that the separate collection of dry recyclable waste from the property would not be environmentally or economically practicable; or
- (b) the authority considers that dry recyclable waste if not presented in a receptacle will be deposited at a bring site.

(4) An authority, if satisfied that dry recyclable waste will not be mixed with other waste that cannot be recycled, need not comply with subsection (2) to the extent that it considers that the amount of material recycled from such waste in its area will not be significantly less, and the quality of the material recycled will not be significantly lower, than would be the case were the authority to comply.

(5) An authority must, from 1st January 2016, arrange for there to be provided to the occupier of every domestic property in its area (apart from a property in a rural area)—

- (a) a receptacle which enables the separate collection of food waste from the property; or
- (b) where an authority is satisfied that the amount of food waste that will be collected is not significantly less than would be collected in a receptacle provided under paragraph (a), a receptacle which enables the occupier to present food waste and other biodegradable waste for collection.

(6) An authority must, from 1st January 2014, take such steps as the authority considers reasonable to—

- (a) promote separate collection (including the making of arrangements for the provision of a food waste receptacle); and
- (b) promote recycling in any other manner.

(7) In this section—

“bring site” means any site (supervised or otherwise) where—

- (a) an occupier of domestic property can deposit dry recyclable waste produced on that property in receptacles for one or more dry waste streams; and
- (b) waste so deposited is collected and transported separately by an authorised person (for which see section 34(3));

“receptacle” has the same meaning as in section 46(10); and

[78F Determination of the appropriate person to bear responsibility for remediation]

[(1) This section has effect for the purpose of determining who is the appropriate person to bear responsibility for any particular thing which the enforcing authority determines is to be done by way of remediation in any particular case.

(2) Subject to the following provisions of this section, any person, or any of the persons, who caused or knowingly permitted the substances, or any of the substances, by reason of which the contaminated land in question is such land to be in, on or under that land is an appropriate person.

(3) A person shall only be an appropriate person by virtue of subsection (2) above in relation to things which are to be done by way of remediation which are to any extent referable to substances which he caused or knowingly permitted to be present in, on or under the contaminated land in question.

(4) If no person has, after reasonable inquiry, been found who is by virtue of subsection (2) above an appropriate person to bear responsibility for the things which are to be done by way of remediation, the owner or occupier for the time being of the contaminated land in question is an appropriate person.

(7) Where two or more persons are appropriate persons in relation to any particular thing which is to be done by way of remediation, they shall be liable to bear the cost of doing that thing in proportions determined by the enforcing authority in accordance with guidance issued for the purpose by the Secretary of State.

(9) A person who has caused or knowingly permitted any substance ("substance A") to be in, on or under any land shall also be taken for the purposes of this section to have caused or knowingly permitted there to be in, on or under that land any substance which is there as a result of a chemical reaction or biological process affecting substance A.

(10) A thing which is to be done by way of remediation may be regarded for the purposes of this Part as referable to the presence of any substance notwithstanding that the thing in question would not have to be done—

- (a) in consequence only of the presence of that substance in any quantity; or

(9) If a person who is required by virtue of subsection (8)(a) above to prepare and publish a remediation statement fails to do so within a reasonable time after the date on which a remediation notice specifying the things there mentioned could, apart from subsection (5) above, have been served, the enforcing authority may itself prepare and publish the statement and may recover its reasonable costs of doing so from that person.

Transfer of Functions

Functions of the Secretary of State, so far as exercisable in relation to Wales, transferred to the National Assembly for Wales, by the National Assembly for Wales (Transfer of Functions) Order 1999, SI 1999/672, art 2, Sch 1.

[78J Restrictions on liability relating to the pollution of controlled waters]

[(1) This section applies where any land is contaminated land by virtue of paragraph (b) of subsection (2) of section 78A above (whether or not the land is also contaminated land by virtue of paragraph (a) of that subsection).

(2) Where this section applies, no remediation notice given in consequence of the land in question being contaminated land shall require a person who is an appropriate person by virtue of section 78F(4) or (5) above to do anything by way of remediation to that or any other land, or *any waters* [the water environment], which he could not have been required to do by such a notice had paragraph (b) of section 78A(2) above (and all other references to pollution of *controlled waters* [the water environment]) been omitted from this Part.

(3) If, in a case where this section applies, a person permits, has permitted, or might permit, water from an abandoned mine or part of a mine—

- (a) to enter *any controlled waters* [the water environment], or
- (b) to reach a place from which it is or, as the case may be, was likely, in the opinion of the enforcing authority, to enter *such waters* [the water environment],

no remediation notice shall require him in consequence to do anything by way of remediation (whether to the contaminated land in question or to any other land *or waters* [or the water environment]) which he could not have been required to do by such a notice had paragraph (b) of section 78A(2) above (and all other references to pollution of *controlled waters* [the water environment]) been omitted from this Part.

(4) Subsection (3) above shall not apply to the owner or former operator of any mine or part of a mine if the mine or part in question became abandoned after 31st December 1999.

(5) In determining for the purposes of subsection (4) above whether a mine or part of a mine became abandoned before, on or after 31st December 1999 in a case where the mine or part has become abandoned on two or more occasions, of which—

- (a) at least one falls on or before that date, and
- (b) at least one falls after that date,

the mine or part shall be regarded as becoming abandoned after that date (but without prejudice to the

operation of subsection (3) above in relation to that mine or part at, or in relation to, any time before the first of those occasions which falls after that date).

(6) Where, immediately before a part of a mine becomes abandoned, that part is the only part of the mine not falling to be regarded as abandoned for the time being, the abandonment of that part shall not be regarded for the purposes of subsection (4) or (5) above as constituting the abandonment of the mine, but only of that part of it.

(7) Nothing in subsection (2) or (3) above prevents the enforcing authority from doing anything by way of remediation under section 78N below which it could have done apart from that subsection, but the authority shall not be entitled under section 78P below to recover from any person any part of the cost incurred by the authority in doing by way of remediation anything which it is precluded by subsection (2) or (3) above from requiring that person to do.

(8) In this section "mine" has the same meaning as in the Mines and Quarries Act 1954.]

[78K Liability in respect of contaminating substances which escape to other land]

[(1) A person who has caused or knowingly permitted any substances to be in, on or under any land shall also be taken for the purposes of this Part to have caused or, as the case may be, knowingly permitted those substances to be in, on or under any other land to which they appear to have escaped.

(2) Subsections (3) and (4) below apply in any case where it appears that any substances are or have been in, on or under any land (in this section referred to as "land A") as a result of their escape, whether directly or indirectly, from other land in, on or under which a person caused or knowingly permitted them to be.

to do anything by way of remediation to any land *or waters* [or the water environment] (other than land *or waters* [or the water environment] of which he is the owner or occupier) in consequence of land A appearing to be in such a condition, by reason of the presence of those substances in, on or under it, that significant harm[, or significant pollution of controlled waters, is being caused, or there is a significant possibility of such harm or pollution being caused].

(4) Where this subsection applies, no remediation notice shall require a person—

- (a) who is the owner or occupier of land A, and

 - (i) not to seek to recover under subsection (1) of that section any of the reasonable cost incurred by it in doing that thing; or
 - (ii) to seek so to recover only a portion of that cost;
- (f) where no person has, after reasonable inquiry, been found who is an appropriate person in relation to any particular thing.

- (4) Subject to section 78E(4) and (5) above, for the purposes of this section, the things which it is appropriate for the enforcing authority to do by way of remediation are—
- (a) in a case falling within paragraph (a) of subsection (3) above, anything by way of remediation which the enforcing authority considers necessary for the purpose mentioned in that paragraph;
 - (b) in a case falling within paragraph (b) of that subsection, anything specified in, or determined under, the agreement mentioned in that paragraph;
 - (c) in a case falling within paragraph (c) of that subsection, anything which the person mentioned in that paragraph was required to do by virtue of the remediation notice;
 - (d) in a case falling within paragraph (d) of that subsection, anything by way of remediation which the enforcing authority is precluded by section 78J or 78K above from including in a remediation notice;
 - (e) in a case falling within paragraph (e) or (f) of that subsection, the particular thing mentioned in the paragraph in question.
- (5) *In this section “the relevant land or waters” means—*
- (a) *the contaminated land in question;*
 - (b) *any controlled waters affected by that land; or*
 - (c) *any land adjoining or adjacent to that land or those waters.*

[78P Recovery of, and security for, the cost of remediation by the enforcing authority]

[(1) Where, by virtue of section 78N(3)(a), (c), (e) or (f) above, the enforcing authority does any particular thing by way of remediation, it shall be entitled, subject to sections 78J(7) and 78K(6) above, to recover the reasonable cost incurred in doing it from the appropriate person or, if there are two or more appropriate persons in relation to the thing in question, from those persons in proportions determined pursuant to section 78F(7) above.

(2) In deciding whether to recover the cost, and, if so, how much of the cost, which it is entitled to recover under subsection (1) above, the enforcing authority shall have regard—

- (a) to any hardship which the recovery may cause to the person from whom the cost is recoverable; and
- (b) to any guidance issued by the Secretary of State for the purposes of this subsection.

(3) Subsection (4) below shall apply in any case where—

- (a) any cost is recoverable under subsection (1) above from a person—
 - (i) who is the owner of any premises which consist of or include the contaminated land in question; and
 - (ii) who caused or knowingly permitted the substances, or any of the substances, by reason of which the land is contaminated land to be in, on or under the land; and
- (b) the enforcing authority serves a notice under this subsection (in this Part referred to as a “charging notice”) on that person.

(4) Where this subsection applies—

- (a) the cost shall carry interest, at such reasonable rate as the enforcing authority may determine, from the date of service of the notice until the whole amount is paid; and
- (b) subject to the following provisions of this section, the cost and accrued interest shall be a charge on the premises mentioned in subsection (3)(a)(i) above.

(5) A charging notice shall—

- (a) specify the amount of the cost which the enforcing authority claims is recoverable;
- (b) state the effect of subsection (4) above and the rate of interest determined by the authority under that subsection; and
- (c) state the effect of subsections (7) and (8) below.

(6) On the date on which an enforcing authority serves a charging notice on a person, the authority shall also serve a copy of the notice on every other person who, to the knowledge of the authority, has an interest in the premises capable of being affected by the charge.

(7) Subject to any order under subsection (9)(b) or (c) below, the amount of any cost specified in a charging notice and the accrued interest shall be a charge on the premises—

- (a) as from the end of the period of twenty-one days beginning with the service of the charging notice, or
- (b) where an appeal is brought under subsection (8) below, as from the final determination or (as the case may be) the withdrawal, of the appeal,

until the cost and interest are recovered.

(8) A person served with a charging notice or a copy of a charging notice may appeal against the notice to [the county court] within the period of twenty-one days beginning with the date of service.

(9) On an appeal under subsection (8) above, the court may—

[(1) Subsection (2) applies where—

- (a) a local authority has given notice under section 78B above that land in its area has been identified as contaminated land;
- (b) the land is not designated as a special site by virtue of section 78C(7) or 78D(6) above; and

(2) The local authority may give notice (a “non-contamination notice”) that the land is no longer contaminated land to—

- (a) the appropriate Agency;
- (b) the owner of the land;
- (c) any person who appears to the local authority to be in occupation of the land;
- (d) each person who appears to the authority to be an appropriate person.

(4) A non-contamination notice shall not prevent the land, or any of the land, to which the notice relates being identified as contaminated land on a subsequent occasion.

(5) Where land, or any of the land, to which a non-contamination notice relates is subsequently identified as contaminated land, or is subsequently designated as a special site by virtue of section 78C(7) or 78D(6), subsection (3)(b) above does not prevent a remediation notice being served in respect of the land.

(6) Where a local authority gives a non-contamination notice, it must keep (in such form as it thinks fit) a record of—

- (a) details of the land to which the notice relates;
- (b) its reasons for giving the notice; and
- (c) the date of—
 - (i) the notice mentioned in subsection (1) above;
 - (ii) service of the non-contamination notice.

(7) Subsection (8) of section 78R below applies to records kept under subsection (6) above as it applies to registers maintained by enforcing authorities under that section; and for that purpose, the reference to entries is to be read as if it were a reference to information in such records.

(8) In performing its function under subsection (2) above, a local authority must have regard to any guidance issued by the Scottish Ministers in accordance with section 78YA below.

(9) In this section, references to land in respect of which a non-contamination notice is given include references to part of that land.]

(5) [Subject to subsection (5A) below, where] more than one person is responsible for a statutory nuisance, subsections (1) to (4) above shall apply to each of those persons whether or not what any one of them is responsible for would by itself amount to a nuisance.

[(5A) In relation to a statutory nuisance within section 79(1)(ga) above for which more than one person is responsible (whether or not what any one of those persons is responsible for would by itself amount to such a nuisance), subsection (4)(a) above shall apply with the substitution of “each person responsible for the nuisance who can be found” for “the person responsible for the nuisance”.

(5B) In relation to a statutory nuisance within section 79(1)(ga) above caused by noise emitted from or caused by an unattended vehicle or unattended machinery or equipment for which more than one person is responsible, subsection (4)(d) above shall apply with the substitution of “any person” for “the person”.]

(6) Before instituting proceedings for an order under subsection (2) above against any person, the person aggrieved by the nuisance shall give to that person such notice in writing of his intention to bring the proceedings as is applicable to proceedings in respect of a nuisance of that description and the notice shall specify the matter complained of.

(7) The notice of the bringing of proceedings in respect of a statutory nuisance required by subsection (6) above which is applicable is—

- (b) in the case of a nuisance of any other description, not less than twenty-one days’ notice;

but the Secretary of State may, by order, provide that this subsection shall have effect as if such period as is specified in the order were the minimum period of notice applicable to any description of statutory nuisance specified in the order.

(8) A person who, without reasonable excuse, contravenes any requirement or prohibition imposed by an order under subsection (2) above shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 5 on the standard scale together with a further fine of an amount equal to *one-tenth of that level* [one-tenth of the greater of £5,000 or level 4 on the standard scale] for each day on which the offence continues after the conviction.

(9) Subject to subsection (10) below, in any proceedings for an offence under subsection (8) above in respect of a statutory nuisance it shall be a defence to prove that the best practicable means were used to prevent, or to counteract the effects of, the nuisance.

(10) The defence under subsection (9) above is not available—

(d) in the case of a nuisance which is such as to render the premises unfit for human habitation.

[(10A) For the purposes of subsection (10)(aza) “relevant sports facility” has the same meaning as it has for the purposes of section 80(8)(aza).]

(11) If a person is convicted of an offence under subsection (8) above, a magistrates’ court [or the sheriff] may, after giving the local authority in whose area the nuisance has occurred an opportunity of being heard, direct the authority to do anything which the person convicted was required to do by the order to which the conviction relates.

(12) Where on the hearing of proceedings for an order under subsection (2) above it is proved that the alleged nuisance existed at the date of the making of the complaint [or summary application], then, whether or not at the date of the hearing it still exists or is likely to recur, the court [or the sheriff] shall order the [defendant or defender (or defendants or defenders) in such proportions as appears fair and reasonable) to pay to the person bringing the proceedings such amount as the court [or the sheriff] considers reasonably sufficient to compensate him for any expenses properly incurred by him in the proceedings.

(13) If it appears to the magistrates’ court [or to the sheriff] that neither the person responsible for the nuisance nor the owner or occupier of the premises [or (as the case may be) the person responsible for the vehicle, machinery or equipment] can be found the court [or the sheriff] may, after giving the local authority in whose area the nuisance has occurred an opportunity of being heard, direct the authority to do anything which the court [or the sheriff] would have ordered that person to do.

(3) A principal litter authority shall not be treated as a person aggrieved for the purposes of proceedings under this section.

(4) Proceedings under this section shall be brought against the person who has the duty to keep the land clear under section 89(1) above or to keep the highway clean under section 89(2) above, as the case may be.

(5) Before instituting proceedings under this section against any person, the complainant shall give to the person not less than five days written notice of his intention to make the complaint and the notice shall specify the matter complained of.

(6) If the magistrates' court is satisfied that the highway or land in question is defaced by litter or refuse or, in the case of a highway, is wanting in cleanliness, the court may, subject to subsections (7) and (8) below, make an order ("a litter abatement order") requiring the defendant to clear the litter or refuse away or, as the case may be, clean the highway within a time specified in the order.

- (a) a transferred network, that is to say a network which was transferred by virtue of a transfer scheme made under section 85 of the Railways Act 1993 from the British Railways Board and vested in the company formed and registered under the Companies Act 1985 and known, at the date of the vesting, as Railtrack PLC,
- (b) a station which is used in connection with the provision of services for the carriage of passengers on a transferred network and is operated by a provider of such services or by the operator of such a network, or

Part VI Genetically Modified Organisms

Preliminary

106 Purpose of Part VI and meaning of “genetically modified organisms” and related expressions

[(1) This Part has effect for the purpose of ensuring that all appropriate measures are taken to avoid damage to the environment which may arise from the escape or release from human control of genetically modified organisms.]

(2) In this Part the term “organism” means any acellular, unicellular or multicellular entity (in any form), other than humans[, human embryos or human admixed embryos]; and, unless the context otherwise requires, the term also includes any article or substance consisting of or including biological matter.

(3) For the purpose of subsection (2) above “biological matter” means anything (other than an entity mentioned in that subsection) which consists of or includes—

- (a) tissue or cells (including gametes or propagules) or subcellular entities, of any kind, capable of replication or of transferring genetic material, or
- (b) genes or other genetic material, in any form, which are so capable,

and it is immaterial, in determining if something is or is not an organism or biological matter, whether it is the product of natural or artificial processes of reproduction and, in the case of biological matter, whether it has ever been part of a whole organism.

[(3A) For the purposes of subsection (2) above—

- (a) “human embryo” means an embryo within the meaning given in the provisions of the Human Fertilisation and Embryology Act 1990 (apart from section 4A) by virtue of section 1(1) and (6) of that Act, and

- (b) “human admixed embryo” has the same meaning as it has in that Act by virtue of section 4A(6) and (11) of that Act.]

(4) For the purposes of this Part[, subject to subsection (4C) below,] an organism is “genetically modified” if any of the genes or other genetic material in the organism—

[(a) have been artificially modified; or]

- (b) are inherited or otherwise derived, through any number of replications, from genes or other genetic material (from any source) which were so modified.

[(4A) Genes or other genetic material in an organism are “artificially modified” for the purposes of subsection (4) above if they are altered otherwise than by a process which occurs naturally in mating or natural recombination.

This subsection is subject to subsections (4B) and (4C) below.

(4B) For the purposes of subsection (4) above—

- (a) genes or other genetic material shall be taken to be artificially modified if they are altered using such techniques as may be prescribed for the purposes of this paragraph;

- (b) genes or other genetic material shall not be regarded as artificially modified by reason only of being altered by the use of such techniques as may be prescribed for the purposes of this paragraph.

(4C) An organism shall be taken not to be a genetically modified organism for the purposes of this Part if it is an organism of a prescribed description.

(4D) In subsections (4B) and (4C) above “prescribed” means prescribed by regulations made by the Secretary of State.]

(5) . . .

(6) . . .

(7) In this Part, where the context permits, a reference to “reproduction”, in relation to an organism, includes a reference to its replication or its transferring genetic material.

Subordinate Legislation

Genetically Modified Organisms (Deliberate Release) (Wales) Regulations 2002, SI 2002/3188 (made under sub-ss (4), (5)).

107 Meaning of “damage to the environment”, “control” and related expressions in Part VI

(1) The following provisions have effect for the interpretation of this Part.

[(2) The “environment” includes land, air and water and living organisms supported by any of those media.]

(3) “Damage to the environment” is caused by the presence in the environment of genetically modified organisms which have (or of a single such organism which has) escaped or been released from a person’s control and are (or is) capable of causing harm . . .

(4) An organism shall be regarded as present in the environment notwithstanding that it is present in or on any human or other organism, or any other thing, which is itself present in the environment.

- (5) Genetically modified organisms present in the environment are capable of causing harm if—
- (a) they are individually capable, or are present in numbers such that together they are capable, of causing harm; or
 - (b) they are able to produce descendants which will be capable, or which will be present in numbers such that together they will be capable, of causing harm;

and a single organism is capable of causing harm either if it is itself capable of causing harm or if it is able to produce descendants which will be so capable.

[(6) “Harm” means adverse effects as regards the health of humans or the environment.]

(7) “Harmful” and “harmless” mean respectively, in relation to genetically modified organisms, their being capable or their being incapable of causing harm.

(8) The Secretary of State may by regulations provide, in relation to genetically modified organisms of any description specified in the regulations, that—

- (a) the capacity of those organisms for causing harm of any description so specified, or
- (b) harm of any description so specified,

shall be disregarded for such purposes of this Part as may be so specified.

[(9) Organisms of any description are under the “control” of a person where he keeps them contained by measures designed to limit their contact with humans and the environment and to prevent or minimise the risk of harm.]

(10) An organism under a person’s control is “released” if he deliberately causes or permits it to cease to be under his control or the control of any other person and to enter the environment; and such an organism “escapes” if, otherwise than by being released, it ceases to be under his control or that of any other person and enters the environment.

[(11) Genetically modified organisms of any description are “marketed” by a person when products consisting of or including such organisms are placed on the market by being made available to other persons, whether or not for consideration.]

(1) Subject to subsections (2) and (7) below, no person shall import or acquire, release or market any genetically modified organisms unless, before doing that act—

- (a) he has carried out an assessment of any risks there are (by reference to the nature of the organisms and the manner in which he intends to keep them after their importation or acquisition or, as the case may be, to release or market them) of damage to the environment being caused as a result of doing that act; and
- (b) in such cases and circumstances as may be prescribed, he has given the Secretary of State such notice of his intention of doing that act and such information as may be prescribed.

(2) A person who proposes to import or acquire genetically modified organisms—

- (a) shall take all reasonable steps to identify, by reference to the nature of the organisms and the manner in which he intends to keep them (including any precautions to be taken against their escaping or causing damage to the environment), what risks there are of damage to the environment being caused as a result of their importation or acquisition; and
- (b) shall not import or acquire the organisms if it appears that, despite any precautions which can be taken, there is a risk of damage to the environment being caused as a result of their importation or acquisition.

(3) A person who is keeping genetically modified organisms—

- (a) shall take all reasonable steps to keep himself informed of any damage to the environment which may have been caused as a result of his keeping the organisms and to identify what risks there are of damage to the environment being caused as a result of his continuing to keep them;
- (b) shall cease keeping the organisms if, despite any additional precautions which can be taken, it appears, at any time, that there is a risk of damage to the environment being caused as a result of his continuing to keep them; and

and where a person is required by paragraph (b) above to cease keeping the organisms he shall dispose of them as safely and as quickly as practicable and paragraph (c) above shall continue to apply until he has done so.

- (4) A person who proposes to release genetically modified organisms—
- (a) shall take all reasonable steps to keep himself informed, by reference to the nature of the organisms and the extent and manner of the release (including any precautions to be taken against their causing damage to the environment), what risks there are of damage to the environment being caused as a result of their being released;
 - (b) shall not release the organisms if it appears that, despite the precautions which can be taken, there is a risk of damage to the environment being caused as a result of their being released; and
 - (c) subject to paragraph (b) above, shall use the best available techniques not entailing excessive cost for preventing any damage to the environment being caused as a result of their being released;

and this subsection applies, with the necessary modifications, to a person proposing to market organisms as it applies to a person proposing to release organisms.

- (5) This section does not apply—
- (a) to persons proposing to import or acquire, to release or to market any genetically modified organisms, in cases or circumstances where, under section 108 above, they are not required to carry out a risk assessment before doing that act;
 - (b) to persons who are keeping any genetically modified organisms and who—
 - (i) were not required under section 108 above to carry out a risk assessment before importing or acquiring them;

(2) A prohibition notice may prohibit a person from doing an act mentioned in subsection (1)(a) above in relation to any genetically modified organisms or from continuing to keep them; and the prohibition may apply in all cases or circumstances or in such cases or circumstances as may be specified in the notice.

(1) The Secretary of State may include in a consent such limitations and conditions as he may think fit . . . [for the purpose of ensuring that all appropriate measures are taken to avoid damage to the environment which may arise from the activity permitted by the consent].

(2) Without prejudice to the generality of subsection (1) above, the conditions included in a consent may—

- (a) require the giving of notice of any fact to the Secretary of State; or
- (b) prohibit or restrict the keeping, releasing or marketing of genetically modified organisms under the consent in specified cases or circumstances;

and where, under any condition, the holder of a consent is required to cease keeping any genetically modified organisms, he shall dispose of them, if no manner is specified in the conditions, as quickly and safely as practicable.

(3) Subject to subsection (6) below, there is implied in every consent for the importation or acquisition of genetically modified organisms a general condition that the holder of the consent shall—

- (a) take all reasonable steps to keep himself informed (by reference to the nature of the organisms and the manner in which he intends to keep them after their importation or acquisition) of any risks there are of damage to the environment being caused as a result of their importation or acquisition; and
- (b) if at any time it appears that any such risks are more serious than were apparent when the consent was granted, notify the Secretary of State forthwith.

(4) Subject to subsection (6) below, there is implied in every consent for keeping genetically modified organisms a general condition that the holder of the consent shall—

- (a) take all reasonable steps to keep himself informed of any damage to the environment which may have been caused as a result of his keeping the organisms and of any risks there are of such damage being caused as a result of his continuing to keep them;

- [(b) notify the Secretary of State [forthwith] of—
 - (i) any new information which becomes available with regard to any risks there are of damage to the environment being so caused, and
 - (ii) . . .
 - [(iii) any unforeseen event, occurring in connection with a release by him, which might affect the risks there are of damage to the environment being caused as a result of their being released;]]
- [(c) take such measures as are necessary to prevent damage to the environment being caused as a result of the release or, as the case may be, the marketing of the organisms;]
- [(d) notify the Secretary of State of the measures (if any) taken as a result of new information becoming available or an unforeseen event occurring as described in paragraph (b)(iii) above; and

(i) on which the inspector has reason to believe a person is keeping or has kept any genetically modified organisms, or

(ii) from which he has reason to believe any such organisms have been released or have escaped; and

 - (i) to apply, with or without modification, specified provisions of Part II; or
 - (ii) to direct that it be disposed of or treated in accordance with the direction;
 - (b) confer on the Secretary of State power, where a substance or article has been imported, landed or unloaded in contravention of a prohibition or restriction imposed under subsection (1)(a) above, to require that the substance or article be disposed of or treated in or removed from the United Kingdom;
 - (c) confer powers corresponding to those conferred by [section 108 of the Environment Act 1995] on persons authorised for any purpose of the regulations by the Secretary of State or any local or other authority; and
 - (d) include such other incidental and supplemental, and such transitional provisions, as the Secretary of State considers appropriate.

SCHEDULE 1

AUTHORISATIONS FOR PROCESSES: SUPPLEMENTARY PROVISIONS

Section 6

Part I

Grant of Authorisations

Applications for authorisations

1

(1) An application to the enforcing authority for an authorisation must contain such information, and be made in such manner, as may be prescribed in regulations made by the Secretary of State.

(2) An application to the enforcing authority for an authorisation must also, unless regulations made by the Secretary of State exempt applications of that class, be advertised in such manner as may be prescribed in regulations so made.

(3) The enforcing authority may, by notice in writing to the applicant, require him to furnish such further information specified in the notice, within the period so specified, as the authority may require for the purpose of determining the application.

(4) If a person fails to furnish any information required under sub-paragraph (3) above within the period specified thereunder the enforcing authority may refuse to proceed with the application.

(5) Regulations under this paragraph may make different provision for different classes of applications.

Determination of applications

2

(1) Subject to sub-paragraph (2) below, the enforcing authority shall give notice of any application for an authorisation, enclosing a copy of the application, to the persons who are prescribed or directed to be consulted under this paragraph and shall do so within the specified period for notification.

(2) The Secretary of State may, by regulations, exempt any class of application from the requirements of this paragraph or exclude any class of information contained in applications for authorisations from those requirements, in all cases or as respects specified classes only of persons to be consulted.

(3) Any representations made by the persons so consulted within the period allowed shall be considered by the enforcing authority in determining the application.

(4) For the purposes of sub-paragraph (1) above—

- (a) persons are prescribed to be consulted on any description of application for an authorisation if they are persons specified for the purposes of applications of that description in regulations made by the Secretary of State;
- (b) persons are directed to be consulted on any particular application if the Secretary of State specifies them in a direction given to the enforcing authority;

and the “specified period for notification” is the period specified in the regulations or in the direction.

(5) Any representations made by any other persons within the period allowed shall also be considered by the enforcing authority in determining the application.

(6) Subject to sub-paragraph (7) below, the period allowed for making representations is—

- (a) in the case of persons prescribed or directed to be consulted, the period of twenty-eight days beginning with the date on which notice of the application was given under sub-paragraph (1) above, and
- (b) in the case of other persons, the period of twenty-eight days beginning with the date on which the making of the application was advertised in pursuance of paragraph 1(2) above.

(7) The Secretary of State may, by order, substitute for the period for the time being specified in sub-paragraph (6)(a) or (b) above, such other period as he considers appropriate.

3

(1) The Secretary of State may give directions to the enforcing authority requiring that any particular application or any class of applications for an authorisation shall be transmitted to him for determination pending a further direction under sub-paragraph (5) below.

(2) The enforcing authority shall inform the applicant of the fact that his application is being transmitted to the Secretary of State.

(3) Where an application for an authorisation is referred to him under sub-paragraph (1) above the Secretary of State may—

- (a) cause a local inquiry to be held in relation to the application; or
- (b) afford the applicant and the authority concerned an opportunity of appearing before and being heard by a person appointed by the Secretary of State;

and he shall exercise one of the powers under this sub-paragraph in any case where, in the manner prescribed by regulations made by the Secretary of State, a request is made to be heard with respect to the application by the applicant or [the enforcing authority] concerned.

(4) Subsections (2) to (5) of section 250 of the Local Government Act 1972 (supplementary provisions about local inquiries under that section) or, in relation to Scotland, subsections (2) to (8) of section 210 of the Local Government (Scotland) Act 1973 (which make similar provision) shall, without prejudice to the generality of subsection (1) of either of those sections, apply to inquiries in pursuance of sub-paragraph (3) above as they apply to inquiries in pursuance of either of those sections and, in relation to England and Wales, as if the reference to a local authority in subsection (4) of the said section 250 included a reference to the enforcing authority.

(5) The Secretary of State shall, on determining any application transferred to him under this paragraph, give to the enforcing authority such a direction as he thinks fit as to whether it is to grant the application and, if so, as to the conditions that are to be attached to the authorisation.

4

The Secretary of State may give the enforcing authority a direction with respect to any particular application or any class of applications for an authorisation requiring the authority not to determine or not to proceed with the application or applications of that class until the expiry of any such period as may be specified in the direction, or until directed by the Secretary of State that they may do so, as the case may be.

5

(1) Except in a case where an application has been referred to the Secretary of State under paragraph 3 above and subject to sub-paragraph (3) below, the enforcing authority shall determine an application for an authorisation within the period of four months beginning with the day on which it received the application or within such longer period as may be agreed with the applicant.

(2) If the enforcing authority fails to determine an application for an authorisation within the period allowed by or under this paragraph the application shall, if the applicant notifies the authority in writing that he treats the failure as such, be deemed to have been refused at the end of that period.

(3) The Secretary of State may, by order, substitute for the period for the time being specified in sub-paragraph (1) above such other period as he considers appropriate and different periods may be substituted for different classes of application.

(3) If it is shown to the satisfaction of a justice of the peace on sworn information in writing—

- (a) that admission to any premises has been refused, or that refusal is apprehended, or that the premises are unoccupied or the occupier is temporarily absent, or that the case is one of emergency, or that an application for admission would defeat the object of the entry; and
- (b) that there is reasonable ground for entry into the premises for the purpose for which entry is required,

the justice may by warrant under his hand authorise the local authority by any authorised person to enter the premises, if need be by force.

(4) An authorised person entering any premises by virtue of sub-paragraph (1) or a warrant under sub-paragraph (3) above may—

- (a) take with him such other persons and such equipment as may be necessary;
- (b) carry out such inspections, measurements and tests as he considers necessary for the discharge of any of the local authority's functions under Part III; and
- (c) take away such samples or articles as he considers necessary for that purpose.

(5) On leaving any unoccupied premises which he has entered by virtue of sub-paragraph (1) above or a warrant under sub-paragraph (3) above the authorised person shall leave them as effectually secured against trespassers as he found them.

(6) A warrant issued in pursuance of sub-paragraph (3) above shall continue in force until the purpose for which the entry is required has been satisfied.

(7) Any reference in this paragraph to an emergency is a reference to a case where the person requiring entry has reasonable cause to believe that circumstances exist which are likely to endanger life or health and that immediate entry is necessary to verify the existence of those circumstances or to ascertain their cause and to effect a remedy.

[(8) In the application of this paragraph to Scotland, a reference to a justice of the peace or to a justice includes a reference to the sheriff.]

[2A

(1) Any person authorised by a local authority may on production (if so required) of his authority—

- (a) enter or open a vehicle, machinery or equipment, if necessary by force, or

- (b) remove a vehicle, machinery or equipment from a street [or, in Scotland, road] to a secure place,

for the purpose of taking any action, or executing any work, authorised by or required under Part III in relation to a statutory nuisance within section 79(1)(ga) above caused by noise emitted from or caused by the vehicle, machinery or equipment.

(2) On leaving any unattended vehicle, machinery or equipment that he has entered or opened under sub-paragraph (1) above, the authorised person shall (subject to sub-paragraph (3) below) leave it secured against interference or theft in such manner and as effectually as he found it.

(3) If the authorised person is unable to comply with sub-paragraph (2) above, he shall for the purpose of securing the unattended vehicle, machinery or equipment either—

- (a) immobilise it by such means as he considers expedient, or
- (b) remove it from the street to a secure place.

(4) In carrying out any function under sub-paragraph (1), (2) or (3) above, the authorised person shall not cause more damage than is necessary.

(5) Before a vehicle, machinery or equipment is entered, opened or removed under sub-paragraph (1) above, the local authority shall notify the police of the intention to take action under that sub-paragraph.

(6) After a vehicle, machinery or equipment has been removed under sub-paragraph (1) or (3) above, the local authority shall notify the police of its removal and current location.

(7) Notification under sub-paragraph (5) or (6) above may be given to the police at any police station in the local authority's area or, in the case of the Temples, at any police station of the City of London Police.

(8) For the purposes of section 81(4) above, any expenses reasonably incurred by a local authority under sub-paragraph (2) or (3) above shall be treated as incurred by the authority under section 81(3) above in abating or preventing the recurrence of the statutory nuisance in question.]

Offences relating to entry

3

(1) A person who wilfully obstructs any person acting in the exercise of any powers conferred by paragraph 2 [or 2A] above shall be liable, on summary conviction, to a fine not exceeding level 3 on the standard scale.

(2) If a person discloses any information relating to any trade secret obtained in the exercise of any powers conferred by paragraph 2 above he shall, unless the disclosure was made in the performance of his duty or with the consent of the person having the right to disclose the information, be liable, on summary conviction, to a fine not exceeding level 5 on the standard scale.

Default powers

4

(1) This paragraph applies to the following functions of a local authority, that is to say its duty under section 79 to cause its area to be inspected to detect any statutory nuisance which ought to be dealt with under section 80 [or sections 80 and 80A] and its powers under paragraph 2 [or 2A] above.

(2) If the Secretary of State is satisfied that any local authority has failed, in any respect, to discharge the function to which this paragraph applies which it ought to have discharged, he may make an order declaring the authority to be in default.

(3) An order made under sub-paragraph (2) above which declares an authority to be in default may, for the purpose of remedying the default, direct the authority ("the defaulting authority") to perform the function specified in the order and may specify the manner in which and the time or times within which the function is to be performed by the authority.

(4) If the defaulting authority fails to comply with any direction contained in such an order the Secretary of State may, instead of enforcing the order by mandamus, make an order transferring to himself the function of the authority specified in the order.

(5) Where the function of a defaulting authority is transferred under sub-paragraph (4) above, the amount of any expenses which the Secretary of State certifies were incurred by him in performing the function shall on demand be paid to him by the defaulting authority.

(6) Any expenses required to be paid by a defaulting authority under sub-paragraph (5) above shall be defrayed by the authority in like manner, and shall be debited to the like account, as if the function had not been transferred and the expenses had been incurred by the authority in performing them.

(7) The Secretary of State may by order vary or revoke any order previously made by him under this paragraph.

(8) Any order under this paragraph may include such incidental, supplemental and transitional provisions as the Secretary of State considers appropriate.

[(9) This paragraph does not apply to Scotland.]

Protection from personal liability

5

Nothing done by, or by a member of, a local authority or by an officer of or other person authorised by a local authority shall, if done in good faith for the purpose of executing Part III, subject them or any of them personally to any action, liability, claim or demand whatsoever (other than any liability under [section 17 or 18 of the Audit Commission Act 1998] (powers of district auditor and court)).

Statement of right of appeal in notices

6

Where an appeal against a notice served by a local authority lies to a magistrates' court [or, in Scotland, the sheriff] by virtue of section 80, it shall be the duty of the authority to include in such a notice a statement indicating that such an appeal lies as aforesaid and specifying the time within which it must be brought.

 - (c) by reference to any part of the designated land;

- (a) he has been convicted of an offence under paragraph 1 above; or
 - (b) he has paid a fixed penalty under paragraph 7 below.

- (2) Any person claiming to own any printed matter seized under this paragraph may apply to a magistrates' court for an order that the printed matter be released to him.
- (3) On an application under sub-paragraph (2) above, if the magistrates' court considers that the applicant does own the printed matter, the court shall order the principal litter authority to release it to him, except to the extent that the court considers that the authority needs to retain it for the purposes of proceedings relating to an offence under paragraph 1 above.
- (4) Any printed matter seized under this paragraph (and not released under sub-paragraph (3) above) must be returned to the person from whom it is seized—

 - (b) states that payment of a fixed penalty was or was not received by a date specified in the certificate,

is evidence of the facts stated.

- (7) If an authorised officer of a principal litter authority proposes to give a person a notice under this

paragraph, the officer may require the person to give him his name and address.

- (8) A person commits an offence if—
- (a) he fails to give his name and address when required to do so under sub-paragraph (7) above; or

SCHEDULE 4 ABANDONED SHOPPING AND LUGGAGE TROLLEYS

Section 99

Application

1

(1) Subject to sub-paragraph (2) below, this Schedule applies where any shopping or luggage trolley is found by an authorised officer of the local authority on any land in the open air and appears to him to be abandoned.

(2) This Schedule does not apply in relation to a shopping or luggage trolley found on the following descriptions of land, that is to say—

- (a) land in which the owner of the trolley has a legal estate or, in Scotland, of which the owner of the trolley is the owner or occupier;
- (b) where an off-street parking place affords facilities to the customers of shops for leaving there shopping trolleys used by them, land on which those facilities are afforded;
- (c) where any other place designated by the local authority for the purposes of this Schedule affords like facilities, land on which those facilities are afforded; and
- (d) as respects luggage trolleys, land which is used for the purposes of their undertaking by persons authorised by an enactment to carry on any railway, light railway, tramway or road transport undertaking[, by an operator of railway services (within the meaning of Part I of the Railways Act 1993) provided in connection with a transferred network] or by a relevant airport operator (within the meaning of Part V of the Airports Act 1986).

[(3) In sub-paragraph (2)(d) above, “enactment” includes an enactment comprised in, or in an instrument made under, an Act of the Scottish Parliament.]

Power to seize and remove trolleys

2

(1) Where this Schedule applies in relation to a shopping or luggage trolley, the local authority may, subject to sub-paragraph (2) below,—

- (a) seize the trolley; and
- (b) remove it to such place under its control as the authority thinks fit.

(2) When a shopping or luggage trolley is found on any land appearing to the authorised officer to be occupied by any person, the trolley shall not be removed without the consent of that person unless—

- (a) the local authority has served on that person a notice stating that the authority proposes to remove the trolley; and
- (b) no notice objecting to its removal is served by that person on the local authority within the period of fourteen days beginning with the day on which the local authority served the notice of the proposed removal on him.

Retention, return and disposal of trolleys

3

(1) Subject to the following sub-paragraphs, the local authority, as respects any shopping or luggage trolley it has seized and removed,—

- (a) shall keep the trolley for a period of six weeks; and
- (b) may sell or otherwise dispose of the trolley at any time after the end of that period.

(2) The local authority shall, as respects any trolley it has *seized or removed* [seized and removed], as soon as reasonably practicable (but not later than fourteen days) after its removal, serve on the person (if any) who appears to the authority to be the owner of the trolley a notice stating—

- (a) that the authority has removed the trolley and is keeping it;

- (b) the place where it is being kept; and
- (c) that, if it is not claimed, the authority may dispose of it.

(3) Subject to sub-paragraph (4) below, if, within the period mentioned in sub-paragraph (1)(a) above, any person claims to be the owner of a shopping or luggage trolley being kept by the authority under that sub-paragraph, the local authority shall, if it appears that the claimant is the owner, deliver the trolley to him.

(4) A person claiming to be the owner of a shopping or luggage trolley shall not be entitled to have the trolley delivered to him unless he pays the local authority, on demand, such charge as the authority requires.

(5) No shopping or luggage trolley shall be disposed of by the local authority unless (where it has not been claimed) the authority has made reasonable enquiries to ascertain who owns it.

[3A

(1) This paragraph applies where the local authority is entitled to sell or otherwise dispose of a shopping or luggage trolley in accordance with paragraph 3(1)(b).

(2) If it appears to the authority that a particular person is the owner of the trolley, the authority may charge him a sum in respect of the removal, storage and disposal of the trolley.

(3) The charge is payable to the authority on demand.

(4) The sum payable as a charge under this paragraph is recoverable by the authority as a debt due to it.

(5) In proceedings against a person under sub-paragraph (4) for enforcement of a charge, it is a defence for the person to prove that he was not the owner of the trolley to which the charge relates at the time it was removed.]

Charges

4

(1) The local authority, *in fixing the charge to be paid under paragraph 3 above by the claimant of a shopping or luggage trolley, shall secure that the charges so payable by claimants shall be such as are sufficient* [in fixing the charges to be paid under this Schedule, shall secure that the charges so payable are such as are sufficient], taking one financial year with another, to cover the cost of removing, storing and disposing of *such trolleys* [shopping or luggage trolleys] under this Schedule.

(2) The local authority may agree with persons who own shopping or luggage trolleys and make them available for use in its area a scheme for the collection by them of trolleys they make available for use; and where such an agreement is in force with any person, no charge may be demanded under paragraph 3 [or 3A] above by the local authority in respect of any trolley within the scheme in relation to which the provisions of the scheme are complied with.

SCHEDULE 11 TRANSITIONAL PROVISIONS AND SAVINGS FOR PART VII

Section 139

Part I Countryside Functions

Preliminary

1

In this Part of this Schedule—

“the appointed day” means the day appointed under section 130(4) of this Act;

“the Commission” means the Countryside Commission;

“the Council” means the Countryside Council for Wales;

“relevant”, in relation to anything done by or in relation to the Commission before the appointed day, means anything which, if it were to be done on or after the appointed day, would be done by or in relation to the Council or, as the case may be, by or in relation to both the Commission (so far as concerning England) and the Council (so far as concerning Wales).

Continuity of exercise of functions

2

(1) Any relevant thing done by or in relation to the Commission before the appointed day shall, so far as is required for continuing its effect on and after that date, have effect as if done by or in relation to the Council or, as the case may be, by or in relation to both the Council and the Commission.

(2) Any relevant thing which, immediately before the appointed day, is in the process of being done by or in relation to the Commission may be continued by or in relation to the Council or, as the case may be, by or in relation to both the Council and the Commission.

Construction of references to the Countryside Commission

3

(1) This paragraph applies to any provision of any agreement, or of any instrument or other document, subsisting immediately before the appointed day which refers (in whatever terms) to the Commission and does so (or is to be construed as doing so) in relation to, or to things being done in or in connection with, Wales.

(2) Any provision to which this paragraph applies shall, subject to sub-paragraphs (3) and (4) below, have effect on and after the appointed day with the substitution for, or the inclusion in, any reference to the Commission of a reference to the Council, according as the reference concerns Wales only or concerns both England and Wales.

(3) Any provision to which this paragraph applies which refers in general terms to members of or to persons employed by or agents of the Commission shall have effect on and after the appointed day with the substitution for, or the inclusion in, any such reference of a reference to members of or persons employed by or agents of the Council, according as the reference concerns Wales only or concerns both England and Wales.

(4) Any provision to which this paragraph applies which refers to a member or employee of the Commission shall have effect on and after the appointed day with the substitution for, or the inclusion in, any such reference of—

- (a) a reference to such person as the Council may appoint, or
- (b) in default of appointment, to the member or employee of the Council who corresponds as nearly as may be to the member or employee in question,

according as the reference concerns Wales only or concerns both England and Wales.

4

(1) This paragraph applies to any provision of a local Act passed, or subordinate legislation made, before the appointed day which refers (in whatever terms) to the Commission and relates to, or to things being done in or in connection with, Wales.

(2) The Secretary of State may by order make such consequential modifications of any provision to which this paragraph applies as appear to him to be necessary or expedient.

(3) Subject to any exercise of the power conferred by sub-paragraph (2) above, any provision to which this paragraph applies shall have effect on and after the appointed day with the substitution for, or inclusion in, any reference to the Commission of a reference to the Council, according as the reference concerns Wales only or concerns both England and Wales.

Existing areas of outstanding natural beauty and long distance routes

5

(1) This paragraph applies to—

- (a) any area of land which immediately before the appointed day is an area of outstanding natural beauty designated under section 87 of the 1949 Act of which part is in England and part is in Wales (referred to as “the two parts” of such an area); and
- (b) any long distance route under Part IV of that Act of which some parts are in England and other parts in Wales.

(2) On and after the appointed day the two parts of an area to which this paragraph applies shall be

treated as if each were a distinct area of outstanding natural beauty; and accordingly, so far as may be necessary for the purpose of applying paragraphs 2 and 3 above, anything done by or in relation to the Commission in relation to both parts of that area shall be treated as having been done in relation to the part in Wales by or in relation to the Council.

(3) On and after the appointed day any route to which this paragraph applies shall not cease, by virtue of this Part of this Act to be a single route for the purposes of Part IV of the 1949 Act; but any function which before that day is exercisable by or in relation to the Commission shall, on and after that day be exercisable by or in relation to the Commission (so far as concerns parts of the route in England) and by or in relation to the Council (so far as concerns parts of the route in Wales).

(4) On or after the appointed day the Commission and the Council shall each exercise any function of theirs in relation to an area or route to which this paragraph applies only after consultation with the other; and the Commission and the Council may make arrangements for discharging any of their functions in relation to such an area or route jointly.

Part II Nature Conservation Functions

Preliminary

6

In this Part of this Schedule—

“appointed day” means the date appointed under section 131(3) of this Act;

“appropriate new council” shall be construed in accordance with paragraph 7 below; and

“new council” means a council established by section 128(1) of this Act.

7

(1) In this Part of this Schedule a reference to “the appropriate new council” is, in relation to or to things done in connection with property, rights or liabilities of the Nature Conservancy Council which are transferred by section 135(2) of this Act to a new council, a reference to that new council.

(2) Subject to sub-paragraph (1) above, a reference in this Part of this Schedule to “the appropriate new council” is, in relation to anything else done before the appointed day by or in relation to the Nature Conservancy Council in the exercise of or in connection with any function of theirs (other than a function corresponding to a special function of the new councils)—

- (a) a reference to the new council by whom the nature conservation function corresponding to that function is exercisable on and after that date; or
- (b) where the thing done relates to a matter affecting the area of more than one new council, a reference to each new council by whom the nature conservation function corresponding to that function is exercisable on and after that date;

and in relation to anything done in the exercise of or in connection with any function of the Nature Conservancy Council corresponding to a special function of the new councils a reference to “the appropriate new council” is a reference to the joint committee or, where directions under section 133(5) of this Act have been given, the new council by whom the corresponding special function is dischargeable (on behalf of the new councils) on and after that day.

(3) Any question arising under this paragraph as to which new council is the appropriate new council in relation to any particular function of the Nature Conservancy Council may be determined by a direction given by the Secretary of State .

Continuity of exercise of functions

8

(1) Anything done (or deemed by any enactment to have been done) by or in relation to the Nature Conservancy Council before the appointed day shall, so far as is required for continuing its effect on and after that date, have effect as if done by or in relation to the appropriate new council.

(2) Anything which immediately before the appointed day is in the process of being done by or in relation to the Nature Conservancy Council may be continued by or in relation to the appropriate new council as if it had been done by or in relation to that council.

Construction of references to the Nature Conservancy Council

9

(1) This paragraph applies to any agreement, any instrument and any other document subsisting immediately before the appointed day which refers (in whatever terms) to the Nature Conservancy Council, other than a scheme provided by that Council under paragraph 12 of Schedule 3 to the Nature Conservancy Council Act 1973.

(2) Any agreement, instrument or other document to which this paragraph applies shall have effect on and after the appointed day with the substitution—

- (a) for any reference to the Nature Conservancy Council of a reference to the appropriate new council;
- (b) for any reference in general terms to members of or to persons employed by or agents of the Nature Conservancy Council of a reference to members of or persons employed by or agents of the appropriate new council; and

- (c) for any reference to a member or officer of the Nature Conservancy Council of a reference to such person as the appropriate new council may appoint or, in default of appointment, to the member or employee of that council who corresponds as nearly as may be to the member or officer in question.

10

- (1) This paragraph applies to any provision of a local Act passed, or subordinate legislation made, before the appointed day which refers (in whatever terms) to the Nature Conservancy Council.
- (2) The Secretary of State may by order make such consequential modifications of any provision to which this paragraph applies as appear to him to be necessary or expedient.
- (3) Subject to any exercise of the power conferred by sub-paragraph (2) above, any provision to which this paragraph applies shall have effect on and after the appointed day with the substitution for each reference to the Nature Conservancy Council of a reference to such one or more of the new councils as may be appropriate, according as the provision relates to, or to things being done in or in connection with, England, Scotland or Wales.

Pensions for Nature Conservancy Council staff

11

- (1) The repeal by this Act of paragraph 12 of Schedule 3 to the Nature Conservancy Council Act 1973 shall not affect the operation on and after the appointed day of any scheme provided by the Nature Conservancy Council for the payment to or in respect of its officers of pensions, allowances or gratuities.
- (2) Any such scheme shall have effect on and after the appointed day with the substitution for any reference to the Nature Conservancy Council of a reference to the Secretary of State.

 - (a) a nature reserve (within the meaning of Part III of the 1949 Act) which is managed by, or under an agreement entered into with, the Nature Conservancy Council or which is the subject of a declaration under section 35 of the 1981 Act; or
 - (b) an area of special scientific interest which has been notified by the Nature Conservancy Council under section 28(1) of the 1981 Act or is treated by section 28(13) of that Act as having been notified under section 28(1)(a) of that Act or is an area to which an order under section 29(1) of that Act relates;

and of which part is in England and part is in Wales or, as the case may be, part is in England and part is in Scotland (referred to as “the two parts” of such a reserve or area).

- (2) On and after the appointed day, the two parts of any reserve or area to which this paragraph applies shall be treated as if each were a distinct nature reserve or area of special scientific interest; and accordingly, so far as may be necessary for the purpose of applying paragraphs 8 and 9 above, anything done by or in relation to the Nature Conservancy Council affecting both parts of that reserve or area shall be treated as having been done by or in relation to each of the two parts separately.
- (3) On and after the appointed day the new council exercising functions as respects either part of a reserve or area to which this paragraph applies shall exercise those functions only after consultation with
