- (4) In assessing the compensation to be made under paragraph 2(3) above in respect of the lack of discharge of compensation water, the Lands Tribunal may, if it thinks fit, have regard to the amount of water which, under the conditions existing by reason of the shortage of rain, would have been available to the claimant during the period during which the deficiency of supplies of water is continued, if the applicant in relation to whom the obligation was imposed had never carried on its undertaking.
- (5) In sub-paragraph (4) above “compensation water” has the same meaning as in section 77 of this Act.

shall be so modified as to secure that, as against persons with interests in the land which are expressed to be overridden by the deed, the right which is to be compulsorily acquired is vested absolutely in the acquiring authority.
