- (3) The authority shall calculate the basic amount of its council tax for dwellings in a part of its area to which one or more special items relate by adding to the amount given by the formula in subsection (2) above the aggregate of the amounts which, in relation to each of those special items, are given by the formula—

$$\frac{S}{TP}$$

where—

S is (in each case) the amount of the special item;

TP is (in each case) the aggregate of the amounts which are calculated by the billing authorities to which the authority has power to issue precepts as respects the special item (“the billing authorities concerned”) as their council tax bases for the year for their areas, or (as the case may require) for the parts of their areas falling within the relevant part, and are notified by them to the authority within the prescribed period.

- (4) The Secretary of State shall make regulations containing rules for making for any year the calculations required by item TP in subsection (3) above; and the billing authorities concerned shall make the calculations for any year in accordance with the rules for the time being effective (as regards the year) under the regulations.
- (5) Regulations prescribing a period for the purposes of item TP in subsection (3) above may provide that, in any case where a billing authority fails to notify its calculation to the precepting authority within that period, that item shall be determined in the prescribed manner by such authority or authorities as may be prescribed.
- (6) Any negative amount given by a calculation under subsection (2) or (3) above shall be assumed to be nil for the purposes of this Chapter.
