

# Agriculture Act 1993

## 1993 CHAPTER 37

### PART I

#### MILK MARKETING

##### *Schemes of reorganisation*

#### **5 Variation of approved scheme**

- (1) Subject to subsection (2) below, the appropriate authority may approve a variation of an approved scheme on the application of the relevant board made before the vesting day under the scheme.
- (2) The appropriate authority shall not approve a variation of an approved scheme unless—
  - (a) it is satisfied—
    - (i) that the relevant board has taken reasonable steps to bring the principle of the proposed variation to the attention of persons who are registered producers, or
    - (ii) that the proposed variation is not sufficiently important to require the principle of it to be brought to their attention; and
  - (b) it is satisfied that its decisions under section 3(2)(a)(ii) and (3)(a) above would not have been different had the scheme included the proposed variation.
- (3) In this section, “the relevant board”, in relation to an approved scheme, means the milk marketing board to which the scheme relates.
