1993 CHAPTER 49

PART IV

PROTECTION FOR EARLY LEAVERS

CHAPTER I

PRESERVATION OF BENEFIT UNDER OCCUPATIONAL SCHEMES

65 Scope of Chapter I: the preservation requirements.

- (1) This Chapter has effect in relation to the preservation of benefit under occupational pension schemes to which it applies.
- (2) In this Act “the preservation requirements” means the requirements specified in or under sections 67 to 78.
- (3) This Chapter applies to any occupational pension scheme whose resources are derived in whole or in part from—
 - (a) payments made or to be made by one or more employers of earners to whom the scheme applies, being payments either—
 - (i) under an actual or contingent legal obligation; or
 - (ii) in the exercise of a power conferred, or the discharge of a duty imposed, on a Minister of the Crown, government department or any other person, being a power or duty which extends to the disbursement or allocation of public money; or
 - (b) such other payments by the earner or his employer, or both, as may be prescribed for different categories of scheme.

Status: Point in time view as at 01/12/1999.

Changes to legislation: Pension Schemes (Northern Ireland) Act 1993, Chapter I is up to date with all changes known to be in force on or before 27 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

66 Interpretation (Part IV).

(1) In this Chapter—

“scheme” means an occupational pension scheme to which this Chapter applies;

“relevant employment”, in relation to a scheme, means any employment to which the scheme applies;

“long service benefit”, in relation to a scheme, means the benefits which will be payable under the scheme, in accordance with legal obligation, to or in respect of a member of the scheme on the assumption—

(a) that he remains in relevant employment, and

(b) that he continues to render service which qualifies him for benefits,

until he attains normal pension age; and in this definition “benefits” means—

(i) retirement benefit for the member himself at normal pension age, or

(ii) benefit for the member’s wife or husband, widow or widower, or dependants, or others, on his attaining that age or his later death, or

(iii) both such descriptions of benefit.

(2) In this Act “pensionable service”, in relation to a scheme and a member of it, means, subject to subsection (3), service in relevant employment which qualifies the member (on the assumption that it continues for the appropriate period) for long service benefit under the scheme.

(3) There shall be taken into account as pensionable service only actual service, that is to say—

(a) service notionally attributable for any purposes of the scheme is not to be regarded as pensionable service; and

(b) no account is to be taken of scheme rules by which a period of service can be treated for any purpose as being longer or shorter than it actually is.

67 Basic principle as to short service benefit.

(1) A scheme must make such provision that where a member’s pensionable service is terminated before normal pension age and—

(a) he has at least 2 years’ qualifying service, or

(b) a transfer payment in respect of his rights under a personal pension scheme has been made to the scheme,

he is entitled to benefit consisting of or comprising benefit of any description which would have been payable under the scheme as long service benefit, whether for himself or others, and calculated in accordance with this Chapter.

(2) The benefit to which a member is entitled under subsection (1) is referred to in this Act as “short service benefit”.

(3) Subject to subsection (4), short service benefit must be made payable as from normal pension age or, if in the member’s case that age is earlier than 60, then from the age of 60.

(4) Short service benefit payable on or in respect of the member’s death after normal pension age must be made payable as from his death or within such time after it as long service benefit payable on or in respect of his death would be payable.

Status: Point in time view as at 01/12/1999.

Changes to legislation: Pension Schemes (Northern Ireland) Act 1993, Chapter 1 is up to date with all changes known to be in force on or before 27 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (5) In applying subsections (3) and (4), no regard is to be had to the operation of any scheme rule, taking effect at any time after termination of the member's pensionable service, as to what is normal pension age under the scheme.
- (6) A scheme must not provide for payment of short service benefit in the form of a lump sum at any time before normal pension age, except in such circumstances as may be prescribed.
- (7) In subsection (1) "2 years' qualifying service" means 2 years (whether a single period of that duration or two or more periods, continuous or discontinuous, totalling 2 years) in which the member was at all times employed either—
 - (a) in pensionable service under the scheme; or
 - (b) in service in employment which was contracted-out by reference to the scheme; or
 - (c) in linked qualifying service under another scheme.
- (8) For the purposes of subsection (7), no regard shall be had to whether or not the service was of the same description in the whole of the 2 years.
- (9) A period of service previously terminated is not to count towards the 2 years' qualifying service unless it counts towards qualification for long service benefit, and need then count only to the same extent and in the same way.

68 No discrimination between short service and long service beneficiaries.

- (1) A scheme must not contain any rule which results, or can result, in a member being treated less favourably for any purpose relating to short service benefit than he is, or is entitled to be, treated for the corresponding purpose relating to long service benefit.
- (2) Subsection (1) does not apply to any rule in its application to members whose pensionable service terminated before the rule came into force, unless the rule—
 - (a) was made after the termination of a member's pensionable service; and
 - (b) results, or is capable of resulting, in any treatment less favourable for him than that to which he would have been entitled but for the rule.
- (3) Subsection (1) does not apply to a rule which merely confers discretion on the scheme's trustees or managers, or others, so long as it is not a rule requiring the discretion to be exercised in any discriminatory manner against members in respect of their short service benefit.

69 Form of short service benefit and its alternatives.

- (1) Subject to subsection (2) and section 77, a member's short service benefit must be—
 - (a) payable directly out of the resources of the scheme; or
 - (b) assured to him by such means as may be prescribed.
- (2) Subject to subsections (3) to (5), a scheme may, instead of providing short service benefit, provide—
 - (a) for the member's accrued rights (including any transfer credits allowed under the scheme)—
 - (i) to be transferred to another occupational pension scheme with a view to acquiring transfer credits for the member under the other scheme,
 - or

- (ii) to be transferred to a personal pension scheme [^{F1}or a self-employed pension arrangement] with a view to acquiring rights for the member under the rules of the scheme [^{F2}or arrangement]; or
- (b) for such alternatives to short service benefit as may be prescribed.
- (3) The option conferred by subsection (2)(a) is additional to any obligation imposed by Chapter IV of this Part.
- (4) The alternatives specified in subsection (2)(a) and (b) may only be by way of complete or partial substitute for short service benefit—
 - (a) if the member consents; or
 - (b) in such other cases as may be prescribed.
- (5) An alternative prescribed under subsection (2)(b) may only include payment by way of return of contributions—
 - (a) if they relate to a period of service before 6th April 1975; or
 - (b) if there has been such a payment relating to a period of service before that date and the contributions relate to a period of service of less than 5 years after that date.

70 Computation of short service benefit.

- (1) Subject to the provisions of this section, a scheme must provide for short service benefit to be computed on the same basis as long service benefit.
- (2) For that purpose, no account is to be taken of any rule making it (directly or indirectly) a condition of entitlement to benefit that pensionable service shall have been of any minimum duration.
- (3) Subsection (1) does not apply to so much of any benefit as accrues at a higher rate, or otherwise more favourably, in the case—
 - (a) of members with a period of pensionable service of some specified minimum length, or
 - (b) of members remaining in pensionable service up to some specified minimum age.
- (4) Subsection (1) does not apply to so much of any benefit as is of an amount or at a rate unrelated to length of pensionable service or to the number or amount of contributions paid by or for the member.
- (5) Regulations may provide that subsection (1) shall not apply to any category of schemes or members, or description of benefit.

There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (6) So far as any short service benefit is not required to be computed in accordance with subsection (1), it must be computed on the basis of uniform accrual, so that at the time when pensionable service is terminated, it bears the same proportion to long service benefit as the period of that service bears to the period from the beginning of that service to the time when the member would attain normal pension age or such lower age as may be prescribed.
- (7) Where long service benefit is related to a member's earnings at, or in a specified period before, the time when he attains normal pension age, short service benefit must be related, in a corresponding manner, to his earnings at, or in the same period before, the time when his pensionable service is terminated.
- (8) A scheme must comply with any regulations relating to the basis of computation of short service benefit, including regulations providing for the avoidance of fractional amounts and otherwise to facilitate computation.

71 Credits.

- (1) In this section—

“supplementary credits”, in relation to a scheme and a member's entitlement to its benefits, means any increase of benefit or additional benefit to which the member may become entitled—

- (a) in consequence of any provision made by or under the scheme after he becomes a member of it (to the extent that it applies to any previous pensionable service of his); or
- (b) by reference to previous service of his (whether or not pensionable service); or
- (c) in such other circumstances as may be prescribed,

including under paragraph (b) any transfer credits;

“purchased credits” means supplementary credits for which, under the rules of the scheme, a member may or must make a payment in whole or in part (whether by means of additional contributions, or of deduction from benefit, or otherwise, and whether separately for each credit or by one or more payments for one or more credits);

“bonus credits” means supplementary credits other than purchased credits or transfer credits.

- (2) Subject to subsections (3) to (7), if a scheme provides for long service benefit to include supplementary credits, it must—
 - (a) provide for such credits to be included in short service benefit, and
 - (b) provide for all credits to be so included.
- (3) Where purchased credits have not been paid for in full at or before termination of pensionable service, the short service benefit must include the appropriate proportion of the credits.
- (4) In subsection (3) “the appropriate proportion of the credits” means—
 - (a) if they were to be paid for by a fixed amount, the same proportion as the amount paid bears to the full amount payable; and

- (b) otherwise, the same proportion as the period between the time when the first payment became due and the termination of the member’s pensionable service bears to the whole period over which payment was to be made.
- (5) If the benefit includes bonus credits, or credits for which payment is to be made by deduction from that or another benefit, the credits to be included in the benefit and (where applicable) the amount of the deduction must be computed on the assumption—
 - (a) that the credits accrue in full only to a member remaining in pensionable service until normal pension age; and
 - (b) that the amount of any such credit, and also of any relevant deduction, accrues at a uniform rate from the time when the credit was awarded up to the time of his attaining that age.
- (6) Where any such deduction is a percentage of benefit, the percentage must be the same for short service as for long service benefit.
- (7) A scheme must comply with any regulations made with respect to the manner in which supplementary credits are to be included in short service benefit, including regulations providing for the avoidance of fractional amounts and otherwise to facilitate computation.

72 Pension increases.

- (1) A scheme which by its rules provides for increases of long service benefit from time to time (whether by way of upwards revaluation or otherwise) must provide for corresponding increases of short service benefit in the case of members whose pensionable service terminates at any time after the coming into force of any such rule.
- (2) Where the provision for increasing long service benefit involves the exercise of a discretion, a corresponding discretion must be conferred in relation to short service benefit.
- (3) If an increase of long service benefit is to take effect at a specified time after termination of service, the corresponding increase of short service benefit must take effect at the same time after the time when short service benefit becomes payable.
- (4) Where provision is made for increase of long service benefit otherwise than at a fixed rate, short service benefit may nevertheless be subject to increase at a fixed rate, if the rate is at least 3 per cent. a year compound.
