- (6) References to “the grossed-up amount” of an estimate of the amount of a brewery’s production in a calendar year are to the amount given by—

$$\frac{E}{(365-N)} \times 365$$

where—

E is the amount of the estimate, and

N is the number of days (if any) in the calendar year before the brewery begins to be used as beer-production premises.

- (1) This section applies to beer produced in a brewery at a time in a calendar year (“the current year”) when the brewery is a singleton brewery.
- (2) The beer is “small brewery beer” if the following conditions are satisfied; but this is subject to subsections (9) and (10) below.
- (3) The first condition is that either—
 - (a) no beer was produced in the brewery in the previous calendar year (“the previous year”), or
 - (b) the amount of beer produced in the brewery in the previous year was not more than 30,000 hectolitres.

$$\frac{A}{D} \times 365$$

where—

A is the amount of beer actually produced in the previous year in the brewery, and

D is the number of days in that part of the previous year.

- (5) The second condition is that the amount of the estimate under subsection (9) below of the brewery's production in the current year is not more than 30,000 hectolitres.
- (6) The third condition is that if the brewery begins to be used as beer-production premises part-way through the current year, the grossed-up amount of that estimate is not more than 30,000 hectolitres.
- (7) The fourth condition is that less than half of the beer produced in the brewery in the previous year was produced under licence.
- (8) The fifth condition is that the beer is not produced under licence.
- (9) Beer produced in the brewery in the current year before the person who first produces beer in the brewery in that year has made a reasonable estimate of the amount of beer that will be produced in the brewery in that year is not small brewery beer.
- (10) Beer produced in the brewery in the current year after the amount of beer produced in the brewery in the current year has reached 30,000 hectolitres is not small brewery beer.
- (11) Subsection (10) above is without prejudice to section 167(4) of the Customs and Excise Management Act 1979 (recovery of duty unpaid by reason of untrue document or statement).

36D Rate of duty for small brewery beer from singleton breweries

- (1) This section applies to small brewery beer produced in a brewery at a time in a calendar year ("the current year") when the brewery is a singleton brewery.
- (2) The rate of duty in the case of that beer ("the brewery rate") is determined in accordance with this section.
- (3) Subsection (4) below applies if—
- beer was produced in the brewery in the previous calendar year ("the previous year") and the amount produced in the brewery in that year was not more than 5,000 hectolitres, or

the brewery's production in the current year is not more than 5,000 hectolitres.

- (5) Subsection (6) below applies if—
- (a) beer was produced in the brewery in the previous year and the amount produced in the brewery in that year was more than 5,000 hectolitres but not more than 30,000 hectolitres, or
 - (b) no beer was produced in the brewery in the previous year and the grossed-up amount of the estimate under section 36C(9) above of the brewery's production in the current year is more than 5,000 hectolitres but not more than 30,000 hectolitres.
- (6) If this subsection applies, "the brewery rate" is, subject to rounding under subsection (7) below, given by—

$$\frac{P-2,500}{P} \times \text{the standard beer duty rate at the time c}$$

where—

if this subsection applies by reason of subsection (5)(a) above, P is the amount, in hectolitres, of beer produced in the brewery in the previous year, and

if this subsection applies by reason of subsection (5)(b) above, P is the grossed-up amount (expressed in hectolitres) mentioned in subsection (5)(b).

- (7) Where a rate given by subsection (4) or (6) above would (apart from this subsection) not be a whole number of pennies, the rate given by that subsection shall be taken to be the rate actually given by that subsection rounded up to the nearest penny.
- (8) Where the brewery was in use as beer-production premises during part only of the previous year, for the purposes of subsections (3)(a), (5)(a) and (6) above the amount of beer produced in the brewery in the previous year shall be taken to have been—

$$\frac{A}{D} \times 365$$

where—

A is the amount of beer actually produced in the previous year in the brewery, and

D is the number of days in that part of the previous year.

36E Meaning of "small brewery beer": beer from co-operated breweries

- (1) This section applies to beer produced in a brewery at a time in a calendar year ("the current year") when the brewery is a co-operated brewery.

- (3) In this section—
- “the group” means the group of breweries consisting of—
- (a) the co-operated brewery, and
- (b) every brewery (other than the co-operated brewery) in which beer is produced at the time mentioned in subsection (1) above, or at any earlier time in the current year, by—
- (i) a person who produces beer in the co-operated brewery at the time so mentioned or at any earlier time in the current year, or
- (ii) a person connected with such a person;
- “group brewery” means a brewery that is in the group;
- “the previous year” means the calendar year immediately preceding the current year.
- (4) The first condition is that either—
- (a) no beer was produced in the previous year in the group, or
- (b) the amount given by $PY + GE$ is not more than 30,000 hectolitres, where—
- PY is the amount of beer produced in the previous year in the group, and
- GE is the aggregate of the grossed-up amount of each estimate that—
- (i) is an estimate for the purposes of subsection (10) below of the amount of the production in the current year in a group brewery in which no beer was produced in the previous year, and
- (ii) is made no later than the time mentioned in subsection (1) above.
- (5) For the purposes of subsection (4)(b) above, where a group brewery was in use as beer-production premises during part only of the previous year, the amount of beer produced in the previous year in that brewery shall be taken to have been—

$$\frac{A}{D} \times 365$$

where—

A is the amount of beer actually produced in the previous year in that brewery, and

D is the number of days in that part of the previous year.

- (6) The second condition is that the aggregate of each estimate that—
- (a) is an estimate for the purposes of subsection (10) below of the amount of a group brewery’s production in the current year, and
- (b) is made no later than the time mentioned in subsection (1) above, is not more than 30,000 hectolitres.

Status: Point in time view as at 06/04/2007.

Changes to legislation: Finance Act 2002 is up to date with all changes known to be in force on or before 15 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (7) The third condition is that if any group brewery begins to be used as beer-production premises part-way through the current year, the aggregate of the grossed-up amount of each estimate that—
 - (a) is an estimate for the purposes of subsection (10) below of the amount of a group brewery’s production in the current year, and
 - (b) is made no later than the time mentioned in subsection (1) above, is not more than 30,000 hectolitres.
- (8) The fourth condition is that less than half of the beer produced in the previous year in each group brewery was produced under licence.
- (9) The fifth condition is that the beer is not produced under licence.
- (10) Beer produced in the co-operated brewery at an unestimated time is not small brewery beer; and here “unestimated time” means a time in the current year when there is a group brewery for which there does not exist a reasonable estimate, made by the person who first produces beer in that brewery in that year, of the amount of beer that will be produced in that brewery in that year.
- (11) Beer produced in the co-operated brewery in the current year after the amount of beer produced in the group in the current year has reached 30,000 hectolitres is not small brewery beer.
- (12) Subsection (11) above is without prejudice to section 167(4) of the Customs and Excise Management Act 1979 (recovery of duty unpaid by reason of untrue document or statement).

36F Rate of duty for small brewery beer from co-operated breweries

- (1) This section applies to small brewery beer produced in a brewery at a time in a calendar year (“the current year”) when the brewery is a co-operated brewery.
- (2) The rate of duty in the case of that beer (“the brewery rate”) is determined in accordance with this section.
- (3) In this section—

(4) In this section “the notional previous year’s production” means the amount, in hectolitres, given by $PY + GE$ where—

PY is the amount of beer produced in the group in the previous year, and

GE is the aggregate of the grossed-up amount of each estimate that—

(a) is an estimate for the purposes of section 36E(10) above of the amount of the production in the current year in a group brewery in which no beer was produced in the previous year, and

(b) is made no later than the time mentioned in subsection (1) above.

(5) Where a group brewery was in use as beer-production premises during part only of the previous year, in calculating PY for the purposes of subsection (4) above the amount of beer produced in that brewery in the previous year shall be taken to have been—

$$\frac{A}{D} \times 365$$

where—

A is the amount of beer actually produced in the previous year in that brewery, and

D is the number of days in that part of the previous year.

(6) Subsection (7) below applies if—

(a) beer was produced in at least one group brewery in the previous year and the notional previous year’s production is not more than 5,000 hectolitres, or

(b) no beer was produced in the group in the previous year and the aggregate of each estimate that—

(i) is an estimate for the purposes of section 36E(10) above of the amount of a group brewery’s production in the current year, and

(ii) is made no later than the time mentioned in subsection (1) above,

is not more than 5,000 hectolitres.

where—

if this subsection applies by reason of subsection (8)(a) above, P is the previous year's notional production,

if this subsection applies by reason of subsection (8)(b) above, P is the amount, in hectolitres, of the aggregate mentioned in subsection (6)(b) above, and

“the standard rate” means the standard beer duty rate at the time mentioned in subsection (1) above.

36G Assessments where incorrectly low rate of duty applied

- (1) Subsection (3) below applies if—
- (a) duty is charged by section 36 above on any beer, and
 - (b) it appears at the excise duty point that the beer is small brewery beer for the purposes of section 36(1AA) above, but
 - (c) it turns out that the beer was not small brewery beer for those purposes (because, for example, circumstances were not as they appeared at that point or they subsequently changed).
- (2) Subsection (3) below also applies if—
- (a) duty is charged by section 36 above on any beer that is small brewery beer for the purposes of section 36(1AA) above, and
 - (b) the rate of duty that at the excise duty point appeared to be the correct rate turns out to have been lower than the correct rate (because, for example, circumstances were not as they appeared at that point or they subsequently changed).
- (3) In any such case the Commissioners—
- (a) may assess the amount that is the difference between—
 - (i) the actual amount of the duty charged on the beer by section 36 above, and
 - (ii) the lower amount that, at the excise duty point, appeared to be the amount charged,
 as being excise duty due from the person liable to pay the duty charged on the beer by section 36 above, and
 - (b) may notify him or his representative accordingly.
- (4) Where two or more persons are liable to pay the duty charged on the beer—
- (a) the reference in subsection (3)(a) above to the person liable to pay the duty is to any one or more of those persons, and

 - (b) at the standard rate instead of at a reduced rate;
 - (c) at a different reduced rate.
- (2) In this section—
 - “reduced rate” means a rate lower than the standard rate, and
 - “the standard rate” means the rate specified by section 36(1AA) (a) above.
- (3) An order under subsection (1) above may—

 - (c) make such other consequential provision, and such incidental and transitional provision, as appears to the Treasury to be necessary or expedient.
- (4) A statutory instrument by which there is made an order under subsection (1) above shall be laid before the House of Commons after being made.

Unless the instrument is approved by the House of Commons before the expiration of 28 days beginning with the date on which the instrument was made, the order shall cease to have effect on the expiration of that period.

Where the order so ceases to have effect, that does not prejudice—

- (a) anything previously done under the order, or

- (2) The requirements are set out in—
 - Part 2 (the substantial shareholding requirement), and
 - Part 3 (requirements to be met in relation to the investing company and the company invested in).
- (3) The exemption conferred by this paragraph does not apply in the circumstances specified in paragraph 5 or the cases specified in paragraph 6.

Subsidiary exemption: disposal of asset related to shares where main exemption conditions met

- 2 (1) A gain accruing to a company (“company A”) on a disposal of an asset related to shares in another company (“company B”) is not a chargeable gain if either of the following conditions is met.
- (2) The first condition is that—
 - (a) immediately before the disposal company A holds shares or an interest in shares in company B, and
 - (b) any gain accruing to company A on a disposal at that time of the shares or interest would, by virtue of paragraph 1, not be a chargeable gain.
- (3) The second condition is that—
 - (a) immediately before the disposal company A does not hold shares or an interest in shares in company B but is a member of a group and another member of that group does hold shares or an interest in shares in company B, and

Subsidiary exemption: disposal of shares or related asset where main exemption conditions previously met

- 3 (1) A gain accruing to a company (“company A”) on a disposal of shares, or an interest in shares or an asset related to shares, in another company (“company B”) is not a chargeable gain if the following conditions are met.

- (2) The conditions are—

- (a) that at the time of the disposal company A meets the requirement in paragraph 7 (the substantial shareholding requirement) in relation to company B;
- (b) that a chargeable gain or allowable loss would, apart from this paragraph, accrue to company A on the disposal (but see sub-paragraph (3) below);
- (c) that at the time of the disposal—
 - (i) company A is resident in the United Kingdom, or
 - (ii) any chargeable gain accruing to company A on the disposal would, by virtue of section 10(3), form part of that company’s chargeable profits for corporation tax purposes;
- (d) that there was a time within the period of two years ending with the disposal (“the relevant period”) when, if—
 - (i) company A, or
 - (ii) a company that at any time in the relevant period was a member of the same group as company A,
 had disposed of shares or an interest in shares in company B that it then held, a gain accruing would, by virtue of paragraph 1, not have been a chargeable gain; and
- (e) that, if at the time of the disposal the requirements of paragraph 19 (requirements relating to company invested in) are not met in relation to company B, there was a time within the relevant period when company B was controlled by—
 - (i) company A, or
 - (ii) company A together with any persons connected with it, or
 - (iii) a company that at any time in the relevant period was a member of the same group as company A, or
 - (iv) any such company together with any persons connected with it.

- (3) Sub-paragraph (1) does not apply if—

- (b) the failure to meet that requirement is not due to—
 - (i) the fact that company A has been wound up or dissolved, or

Changes to legislation: Finance Act 2002 is up to date with all changes known to be in force on or before 15 June 2024. There are changes that may be brought into force at a future date. - (ii) where the winding up or dissolution takes place as soon as is reasonably practicable in the circumstances, the fact that company A is about to be wound up or dissolved.
- (4) In determining for the purpose of sub-paragraph (2)(d) whether a gain accruing on the hypothetical disposal referred to would have been a chargeable gain, the requirements of paragraph 18(1)(b) and of paragraph 19(1)(b) (requirement as to company invested in to be met immediately after the disposal) shall be assumed to be met.
- (5) Where—
 - (a) immediately before the disposal company B holds an asset,
 - (b) the expenditure allowable in computing any gain or loss on that asset, were it to be disposed of by company B immediately before that disposal, would fall to be reduced because of a claim to relief under section 165 (gifts relief) in relation to an earlier disposal, and
 - (c) that earlier disposal took place within the relevant period,
 sub-paragraph (1) does not prevent a gain accruing to company A on the disposal from being a chargeable gain but any loss so accruing is not an allowable loss.
- (6) Where assets of company B are vested in a liquidator under section 145 of the Insolvency Act 1986 or Article 123 of the Insolvency (Northern Ireland) Order 1989 or otherwise, sub-paragraph (5)(a) applies as if the assets were vested in the company.
- (7) In determining “the relevant period” for the purposes of sub-paragraph (2)(d) or (e) or sub-paragraph (5)(c), section 28 (time of disposal under contract) applies with the omission of subsection (2) (postponement of time of disposal in case of conditional contract).
- (8) The exemption conferred by this paragraph does not apply in the circumstances specified in paragraph 5 or the cases specified in paragraph 6.

Application of exemptions in priority to provisions deeming there to be no disposal etc

- 4 (1) For the purposes of determining whether an exemption conferred by this Schedule applies, the question whether there is a disposal shall be determined without regard to—
 - (a) section 116(10) (reorganisation, conversion of securities, etc treated as not involving disposal),
 - (b) section 127 (share reorganisations etc treated as not involving disposal), or
 - (c) section 192(2)(a) (distribution not treated as capital distribution).
- (2) Sub-paragraph (1) does not apply to a disposal of shares if the effect of its applying would be that relief attributable to the shares under Schedule 15 to the Finance Act 2000 (corporate venturing scheme) would be withdrawn or reduced under paragraph 46 of that Schedule (withdrawal or reduction of investment relief on disposal of shares).
- (3) Where or to the extent that an exemption conferred by this Schedule does apply—

- (a) the provisions mentioned in sub-paragraph (1)(a) and (b) do not apply in relation to the disposal, and
 - (b) the provision mentioned in sub-paragraph (1)(c) does not apply in relation to the subject matter of the disposal.
- (4) Where section 127 is disapplied by sub-paragraph (3)(a) in a case in which that section would otherwise have applied in relation to the disposal by virtue of paragraph 84 of Schedule 15 to the Finance Act 2000 (corporate venturing scheme: share exchanges), paragraph 85 of that Schedule (attribution of relief to new shares) does not apply.
- (5) In this paragraph any reference to section 127 includes a reference to that provision as applied by any enactment relating to corporation tax.

- none of the exemptions in this Schedule applies to the disposal.
- (2) This paragraph applies to arrangements from which the sole or main benefit that (but for this paragraph) could be expected to arise is that the gain on the disposal would, by virtue of this Schedule, not be a chargeable gain.
- (3) For the purposes of sub-paragraph (1)(a) a gain is “untaxed” if the gain, or all of it but a part that is not substantial, represents profits that have not been brought into account (in the United Kingdom or elsewhere) for the purposes of tax on profits for a period ending on or before the date of the disposal.
- (4) The reference in sub-paragraph (3) to profits being brought into account for the purposes of tax on profits includes a reference to the case where—

 - (c) to a deemed disposal under section 440(1) or (2) of the Taxes Act (deemed disposal on transfer of asset of insurance company from one category to another).
- (2) The hypothetical disposal referred to in paragraph 2(2)(b) or (3)(b) or paragraph 3(2)(d) shall be assumed not to be a disposal within subparagraph (1)(a), (b) or (c) above.

Meaning of “scheme of reconstruction”

3 After Schedule 5A to the Taxation of Chargeable Gains Act 1992 insert—

“SCHEDULE
5AA

MEANING OF “SCHEME OF RECONSTRUCTION”

Introductory

1 In section 136 “scheme of reconstruction” means a scheme of merger, division or other restructuring that meets the first and second, and either the third or the fourth, of the following conditions.

First condition: issue of ordinary share capital

2 The first condition is that the scheme involves the issue of ordinary share capital of a company (“the successor company”) or of more than one company (“the successor companies”)—

- (a) to holders of ordinary share capital of another company (“the original company”) or, where there are different classes of ordinary share capital of that company, to holders of one or more classes of ordinary share capital of that company (the classes “involved in the scheme of reconstruction”), or
- (b) to holders of ordinary share capital of more than one other company (“the original companies”) or, where there are different classes of ordinary share capital of one or more of the original company or companies, to holders of ordinary share capital of any of those companies or of one or more classes of ordinary share capital of any of those companies (the classes “involved in the scheme of reconstruction”),

and does not involve the issue of ordinary share capital of the successor company, or (as the case may be) any of the successor companies, to anyone else.

Second condition: equal entitlement to new shares

3 (1) The second condition is that under the scheme the entitlement of any person to acquire ordinary share capital of the successor company or companies by virtue of holding relevant shares, or relevant shares of any class, is the same as that of any other person holding such shares or shares of that class.

(2) For this purpose “relevant shares” means shares comprised—

- (a) where there is one original company, in the ordinary share capital of that company or, as the case may be, in the ordinary share capital of that company of a class involved in the scheme of reconstruction;
- (b) where there is more than one original company, in the ordinary share capital of any of those companies or, as the case may be, in the ordinary share capital of any of those companies of a class involved in the scheme of reconstruction.

Status: Point in time view as at 06/04/2007.

Changes to legislation: Finance Act 2002 is up to date with all changes known to be in force on or before 15 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

Third condition: continuity of business

- 4 (1) The third condition is that the effect of the restructuring is—
- (a) where there is one original company, that the business or substantially the whole of the business carried on by the company is carried on—
 - (i) by a successor company which is not the original company, or
 - (ii) by two or more successor companies (which may include the original company);
 - (b) where there is more than one original company, that all or part of the business or businesses carried on by one or more of the original companies is carried on by a different company, and the whole or substantially the whole of the businesses carried on by the original companies are carried on—
 - (i) where there is one successor company, by that company (which may be one of the original companies), or
 - (ii) where there are two or more successor companies, by those companies (which may be the same as the original companies or include any of those companies).

(2) The reference in sub-paragraph (1)(a)(ii) or (b)(ii) to the whole or substantially the whole of a business, or businesses, being carried on by two or more companies includes the case where the activities of those companies taken together embrace the whole or substantially the whole of the business, or businesses, in question.

(3) For the purposes of this paragraph a business carried on by a company that is under the control of another company is treated as carried on by the controlling company as well as by the controlled company.

Section 840 of the Taxes Act (meaning of “control”) applies for the purposes of this sub-paragraph.

(4) For the purposes of this paragraph the holding and management of assets that are retained by the original company, or any of the original companies, for the purpose of making a capital distribution in respect of shares in the company shall be disregarded.

In this sub-paragraph “capital distribution” has the same meaning as in section 122.

Fourth condition: compromise or arrangement with members

- 5 The fourth condition is that—
- (a) the scheme is carried out in pursuance of a compromise or arrangement—
 - (i) under section 425 of the Companies Act 1985 or Article 418 of the Companies (Northern Ireland) Order 1986, or
 - (ii) under any corresponding provision of the law of a country or territory outside the United Kingdom, and

Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (b) no part of the business of the original company, or of any of the original companies, is transferred under the scheme to any other person.

Preliminary reorganisation of share capital to be disregarded

6 Where a reorganisation of the share capital of the original company, or of any of the original companies, is carried out for the purposes of the scheme of reconstruction, the provisions of the first and second conditions apply in relation to the position after the reorganisation.

Subsequent issue of shares or debentures to be disregarded

7 An issue of shares in or debentures of the successor company, or any of the successor companies, after the latest date on which any ordinary share capital of the successor company, or any of them, is issued—

- (a) in consideration of the transfer of any business, or part of a business, under the scheme, or
- (b) in pursuance of the compromise or arrangement mentioned in paragraph 5(a),

shall be disregarded for the purposes of the first and second conditions.

Interpretation

8 (1) In this Schedule “ordinary share capital” has the meaning given by section 832(1) of the Taxes Act and also includes—

- (a) in relation to a unit trust scheme, any rights that are treated by section 99(1)(b) of this Act (application of Act to unit trust schemes) as shares in a company, and

Value received where there is more than one investment

- 37 (1) This paragraph applies where—
- (a) the investor makes two or more investments in the CDFI (being investments in relation to which the investor is eligible for and claims relief), and
 - (b) the investor receives value (other than value within paragraph 35(1)(a)) which falls within the periods of restriction relating to two or more of those investments.
- (2) Where this paragraph applies, paragraphs 31, 32, 34 and 38 have effect in relation to each investment referred to in sub-paragraph (1)(b) as if the amount of the value received were reduced by multiplying it by the fraction—

$$\frac{A}{B}$$

- (3) For this purpose—
- (a) A is the appropriate amount in respect of the investment in question, and
 - (b) B is the aggregate of that amount and the appropriate amount or amounts in respect of the other investment or investments.
- (4) Where the investment consists of a loan, the appropriate amount for the purposes of sub-paragraph (3) is—
- (a) if the value is received in the first or second year of the period of restriction, the average capital balance of the loan for the second year of that period, and
 - (b) if the value is received in a later year, the average capital balance of the loan for the year in question.
- (5) For the purposes of sub-paragraph (4)—
- (a) the average capital balance of the loan for a year is the mean of the daily balances of capital outstanding during the year, and
 - (b) the receipt of value shall be disregarded when calculating the average capital balance for the year in question.

- (6) Where the investment consists of securities or shares, the appropriate amount for the purposes of sub-paragraph (3) is—

 - (b) in any other case, the amount subscribed for such of the securities or shares as—

Effect of receipt of value on future claims for relief

- 38 (1) This paragraph applies where the investment consists of securities or shares and—
- (a) the investor receives any value (other than insignificant value) from the CDFI during the period of restriction, and
 - (b) the investment or a part of it is held by the investor at the time the value is received and has been held by [^{F112}the investor], as sole beneficial owner, continuously since the investment was made (“the continuing investment”), but no relief attributable to the continuing investment is withdrawn under paragraph 32 as a result of the receipt.
- (2) For the purposes of calculating any relief in respect of any securities or shares included in the continuing investment for any relevant ^{F113}... accounting period, the amount subscribed for the securities or shares comprising the continuing investment shall be treated as reduced by the amount of the value received.
- (3) For this purpose the “relevant” ^{F114}... accounting periods are—
- (a) any ^{F114}... accounting period ending on or after the anniversary of the investment date immediately preceding the receipt of value, or
 - (b) if the value was received on an anniversary of the investment date, any ^{F114}... accounting period ending on or after that anniversary.
- (4) For the purposes of this paragraph the investor receives insignificant value where [^{F115}the investor] receives an amount of insignificant value; and for these purposes “an amount of insignificant value” means an amount of value which—
- (a) does not exceed £1,000, or
 - (b) if it exceeds that amount, is insignificant in relation to the amount subscribed by the investor for the securities or shares comprising the continuing investment.

SCHEDULE 18

Section 58

RELIEF FOR COMMUNITY AMATEUR SPORTS CLUBS

PART 1

CLUBS ENTITLED TO BE REGISTERED

The requirements

- 1 A club is entitled to be registered as a community amateur sports club if it is, and is required by its constitution to be, a club that—
- (a) is open to the whole community,
 - (b) is organised on an amateur basis, and
 - (c) has as its main purpose the provision of facilities for, and promotion of participation in, one or more eligible sports.

In this Schedule “registered club” means a club that is so registered.

Open to the whole community

- 2 (1) A club is open to the whole community if—
- (a) membership of the club is open to all without discrimination,
 - (b) the facilities of the club are available to members without discrimination, and
 - (c) any fees are set at a level that does not pose a significant obstacle to membership or use of the club’s facilities.
- (2) For the purposes of sub-paragraph (1) “discrimination” includes indirect discrimination and includes, in particular—
- (a) discrimination on grounds of ethnicity, nationality, sexual orientation, religion or beliefs;
 - (b) discrimination on grounds of sex, age or disability, except as a necessary consequence of the requirements of a particular sport.
- (3) This paragraph does not prevent a club from having different classes of membership depending on—
- (a) the age of the member;
 - (b) whether the member is a student;
 - (c) whether the member is waged or unwaged;
 - (d) whether the member is a playing or a non-playing member;

(c) its constitution provides for any net assets on the dissolution of the club to be applied for approved sporting or charitable purposes.

(2) A club is “non-profit making” if its constitution requires any surplus income or gains to be reinvested in the club and does not permit any distribution of club assets, in cash or in kind, to members or third parties.

This does not prevent donations by the club to charities or to other clubs that are registered as community amateur sports clubs.

(3) The ordinary benefits of an amateur sports club are—

- (a) provision of sporting facilities;
- (b) reasonable provision and maintenance of club-owned sports equipment;
- (c) provision of suitably qualified coaches;

- (g) reimbursement of reasonable travel expenses incurred by players and officials travelling to away matches;
- (h) reasonable provision of post-match refreshments for players and match officials;
- (i) sale or supply of food or drink as a social adjunct to the sporting purposes of the club.

(4) Sub-paragraph (3) does not prevent a club from—

- (a) entering into an agreement with a member for the supply to the club of goods or services, or
- (b) employing and paying remuneration to staff who are also members of the club,

provided the terms are approved by the governing body of the club without the member concerned being present and are agreed with the member on an arm’s length basis.

(5) In relation to the application of the net assets on the dissolution of the club, “approved sporting or charitable purposes” means such of the following as may be approved by the members of the club in general meeting or by the members of the governing body of the club—

- (a) the purposes of the governing body of an eligible sport for the purposes of which the club existed, for use in related community sport;

SCHEDULE 22

Section 64

COMPUTATION OF PROFITS: ADJUSTMENT ON CHANGE OF BASIS

PART 1

INTRODUCTION

General scheme

- 1 (1) Where there is a change of basis within section 64, one or more adjustments shall be made in accordance with this Schedule.
- (2) Any such adjustment shall be calculated and given effect in accordance with the provisions of Part 2 of this Schedule (general rules), subject to the provisions of Part 3 of this Schedule (special rules for certain cases).
- (3) Part 4 of this Schedule contains supplementary provisions and Part 5 provides for commencement.

PART 2

GENERAL RULES

Calculation of adjustment

- 2 The amount of the adjustment is calculated as follows:

First step

Add together any amounts representing the extent to which, comparing the two bases, profits were understated (or losses overstated) on the old basis:

1. Receipts which on the new basis would have been brought into account in computing the profits of a period of account before the change of basis, to the extent that they were not so brought into account.
2. Expenses which on the new basis fall to be brought into account in computing the profits of a period of account after the change, to the extent that they were brought into account in computing the profits of a period of account before the change of basis.
3. Deductions in respect of opening trading stock or opening work in progress in the first period of account on the new basis, to the extent that they—
 - (a) are not matched by credits in respect of closing trading stock or closing work in progress in the last period of account before the change, or
 - (b) are calculated on a different basis that if used to calculate those credits would have given a higher figure.
4. Amounts recognised for accounting purposes in respect of depreciation in the last period of account before the change, to the extent that they were not the subject of an adjustment for [F144 corporation tax purposes], where such an adjustment would be required on the new basis.

Status: Point in time view as at 06/04/2007.

Changes to legislation: Finance Act 2002 is up to date with all changes known to be in force on or before 15 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

Second step

Then deduct any amounts representing the extent to which, comparing the two bases, profits were overstated (or losses understated) on the old basis:

1. Receipts which were brought into account in a period of account before the change, to the extent that they would not have been so brought into account if the profits had been computed on the new basis.
2. Expenses which were not brought into account in computing the profits of a period of account before the change, to the extent that they—
 - (a) would have been brought into account for a period of account before the change if the profits had been computed on the new basis, and
 - (b) would have been brought into account for a period of account after the change if the profits had continued to be computed on the old basis.
3. Credits in respect of closing trading stock or closing work in progress in the last period of account before the change of basis, to the extent that they—
 - (a) are not matched by deductions in respect of opening trading stock or opening work in progress in the first period of account on the new basis, or
 - (b) are calculated on a different basis that if used to calculate those deductions would have given a lower figure.

An amount so deducted may not be deducted again in computing the profits of a period of account.

- (2) To the extent that, in any accounting period, a derivative contract of a company is one to which the company is party for the purposes of a trade carried on by it, the credits and debits given in respect of that contract for that period shall be treated (according to whether they are credits or debits) either—
- (a) as receipts of that trade falling to be brought into account in computing the profits of that trade for that period; or
 - (b) as expenses of that trade which are deductible in computing those profits.
- (3) Where for any accounting period there are, in respect of the derivative contracts of a company, credits and debits that are not brought into account under sub-paragraph (2), they shall be brought into account for that accounting period as if they were non-trading credits or non-trading debits falling to be brought into account for the purposes of Chapter 2 of Part 4 of the Finance Act 1996 (c. 8) in respect of loan relationships of the company.
- (4) Sub-paragraph (2), so far as it provides for any amount to be deductible as mentioned in paragraph (b) of that sub-paragraph, shall have effect notwithstanding anything in section 74 of the Taxes Act 1988 (allowable deductions).

Credits and debits brought into account

- 15 (1) The credits and debits to be brought into account in the case of any company in respect of its derivative contracts shall be the sums which, ^{F271}... when taken together, fairly represent, for the accounting period in question—
- (a) all profits and losses of the company which (disregarding any charges or expenses) arise to the company from its derivative contracts and related transactions; and
 - (b) all charges and expenses incurred by the company under or for the purposes of its derivative contracts and related transactions.

^{F272}(2)

^{F273}(3)

- (4) The reference in sub-paragraph (1)(b) to charges and expenses incurred for the purposes of a company's derivative contracts and related transactions does not include a reference to any charges or expenses other than those incurred directly—

 - (b) in entering into or giving effect to any of those transactions;
 - (c) in making payments under any of those contracts or in pursuance of any of those transactions; or

(ii) with giving effect to any obligation that might arise under a derivative contract or related transaction,

(b) at the time when the charges or expenses are incurred, the contract or transaction is one into which the company may enter but has not entered, and

(c) if that contract or transaction had been entered into by that company, the charges or expenses would be charges or expenses incurred as mentioned in sub-paragraph (4),

those charges or expenses shall be treated for the purposes of this Schedule as charges or expenses in relation to which debits may be brought into account in accordance with sub-paragraph (1)(b) to the same extent as if the contract or transaction had been entered into.

^{F274}(6)

(7) In this Schedule “related transaction”, in relation to a derivative contract, means any disposal or acquisition (in whole or in part) of rights or liabilities under the derivative contract.

(8) The cases where there shall be taken for the purposes of sub-paragraph (7) to be a disposal or acquisition of rights or liabilities under a derivative contract shall include—

(c) the underlying subject matter of the derivative contract is ^{F429}... shares,

(d) the company is not a body falling within paragraph 45C(3) (authorised unit trusts etc).

^{F430}(e) [the liability representing the [^{F431}original] relationship was not owed by the company immediately before its first accounting period to begin on or after 1st January 2005.]

[For the purposes of this paragraph “an exactly tracking contract” is a contract for ^{F432}(2A) differences where D is equal to the amount determined by applying R% to C where—

D is the amount that must be paid to discharge the rights and liabilities that fall to be treated as comprised in the contract;

R% is a relevant percentage change in the value of the underlying subject matter of the contract (see sub-paragraph (2B));

C is the amount falling for the purposes of Chapter 2 of Part 4 of the Finance Act 1996 to be regarded in accordance with generally accepted accounting practice as the proceeds of issue of the liability which represents the original relationship.

- ^{F435}(3A) (a) the [^{F436}original] relationship comes to an end, and
 (b) an amount (“the discharge amount”) is paid to discharge all the company’s obligations under that relationship,
 then, for the purposes of corporation tax on chargeable gains, there shall be treated as accruing to the company a chargeable gain or allowable loss of an amount determined in accordance with sub-paragraph (3B).

a part of the asset representing the time for which it was a chargeable intangible asset shall be treated for the purposes of this Part as if it were a separate asset in relation to which the condition in sub-paragraph (1)(a) was wholly met.

Any apportionment necessary for this purpose shall be made on a just and reasonable basis.

- (3) In sub-paragraph (1)(b) “the cost of the asset” means the total of the capitalised expenditure on the asset recognised for tax purposes.

For the calculation of the appropriate proportion or adjusted cost, see paragraph 42.

- were each reduced by the amount available for relief.

Status: Point in time view as at 06/04/2007.

Changes to legislation: Finance Act 2002 is up to date with all changes known to be in force on or before 15 June 2024. There are changes that may be brought into force at a future date. Determination of appropriate proportion or adjusted cost

- 42 (1) Any reference in paragraph 38 or 41 to the appropriate proportion of the cost of the old asset in the case of a part realisation is to the proportion given by:

- (3) Where paragraph 116C or 116D applied (changes involving disaggregation of asset) the references to the cost of the asset shall be read as references to the appropriate proportion of that cost.

The appropriate proportion is determined by applying to the cost of the asset the same fraction as is applied by paragraph 116C(5) or 116D(3), as the case may be, to determine the tax written down value of the asset after the change.

- (4) References in this paragraph to paragraphs 116B, 116C and 116D include references to those provisions as applied by paragraph 116E.]

General rule: a company and its 75% subsidiaries form a group

- 47 (1) A company (“the principal company of the group”) and all its 75% subsidiaries form a group, and if any of those subsidiaries have 75% subsidiaries the group includes them and their 75% subsidiaries, and so on.
- (2) Sub-paragraph (1) has effect subject to the following provisions of this Part.

Membership of group restricted to effective 51% subsidiaries of principal company

- 48 A group of companies does not include any company (other than the principal company of the group) that is not an effective 51% subsidiary of the principal company of the group.

Principal company cannot be 75% subsidiary of another company

- 49 (1) A company cannot be the principal company of a group if it is itself a 75% subsidiary of another company.
- (2) Notwithstanding sub-paragraph (1), where—
- (a) a company (“the subsidiary”) is a 75% subsidiary of another company, and
 - (b) those companies are prevented from being members of the same group by paragraph 48 (the effective 51% subsidiary requirement),
- the subsidiary may, if the requirements of paragraphs 47 and 48 are met, itself be the principal company of another group, unless this enables a further company to be the principal company of a group of which the subsidiary would be a member.

Company cannot be member of more than one group

- 50 (1) A company cannot be a member of more than one group.
- (2) If a company would otherwise be a member of two or more groups, the group of which it is a member is determined by applying the following rules (applying the rules successively in the order shown until an answer is obtained).
- (3) In the following provisions the principal company of each group is referred to as the “head of a group”.
- (4) The first rule is that the company is a member of the group of which it would be a member if, in applying paragraph 48 (the effective 51% subsidiary requirement), there were left out of account—
- (a) any amount to which a head of a group is beneficially entitled of any profits available for distribution to equity holders of a head of another group, or
 - (b) any amount to which a head of a group would be beneficially entitled of any assets of a head of another group available for distribution to its equity holders on a winding up.
- (5) The second rule is that the company is a member of the group the head of which is beneficially entitled to a percentage of the profits available for distribution to equity holders of the company that is greater than the percentage of those profits to which any other head of a group is so entitled.
- (6) The third rule is that the company is a member of the group the head of which would be beneficially entitled to a percentage of any assets of the company available for

- (7) The fourth rule is that the company is a member of the group the head of which owns directly or indirectly a percentage of the company's ordinary share capital that is greater than the percentage of that capital owned directly or indirectly by any other head of a group.

The provisions of section 838(2) to (10) of the Taxes Act 1988 apply for the interpretation of this sub-paragraph as they apply for the interpretation of subsection (1)(a) of that section (definition of "51% subsidiary").

Continuity of identity of group

- 51 (1) For the purposes of this Schedule—
- (a) a group of companies remains the same group of companies so long as the same company is the principal company of the group, and
 - (b) if the principal company of a group becomes a member of another group, the first group and the other group shall be regarded as the same (and the question whether a company has ceased to be a member of a group shall be determined accordingly).
- (2) For the purposes of this Schedule the passing of a resolution or the making of an order, or any other act, for the winding up of a member of a group is not regarded as the occasion of that or any other company ceasing to be a member of the group.
- [^{F511}51A For the purposes of this Schedule where the principal company of a group (Group 1)—
- (a) becomes an SE by reason of being the acquiring company in the formation of an SE by merger by acquisition (in accordance with Articles 2(1), 17(2) (a) and 29(1) of Council Regulation (EC) 2157/2001 on the Statute for a European Company (Societas Europaea)),

- (3) The adjustments required to be made in consequence of sub-paragraph (2), by the transferee or a company to which the relevant asset has been subsequently transferred, in relation to the period between—
- (a) the transfer of the relevant asset to the transferee, and

Degrouping: associated companies leaving group at the same time

- 59 (1) Where two or more associated companies cease to be members of a group at the same time, paragraph 58 does not have effect in relation to a transfer from one to another of those companies.
- (2) But where—
- (a) a company (“the transferee”) that has ceased to be a member of a group of companies (“the first group”) acquired an asset from another company (“the transferor”) which was a member of that group at the time of the transfer,

Status: Point in time view as at 06/04/2007.

Changes to legislation: Finance Act 2002 is up to date with all changes known to be in force on or before 15 June 2024. There are changes that may be brought into force at a future date. - (b) sub-paragraph (1) applies in relation to the transferee's ceasing to be a member of the first group so that paragraph 58 does not have effect,
 - (c) the transferee subsequently ceases to be a member of another group of companies ("the second group"), and
 - (d) there is a relevant connection between the two groups (see sub-paragraph (3)),
- paragraph 58 has effect in relation to the transferee's ceasing to be a member of the second group as if it were the second group of which both companies had been members at the time of the transfer.
- (3) For the purposes of sub-paragraph (2) there is a relevant connection between the first group and the second group if, at the time when the transferee ceases to be a member of the second group, the company which is the principal company of that group is under the control of—
- (a) the company that is the principal company of the first group or, if that group no longer exists, was the principal company of that group when the transferee ceased to be a member of it; or
 - (b) any person or persons who control the company mentioned in paragraph (a) or who have had it under their control at any time in the period since the transferee ceased to be a member of the first group; or
 - (c) any person or persons who have, at any time in that period, had under their control either—
 - (i) a company that would have been a person falling within paragraph (b) if it had continued to exist, or
 - (ii) a company that would have been a person falling within this paragraph (whether by reference to a company that would have been a person falling within paragraph (b) or by reference to a company or series of companies falling within this provision).
- (4) The provisions of section 416(2) to (6) of the Taxes Act 1988 (meaning of control) have effect for the purposes of sub-paragraph (3) as they have effect for the purposes of Part 11 of that Act.

But a person carrying on a business of banking shall not be regarded for those purposes as having control of a company by reason only of having, or of the consequences of having exercised, any rights in respect of loan capital or debt issued or incurred by the company for money lent by that person to the company in the ordinary course of that business.

Degrouping: principal company becoming member of another group

- 60 (1) Paragraph 58 does not apply where a company ceases to be a member of a group by reason only of the fact that the principal company of the group becomes a member of another group ("the second group").
- (2) But if, in a case where paragraph 58 would have applied but for sub-paragraph (1) above, after the transfer and before the end of the period of six years after the date of the transfer—
- (a) the transferee ceases to satisfy the condition that it is both a 75% subsidiary and an effective 51% subsidiary of one or more members of the second group ("the qualifying condition"), and

Status: Point in time view as at 06/04/2007.

Changes to legislation: Finance Act 2002 is up to date with all changes known to be in force on or before 15 June 2024. There are changes that may be brought into force at a future date. - (b) at the time at which the transferee ceases to satisfy that condition, the relevant asset is held by the transferee or another company in the same group, this Schedule has effect as if the transferee, immediately after the transfer to it of the relevant asset, had realised the asset for its market value at that time and immediately reacquired the asset at that value.
- (3) The adjustments required to be made in consequence of sub-paragraph (2), by the transferee or a company to which the relevant asset has been subsequently transferred, in relation to the period between—
- (a) the transfer of the relevant asset to the transferee, and
 - (b) the transferee ceasing to satisfy the qualifying condition,
- shall be made by bringing the aggregate net credit or debit into account as if it had arisen immediately before the transferee ceased to satisfy the qualifying condition.
- (4) For the purposes of Part 6 (how credits and debits are given effect) credits or debits brought into account by virtue of this paragraph take their character from the purposes for which the relevant asset was held by the transferee immediately after the transfer.

Provided that, in a case where—

- (a) the asset was then held by the transferee for the purposes of a trade, business or concern within paragraph 31, 32 or 33, and
- (b) the transferee ceased to carry on that trade, business or concern before it ceased to satisfy the qualifying condition,

any credit or debit brought into account by virtue of this paragraph in respect of the asset shall be treated for the purposes of Part 6 as a non-trading credit or debit.

- (5) This paragraph is subject to paragraph 62 (merger carried out for bona fide commercial reasons).

Degrouping: company ceasing to be member of group by reason of exempt distribution

- 61 (1) Paragraphs 58 and 60 do not apply in a case where a company ceases to be a member of a group by reason only of an exempt distribution, unless there is a chargeable payment within five years after the making of the exempt distribution.
- (2) If within five years after the making of the exempt distribution there is a chargeable payment, all such adjustments as may be required, by way of assessment, amendment of returns or otherwise, may be made within the period of three years after the making of the chargeable payment.

This applies notwithstanding any time limit on the making of an assessment or the amendment of a return.

- (3) In this paragraph—
- “exempt distribution” means a distribution that is exempt by virtue of section 213(2) of the Taxes Act 1988; and
- “chargeable payment” has the meaning given in section 214(2) of that Act.
- (4) In determining for the purposes of this paragraph whether one company is a 75% subsidiary of another, the other company—

- (a) shall be treated as not being the owner of any share capital that it owns directly in a body corporate if a profit on a sale of the shares would be treated as a trading receipt of its trade, and
- (b) shall be treated as not being the owner of any share capital that it owns indirectly and which is owned directly by a body corporate for which a profit on the sale of the shares would be a trading receipt.

Degrouping: merger carried out for bona fide commercial reasons

- 62 (1) Paragraphs 58 to 61 do not apply where—
- (a) the transferee ceases to be a member of a group of companies (“the group”) as part of a merger, and
 - (b) the merger is carried out for bona fide commercial reasons and the avoidance of liability to tax is not the main or one of the main purposes of the merger.
- (2) For this purpose a “merger” means an arrangement (which in this paragraph includes a series of arrangements) whereby—
- (a) one or more companies (“the acquiring company” or, as the case may be, “the acquiring companies”) none of which is a member of the group acquires or acquire, otherwise than with a view to their disposal, one or more interests in the whole or part of the business which, before the arrangement took effect, was carried on by the transferee, and
 - (b) one or more members of the group acquires or acquire, otherwise than with a view to their disposal, one or more interests in the whole or part of the business or each of the businesses which, before the arrangement took effect, was carried on either by the acquiring company or acquiring companies or by a company at least 90% of the ordinary share capital of which was then beneficially owned by two or more of the acquiring companies,
- and in respect of which the conditions in sub-paragraph (4) below are fulfilled.
- (3) For the purposes of sub-paragraph (2) a member of a group of companies shall be treated as carrying on as one business the activities of that group.
- (4) The conditions referred to in sub-paragraph (2) are—
- (a) that not less than 25% by value of each of the interests acquired as mentioned in sub-paragraph (2)(a) and (b) consists of a holding of ordinary share capital, and the remainder of the interest, or as the case may be of each of the interests, acquired as mentioned in sub-paragraph (2)(b) consists of a holding of share capital (of any description) or debentures or both; and
 - (b) that the value or, as the case may be, the aggregate value of the interest or interests acquired as mentioned in sub-paragraph (2)(a) is substantially the same as the value or, as the case may be, the aggregate value of the interest or interests acquired as mentioned in sub-paragraph (2)(b); and
 - (c) that the consideration for the acquisition of the interest or interests acquired by the acquiring company or acquiring companies as mentioned in sub-paragraph (2)(a), disregarding any part of that consideration which is small by comparison with the total, either consists of, or is applied in the acquisition of, or consists partly of and as to the balance is applied in the acquisition of, the interest or interests acquired by members of the group as mentioned in sub-paragraph (2)(b).

Status: Point in time view as at 06/04/2007.

Changes to legislation: Finance Act 2002 is up to date with all changes known to be in force on or before 15 June 2024. There are changes that may be brought into force at a future date. - (5) For the purposes of sub-paragraph (4) the value of an interest shall be determined as at the date of its acquisition.

Degrouping: group member ceasing to exist

- 63 References in paragraphs 58 to 61 (degrouing) to a company ceasing to be a member of a group do not include cases where a company ceases to be a member of a group in consequence of another member of the group ceasing to exist.

Degrouping: supplementary provisions

- 64 For the purposes of paragraphs 58 to 61 (degrouing)—
- (a) two or more companies are associated if, by themselves, they would form a group of companies; and
 - (b) an asset acquired by a company is treated as the same as an asset owned at a later time by that company or an associated company if the value of the second asset is derived in whole or in part from the first asset.

Degrouping: application of roll-over relief in relation to degrouing charge

- 65 (1) Part 7 (roll-over relief in case of reinvestment) applies with the following modifications where a company is treated as having realised an asset by virtue of paragraph 58 or 60 (degrouing)—
- (a) in paragraph 38 (conditions to be met in relation to the old asset), for the references to the old asset being a chargeable intangible asset in relation to the company substitute references to its being a chargeable intangible asset in relation to the transferor;
 - (b) in paragraph 39(1) (conditions to be met in relation to expenditure on other assets), for the references to the date of realisation of the old asset substitute references to—
 - (i) in a case within paragraph 58, the date on which the transferee ceased to be a member of the group, and
 - (ii) in a case within paragraph 60, the date on which the transferee ceased to satisfy the qualifying condition;
 - (c) references to the proceeds of realisation shall be read as references to the amount for which the transferee is treated as having realised the asset.
- (2) A reduction of the deemed realisation proceeds as a result of a claim for relief under Part 7 does not affect the value at which the company is deemed to have reacquired the asset.
- (3) In this paragraph “the transferee” and “the transferor” have the same meaning as in paragraph 58.

Reallocation of degrouing charge within group

- 66 (1) This paragraph applies where a chargeable realisation gain accrues to a company (“company X”) under paragraph 58 or 60 in respect of an asset.
- (2) For the purposes of this paragraph—

- (i) in a case within paragraph 58, immediately before company X ceases to be a member of the group;
 - (ii) in a case within paragraph 60, immediately before company X ceases to satisfy the qualifying condition;

 - (i) in a case within paragraph 58, the group of which company X was a member at the relevant time;
 - (ii) in a case within paragraph 60, the second group (within the meaning of that paragraph).
- (3) Company X and a company that was a member of the relevant group at the relevant time (“company Y”) may jointly elect that the gain, or such part of it as may be specified in the election, shall be treated as accruing to company Y and not to company X.
- (4) An election to that effect may be made only if the following two conditions are met.
- (5) The first condition is that at the relevant time company Y—
 - (a) was resident in the United Kingdom, or
 - (b) carried on a trade in the United Kingdom through a [^{F513}permanent establishment] and was not by virtue of arrangements under Part 18 of the Taxes Act 1988 (double taxation relief) exempt from corporation tax in respect of the profits or gains of that [^{F513}permanent establishment].
- (6) The second condition is that company Y was not at the relevant time—

- (a) a scheme of reconstruction involves the transfer of the whole or part of the business of one company (“the transferor”) to another company (“the transferee”), and
- (b) the transferor receives no part of the consideration for the transfer (otherwise than by the transferee taking over the whole or part of the liabilities of the business).

- (2) If the assets included in the transfer include intangible fixed assets that are chargeable intangible assets in relation to the transferor immediately before the transfer and in relation to the transferee immediately after the transfer, the transfer of those assets is treated for the purposes of this Schedule as tax-neutral (see paragraph 140).
- (3) If a transfer falls within sub-paragraph (1) and also within paragraph 55 (transfers within a group), that paragraph applies and this paragraph does not.
- (4) This paragraph does not apply if the transferor or the transferee is—

- (5) This paragraph applies only if the reconstruction—
 - (a) is effected for bona fide commercial reasons, and
 - (b) does not form part of a scheme or arrangements of which the main purpose, or one of the main purposes, is avoidance of liability to corporation tax, capital gains tax or income tax.
- (6) The requirements of sub-paragraph (5) are treated as met where, before the transfer, the Inland Revenue have, on the application of the transferee, notified that company that they are satisfied that the requirements of that sub-paragraph will be met.

For the procedure on such an application, see paragraph 88.

 - (c) a claim is made under this paragraph by the transferor and the transferee.

 - (3) For the purposes of this paragraph a company is regarded as resident in a member State if it is within a charge to tax under the law of the State because it is regarded as resident for the purposes of the charge.

- For this purpose “the appropriate proportion” means the proportion that the market value of the securities at the time of the transfer bears to the market value of the whole of the consideration at that time.
- (4) If at any time after the transfer the transferor realises the whole or part of the securities held by it immediately before that time, the transferor shall bring into account for tax purposes a credit equal to the whole or the appropriate proportion of the aggregate deferred gain.

- (7) Where a person acquires securities or an asset on a disposal disregarded under sub-paragraph (6) (and without there having been a previous disposal not so disregarded), a subsequent disposal of the securities or asset by that person shall be treated as a disposal by the transferor or, as the case may be, the transferee.
- (8) This paragraph applies only if the transfer of the trade or part—

Assumptions for computing chargeable profits of controlled foreign companies

116 (1) In computing the amount mentioned in section 747(6) of the Taxes Act 1988 (chargeable profits of controlled foreign company) the following assumptions shall be made for the purpose of applying the provisions of this Schedule.

(2) It shall be assumed that any intangible fixed asset acquired or created by the company before the beginning of the first accounting period—

(a) in respect of which an apportionment under section 747(3) falls to be made,
or

(b) which is an ADP exempt period,

was acquired or created by the company at the beginning of that accounting period at a cost equal to its value recognised for accounting purposes at that time.

(3) Notwithstanding paragraph 4(1) of Schedule 24 of the Taxes Act 1988 (assumption that all available reliefs have been claimed), it shall be assumed that the company has not claimed any relief under Part 7 (roll-over relief in case of reinvestment) or made any provisional declaration of entitlement to such relief.

But this assumption does not apply, if notice is given in accordance with paragraph 4(2) of that Schedule requesting that it should not apply, to such claims, and to such extent, as may be specified in the notice.

(4) Expressions used in this paragraph that are defined for the purposes of Chapter 4 of Part 17 of the Taxes Act 1988 (controlled foreign companies) have the same meaning in this paragraph.

[^{F564}PART 13A

ADJUSTMENT ON CHANGE OF ACCOUNTING POLICY

Textual Amendments

F564 Sch. 29 Pt. 13A substituted for Sch. 29 para. 116A (7.4.2005) by [Finance Act 2005 \(c. 7\), Sch. 4 para. 45](#)

Introduction

116A (1) This Part of this Schedule applies where—

- (a) there is a change of accounting policy in drawing up a company's accounts from one period of account (“the earlier period”) to the next (“the later period”), and
- (b) the approach in each of those periods accords with the law and practice applicable in relation to that period.

(2) It applies, in particular, where—

- (a) the company prepares accounts for the earlier period in accordance with UK generally accepted accounting practice and for the later period in accordance with international accounting standards, or
- (b) the company prepares accounts for the earlier period in accordance with international accounting standards and for the later period in accordance with UK generally accepted accounting practice.

Change of accounting policy involving change of value

116B (1) If as a result of the change of accounting policy there is a difference between—

- (a) the accounting value of an intangible fixed asset of the company at the end of the earlier period, and
 - (b) the accounting value of that asset at the beginning of the later period,
- a corresponding debit or credit (as the case may be) shall be brought into account for tax purposes in the later period.

(2) Any such debit or credit is treated as arising at the beginning of the later period.

(3) The amount of the debit or credit to be brought into account for tax purposes is:

Accounting Difference x (Tax Value / Accounting Value)

AccountingDifference×TaxValueAccountingValue

where—

Accounting Difference is the amount of the difference specified in sub-paragraph (1);
 Tax Value is the tax written down value of the asset at the end of the earlier period;
 and

Accounting Value is the accounting value of the asset at the end of that period.

(4) The tax written down value of the asset at the beginning of the later period shall be taken to be the tax written down value of the asset at the end of the earlier period, reduced by the amount of the debit or (as the case may be) increased by the amount of the credit brought into account for tax purposes under sub-paragraph (3).

Status: Point in time view as at 06/04/2007.

Changes to legislation: Finance Act 2002 is up to date with all changes known to be in force on or before 15 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (5) Subsequently—
- (a) the cost recognised for tax purposes shall be taken to be the tax written down value given by sub-paragraph (4), together with the cost recognised for tax purposes of any subsequent expenditure on the asset that is capitalised for accounting purposes; and
 - (b) the tax written down value shall be determined taking account only of subsequent debits and credits.
- (6) This paragraph does not apply to an asset in respect of which an election has been made under paragraph 10 (election for writing down at fixed-rate).
- (7) This paragraph has effect subject to—
- paragraph 116F (cap on credit to be brought into account on change of accounting policy), and
 - paragraph 116G (debits or credits brought into account under other provisions).

Change of accounting policy involving disaggregation

116C (1) This paragraph applies where the change of accounting policy results in an intangible fixed asset of the company that was treated as one asset (“the original asset”) in the earlier period being treated as two or more assets (“the resulting assets”) in the later period.

- (2) If there is a difference between—
- (a) the accounting value of the original asset at the end of the earlier period, and
 - (b) the aggregate accounting value of the resulting assets at the beginning of the later period,

a corresponding debit or credit (as the case may be) shall be brought into account for tax purposes in the later period.

- (3) Any such debit or credit is treated as arising at the beginning of the later period.
- (4) The amount of the debit or credit to be brought into account for tax purposes is:

$$\text{Accounting Difference} \times (\text{Old Tax Value} / \text{Old Accounting Value})$$
$$\text{AccountingDifference} \times \text{OldTaxValue} / \text{OldAccountingValue}$$

where—

Accounting Difference is the amount of the difference specified in sub-paragraph (2), Old Tax Value is the tax written-down value of the original asset at the end of the earlier period, and

Old Accounting Value is the accounting value of that asset at the end of that period.

- (5) The tax written down value of each resulting asset at the beginning of the later period is given by:

$$\text{Adjusted Old Tax Value} \times (\text{New Accounting Value} / \text{Aggregate New Accounting Value})$$

$$\text{AdjustedOldTaxValue} \times \text{NewAccountingValue} / \text{AggregateNewAccountingValue}$$

where—

Adjusted Old Tax Value is the tax written down value of the original asset at the end of the earlier period, reduced by the amount of the debit or (as the case may be)

Status: Point in time view as at 06/04/2007.

New Accounting Value is the accounting value of the asset in question at the beginning of the later period, and

Aggregate New Accounting Value is the aggregate of the accounting values of all the resulting assets at the beginning of that period.

- (6) Subsequently for each resulting asset—
- (a) the cost recognised for tax purposes shall be taken to be the tax written down value given by sub-paragraph (5) above, together with the cost recognised for tax purposes of any subsequent expenditure on the asset that is capitalised for accounting purposes; and
 - (b) the tax written down value shall be determined taking account only of subsequent debits and credits.
- (7) This paragraph does not apply if an election under paragraph 10 (election for writing down at fixed-rate)—
- (a) has been or is subsequently made in respect of the original asset (see paragraph 116D), or
 - (b) is subsequently made in respect of any of the resulting assets (see paragraph 116E).
- (8) This paragraph has effect subject to—
- paragraph 116F (cap on credit to be brought into account on change of accounting policy), and
 - paragraph 116G (debits or credits brought into account under other provisions).

Change of accounting policy involving disaggregation: original asset subject to fixed rate writing down

116D (1) This paragraph applies where—

- (a) the change of accounting policy results in an intangible fixed asset of the company that was treated as one asset (“the original asset”) in the earlier period being treated as two or more assets (“the resulting assets”) in the later period, and
 - (b) an election under paragraph 10 (election for writing down at fixed-rate) has been or is subsequently made in respect of the original asset.
- (2) That election has effect—
- (a) in relation to the original asset, for periods up to and including the earlier period, and
 - (b) in relation to each of the resulting assets, for the later period and subsequent periods.
- (3) The tax written down value of each resulting asset at the beginning of the later period is given by:

Old Tax Value x (New Accounting Value / Aggregate New Accounting Value)

OldTaxValue×NewAccountingValueAggregateNewAccountingValue

where—

Old Tax Value is the tax written down value of the original asset at the end of the earlier period,

Status: Point in time view as at 06/04/2007.

New Accounting Value is the accounting value of the asset in question at the beginning of the later period, and

Aggregate New Accounting Value is the aggregate of the accounting values of all the resulting assets at the beginning of that period.

- (4) Subsequently for each resulting asset—
- (a) the cost recognised for tax purposes shall be taken to be the tax written down value given by sub-paragraph (3) above, together with the cost recognised for tax purposes of any subsequent expenditure on the asset that is capitalised for accounting purposes; and
 - (b) the tax written down value shall be determined taking account only of subsequent debits and credits.

Change of accounting policy involving disaggregation: election for fixed rate writing down in relation to resulting asset

116E (1) This paragraph applies where—

- (a) the change of accounting policy results in an intangible fixed asset of the company that was treated as one asset (“the original asset”) in the earlier period being treated as two or more assets (“the resulting assets”) in the later period, and
 - (b) no election under paragraph 10 (election for writing down at fixed-rate) has been or is subsequently made in respect of the original asset.
- (2) An election under that paragraph may be made in respect of any of the resulting assets, provided it is made within the period during which such an election could have been made in relation to the original asset.
- (3) The effect of the election is that—
- (a) the original asset is treated as if it had at all material times consisted of as many assets (“notional original assets”) as there are resulting assets,
 - (b) each notional original asset is taken to be the same asset as one of the resulting assets (its “corresponding resulting asset”),
 - (c) there is attributed to each notional original asset the appropriate proportion, ascertained by reference to its corresponding resulting asset (see sub-paragraph (4)), of every amount falling to be taken into account in relation to the original asset, and
 - (d) the provisions of this Schedule apply in relation to each of the notional original assets and its corresponding resulting asset accordingly.
- (4) The appropriate proportion in relation to each resulting asset is:

$$\frac{\text{New Accounting Value}}{\text{Aggregate New Accounting Value}}$$

$$\frac{\text{New Accounting Value}}{\text{Aggregate New Accounting Value}}$$

where—

New Accounting Value is the accounting value of the asset at the beginning of the later period, and

Aggregate New Accounting Value is the aggregate of the accounting values of all the resulting assets at the beginning of that period.

116F (1) The amount of any credit to be brought into account for tax purposes under paragraph 116B or 116C (assets subject to writing down on accounting basis) is limited to the net aggregate amount of relevant tax debits previously brought into account.

(2) Where the credit is to be brought into account under paragraph 116B (change of value), the net aggregate amount of relevant tax debits previously brought into account is:

Previous Debits - Previous Credits

PreviousDebitsPreviousCredits

where—

Previous Debits is the total amount of debits previously brought into account for tax purposes in respect of the asset, and

Previous Credits is the total amount of credits previously brought into account for tax purposes in respect of the asset.

(3) Where the credit is to be brought into account under paragraph 116C (disaggregation), the net aggregate amount of relevant tax debits previously brought into account is:

- (c) paragraph 17 (reversal of accounting loss).

 - (b) if this Schedule does not apply to the former, the enactments that apply where this Schedule does not apply also have effect as if there were a separate asset representing the non-qualifying expenditure.

Any apportionment necessary for this purpose shall be made on a just and reasonable basis.

- 123 (1) For the purposes of paragraph 120 (assets regarded as created or acquired when expenditure incurred) the general rule is that expenditure on the acquisition of an asset is treated as incurred when it is recognised for accounting purposes.
- (2) This is subject to—
 paragraph 124 (chargeable gains rules to be followed in certain cases), and
 paragraph 125 (capital allowances rule to be followed in certain cases).

When expenditure treated as incurred: chargeable gains rule to be followed in certain cases

- 124 For the purposes of paragraph 120 (assets regarded as created or acquired when expenditure incurred) expenditure on the acquisition of the asset that—
- (a) does not qualify for any form of tax relief against income under the existing law, and
 - (b) would be treated as incurred after commencement under the general rule in paragraph 123,
- shall be treated as incurred before commencement if the asset is (or would be) treated as disposed of (and thus acquired) before commencement for the purposes of the Taxation of Chargeable Gains Act 1992 (c. 12).

When expenditure treated as incurred: capital allowances general rule to be followed in certain cases

- 125 (1) For the purposes of paragraph 120 (assets regarded as created or acquired when expenditure incurred) expenditure on the creation or acquisition of an asset that under the existing law is qualifying expenditure for the purposes of any allowance under the Capital Allowances Act 2001 (c. 2) is treated as incurred when an unconditional obligation to pay it comes into being.

- (5) Intangible fixed assets acquired by a company that would not otherwise be regarded as existing assets shall be treated as existing assets to the extent that they are to be identified, in accordance with the following rules, with existing assets realised by the company.
- (6) The rules are—
- that assets acquired are to be identified with existing assets of the same kind realised by the company within the period beginning 30 days before and ending 30 days after the date of the acquisition;
 - that assets realised earlier are to be identified before assets realised later;
 - that assets acquired earlier are to be identified before assets acquired later.

127 (1) This paragraph applies where—

- an asset that is an existing asset in the hands of a company (“the transferor company”) is transferred to another company (“the transferee company”), and

 - section 140A of that Act (transfer of UK trade to company resident in another member State)^{F568}, or
 - section 140E of that Act (transfer on formation of SE by merger),]applies with the effect that the transferor company is treated for the purposes of that Act as disposing of the asset for a consideration that secures that neither a gain nor a loss accrues to that company.

(2) Where this paragraph applies the asset shall be treated for the purposes of this Schedule as an existing asset in the hands of the transferee company.

(3) This paragraph does not apply where the transfer mentioned in sub-paragraph (1) occurred before 28th June 2002.

“SCHEDULE 7AD

GAINS OF INSURANCE COMPANY FROM VENTURE CAPITAL INVESTMENT PARTNERSHIP

- (7) A partnership that ceases to meet those conditions cannot qualify again as a venture capital investment partnership.

For this purpose a partnership is treated as the same partnership notwithstanding a change in membership if any person who was a member before the change remains a member.
