#### *Territorial limits – vessels and aircraft*

#### *Schedule 9: Applications for casino premises licences*

#### *Section 200: Initiation of review by licensing authority*

511. Where a review is initiated by a licensing authority, the authority may:
- review a particular class of premises licences, to assess the use of those premises or the arrangements made to ensure compliance with licence conditions (*subsection (1)*); or
  - review a particular premises licence, where it suspects that the premises have not been used in accordance with a condition of a licence, or if it thinks that a review would be appropriate for any other reason. Before conducting such a review, the licensing authority must give notice of its intention to review the licence to the affected licensee, and also publish its intention.
512. The Secretary of State may specify the form and manner of the notice of intention to review, and also the period of time within which notice is to be given. Where such regulations are made, they must specify a period of time within which representations about the review may be made by the licensee, a responsible authority or an interested party.
