Part 8 – Inspections

Chapter 3 – Inspection of Further Education and Training etc

Section 127: Action plans

564. This section covers the action to be taken after all inspections other than inspections commissioned under section 126(2). It requires the provider of the education and training inspected to provide a written action plan together with a timetable setting out when the action will be taken. The person must publish the plan within a period prescribed by regulations made by the Secretary of State and send copies to a list of persons so prescribed. .
565. *Subsection (4)* allows the Chief Inspector to waive the requirement for an action plan. He might do so where, for example, the standard of provision was particularly high and appropriate action was already underway and incorporated into existing plans.
