[^{F1}][^{F2}CHAPTER 2A

Textual Amendments

- F1** Pt. 8A inserted (with effect in accordance with [Sch. 2 paras. 7, 8](#) of the amending Act) by [Finance Act 2012 \(c. 14\)](#), [Sch. 2 para. 1\(1\)](#)
- F2** Pt. 8A Chs. 2A, 2B inserted (with effect in accordance with s. 64(7) of the amending Act) by [Finance Act 2016 \(c. 24\)](#), [s. 64\(3\)](#)

Steps for calculating relevant IP profits of a trade

357BF Relevant IP profits

- (1) This section applies for the purposes of determining the relevant IP profits of a trade of a company for an accounting period in a case where—
- (a) the accounting period begins on or after 1 July 2021, or
 - (b) the company is a new entrant (see section 357A(11)).
- (2) To determine the relevant IP profits—

Step 1 Take any amounts which are brought into account as credits in calculating the profits of the trade for the accounting period, other than any amounts of finance income (see section 357BG), and divide them into two “streams”, amounts of relevant IP income (see sections 357BH to 357BHC) and amounts that are not amounts of relevant IP income. The stream consisting of relevant

Status: Point in time view as at 10/06/2021.

Changes to legislation: Corporation Tax Act 2010, CHAPTER 2A is up to date with all changes known to be in force on or before 24 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

IP income is “the relevant IP income stream”; the other stream is the “standard income stream”.

Step 2 Divide the relevant IP income stream into “relevant IP income sub-streams” so that each sub-stream is—

- (a) a sub-stream consisting of income properly attributable to a particular qualifying IP right (an “individual IP right sub-stream”),
- (b) a sub-stream consisting of income properly attributable to a particular kind of IP item (a “product sub-stream”), or
- (c) a sub-stream consisting of income properly attributable to a particular kind of IP process (a “process sub-stream”).

See subsection (5) for the meaning of “IP item” and “IP process” and see subsections (6) and (7) for further provision in connection with product sub-streams and process sub-streams.

Step 3 Take any amounts which are brought into account as debits in calculating the profits of the trade for the accounting period, other than any excluded debits (see section 357BI), and allocate them on a just and reasonable basis between the standard income stream and each of the relevant IP income sub-streams.

Step 4 Deduct from each relevant IP income sub-stream—

- (a) the amounts allocated to the sub-stream at Step 3, and
- (b) the routine return figure for the sub-stream (see section 357BJ).

But see section 357BIA (which provides that certain amounts allocated to a relevant IP income sub-stream at Step 3 are not to be deducted from the sub-stream at this Step).

Step 5 Deduct from each relevant IP income sub-stream which is greater than nil following Step 4 the marketing assets return figure for the sub-stream (see section 357BK).

Step 6 Multiply the amount of each relevant IP income sub-stream (following the deductions required at Steps 4 and 5) by the R&D fraction for the sub-stream (see section 357BL).

Step 7 Add together the amounts of the relevant IP income sub-streams (following Step 6).

Step 8 If the company has made an election under section 357BM (which provides in certain circumstances for profits arising before the grant of a right to be treated as relevant IP profits), add to the amount given by Step 7 any amount determined in accordance with subsection (3) of that section.

- (3) If the amount given by subsection (2) is greater than nil, that amount is the relevant IP profits of the trade for the accounting period.
- (4) If the amount given by subsection (2) is less than nil, that amount is the relevant IP losses of the trade for the accounting period (see Chapter 5).
- (5) In this section—
 - “IP item” means—
 - (a) an item in respect of which a qualifying IP right held by the company has been granted, or
 - (b) an item which incorporates one or more items within paragraph (a);
 - “IP process” means—
 - (a) a process in respect of which a qualifying IP right held by the company has been granted, or

Status: Point in time view as at 10/06/2021.

Changes to legislation: Corporation Tax Act 2010, CHAPTER 2A is up to date with all changes known to be in force on or before 24 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (b) a process which incorporates one or more processes within paragraph (a).
- (6) For the purposes of this section two or more IP items, or two or more IP processes, may be treated as being of a particular kind if they are intended to be, or are capable of being, used for the same or substantially the same purposes.
- (7) Income may be allocated at Step 2 of subsection (2) to a product sub-stream or process sub-stream only if—
 - (a) it would not be reasonably practicable to apportion the income between individual IP right sub-streams, or
 - (b) it would be reasonably practicable to do that but doing so would result in it not being reasonably practicable to apply any of the remaining steps in subsection (2).
- (8) Any reference in this section to a qualifying IP right held by the company includes a reference to a qualifying IP right in respect of which the company holds an exclusive licence.

Finance income

357BG Finance income

- (1) For the purposes of this Part “finance income”, in relation to a trade of a company, means—
 - (a) any credits which are treated as receipts of the trade by virtue of—
 - (i) section 297 of CTA 2009 (credits in respect of loan relationships), or
 - (ii) section 573 of CTA 2009 (credits in respect of derivative contracts),
 - (b) any amount which in accordance with generally accepted accounting practice falls to be recognised as arising from a financial asset, and
 - (c) any return, in relation to an amount, which—
 - (i) is produced for the company by an arrangement to which it is a party, and
 - (ii) is economically equivalent to interest.
- (2) In subsection (1)—
 - “economically equivalent to interest” is to be construed in accordance with section 486B(2) and (3) of CTA 2009, and
 - “financial asset” means a financial asset as defined for the purposes of generally accepted accounting practice.
- (3) For the purposes of subsection (1)(c), the amount of a return is the amount which by virtue of the return would, in calculating the company's chargeable profits, be treated under section 486B of CTA 2009 (disguised interest to be regarded as profit from loan relationship) as profit arising to the company from a loan relationship.

But, in calculating that profit for the purposes of this subsection, sections 486B(7) and 486C to 486E of that Act are to be ignored.

Status: Point in time view as at 10/06/2021.

Changes to legislation: Corporation Tax Act 2010, CHAPTER 2A is up to date with all changes known to be in force on or before 24 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

Relevant IP income

357BH Relevant IP income

- (1) For the purposes of this Part “relevant IP income” means income falling within any of the Heads set out in—
- (a) subsection (2) (sales income),
 - (b) subsection (6) (licence fees),
 - (c) subsection (7) (proceeds of sale etc),
 - (d) subsection (8) (damages for infringement), and
 - (e) subsection (9) (other compensation).

This is subject to section 357BHB (excluded income).

- (2) Head 1 is income arising from the sale by the company of any of the following items—
- (a) items in respect of which a qualifying IP right held by the company has been granted (“qualifying items”);
 - (b) items incorporating one or more qualifying items;
 - (c) items that are wholly or mainly designed to be incorporated into items within paragraph (a) or (b).
- (3) For the purposes of this Part an item and its packaging are not to be treated as a single item, unless the packaging performs a function that is essential for the use of the item for the purposes for which it is intended to be used.
- (4) In subsection (3) “packaging”, in relation to an item, means any form of container or other packaging used for the containment, protection, handling, delivery or presentation of the item, including by way of attaching the item to, or winding the item round, some other article.
- (5) In a case where a qualifying item and an item that is designed to incorporate that item (“the parent item”) are sold together as, or as part of, a single unit for a single price, the reference in subsection (2)(b) to an item incorporating a qualifying item includes a reference to the parent item.
- (6) Head 2 is income consisting of any licence fee or royalty which the company receives under an agreement granting another person any of the following rights only—
- (a) a right in respect of any qualifying IP right held by the company,
 - (b) any other right in respect of a qualifying item or process, and
 - (c) in the case of an agreement granting any right within paragraph (a) or (b), a right granted for the same purposes as those for which that right was granted.

In this subsection “qualifying process” means a process in respect of which a qualifying IP right held by the company has been granted.

- (7) Head 3 is any income arising from the sale or other disposal of a qualifying IP right or an exclusive licence in respect of such a right.
- (8) Head 4 is any amount received by the company in respect of an infringement, or alleged infringement, of a qualifying IP right held by the company at the time of the infringement or alleged infringement.

Status: Point in time view as at 10/06/2021.

Changes to legislation: Corporation Tax Act 2010, CHAPTER 2A is up to date with all changes known to be in force on or before 24 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (9) Head 5 is any amount of damages, proceeds of insurance or other compensation, other than an amount in respect of an infringement or alleged infringement of a qualifying IP right, which is received by the company in respect of an event and—
- (a) is paid in respect of any items that fell within subsection (2) at the time of that event, or
 - (b) represents a loss of income which would, if received by the company at the time of that event, have been relevant IP income.
- (10) But income is not relevant IP income by virtue of subsection (8) or (9) unless the event in respect of which the income is received, or any part of that event, occurred at a time when—
- (a) the company was a qualifying company, and
 - (b) an election under section 357A(1) had effect in relation to it.
- (11) In a case where the whole of that event does not occur at such a time, subsection (8) or (9) (as the case may be) applies only to so much of the amount received by the company in respect of the event as on a just and reasonable apportionment is properly attributable to such a time.
- (12) Any reference in this section to a qualifying IP right held by the company includes a reference to a qualifying IP right in respect of which the company holds an exclusive licence.

357BHANotional royalty

- (1) This section applies where—
- (a) a company holds a qualifying IP right or an exclusive licence in respect of a qualifying IP right,
 - (b) the qualifying IP right falls within paragraph (a), (b) or (c) of section 357BB(1), and
 - (c) the income of a trade of the company for an accounting period includes income (“IP-derived income”) which—
 - (i) arises from things done by the company that involve the exploitation by the company of the qualifying IP right, and
 - (ii) is not relevant IP income, finance income or excluded income.
- (2) The company may elect that the appropriate percentage of the IP-derived income is to be treated for the purposes of this Part as if it were relevant IP income.
- (3) The “appropriate percentage” is the proportion of the IP-derived income which the company would pay another person (“P”) for the right to exploit the qualifying IP right in the accounting period concerned if the company were not otherwise able to exploit it.
- (4) For the purposes of determining the appropriate percentage under this section, assume that—
- (a) the company and P are dealing at arm's length,
 - (b) the company, or the company and persons authorised by it, will have the right to exploit the qualifying IP right to the exclusion of any other person (including P),
 - (c) the company will have the same rights in relation to the qualifying IP right as it actually has,

Status: Point in time view as at 10/06/2021.

Changes to legislation: Corporation Tax Act 2010, CHAPTER 2A is up to date with all changes known to be in force on or before 24 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (d) the right to exploit the qualifying IP right is conferred on the relevant day,
 - (e) the appropriate percentage is determined at the beginning of the accounting period concerned,
 - (f) the appropriate percentage will apply for each succeeding accounting period for which the company will have the right to exploit the qualifying IP right, and
 - (g) no income other than IP-derived income will arise from anything done by the company that involves the exploitation by the company of the qualifying IP right.
- (5) In subsection (4)(d) “the relevant day” means—
- (a) the first day of the accounting period concerned, or
 - (b) if later, the day on which the company first began to hold the qualifying IP right or licence.
- (6) In determining the appropriate percentage, the company must act in accordance with—
- (a) Article 9 of the OECD Model Tax Convention, and
 - (b) the OECD transfer pricing guidelines.
- (7) In this section “excluded income” means any income falling within either of the Heads in section 357BHB.

357BHB Excluded income

- (1) For the purposes of this Part income falling within either of the Heads set out in the following subsections is not relevant IP income—
- (a) subsection (2) (ring fence income),
 - (b) subsection (3) (income attributable to non-exclusive licences).
- (2) Head 1 is income arising from oil extraction activities or oil rights.
- In this subsection “oil extraction activities” and “oil rights” have the same meaning as in Part 8 (see sections 272 and 273).
- (3) Head 2 is income which on a just and reasonable apportionment is properly attributable to a licence (a “non-exclusive licence”) held by the company which—
- (a) is a licence in respect of an item or process, but
 - (b) is not an exclusive licence in respect of a qualifying IP right.
- (4) In a case where—
- (a) a company holds an exclusive licence in respect of a qualifying IP right, and
 - (b) the licence also confers on the company (or on the company and persons authorised by it) any right in respect of the invention otherwise than to the exclusion of all other persons,
- the licence is to be treated for the purposes of this Part as if it were two separate licences, one an exclusive licence that does not confer any such rights, and the other a non-exclusive licence conferring those rights.

357BHC Mixed sources of income

- (1) This section applies to any income that—
- (a) is mixed income, or

Status: Point in time view as at 10/06/2021.

Changes to legislation: Corporation Tax Act 2010, CHAPTER 2A is up to date with all changes known to be in force on or before 24 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (b) is paid under a mixed agreement.
- (2) “Mixed income” means the proceeds of sale where an item falling within subsection (2) of section 357BH and an item not falling within that subsection are sold together as, or as part of, a single unit for a single price.
- (3) A “mixed agreement” is an agreement providing for—
 - (a) one or more of the matters in paragraphs (a) to (c) of subsection (4), and
 - (b) one or more of the matters in paragraphs (d) to (g) of that subsection.
- (4) The matters are—
 - (a) the sale of an item falling within section 357BH(2),
 - (b) the grant of any right falling within paragraph (a), (b) or (c) of section 357BH(6),
 - (c) a sale or disposal falling within section 357BH(7),
 - (d) the sale of any other item,
 - (e) the grant of any other right,
 - (f) any other sale or disposal,
 - (g) the provision of any services.
- (5) So much of the income as on a just and reasonable apportionment is properly attributable to—
 - (a) the sale of an item falling within section 357BH(2),
 - (b) the grant of any right falling within paragraph (a), (b) or (c) of section 357BH(6), or
 - (c) a sale or disposal falling within section 357BH(7),is to be regarded for the purposes of this Part as relevant IP income.
- (6) But where the amount of income that on such an apportionment is properly attributable to any of the matters in paragraphs (d) to (g) of subsection (4) is a trivial proportion of the income to which this section applies, all of that income is to be regarded for the purposes of this Part as relevant IP income.

Excluded debits etc

357BI Excluded debits

For the purposes of this Part “excluded debits” means—

- (a) the amount of any debits which are treated as expenses of a trade by virtue of—
 - (i) section 297 of CTA 2009 (debts in respect of loan relationships), or
 - (ii) section 573 of CTA 2009 (debts in respect of derivative contracts),
- (b) the amount of any additional deduction for an accounting period obtained by a company under Part 13 of CTA 2009 for expenditure on research and development in relation to a trade,
- (c) the amount of any additional deduction for an accounting period obtained by a company under Part 15A of CTA 2009 in respect of qualifying expenditure on a television programme,

Status: Point in time view as at 10/06/2021.

Changes to legislation: Corporation Tax Act 2010, CHAPTER 2A is up to date with all changes known to be in force on or before 24 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

357BIA Certain amounts not to be deducted from sub-streams at Step 4 of section 357BF

- (1) This section applies where a company enters into an arrangement with a person under which—
 - (a) the person assigns to the company a qualifying IP right or grants or transfers to the company an exclusive licence in respect of a qualifying IP right, and
 - (b) the company makes to the person an income-related payment.
- (2) A payment is an “income-related payment” for the purposes of subsection (1) if—
 - (a) the obligation to make the payment arises under the arrangement by reason of the amount of income the company has accrued which is properly attributable to the right or licence, or
 - (b) the amount of the payment is determined under the arrangement by reference to the amount of income the company has accrued which is so attributable.
- (3) If the amount of the income-related payment is allocated to a relevant IP income sub-stream at Step 3 of section 357BF(2), the amount is not to be deducted from the sub-stream at Step 4 of section 357BF(2) unless the payment will not affect the R&D fraction for the sub-stream.”

Routine return figure

357BJ Routine return figure

- (1) This section applies for the purpose of calculating the routine return figure for a relevant IP income sub-stream established at Step 2 in section 357BF(2) in determining the relevant IP profits of a trade of a company for an accounting period.
- (2) The routine return figure for the sub-stream is 10% of the aggregate of any routine deductions which—
 - (a) have been made by the company in calculating the profits of the trade for the accounting period, and
 - (b) have been allocated to the sub-stream at Step 3 in section 357BF(2).

For the meaning of “routine deductions”, see sections 357BJA and 357BJB.

- (3) In a case where—
 - (a) the company (“C”) is a member of a group,
 - (b) another member of the group has incurred expenses on behalf of C,
 - (c) had they been incurred by C, C would have made a deduction in respect of the expenses in calculating the profits of the trade for the accounting period,
 - (d) the deduction would have been a routine deduction, and
 - (e) the deduction would have been allocated to the sub-stream at Step 3 in section 357BF(2),

Status: Point in time view as at 10/06/2021.

Changes to legislation: Corporation Tax Act 2010, CHAPTER 2A is up to date with all changes known to be in force on or before 24 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

C is to be treated for the purposes of subsection (2) as having made such a routine deduction and as having allocated the deduction to the sub-stream.

- (4) Where expenses have been incurred by any member of the group on behalf of C and any other member of the group, subsection (3) applies in relation to so much of the amount of the expenses as on a just and reasonable apportionment may properly be regarded as incurred on behalf of C.

Marketing assets return figure

357BK Marketing assets return figure

- (1) The marketing assets return figure for a relevant IP income sub-stream is—

NMR – AMR

where—

NMR is the notional marketing royalty in respect of the sub-stream (see section 357BKA), and

AMR is the actual marketing royalty in respect of the sub-stream (see section 357BKB).

- (2) Where—

- (a) AMR is greater than NMR, or
- (b) the difference between NMR and AMR is less than 10% of the amount of the relevant IP income sub-stream following the deductions required by Step 4 in section 357BF(2),

the marketing assets return figure for the sub-stream is nil.

Status: Point in time view as at 10/06/2021.

Changes to legislation: Corporation Tax Act 2010, CHAPTER 2A is up to date with all changes known to be in force on or before 24 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

357BKANotional marketing royalty

- (1) The notional marketing royalty in respect of a relevant IP income sub-stream is the appropriate percentage of the income allocated to that sub-stream at Step 2 in section 357BF(2).
- (2) The “appropriate percentage” is the proportion of that income which the company would pay another person (“P”) for the right to exploit the relevant marketing assets in the accounting period concerned if the company were not otherwise able to exploit them.
- (3) For the purposes of this section a marketing asset is a “relevant marketing asset” in relation to a relevant IP income sub-stream if the sub-stream includes any income arising from things done by the company that involve the exploitation by the company of that marketing asset.
- (4) For the purpose of determining the appropriate percentage under this section, assume that—
 - (a) the company and P are dealing at arm's length,

R&D fraction

357BL Introduction

where—

D is the company's qualifying expenditure on relevant R&D undertaken in-house (see section 357BLB),

S1 is the company's qualifying expenditure on relevant R&D sub-contracted to unconnected persons (see section 357BLC),

S2 is the company's qualifying expenditure on relevant R&D sub-contracted to connected persons (see section 357BLD), and

 - (a) is not “qualifying expenditure on relevant R&D undertaken in-house”, but
 - (b) is “qualifying expenditure on relevant R&D sub-contracted to connected persons”,

so far as it is expenditure brought into account in calculating a relevant profits amount, or a relevant losses amount, aggregated at section 18A(4)(a) or (b) of CTA 2009 in calculating the company's foreign permanent establishments amount for the period.
- (5) In this section and sections 357BLC and 357BLD, “relevant research and development” means research and development (within the meaning of section 1138) which—
 - (a) in a case where the sub-stream is an individual IP right sub-stream, relates to the qualifying IP right to which the income in the sub-stream is attributable,

 - (c) in a case where the sub-stream is a process sub-stream, relates to a qualifying IP right granted in respect of any process—
 - (i) to which income in the sub-stream is attributable, or
 - (ii) which is incorporated in a process to which income in the sub-stream is attributable.
- (6) Research and development “relates” to a qualifying IP right for the purposes of subsection (5) if—
 - (a) it creates, or contributes to the creation of, the invention,
 - (b) it is undertaken for the purpose of developing the invention,
 - (c) it is undertaken for the purpose of developing ways in which the invention may be used or applied, or
