Meaning of contract of “insurance” or “long-term insurance” and “insurance company”

64 Meaning of “contract of insurance” and “contract of long-term insurance”

For the purposes of this Part—

“contract of insurance” has the meaning given by article 3(1) of the FISMA (Regulated Activities) Order 2001, and

“contract of long-term insurance” means a contract which falls within Part 2 of Schedule 1 to that Order.

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

65 Meaning of “insurance company”

- (1) This section defines for the purposes of this Part what is meant by an “insurance company”.
- (2) A person who carries on the activity of effecting or carrying out contracts of insurance is an “insurance company” if—
 - (a) the person has permission under Part 4 of FISMA 2000 to carry on that activity,
 - (b) the person is of the kind mentioned in paragraph 5(d) or (da) of Schedule 3 to FISMA 2000 (EEA passport rights) and carries on that activity in the United Kingdom through a permanent establishment there, or
 - (c) the person qualifies for authorisation under Schedule 4 to FISMA 2000 (Treaty rights) and carries on that activity in the United Kingdom through a permanent establishment there.
- (3) The above definition is subject to the following qualifications—
 - (a) a friendly society within the meaning of Part 3 is not an insurance company, and
 - (b) an insurance special purpose vehicle (see section 139) is an insurance company only if, in addition to falling within subsection (2)(a), (b) or (c), it is a BLAGAB group re-insurer.
- (4) A person is a “BLAGAB group re-insurer” if for an accounting period—
 - (a) the person carries on basic life assurance and general annuity business,
 - (b) it is not the case that substantially all of the person's long-term business is long-term business other than basic life assurance and general annuity business, and
 - (c) all of its life assurance business is re-insurance business of a description which is excluded business for the purposes of section 57(2)(e).

CHAPTER 2

CHARGE TO TAX ON I - E BASIS ETC

Separate businesses etc

66 Separate businesses for BLAGAB and other long-term business

- (1) If an insurance company carries on—
 - (a) basic life assurance and general annuity business, and
 - (b) other long-term business,
 the general rule is that business within paragraphs (a) and (b) is to be treated for corporation tax purposes as two separate businesses carried on by the company.
- (2) One of the separate businesses is to consist of the basic life assurance and general annuity business.
- (3) The other separate business is to be regarded for corporation tax purposes as a single trade consisting of the other long-term business.
- (4) If an insurance company carries on—

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

*Changes to legislation: There are currently no known outstanding effects
for the Finance Act 2012, PART 2. (See end of Document for details)*

(a) life assurance business none of which is basic life assurance and general annuity business, and

(b) PHI business,

the company is to be treated for corporation tax purposes as carrying on a single trade consisting of the businesses within paragraphs (a) and (b).

(5) For the purposes of this Part “non-BLAGAB long-term business” means—

(a) a single trade within subsection (3) or (4), or

(b) in a case where an insurance company carries on life assurance business none of which is basic life assurance and general annuity business but does not carry on other long-term business, that life assurance business.

(6) If an insurance company carries on short-term insurance business, that business is to be regarded for corporation tax purposes as a separate trade.

(7) For this purpose “short-term insurance business” means any insurance business which is not long-term business.

67 Exception where BLAGAB small part of long-term business

(1) There is an exception to the general rule set out in section 66(1) if for an accounting period of an insurance company substantially all of its long-term business is not basic life assurance and general annuity business.

(2) In that case, there is for the accounting period to be no separate business consisting of the company's basic life assurance and general annuity business.

(3) There is instead to be one business that is to be regarded for corporation tax purposes as a single trade of the company consisting of its long-term business.

(4) That single trade is to be regarded as “non-BLAGAB long-term business” for the purposes of this Part.

(5) Accordingly, references in this Part (apart from in section 66 and this section) to a company's basic life assurance and general annuity business do not include any business which, as a result of this section, is regarded as non-BLAGAB long-term business.

BLAGAB taxed on I - E basis

68 Charge to tax on I - E profit

(1) The charge to corporation tax applies to the I - E profit of the basic life assurance and general annuity business carried on by an insurance company.

(2) For the meaning of “I - E profit”, see section 73.

69 Exclusion of charge under s.35 of CTA 2009 etc

The charge to corporation tax under section 68 has effect instead of—

(a) the charge to corporation tax on income under section 35 of CTA 2009 (charge to tax on trade profits),

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

- (b) any other charge to corporation tax on income under any other provision of the Corporation Tax Acts that would otherwise have applied, and
- (c) the charge to corporation tax on chargeable gains so far as referable, in accordance with Chapter 4, to the company's basic life assurance and general annuity business.

70 Rules for calculating I - E profit or excess BLAGAB expenses

- (1) The rules set out in Chapter 3 determine whether for an accounting period an insurance company carrying on basic life assurance and general annuity business has an I - E profit or excess BLAGAB expenses (and, if so, the amount of the profit or expenses).
- (2) Those rules are referred to in this Part as “the I - E rules”.
- (3) The calculation of the I - E profit or excess BLAGAB expenses is to operate by reference to the amounts that are credited or debited in the accounts of the company for a period of account drawn up in accordance with generally accepted accounting practice.
- (4) But, in the case of amounts of a particular description, that is subject to any provision which (whether expressly or by implication) provides for that calculation to operate by reference to something else.
- (5) For the meaning of “excess BLAGAB expenses”, see section 73.

Non-BLAGAB long-term business

71 Charge to tax on profits of non-BLAGAB long-term business

- (1) The charge to corporation tax on income under section 35 of CTA 2009 (charge to tax on trade profits) applies to the profits of non-BLAGAB long-term business carried on by an insurance company.
- (2) The rules for calculating those profits are subject to the provision made by—
 - (a) Chapter 6 (trade calculation rules applying to long-term business),
 - (b) Chapter 7 (trading apportionment rules), and
 - (c) section 131 (transfers of business).
- (3) Subsection (1) does not apply if the business is mutual business, and in that case no other provision of the Corporation Tax Acts has effect to charge the income of the business to corporation tax.

PHI only business

72 Companies carrying on only PHI business

Nothing in—

- (a) this Part, or
- (b) any other provision of the Corporation Tax Acts that makes special provision in relation to, or by reference to, long-term business carried on by insurance companies,

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

*Changes to legislation: There are currently no known outstanding effects
 for the Finance Act 2012, PART 2. (See end of Document for details)*

is to apply in relation to a company which carries on long-term business which consists wholly of PHI business.

CHAPTER 3

THE I - E BASIS

Introduction

73 The I - E basis

This section sets out rules, in relation to the basic life assurance and general annuity business carried on by an insurance company, for determining whether the company has an I - E profit or excess BLAGAB expenses for an accounting period (and, if so, the amount of the profit or expenses).

Step 1 Calculate the income chargeable for the accounting period that is referable, in accordance with Chapter 4, to the company's basic life assurance and general annuity business. The meaning here of “income” is given by section 74.

Step 2 Calculate the BLAGAB chargeable gains of the company for the accounting period as adjusted for allowable losses (see section 75).

Step 3 Calculate so much of the amount (or the total amount) of any I - E receipt under section 92 or 93(5)(a) as is not taken into account in the calculation required by step 1 or 2.

Step 4 Add together the amounts given by the calculations required by steps 1 to 3. Reduce the total of those amounts (but not below nil) by the amount of any non-trading deficit which the company has for the accounting period under section 388 of CTA 2009 (loan relationships and derivative contracts). The result is “I”.

Step 5 Calculate the adjusted BLAGAB management expenses of the company for the accounting period (see section 76). The result is “E”.

Step 6 Subtract E from I (which, if E is a negative figure, would have the effect of increasing the result of the calculation).

If the result is a positive amount, that is (subject to section 95) the amount for the accounting period chargeable to corporation tax under section 68. That amount is referred to in this Part as an “I - E profit”.

If the result is a negative amount, that amount is to be carried forward by the company as an expense to its next accounting period to be used in accordance with step 5 of section 76. That amount is referred to in this Part as “excess BLAGAB expenses”

Definitions of expressions comprising “I”

74 Meaning of “income”

- (1) In section 73 “income”, in relation to an insurance company, means the following income or credits so far as arising from the company's long-term business—

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

- (a) income of the company chargeable under Chapter 3 of Part 4 of CTA 2009 in respect of any separate UK property business or overseas property business within section 86(4),
 - (b) credits in respect of any loan relationships of the company,
 - (c) credits in respect of any derivative contracts of the company,
 - (d) credits brought into account by the company under Part 8 of CTA 2009 (intangible fixed assets),
 - (e) income of the company chargeable under Part 9A of CTA 2009 (company distributions),
 - (f) income of the company chargeable under Chapter 5 of Part 10 of CTA 2009 (distributions from unauthorised unit trusts),
 - (g) income of the company chargeable under Chapter 6 of Part 10 of CTA 2009 (sale of foreign dividend coupons),
 - (h) income of the company chargeable under Chapter 7 of Part 10 of CTA 2009 (annual payments not otherwise charged),
 - (i) income of the company arising from a source outside the United Kingdom which is chargeable under Chapter 8 of Part 10 of CTA 2009 (income not otherwise charged), and
 - (j) income of the company chargeable under any provision to which section 1173 of CTA 2010 (miscellaneous charges) applies other than section 752 of CTA 2009 (non-trading gains on intangible fixed assets).
- (2) The reference in subsection (1)(a) to income chargeable under Chapter 3 of Part 4 of CTA 2009 includes income chargeable under that Chapter in respect of distributions treated by section 548(5) of CTA 2010 as profits of a UK property business carried on by the company.
- (3) References in subsection (1)(b) to (d) to credits need to be read with section 88(3) and (4).
- (4) The reference in subsection (1)(j) to income chargeable as mentioned there needs to be read with section 89(1).
- (5) For the purposes of this section references to income or credits that are chargeable or brought into account under any provision are to income or credits that, but for sections 68 and 69, would be chargeable or brought into account under that provision.
- (6) For the purposes of this section no account is to be taken of income which arises from an asset forming part of the long-term business fixed capital of the company (see section 137).

75 Meaning of “BLAGAB chargeable gains” etc

- (1) This section explains for the purposes of section 73 how to calculate the BLAGAB chargeable gains of the company for the accounting period as adjusted for allowable losses.

Step 1 First, calculate the chargeable gains—

- (a) that accrue to the company in the accounting period from the disposal of assets held for the purposes of the company's long-term business, and
- (b) that are referable, in accordance with Chapter 4, to its basic life assurance and general annuity business.

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

Step 2 Then, deduct from the amount of those gains—

- (a) any allowable losses that accrue to the company in the accounting period from the disposal of assets held for the purposes of the company's long-term business and that are so referable, and
- (b) so far as not previously deducted from any chargeable gains, any allowable losses that accrued to the company in a previous accounting period from the disposal of assets held for the purposes of the company's long-term business and that were so referable.

The resulting amount is the amount of the BLAGAB chargeable gains of the company for the accounting period as adjusted for allowable losses.

- (2) The deduction at step 2 may reduce an amount to nil but no further.
- (3) For the purposes of this section no account is to be taken of a chargeable gain or allowable loss accruing to the company on a disposal for the purposes of TCGA 1992 of an asset that forms part of the long-term business fixed capital of the company.
- (4) References in this section to chargeable gains or allowable losses are references to those gains or losses as calculated in accordance with the rules contained in TCGA 1992.

Definitions of expressions comprising “E”

76 Meaning of “adjusted BLAGAB management expenses”

This section explains for the purposes of section 73 how to calculate the adjusted BLAGAB management expenses of the company for the accounting period.

Step 1 Calculate the ordinary BLAGAB management expenses of the company referable to the accounting period (see sections 77, 81 and 82). In making the calculation ignore so much of those expenses as is deductible under other relevant rules (see section 78(2)). If the company is an overseas life insurance company, see also section 96.

Step 2 If the expenses calculated in accordance with step 1 include acquisition expenses for the purposes of section 79, reduce the amount given by step 1 in accordance with the rules in that section (which, in the typical case, provide for six-sevenths of the adjusted amount of those expenses to be disallowed for the accounting period and relieved instead as deemed BLAGAB management expenses for the next six accounting periods).

Step 3 Calculate the total amount of any deemed BLAGAB management expenses for the accounting period (see section 78(3)). For this purpose ignore any amounts that have already been included in step 1.

Step 4 Find the basic amount by adding together the amount given by the calculation required by step 1 (adjusted, where relevant, in accordance with step 2) and the amount given by the calculation required by step 3. Adjust the basic amount by deducting from it any expenses reversed in the accounting period (see section 78(4)) and any BLAGAB trade loss relieved for the accounting period (see section 78(5)).

Step 5 Add together any amounts carried forward as expenses from the previous accounting period to the accounting period as a result of section 73 or 93 to give the carried-forward amount. Add the carried-forward amount to the basic amount or, as the case may be, the basic amount adjusted in accordance with

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.
Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

step 4. The resulting amount is the amount of adjusted BLAGAB management expenses of the company for the accounting period.

77 Section 76: meaning of “ordinary BLAGAB management expenses” etc

- (1) This section explains for the purposes of section 76 what is meant by the “ordinary BLAGAB management expenses of the company referable to the accounting period”.
- (2) Amounts are “ordinary BLAGAB management expenses” of the company if—
 - (a) they are, in accordance with generally accepted accounting practice, debited in accounts drawn up by the company for a period of account (but see subsection (3)),
 - (b) they are expenses of management of the company's long-term business that are referable, in accordance with Chapter 4, to its basic life assurance and general annuity business, and
 - (c) they are not excluded amounts (see subsections (4) to (7)).

- (2) In the case of the acquisition expenses—
- (a) a reduction is to be made at step 2 in section 76 so as to secure that only one-seventh of the adjusted amount of those expenses counts as ordinary BLAGAB management expenses of the company referable to the accounting period, and

- (5) One-seventh of the adjusted amount of the acquisition expenses is treated for the purposes of section 76 as a deemed BLAGAB management expense for each succeeding accounting period.
- (6) But, if a succeeding accounting period is less than a year, the fraction of that amount to be relieved for that period is proportionately reduced.
- (7) The reliefs operate until the whole of the adjusted amount of the acquisition expenses has been used up (and, accordingly, the rules in subsections (5) and (6) have effect subject to this subsection).
- (8) The treatment of any part of the adjusted amount of the acquisition expenses as a deemed BLAGAB management expense for an accounting period (“the period concerned”) as set out in subsections (5) to (7) is subject to the following restriction.

 - (c) so much of any other expenses payable partly for that purpose, and partly for other purposes, as are properly attributable to the acquisition of business.

 - (b) references in section 1249 or 1251 of CTA 2009 to an amount being deductible under section 1219 of CTA 2009 are to be read as references to an amount being deductible as an ordinary BLAGAB management expense.
- (6) If—
- (a) an amount is reduced as a result of subsection (4) or a corresponding rule,
 - (b) subsequently there is a rebate (however described) of the hire charges, and
 - (c) an amount representing the rebate is deductible as a reversed expense or taken into account in calculating the amount of an I - E receipt under section 92,
- the amount that would otherwise be so deductible or taken into account is reduced by 15%.
- (7) If—
- (a) an amount is reduced as a result of subsection (4) or a corresponding rule,
 - (b) subsequently a debt in respect of any of the hire charges is released otherwise than as part of a statutory insolvency arrangement, and

 is treated for the purposes of section 76 as a deemed BLAGAB management expense for the accounting period.
- (3) An annuity is a “qualifying BLAGAB annuity” if—
 - (a) it is referable to the company's basic life assurance and general annuity business, and

- (b) it is paid under a contract made by the company in an accounting period beginning on or after 1 January 1992 (but see section 85).
- (4) For the purposes of this section the amounts exempt under section 717 of ITTOIA 2005 are so much of the payments under the qualifying BLAGAB annuities as would be within the exemption under that section if—
 - (a) section 718 of ITTOIA 2005 were omitted, and
 - (b) the exemption under section 717 of ITTOIA 2005 applied in relation to companies as well as individuals.
- (5) If a qualifying BLAGAB annuity (“the actual annuity”) is a steep-reduction annuity, the calculations required by subsection (2)(a) and (b) are to be made as if—
 - (a) the contract for the actual annuity provided instead for the annuities identified below (“the deemed annuities”), and
 - (b) the consideration for each of the deemed annuities were equal to an apportionment of the consideration for the actual annuity on a just and reasonable basis.
- (6) The deemed annuities are—

 - (b) an annuity the payments in respect of which are all the payments in respect of the actual annuity other than those mentioned in paragraph (a).
- (7) If a deemed annuity within subsection (6)(b) (“the later annuity”) would itself be a steep-reduction annuity, the deemed annuities—
 - (a) do not include the later annuity, but
 - (b) include instead the annuities which would be identified by subsection (6) (with as many further applications of this subsection as may be necessary for securing that none of the deemed annuities is a steep-reduction annuity) if references in that subsection to the actual annuity were to the later annuity.
- (8) This section needs to be read with section 84 (meaning of “steep-reduction annuity” etc).

84 General annuity business: meaning of “steep-reduction annuity” etc

 - (b) that the amount to which the annuitant is assumed to be entitled is equal to the annuitant's assumed entitlement for the year ending with the anniversary in question.
- (3) For this purpose the annuitant's assumed entitlement for a year is determined as follows—
- (a) the annuitant's entitlement to each payment is taken to accrue at a constant rate during the interval between the previous payment and that payment, and
 - (b) the annuitant's assumed entitlement for a year is taken to be equal to the total amount which, in accordance with paragraph (a), is treated as accruing in the year.
- (4) In the case of an annuity to which subsection (2) applies, the reference in section 83(6)(a) to the making of a reduced payment is to be read as a reference to the making of a payment which (applying subsection (3)(a)) is taken to accrue at a rate that is substantially less than the rate at which at least one of the earlier payments is taken to accrue.
- (5) If—
- (a) a question arises whether a payment is substantially smaller than, or accrues at a rate substantially less than, an earlier payment, and
 - (b) the annuitant or (as the case may be) every annuitant is an individual who is beneficially entitled to all the rights conferred on him or her as such an annuitant,
- the question is determined without regard to so much of the difference between the amounts or rates as is referable to a reduction falling to be made as a result of a death.
- (6) If the amount of any one or more of the payments depends on a contingency, the annuitant's entitlement to the payments is determined for the purposes of section 83 and this section according to whatever is the most likely outcome in relation to the contingency (applying any relevant actuarial principles).
- (7) If an agreement or other arrangement has effect for varying the rights of the annuitant in relation to a payment, the payment is taken for the purposes of section 83 and this section to be a payment of the amount to which the annuitant is entitled in accordance with the agreement or other arrangement.
- (8) For the purposes of this section references to a contingency include a contingency consisting wholly or partly in the exercise of an option.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

- (b) is referable, in accordance with Chapter 4, to the company's basic life assurance and general annuity business, and
 “BLAGAB miscellaneous losses”, in relation to a company, means losses of the company arising from its long-term business which—
 - (a) arise from miscellaneous transactions, and
 - (b) are referable, in accordance with Chapter 4, to the company's basic life assurance and general annuity business.

- (4) For the purposes of subsection (3) a transaction is a “miscellaneous transaction” if income arising from it would be chargeable under any provision to which section 1173 of CTA 2010 applies other than—
 - (a) section 752 of CTA 2009, or
 - (b) regulation 18(4) of the Offshore Funds (Tax) Regulations 2009 (offshore income gains).
- (5) For the purposes of this section references to income that is chargeable under any provision to which section 1173 of CTA 2010 applies are to income that, but for sections 68 and 69, would be chargeable under that provision.

90 Investment return where risk in respect of policy or contract re-insured

- (1) This section applies if an insurance company re-insures any risk in respect of a policy or contract attributable to its basic life assurance and general annuity business.
- (2) For the purposes of the I - E rules the investment return on the policy or contract is treated as accruing to the company while the risk remains re-insured by the company under the re-insurance arrangement.
- (3) The investment return that is treated as accruing to the company—
 - (a) is treated for the purposes of those rules as income that is referable, in accordance with Chapter 4, to the company's basic life assurance and general annuity business, and
 - (b) is, accordingly, brought into account for the purposes of those rules at step 1 in section 73.
- (4) HMRC Commissioners may make provision by regulations as to the amount of investment return that is treated as accruing in each accounting period during which the re-insurance arrangement is in force.
- (5) HMRC Commissioners may by regulations exclude from the operation of this section—
 - (a) such descriptions of insurance company,
 - (b) such descriptions of policies or contracts, and
 - (c) such descriptions of re-insurance arrangement,
 as may be prescribed by the regulations.
- (6) Nothing in this section applies in relation to the re-insurance of a policy or contract where the policy or contract was made, and the re-insurance arrangement effected, before 29 November 1994.

91 Regulations under section 90(4): supplementary provision

- (1) This section applies to regulations under section 90(4).

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.
Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

- (2) The regulations may provide for the calculation of the investment return treated as accruing to a company in respect of a policy or contract in an accounting period to be made by reference to—
 - (a) the total amount of sums paid (by way of premium or otherwise) by the company to the re-insurer during the accounting period and any earlier accounting periods,
 - (b) the total amount of sums paid (by way of commission or otherwise) by the re-insurer to the company during the accounting period and any earlier accounting periods,
 - (c) the total amount of the net investment return treated as accruing to the company in any earlier accounting periods, that is to say, net of tax at such rate as may be prescribed by the regulations, and
 - (d) such percentage rate of return as may be prescribed by the regulations.
- (3) The regulations may make provision dealing with the transfer of the re-insurance arrangement from one insurance company to another.
- (4) The regulations must provide that the amount of investment return treated as accruing in respect of a policy or contract in the final accounting period during which the policy or contract is in force is the amount, ascertained in accordance with the regulations, by which the overall profit exceeds the total amount treated as accruing in earlier accounting periods.
- (5) “The overall profit” means the profit over the whole period during which the policy or contract, and the re-insurance arrangement, were in force.
- (6) If the overall profit is less than the total amount treated as accruing in earlier accounting periods, the difference—
 - (a) must be set off against amounts treated as a result of section 90 as accruing in the final accounting period from other policies or contracts, and
 - (b) if not fully set off as mentioned in paragraph (a), may be carried forward for set-off against amounts treated as a result of that section as accruing in subsequent accounting periods.
- (7) The regulations may—
 - (a) make different provision for different cases or circumstances, and
 - (b) contain incidental, supplementary, consequential, transitional, transitory or saving provision.
- (8) An example of the kind of supplementary provision within subsection (7)(b) is provision requiring payments made during an accounting period to be treated as made on such date or dates as may be prescribed by the regulations.

Deemed I - E receipts

92 Certain BLAGAB trading receipts to count as deemed I - E receipts

- (1) This section applies if—
 - (a) an insurance company has receipts that are taken into account in calculating its BLAGAB trade profit or loss (see section 136) for an accounting period,
 - (b) the receipts would not fall within the charge to corporation tax apart from this section, and

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

*Changes to legislation: There are currently no known outstanding effects
for the Finance Act 2012, PART 2. (See end of Document for details)*

- (c) the receipts are not excluded receipts.
- (2) The appropriate amount of the receipts is an I - E receipt of the company for the accounting period.
- (3) The “appropriate amount” of the receipts is found by deducting expenses from the receipts so far as is necessary for calculating the full amount of the profits.
- (4) Chapter 1 of Part 20 of CTA 2009 (general rules for restricting deductions) is to apply to that calculation.
- (5) The following receipts are “excluded” receipts—
 - (a) premiums,
 - (b) sums received under re-insurance contracts (but see subsection (6) for exceptions),
 - (c) sums which do not fall within the charge to corporation tax because of an exemption,
 - (d) payments received under the Financial Services Compensation Scheme, and
 - (e) payments received from other insurance companies to enable the company to meet its obligations to policyholders.
- (6) A sum received under a re-insurance contract is not an excluded receipt if—
 - (a) it is a re-insurance commission (however described), or
 - (b) it is a sum calculated to any extent by reference to the ordinary BLAGAB management expenses of the company referable to the accounting period (within the meaning of section 77).

Minimum profits charge

93 Minimum profits test

- (1) This section applies if an insurance company has a BLAGAB trade profit for an accounting period.
- (2) A comparison must be made between—
 - (a) the I - E profit or excess BLAGAB expenses for the accounting period, and
 - (b) the BLAGAB trade profit for the accounting period,
adjusted as need be in accordance with sections 94 and 124.
- (3) In making the calculation required by subsection (2)(a), it is to be assumed that this Chapter has effect with the omission of subsection (5)(a) (but, apart from that, all the other rules in this Chapter have effect for the purposes of that calculation).
- (4) If there are excess BLAGAB expenses for the accounting period, the amount of the excess is treated for the purposes of this section as a negative figure equal to that amount.
- (5) If, for the accounting period, the adjusted BLAGAB trade profit exceeds the adjusted I - E profit or excess BLAGAB expenses—
 - (a) an amount equal to the difference is an I - E receipt of the company for the accounting period (see section 73), and
 - (b) the same amount is carried forward to the company's next accounting period as an expense (see section 76).

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.
Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

94 Adjustment of I - E profit or excess BLAGAB expenses

- (1) This section applies if the BLAGAB trade profit for the accounting period includes non-taxable distributions receivable by the company in that period that are referable, in accordance with Chapter 7, to the company's basic life assurance and general annuity business.
- (2) For the purposes of section 93(5) (the comparison of the BLAGAB trade profit with the I - E profit or excess BLAGAB expenses), the calculation required by section 73 is performed again but adding to the amount of "I" found by step 4 the total amount of the non-taxable distributions receivable by the company in the accounting period that are so referable.
- (3) Accordingly, once an adjustment is made in accordance with subsection (2), an amount of excess BLAGAB expenses for the accounting period might become an adjusted I - E profit for that period.
- (4) For the purposes of this Part "non-taxable distributions" means distributions that are exempt for the purposes of Part 9A of CTA 2009 (company distributions).
- (5) For the purposes of this Part the amount of a non-taxable distribution does not include any amount withheld from it on account of tax payable under the laws of a territory outside the United Kingdom.

Non-BLAGAB allowable losses

95 Use of non-BLAGAB allowable losses to reduce I - E profit

- (1) This section applies if—
 - (a) an insurance company has an I - E profit for an accounting period, and
 - (b) non-BLAGAB allowable losses have accrued to the company that are available for deduction in accordance with section 210A(2) of TCGA 1992 from the shareholders' share of BLAGAB chargeable gains that have accrued to the company.
- (2) Those losses may be deducted from those gains in accordance with that provision so as to reduce the amount of the I - E profit for the accounting period to nil but no further.
- (3) For the purposes of subsection (1)(a), assume that non-BLAGAB allowable losses cannot be deducted from any BLAGAB chargeable gains (and, accordingly, ignore the effect of this section).

Overseas life insurance companies

96 Expenses referable to exempt FOTRA profits

- (1) This section applies if the profits for an accounting period of the basic life assurance and general annuity business carried on by an overseas life insurance company in the United Kingdom consist of or include exempt FOTRA profits.
- (2) In making the calculation required by step 1 of section 76 for the accounting period, ignore so much of the ordinary BLAGAB management expenses of the company as are referable to exempt FOTRA profits.

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

*Changes to legislation: There are currently no known outstanding effects
for the Finance Act 2012, PART 2. (See end of Document for details)*

(3) The relevant proportion of those expenses is to be regarded for the purposes of this section as referable to exempt FOTRA profits.

(4) The relevant proportion is—

$$\frac{\text{FOTRA}}{\text{FOTRA} + \text{I}}$$

where—

FOTRA is the amount of the exempt FOTRA profits arising in the accounting period, and

I is the amount of I found by the calculations required by step 4 in section 73 in relation to the company's basic life assurance and general annuity business for the accounting period.

(5) In this section “exempt FOTRA profits” means profits in respect of which no liability to corporation tax arises as a result of section 1279 of CTA 2009.

CHAPTER 4

APPORTIONMENT RULES FOR I - E CHARGE

Introduction

97 Application of Chapter

- (1) This Chapter applies in the case of an insurance company that carries on—
 - (a) basic life assurance and general annuity business, and
 - (b) other business.
- (2) This Chapter contains rules for determining for the purposes of Chapter 3—
 - (a) the credits or other income, the debits or other losses and the expenses that are referable to the company's basic life assurance and general annuity business, and
 - (b) the chargeable gains and allowable losses accruing on the disposal of assets (or parts of assets) that are referable to the company's basic life assurance and general annuity business.

Allocation of income, losses and expenses

98 Commercial allocation

- (1) This section makes provision for determining—
 - (a) the credits or other income and the debits or other losses arising from the company's long-term business, and
 - (b) the expenses incurred in the course of the company's long-term business,

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

that, for the purposes of Chapter 3, are to be regarded as referable to its basic life assurance and general annuity business.

- (2) Those items are to be determined in accordance with an acceptable commercial method adopted by the company for the period of account in which the income or losses arise or the expenses are incurred.
- (3) A method is an “acceptable commercial method” if, in all the circumstances, it can reasonably be regarded as providing a fair method for the purposes of Chapter 3 for determining for a period of account what is referable to the company's basic life assurance and general annuity business.
- (4) The Treasury may make regulations for the purposes of this section—
 - (a) prescribing cases in which a method is, or is not, to be regarded as an acceptable commercial method, and
 - (b) prescribing cases in which the only acceptable commercial method is to be a method prescribed, or of a description prescribed, in the regulations.
- (5) Subject to any provision made by regulations under subsection (4), the method adopted for the purposes of this section for a period of account—
 - (a) must be consistent with the method adopted for the purposes of section 115 for that period, and
 - (b) in the case of an overseas life insurance company, must also be consistent with the method for that period for attributing assets in accordance with the provision made by or under Chapter 4 of Part 2 of CTA 2009 to its permanent establishment in the United Kingdom.
- (6) In this section “debits or other losses” means—
 - (a) losses in any separate UK property business carried on by the company which is within section 86(4),
 - (b) losses in any separate overseas business carried on by the company which is within section 86(4),
 - (c) debits in respect of any loan relationships of the company,
 - (d) debits in respect of any derivative contracts of the company,
 - (e) debits brought into account by the company under Part 8 of CTA 2009 (intangible fixed assets), and
 - (f) losses of the company which arise from miscellaneous transactions (as defined by section 89(4)).

Allocation of chargeable gains and allowable losses on disposals of assets

99 Application of sections 100 and 101

- (1) Sections 100 and 101 apply for determining the chargeable gains or allowable losses that, for the purposes of Chapter 3, are to be regarded as referable to a company's basic life assurance and general annuity business whenever it disposes of assets held for the purposes of its long-term business (including cases where, as a result of Chapter 8 or any other provision of the Corporation Tax Acts, it is deemed to make a disposal).
- (2) Expressions that are used in sections 100 and 101 and in TCGA 1992 have the same meaning in those sections as they have for the purposes of that Act.

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

*Changes to legislation: There are currently no known outstanding effects
 for the Finance Act 2012, PART 2. (See end of Document for details)*

100 Assets wholly or partly matched to BLAGAB liabilities

- (1) If, immediately before the disposal, the whole of the asset was matched to a BLAGAB liability, the whole of the gain or loss is referable to the company's basic life assurance and general annuity business.
- (2) If, immediately before the disposal, a part of the asset was matched to a BLAGAB liability, the appropriate portion of the gain or loss is referable to the company's basic life assurance and general annuity business.
- (3) “The appropriate proportion” means the proportion equal to the proportion of the asset matched to the BLAGAB liability.
- (4) If, as a result of Chapter 8, there is a disposal of a part of an asset where the part concerned is matched to a BLAGAB liability, the whole of the gain or loss is referable to the company's basic life assurance and general annuity business.
- (5) The concept of the whole or a part of an asset being matched to a BLAGAB liability is explained by section 138.

101 Commercial allocation for disposals not wholly dealt with by section 100

- (1) This section applies if, in the case of the disposal—
 - (a) no part of the gain or loss is dealt with by section 100, or
 - (b) section 100 deals with only a proportion of the gain or loss.
- (2) The gain or loss, or (as the case may be) the remaining proportion of the gain or loss, which is referable to the company's basic life assurance and general annuity business is determined in accordance with an acceptable commercial method adopted by the company for the period of account in which the disposal is made.
- (3) A method is an “acceptable commercial method” if it secures that gains or losses are referable to the company's basic life assurance and general annuity business in a way that fairly represents the contribution that the assets in question have made to that business during the period in which they have been held for the purposes of the company's long-term business.
- (4) The Treasury may make regulations for the purposes of this section—
 - (a) prescribing cases in which a method is, or is not, to be regarded as an acceptable commercial method, and
 - (b) prescribing cases in which the only acceptable commercial method is to be a method prescribed, or of a description prescribed, in the regulations.
- (5) Subject to any provision made by regulations under subsection (4), the method adopted for the purposes of this section for a period of account—
 - (a) must be consistent with the method adopted for the purposes of section 98 for that period and the method adopted for the purposes of section 115 for that period, and
 - (b) in the case of an overseas life insurance company, must also be consistent with the method for that period for attributing assets in accordance with the provision made by or under Chapter 4 of Part 2 of CTA 2009 to its permanent establishment in the United Kingdom.

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

CHAPTER 5

I - E PROFIT: POLICYHOLDERS' RATE OF TAX

Tax rate on policyholders' share of I - E profit

102 Policyholders' rate of tax on policyholders' share of I - E profit

- (1) This section applies if an insurance company has an I - E profit for an accounting period.
- (2) The rate of corporation tax chargeable for a financial year on the policyholders' share (if any) of the I - E profit is the policyholders' rate of tax.
- (3) The policyholders' rate of tax is the rate at which income tax at the basic rate is charged for the tax year that begins on 6 April in the financial year.
- (4) The policyholders' share of the I - E profit is determined in accordance with section 103.
- (5) The policyholders' share of the I - E profit for an insurance company's accounting period is to be left out of account in determining for the purposes of Part 3 of CTA 2010 (companies with small profits)—
 - (a) the augmented profits of the company for the accounting period, and
 - (b) the taxable total profits of the company for the accounting period.

103 Rules for determining policyholders' share of I - E profit

- (1) This section determines for the purposes of section 102 the policyholders' share of the I - E profit of an insurance company for an accounting period.
- (2) If the basic life assurance and general annuity business of the company carried on by the company in the accounting period is mutual business, the policyholders' share of the I - E profit is the whole of that profit.
- (3) In any other case, the policyholders' share of the I - E profit is determined as follows.
- (4) The first step is to calculate whether the company has a BLAGAB trade profit for the accounting period, and, if so, its amount.
- (5) If the company does not have a BLAGAB trade profit for that period, the policyholders' share of the I - E profit is the whole of that profit.
- (6) If—
 - (a) the company has a BLAGAB trade profit for that period, and
 - (b) the adjusted amount of the BLAGAB trade profit is less than the amount of the I - E profit for that period,the difference between those amounts represents the policyholders' share of the I - E profit.
- (7) If—
 - (a) the company has a BLAGAB trade profit for that period, and
 - (b) the adjusted amount of the BLAGAB trade profit is equal to or more than the amount of the I - E profit,

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

*Changes to legislation: There are currently no known outstanding effects
 for the Finance Act 2012, PART 2. (See end of Document for details)*

there is no policyholders' share of the I - E profit.

- (8) References to the adjusted amount of the BLAGAB trade profit are to be read in accordance with section 104.

104 Meaning of “the adjusted amount”

- (1) This section explains for the purposes of section 103 what is meant by the adjusted amount of the BLAGAB trade profit.
- (2) The following adjustments are to be made to the amount of the BLAGAB trade profit.
- (3) If relief is available under section 124 (carry forward of BLAGAB trade losses against subsequent profits), the BLAGAB trade profit is to be reduced as mentioned in that section.
- (4) If, as a result of relief given under that section, the BLAGAB trade profit is reduced to nil, then the adjusted amount of the BLAGAB trade profit for the purposes of section 103 is nil.
- (5) If—
- (a) the BLAGAB trade profit is not reduced to nil as a result of relief given under section 124 or no relief is available under that section, and
 - (b) in the accounting period BLAGAB non-taxable distributions are receivable by the company,
- the BLAGAB trade profit is reduced or further reduced (but not below nil) by subtracting from it an amount equal to the shareholders' share of those distributions.
- (6) The BLAGAB trade profit as so reduced or further reduced is the adjusted BLAGAB trade profit for the purposes of section 103.

105 Meaning of “BLAGAB non-taxable distributions” and “shareholders' share”

- (1) This section explains for the purposes of section 104 what is meant by—
 “BLAGAB non-taxable distributions”, and
 “the shareholders' share” of BLAGAB non-taxable distributions.
- (2) Non-taxable distributions are “BLAGAB” non-taxable distributions if they are referable, in accordance with Chapter 7, to the company's basic life assurance and general annuity business.
- (3) The “shareholders' share” of the BLAGAB non-taxable distributions receivable by the company in the accounting period is the relevant proportion of those distributions.
- (4) The relevant proportion is—

$$\frac{\text{BTP}}{\text{BNTD} + 1}$$

where—

BTP is the amount of the BLAGAB trade profit of the company for the accounting period,

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

BNTD is the amount of the BLAGAB non-taxable distributions receivable by the company in the accounting period, and

I is the total of the amounts given by the calculations required by steps 1 to 3 in section 73 (I - E basis: income referable to BLAGAB) in relation to the company's basic life assurance and general annuity business for the accounting period.

- (5) If BTP exceeds BNTD + I, the shareholders' share of the BLAGAB non-taxable distributions receivable by the company in the accounting period is the whole of those distributions.

Policyholder tax and calculation of BLAGAB trade profit or loss

106 Deduction for current policyholder tax

- (1) This section applies for the purpose of calculating the BLAGAB trade profit or loss for an accounting period of any basic life assurance and general annuity business carried on by an insurance company in a case where the company has an I - E profit for that period.
- (2) In calculating the profit or loss for the accounting period, a deduction is allowed for an amount equal to the amount of corporation tax charged at the policyholders' rate of tax on the policyholders' share of the company's I - E profit for that period.

107 Expenses or receipts for deferred policyholder tax

- (1) This section applies for the purpose of calculating the BLAGAB trade profit or loss for a period of account of any basic life assurance and general annuity business carried on by an insurance company.
- (2) In calculating the profit or loss, an amount is brought into account that is equal to—
- the closing deferred policyholder tax balance for the period of account, less
 - the closing deferred policyholder tax balance for the previous period of account.
- (3) The amount—
- is brought into account as an expense, if it is a negative figure, and
 - is brought into account as a receipt, if it is a positive figure.
- (4) The amount is brought into account under this section only if, in accordance with generally accepted accounting practice, it is debited or credited in accounts drawn up by the company for the period of account.
- (5) If the closing deferred policyholder tax balance for a period of account is a liability, the amount of the balance is taken to be a negative figure for the purposes of this section.
- (6) If the closing deferred policyholder tax balance for a period of account is an asset, the amount of the balance is taken to be a positive figure for the purposes of this section.
- (7) Section 108 applies for determining the closing deferred policyholder tax balance for a period of account.

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

*Changes to legislation: There are currently no known outstanding effects
 for the Finance Act 2012, PART 2. (See end of Document for details)*

108 Meaning of “the closing deferred policyholder tax balance” etc

- (1) For the purposes of section 107 “the closing deferred policyholder tax balance for a period of account” means so much of the closing amount shown, in accordance with generally accepted accounting practice, in the accounts of the company for that period in respect of deferred tax as is wholly attributable to policyholder tax.
- (2) Provision forming part of the closing amount is “wholly attributable to policyholder tax” if—
 - (a) the provision is made in respect of a BLAGAB matter (see subsection (3)), and
 - (b) anything included in the closing amount in respect of that matter is calculated wholly by reference to the policyholders' rate of tax chargeable on the policyholders' share of the company's I - E profit for any accounting period.
- (3) A “BLAGAB matter” means—
 - (a) an amount of excess BLAGAB expenses,
 - (b) an amount of acquisition expenses falling to be relieved in the future in accordance with section 79,
 - (c) an amount of expenses otherwise falling to be taken into account in the future under the I - E rules,
 - (d) an amount of BLAGAB allowable loss (within the meaning of section 210A of TCGA 1992) carried forward for future use,
 - (e) an amount to which section 213 of TCGA 1992 applies (spreading of gains and losses under section 212), or
 - (f) an amount in respect of the future disposal (or part disposal) of an asset which would fall to be taken into account in accordance with section 75.
- (4) If—
 - (a) for a period of account of the company the provision made in respect of a BLAGAB matter is taken into account for the purposes of section 107, and
 - (b) for a subsequent period of account of the company the provision made in respect of that matter is no longer wholly attributable to policyholder tax because the condition in subsection (2)(b) ceases to be met,
 there is to be a reversal in the subsequent period of account in respect of the provision (so far as section 107 does not otherwise apply in relation to the case).
- (5) The reversal in the subsequent period of account is to be made as follows—
 - (a) if the provision was an amount which for accounting purposes was regarded as an asset, a negative amount equal to that amount is to be taken into account in calculating the closing deferred policyholder tax balance for that period for the purposes of section 107, and
 - (b) if the provision was an amount which for accounting purposes was regarded as a liability, a positive amount equal to that amount is to be taken into account in calculating the closing deferred policyholder tax balance for that period for the purposes of section 107.
- (6) The Treasury may by order amend the definition of a “BLAGAB matter”.
- (7) An order under subsection (6) may contain incidental, supplementary, consequential, transitional, transitory or saving provision.

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

CHAPTER 6

TRADE CALCULATION RULES APPLYING TO LONG-TERM BUSINESS

109 Application of Chapter

- (1) The rules contained in this Chapter have effect for the purpose of—
 - (a) calculating the BLAGAB trade profit or loss of any basic life assurance and general annuity business carried on by an insurance company, and
 - (b) calculating for corporation tax purposes the profits of any non-BLAGAB long-term business carried on by an insurance company,but, in the case of section 112, see also subsection (6) of that section.
- (2) In this Chapter references to the calculation of the profits are, in the case of the calculation of the BLAGAB trade profit or loss, to be read as references to the calculation of that profit or loss.
- (3) See also section 47 of CTA 2009 (losses calculated on same basis as profits).
- (4) In the case of the calculation of the BLAGAB trade profit or loss, see also sections 106 to 108.

110 Allocations to policyholders

- (1) In calculating the profits for an accounting period, a deduction is allowed for any amount which is allocated to policyholders or annuitants in respect of the accounting period.
- (2) But there is no deduction for an amount of a capital nature that—
 - (a) is allocated to holders of with-profits policies, and
 - (b) has not been funded from an amount credited in accounts of the business drawn up in accordance with generally accepted accounting practice (whether drawn up by the company or another company).
- (3) For this purpose a payment made in connection with the reattribution of inherited estate is to be regarded as an amount of a capital nature.
- (4) “With-profits policies” means policies under which the holders are eligible to participate in surplus.

111 Dividends and other distributions

- (1) Dividends or other distributions—
 - (a) which are receivable by the company, and
 - (b) which are referable, in accordance with Chapter 7, to the business concerned,are to be brought into account as receipts in calculating the profits.
- (2) This rule—
 - (a) applies whether or not the distributions are exempt for the purposes of Part 9A of CTA 2009 or would otherwise be dealt with under that Part, but
 - (b) does not apply in the case of distributions that are of a capital nature.

112 Index-linked gilt-edged securities

- (1) If, for an accounting period, a company has a loan relationship which is represented by an index-linked gilt-edged security, sections 400 to 400C of CTA 2009 (adjustments for changes in index) are not to apply in calculating the profits for the accounting period.
- (2) But subsection (1) does not apply to loan relationships of the company that are qualifying PHI loan relationships.
- (3) A loan relationship is a “qualifying PHI loan relationship” if
 - (a) the loan relationship is identified in the records of the company as an asset held for the purposes of index-linked PHI business carried on by the company, and
 - (b) none of the credits or debits in respect of the loan relationship are referable to BLAGAB,
 but see subsection (5) for a case in which a loan relationship meeting the conditions in paragraphs (a) and (b) is not a qualifying PHI loan relationship.
- (4) Credits or debits are referable to BLAGAB if—
 - (a) they are referable, in accordance with Chapter 4, to any basic life assurance and general annuity business of the company, or
 - (b) they are taken into account in calculating the profit or loss that is, in accordance with Chapter 7, allocated to any basic life assurance and general annuity business of the company.
- (5) A loan relationship which, but for this subsection, would be a qualifying PHI loan relationship of the company is not a qualifying PHI loan relationship if the value of the loan relationship when added to the value of qualifying PHI loan relationships of the company exceeds the value of the liabilities incurred by the company for the purposes of its index-linked PHI business.
- (6) A loan relationship of the company which at any time is a qualifying PHI loan relationship is to be regarded for the purposes of this Part as an asset which is held at that time for the purposes of the company's long-term business but which is not matched to its long-term business liabilities or held by it for the purposes of any with-profits funds.
- (7) In this section—

“index-linked gilt-edged security” has the same meaning as it has in sections 400 to 400C of CTA 2009 (see section 399(4) of that Act), and

“index-linked PHI business” means PHI business so far as consisting of the effecting or carrying out of contracts of long-term insurance under which the benefits payable are linked to an index of prices published by the Statistics Board.

113 Receipts or expenses relating to long-term business fixed capital

Receipts or expenses which arise from an asset forming part of the long-term business fixed capital of the company are to be left out of account in calculating the profits.

 - (a) a business consisting of basic life assurance and general annuity business, and
 - (b) a non-BLAGAB long-term business.
- (2) The rules contained in this Chapter determine—
 - (a) how to allocate between those two businesses the profits or loss of the long-term business calculated in accordance with generally accepted accounting practice, and
 - (b) how to allocate the tax adjustments in making the calculations mentioned in subsection (5)(a) and (b).
- (3) The amount of the profits or loss mentioned in subsection (2)(a) is referred to in this Chapter as the “accounting profit or loss”.
- (4) For the purposes of this Chapter “the tax adjustments” means the adjustments required or authorised by law in calculating for corporation tax purposes the profits of the long-term business (applying the same rules as apply to the calculation for those purposes of the profits of non-BLAGAB long-term business).
- (5) The rules contained in this Chapter have effect for the purpose of—
 - (a) calculating the BLAGAB trade profit or loss of the company, and
 - (b) calculating for corporation tax purposes the profits of the non-BLAGAB long-term business carried on by the company.

115 Commercial allocation of accounting profit or loss and tax adjustments

- (1) The accounting profit or loss, and the tax adjustments, are to be allocated between the two separate businesses in accordance with an acceptable commercial method adopted by the company.
- (2) A method is an “acceptable commercial method” if it secures that the accounting profit or loss, and the tax adjustments, are allocated to the two separate businesses in a way that fairly represents the contribution made by those businesses to the accounting profit or loss as adjusted to take into account the tax adjustments.
- (3) The Treasury may make regulations for the purposes of this section—
 - (a) prescribing cases in which a method is, or is not, to be regarded as an acceptable commercial method, and
 - (b) prescribing cases in which the only acceptable commercial method is to be a method prescribed, or of a description prescribed, in the regulations.
- (4) Subject to any provision made by regulations under subsection (3), the method adopted for the purposes of this section for a period of account—
 - (a) must be consistent with the method adopted for the purposes of section 98 for that period, and

 - (b) the asset (or part of it) is within one of the applicable categories at the time immediately before the acquisition but is not within that category immediately after that time,
- the transferor is treated for the purposes of corporation tax on chargeable gains as if it had disposed of and immediately re-acquired the asset (or part) at the time immediately before the acquisition.
- (2) The consideration for this deemed disposal and re-acquisition is equal to the fair value of the asset (or part) at that time.
- (3) If the transferor or the transferee is an overseas life insurance company, an asset (or part of an asset) is taken as being in the same category immediately before and after the acquisition if the asset (or part)—
- (a) was within one category immediately before the acquisition, and
 - (b) was within a corresponding category immediately after the acquisition.
- (4) Subsections (1) to (3) do not apply if all the income of the long-term business of either the transferor or the transferee is chargeable to corporation tax on income under section 35 of CTA 2009.

- (6) If—

 - (b) immediately before or after doing so, the asset (or part) is within the applicable category, and

122 Assets forming part of long-term business fixed capital

For the purposes of this Chapter assets that form part of the long-term business fixed capital of an insurance company are to be regarded as assets held by the company otherwise than for the purposes of its long-term business.

CHAPTER 9

RELIEF FOR BLAGAB TRADE LOSSES ETC

The reliefs

123 Relief for BLAGAB trade losses against total profits

- (1) Section 37 of CTA 2010 (relief for trade losses against total profits) is to apply in relation to a BLAGAB trade loss for an accounting period as it applies in relation to any other loss made in a trade for an accounting period.
- (2) Subsection (1) applies despite the fact that, had there been a BLAGAB trade profit for the accounting period, that profit would not have been charged to tax under section 35 of CTA 2009 and the I - E rules would have been applicable instead.

124 Carry forward of BLAGAB trade losses against subsequent profits

- (1) This section applies if an insurance company carrying on basic life assurance and general annuity business makes a BLAGAB trade loss for an accounting period.
- (2) Relief is available under this section for that part of the BLAGAB trade loss (“the unrelieved loss”) for which no relief is given under section 37 of CTA 2010 (as applied by section 123).

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

*Changes to legislation: There are currently no known outstanding effects
 for the Finance Act 2012, PART 2. (See end of Document for details)*

- (3) The relief for the unrelieved loss is to be given as follows.
- (4) The unrelieved loss is to be carried forward to subsequent accounting periods (so long as the company continues to carry on basic life assurance and general annuity business).
- (5) For the purposes of—
 - (a) section 93 (minimum profits charge), and
 - (b) section 104 (policyholders' rate of tax),
 the BLAGAB trade profit of any such period is reduced by the unrelieved loss so far as that loss cannot be used under this subsection to reduce the BLAGAB trade profit of an earlier period.
- (6) Relief under this section is subject to restriction or modification in accordance with section 137(7) of CTA 2010 and other applicable provisions of the Corporation Tax Acts.

125 Group relief

- (1) Part 5 of CTA 2010 (group relief) is to apply in relation to a BLAGAB trade loss for an accounting period as it applies in relation to any other loss made in a trade for an accounting period.
- (2) Subsection (1) applies despite the fact that, had there been a BLAGAB trade profit for the accounting period, that profit would not have been charged to tax under section 35 of CTA 2009 and the I - E rules would have been applicable instead.
- (3) If for an accounting period an insurance company has—
 - (a) an I - E profit, and
 - (b) losses or other amounts within section 99(1)(d) to (g) of CTA 2010,
 the company's gross profits of the accounting period for the purposes of section 105 of that Act (restriction on surrender of those amounts) are not to include the policyholders' share of the I - E profit (as determined for the purposes of section 102).

Restrictions

126 Restrictions in respect of non-trading deficit

- (1) The amount of a BLAGAB trade loss for an accounting period of an insurance company that is available for relief under—
 - (a) section 37 of CTA 2010 (as applied by section 123), or
 - (b) Part 5 of CTA 2010 (group relief) (as applied by section 125),
 is to be reduced by the amount of any relevant non-trading deficit which the company has for the accounting period.
- (2) The reference to a relevant non-trading deficit for an accounting period is a reference to the non-trading deficit which the company would have under section 388 of CTA 2009 (loan relationships and derivative contracts) if credits and debits given in respect of the company's creditor relationships (within the meaning of Part 5 of that Act) were ignored.

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

127 No relief against policyholders' share of I - E profit

- (1) This section applies in the case of an insurance company carrying on basic life assurance and general annuity business.
- (2) None of the following reliefs are to be given against the policyholders' share of any I - E profit of the company for any accounting period (as determined for the purposes of section 102).
- (3) The reliefs in question are—
 - (a) relief under section 37 of CTA 2010 (including as applied by section 123),
 - (b) relief under Chapter 2 or 4 of Part 4 of CTA 2010 (loss relief),
 - (c) relief under Part 5 of CTA 2010 (group relief) (including as applied by section 125),
 - (d) relief in respect of any qualifying charitable donation,
 - (e) relief in respect of any amount representing a non-trading deficit on the company's loan relationships calculated otherwise than by reference to debits and credits referable, in accordance with Chapter 4, to its basic life assurance and general annuity business.
- (4) If the company's basic life assurance and general annuity business is mutual business, subsection (3)(d) does not apply.

CHAPTER 10

TRANSFERS OF LONG-TERM BUSINESS

Transfers of BLAGAB

128 Relief for transferee in respect of transferor's BLAGAB expenses

- (1) This section applies if, under an insurance business transfer scheme, there is a transfer of basic life assurance and general annuity business (or any part of that business) from one insurance company to another.
- (2) Acquisition expenses relief is to be given to the transferee for any acquisition expenses for which, on the assumptions set out below, that relief would have been given to the transferor for an accounting period starting after the date of the transfer.
- (3) “Acquisition expenses relief” means relief given, in accordance with section 79 (spreading of acquisition expenses), at step 3 in section 76.
- (4) For the transferee's first accounting period ending after the date of the transfer, acquisition expenses relief for the acquisition expenses within subsection (2) is to be determined as if that period had started with the date after the date of the transfer.
- (5) Relief at step 5 in section 76 is to be given to the transferee for any excess BLAGAB expenses for which, on the assumptions set out below, that relief would have been given to the transferor for an accounting period starting after the date of the transfer.
- (6) For the purposes of this section it is to be assumed that—
 - (a) the transferor had continued to carry on the transferred business after the transfer, and

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

*Changes to legislation: There are currently no known outstanding effects
 for the Finance Act 2012, PART 2. (See end of Document for details)*

- (b) the transferor had an accounting date ending with the date of the transfer (if that would not otherwise be the case).
- (7) If the transfer is a transfer of part of the business, references in this section to any expenses are to be read as references to the appropriate part of the expenses.
- (8) Any relief given to the transferee as a result of this section is instead of any relief that would otherwise have been given to the transferor.

129 Intra-group transfers and demutualisation

- (1) This section applies if—
 - (a) under an insurance business transfer scheme, there is a transfer of basic life assurance and general annuity business (or any part of that business) from one insurance company to another, and
 - (b) the transfer is a relevant intra-group transfer or is in connection with a demutualisation.
- (2) A transfer is a “relevant intra-group transfer” if—
 - (a) the transferor and transferee are members of the same group of companies when the transfer occurs, and
 - (b) the transferee is within the charge to corporation tax in relation to the transfer.
- (3) A transfer is “in connection with a demutualisation” if—
 - (a) it is for the purposes of the conversion of a company (under the law of any territory) from one without share capital to one with share capital (without any change of legal personality), or
 - (b) it is a transfer by a mutual life insurance company of all, or substantially all, of its basic life assurance and general annuity business to an insurance company which is not a mutual life insurance company,
 and for the purposes of paragraph (b) a “mutual life insurance company” means an insurance company which carries on mutual life assurance business.
- (4) For the purpose of calculating the BLAGAB trade profit or loss of the transferor for any accounting period, any amount in respect of the transfer that is debited or credited in accounts drawn up by the transferor in accordance with generally accepted accounting practice is to be ignored.
- (5) For the purpose of calculating the BLAGAB trade profit or loss of the transferee for any accounting period, any amount in respect of the transfer that is debited or credited in accounts drawn up by the transferee in accordance with generally accepted accounting practice is to be ignored.
- (6) But if there is a difference between—
 - (a) the net amount recognised by the transferee in respect of the transfer of contracts of long-term insurance or contracts made in the course of capital redemption business, and
 - (b) the net amount recognised by the transferor in respect of the transfer of those contracts,
 the amount of the difference is to be taken into account for the purpose of calculating the BLAGAB trade profit or loss of the transferee for the accounting period in which those contracts are transferred.

Status: Point in time view as at 06/04/2012. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2012, PART 2. (See end of Document for details)

- (7) The difference is to be taken into account—

- (2) If, for the purposes of section 129, the transfer—
- (a) is a relevant intra-group transfer, or
 - (b) is in connection with a demutualisation,
- section 129 applies for the purpose of calculating for corporation tax purposes the profits of the non-BLAGAB long-term business of the transferor or transferee for any accounting period.
- (3) If the conditions in section 130(1)(b) to (d) are met in the case of the transfer, section 130 applies for the purpose of calculating for corporation tax purposes the profits of the non-BLAGAB long-term business of the transferee for any accounting period.

132 Anti-avoidance

- (1) This section applies if—
- (a) under an insurance business transfer scheme, there is a transfer on or after 1 January 2013 from one insurance company to another of basic life assurance and general annuity business (or any part of that business) or non-BLAGAB long-term business (or any part of that business), and
 - (b) the main purpose, or one of the main purposes, of a company (“C”) in entering into one or more of the arrangements included in the insurance business transfer arrangements is an unallowable purpose.
- (2) The “insurance business transfer arrangements” consist of—
- (a) the insurance business transfer scheme under which the transfer is made, and

- (3) A purpose is an “unallowable purpose” if—
 - (a) it consists of securing a tax advantage for C or any other company, or
 - (b) it is not amongst C's business or other commercial purposes.
- (4) There are to be made such adjustments of any income or gains chargeable to corporation tax as are required to negate any tax advantage arising to C or any other company so far as referable to the unallowable purpose on a just and reasonable apportionment.
- (5) For the purposes of this section—
 - (a) “arrangement” includes any agreement, scheme, transaction or understanding (whether or not legally enforceable), and
 - (b) section 1139 of CTA 2010 (meaning of “tax advantage”) applies, but reading references to tax as references to corporation tax.
- (6) If C is not within the charge to corporation tax in respect of a part of its activities, C's business or other commercial purposes for the purposes of this section do not include the purposes of that part of its activities.

133 Clearance procedure

- (1) Section 132 does not apply if, on an application by C, HMRC Commissioners give a notice under this section stating that they are satisfied—
 - (a) that C's main purpose in entering into the arrangements included in the insurance business transfer arrangements is not an unallowable purpose or none of C's main purposes in entering into those arrangements is an unallowable purpose, or
 - (b) that the transferor and the transferee are members of the same group of companies when the transfer occurs and that the transfer produces no tax advantage for the group.
- (2) For this purpose the transfer produces no tax advantage for the group if—
 - (a) as a result of the insurance business transfer arrangements, there is an increase in the liability to corporation tax of one or more companies which are members of the group, and
 - (b) the amount (or total amount) of that increase is at least equal to the amount (or total amount) of the reduction in the liability to corporation tax of the transferor or the transferee that arises as a result of those arrangements.

134 Section 133: supplementary

- (1) An application under section 133 must—
 - (a) be in writing, and
 - (b) contain particulars of the insurance business transfer arrangements.
- (2) HMRC Commissioners may by notice require C to provide further particulars in order to enable them to determine the application.
- (3) A requirement may be imposed under subsection (2) within 30 days of the receipt of the application or of any further particulars required under that subsection.

- (5) HMRC Commissioners must give notice to C of their decision on an application under section 133—
 - (a) within 30 days of receiving the application, or
 - (b) if they give a notice under subsection (2), within 30 days of that notice being complied with.
