<i>3</i>	The amount of any non-trading debit that falls to be brought into account for the actual accounting period for the purposes of Part 5 of CTA 2009 (loan relationships) in respect of any debtor relationship of the company.	<ul style="list-style-type: none">(1) If condition A in section 705G(4) is met, apportion the amount in column 1 by reference to the time of accrual of the amount to which the debit relates.(2) If condition B in section 705G(5) is met, apportion the amount in column 1 to the first notional accounting period.

Apportion to each notional accounting period the credits or debits that would fall to be brought into account in that period if it were a period of account for which accounts were drawn up in accordance with generally accepted accounting practice.
6	The amount of any non-trading loss on intangible fixed assets carried forward to the actual accounting period under section 753(3) of CTA 2009 and treated under that section as if it were a non-trading debit of that period.	Apportion the whole of the amount in column 1 to the first notional accounting period.
7	Any other amounts by reference to which the profits or losses of the actual accounting period would (but for this Chapter) be calculated.	Apportion the amount in column 1 on a time basis according to the respective lengths of the two notional accounting periods.
