- (2) In this section “qualifying person” means –
 - (a) a water undertaker;
 - (b) a person who has made an application for an appointment or variation under section 8 which has not been determined.
- (3) On the application of the qualifying person or the supplier, the Authority may –

 - (b) if the Authority is satisfied that the supplier and qualifying person cannot reach agreement within a reasonable time,by order require the supplier to give and the qualifying person to take a supply of water in bulk for such period and on such terms and conditions as may be specified in the order.
- (4) Before making an order under subsection (3), the Authority must consult the appropriate agency, in particular about whether the proposed supply of water would secure an efficient use of water resources, taking into account the effect on the environment of the proposed supply.
- (5) Subject to subsection (6), an order under subsection (3) has effect as an agreement between the supplier and the qualifying person.
- (6) If the Authority makes an order under subsection (3) that affects a person who is a qualifying person by virtue of subsection (2)(b), the Authority must frame the order so that it does not have effect until –
 - (a) the person becomes a water undertaker for the area specified in the order, or
 - (b) the person becomes a water undertaker for an area that includes the area specified in the order (in the case of a water undertaker applying for a variation).
- (7) Neither the CMA nor the Authority may exercise, in respect of an agreement for the supply of water in bulk by a water undertaker to a qualifying person, the powers conferred by –

- (a) facilitating effective competition within the water supply industry;
 - (b) the supplier’s recovering the expenses of complying with its obligations by virtue of this section and securing a reasonable return on its capital;
 - (c) the supplier’s being able to meet its existing obligations, and likely future obligations, to supply water without having to incur unreasonable expenditure in carrying out works;
 - (d) not putting at risk the ability of the supplier to meet its existing obligations, or likely future obligations, to supply water.
- (10) In this section and section 40A “the appropriate agency”, in relation to a determination whether to make an order under subsection (3) or section 40A(1) which would result in, or which would vary or terminate, a bulk supply agreement, means –
- (a) the Environment Agency, in a case where all parties to the bulk supply agreement are or would be –
 - (i) a water undertaker whose area is wholly in England, or
 - (ii) a person who would, if the person’s application for an appointment or variation is determined in accordance with the application, be such a water undertaker;

- (a) if it appears to the Authority that it is necessary or expedient for the purpose of securing the efficient use of water resources, or

- the efficient supply of water, that the bulk supply agreement should be varied or terminated, and
- (b) if the Authority is satisfied that variation or termination cannot be achieved by agreement within a reasonable time,
by order vary or terminate the bulk supply agreement.
- (2) Before making an order under subsection (1), the Authority must consult the appropriate agency, in particular about whether the proposed variation or termination of the bulk supply agreement would secure an efficient use of water resources, taking into account the effect on the environment of what is proposed.
- (3) If an order under subsection (1) is made in relation to a bulk supply agreement, the agreement –
- (a) has effect subject to the provision made by the order, or
- (b) ceases to have effect (as the case may be).
- (4) An order under subsection (1) may require any party to the agreement to pay compensation to any other party.
- (5) Neither the CMA nor the Authority may exercise, in respect of an agreement to vary or terminate a bulk supply agreement, the powers conferred by –
- (a) section 32 of the Competition Act 1998 (directions in relation to agreements);
- (b) section 35(2) of that Act (interim directions).
- (6) Subsection (5)(b) does not apply to the exercise of powers in respect of conduct –
- (a) which is connected with an agreement to vary or terminate a bulk supply agreement, and
- (b) in respect of which section 35(1) of the Competition Act 1998 applies because of an investigation under section 25 of that Act relating to a suspected infringement of the Chapter 2 prohibition imposed by section 18(1) of that Act.
- (7) In exercising its functions under this section, the Authority must have regard to the expenses incurred by the supplier in complying with its obligations under the bulk supply agreement in question and to the desirability of –
- (a) facilitating effective competition within the water supply industry;
- (b) the supplier’s recovering the expenses of complying with its obligations by virtue of this section and securing a reasonable return on its capital;
- (c) the supplier’s being able to meet its existing obligations, and likely future obligations, to supply water without having to incur unreasonable expenditure in carrying out works;
- (d) not putting at risk the ability of the supplier to meet its existing obligations, or likely future obligations, to supply water.
- (8) In this section and sections 40B to 40J –
“qualifying person” has the meaning given by section 40;

“supplier”, in relation to a bulk supply agreement, means any water undertaker which is required by the agreement to provide a bulk supply of water.

 - (e) principles for determining the terms and conditions that should or should not be incorporated into a bulk supply agreement;
 - (f) the steps to be taken by the Authority in determining whether a person is complying with a code.
- (3) A code must include provision requiring persons proposing to make, vary or terminate a bulk supply agreement to consult the appropriate agency.
- (4) If the Authority considers that a water undertaker is not acting as required by a code, the Authority may give the undertaker a direction to do, or not to do, a particular thing specified in the direction.
- (5) The Authority may not give a direction under subsection (4) requiring a person to enter into, vary or terminate an agreement.

Section 1

WATER UNDERTAKERS’ DUTIES AS REGARDS WATER SUPPLY LICENSEES

- 1 For sections 66A to 66C of the Water Industry Act 1991, and the Chapter heading and italic heading preceding section 66A, there is substituted –

“SUPPLY DUTIES ETC: WATER SUPPLY LICENSEES

Duties of undertakers to supply water supply licensees etc

66A Use of water undertaker’s supply system

- (1) This section applies where a water supply licensee with a retail authorisation (“L”) requests a water undertaker to permit the use of the undertaker’s supply system for the purpose of supplying water to premises that –
 - (a) L is to supply in accordance with L’s retail authorisation, and
 - (b) are in the area of the undertaker.
- (2) This section also applies where a water supply licensee with a restricted retail authorisation (“R”) requests a water undertaker to permit the use of the undertaker’s supply system for the purpose of supplying water to premises that –
 - (a) R is to supply in accordance with R’s restricted retail authorisation, and
 - (b) are in the area of the undertaker.
- (3) Where this section applies, the undertaker must in accordance with a section 66D agreement take such steps –
 - (a) for the purpose of connecting the premises in question with the undertaker’s supply system, or
 - (b) in respect of that system,
 as may be provided for in that agreement in order to enable the requested use of the undertaker’s supply system.
- (4) A water undertaker is not required by this section to permit the use of its supply system, or to take any steps to enable its use, if the first or second ground applies.
- (5) The first ground is that –
 - (a) in the case of a request under subsection (1), the water supply licensee has not secured by means of –
 - (i) a request under section 66AA(1) made by the licensee,
 - (ii) a request under section 66B(1) or 66C(1), (2) or (3) made by the licensee or another water supply licensee, or
 - (iii) a combination of such requests,
 a supply of water, or the introduction of a supply of water, in connection with which the premises in question are to be supplied;
 - (b) in the case of a request under subsection (2), the water supply licensee has not secured by means of –

- (i) a request under section 66AA(2), 66B(2) or (3) or 66C(4), or
 - (ii) a combination of such requests,

a supply of water, or the introduction of a supply of water, in connection with which the premises in question are to be supplied.
- (6) The second ground is that there is, in relation to the water fittings used or to be used in connection with—
 - (a) the supply of water to the premises in question, or
 - (b) the use of water in those premises,

a contravention of such of the requirements of regulations under section 74 as are prescribed for the purposes of this subsection.
- (7) Where—
 - (a) a request has been made by a water supply licensee for the purposes of subsection (1) or (2), and
 - (b) the steps which the undertaker is required to take by virtue of that request include steps for the purpose of obtaining any necessary authority for, or agreement to, any exercise by it of any of its powers or the carrying out by it of any works,

the failure of the undertaker to acquire the necessary authority or agreement does not affect the liability of the licensee to reimburse the undertaker in respect of some or all of the expenses incurred by it in taking those steps, if the section 66D agreement provides for such liability as regards those steps.
- (8) For the purposes of this section and sections 66AA to 66C—
 - (a) premises which are outside a water undertaker's area are to be treated as being within that area if they are supplied with water using the undertaker's supply system, and
 - (b) any pipes of the water undertaker which are used for the purpose of supplying premises as mentioned in paragraph (a) are to be treated as being part of the undertaker's supply system (if they would not otherwise be part of it).
- (9) In this section and sections 66AA to 66C—
 - (a) "prescribed" means, in relation to a water undertaker whose area is wholly or mainly in Wales, prescribed by regulations made by the Welsh Ministers by statutory instrument, which is subject to annulment in pursuance of a resolution of the Assembly;
 - (b) a reference to the supply system of a water undertaker is to be construed in accordance with section 17B;

 - (a) L is to supply in accordance with L's retail authorisation, and

- (b) are in the area of the undertaker.
- (2) This section also applies where a water supply licensee with a restricted retail authorisation (“R”) requests a water undertaker to provide R with a supply of water for the purpose of supplying water to premises that—
- (a) R is to supply in accordance with R’s restricted retail authorisation, and
 - (b) are in the area of the undertaker.
- (3) Where this section applies, the undertaker must in accordance with a section 66D agreement—

 - (b) having taken such steps, provide the requested supply of water.
- (4) A water undertaker is not required by this section to provide a supply of water if both of the first and second grounds apply.
- (5) The first ground is that—
- (a) the premises to be supplied by L or, as the case may be, R do not consist in the whole or any part of a building, or
 - (b) the supply to be made by L or, as the case may be, R to those premises is for purposes other than domestic purposes.
- (6) The second ground is that provision of a supply of water by the water undertaker would—
- (a) require the undertaker, in order to meet all its existing obligations to supply water for domestic or other purposes, together with its probable future obligations to supply buildings and parts of buildings with water for domestic purposes, to incur unreasonable expenditure in carrying out works, or
 - (b) otherwise put at risk its ability to meet any of the existing or probable future obligations mentioned in paragraph (a).
- (7) Where—
- (a) a request has been made by a water supply licensee for the purposes of subsection (1) or (2), and
 - (b) the steps which the undertaker is required to take by virtue of that request include steps for the purpose of obtaining any necessary authority for, or agreement to, any exercise by it of any of its powers or the carrying out by it of any works,
- the failure of the undertaker to acquire the necessary authority or agreement does not affect the liability of the licensee to reimburse the undertaker in respect of some or all of the expenses incurred by it in taking those steps, if the section 66D agreement provides for such liability as regards those steps.

66B Introduction of water into water undertaker’s supply system

- (1) This section applies where—

 - (b) the premises in issue are in the area of the undertaker.
- (2) This section also applies where –
 - (a) a water supply licensee with a supplementary authorisation (“R1”) requests a water undertaker to permit R1 to introduce water into the undertaker’s supply system, with a view to the use of that system, in connection with that introduction of water, to supply water to particular premises in accordance with R1’s restricted retail authorisation, and
 - (b) the premises in issue are in the area of the undertaker.
- (3) This section also applies where –
 - (a) a water undertaker agrees to permit a water supply licensee with a supplementary authorisation (“R2”) to introduce water into the undertaker’s treatment works,
 - (b) in connection with that introduction, R2 requests the undertaker to permit R2 to introduce water into the undertaker’s supply system, with a view to the use of that system to supply water to particular premises in accordance with R2’s restricted retail authorisation, and
 - (c) the premises in issue are in the area of the undertaker.
- (4) Where this section applies, the undertaker must in accordance with a section 66D agreement –

- (d) having taken steps under paragraph (a), (b) or (c) (as the case may be), permit the requested introduction of water into that supply system.
- (5) A water undertaker is not required by this section to permit the introduction of water into its supply system, or to take any steps to enable such an introduction of water, if permitting the introduction of water into the undertaker’s supply system would –
- (a) require the undertaker, in order to meet all its existing obligations to supply water for domestic or other purposes, together with its probable future obligations to supply buildings and parts of buildings with water for domestic purposes, to incur unreasonable expenditure in carrying out works, or
- (b) otherwise put at risk its ability to meet any of the existing or probable future obligations mentioned in paragraph (a).
- (6) Where –
- (a) a request has been made by a water supply licensee for the purposes of subsection (1), (2) or (3), and
- (b) the steps which the undertaker is required to take by virtue of that request include steps for the purpose of obtaining any necessary authority for, or agreement to, any exercise by it of any of its powers or the carrying out by it of any works,
- the failure of the undertaker to acquire the necessary authority or agreement does not affect the liability of the licensee to reimburse the undertaker in respect of some or all of the expenses incurred by it in taking those steps, if the section 66D agreement provides for such liability as regards those steps.
- (7) In this section “treatment works” means –
- (a) in relation to a water undertaker whose area is wholly or mainly in Wales, the works designated as treatment works by the Secretary of State for the purposes of section 17B(6);
- (b) in relation to a water supply licensee, the works designated from time to time by the Welsh Ministers as treatment works for the purposes of this paragraph.

 - (i) L3’s retail authorisation except so far as that authorisation relates to L3’s customers, or
 - (ii) a retail authorisation other than L3’s, and
 - (b) requests L3’s primary water undertaker to permit L3 to introduce that water into the primary water undertaker’s supply system,and the premises in issue are in the area of the primary water undertaker.

- the failure of the undertaker to acquire the necessary authority or agreement does not affect the liability of the licensee to reimburse the undertaker in respect of some or all of the expenses incurred by it in taking those steps, if the section 66D agreement provides for such liability as regards those steps.
- (10) A pipe laid because of subsection (6)(a)(i) is to be regarded as a water main for the purposes of this Act, subject to any provision to the contrary.
