SCHEDULES

SCHEDULE 33

PROTECTIVE PROVISIONS

PART 2

ELECTRICITY, GAS, WATER AND SEWERAGE UNDERTAKERS

- 25 (1) Not less than 28 days before commencing to construct any work authorised by this Act which is near to, or will or may affect, any apparatus the removal of which has not been required by the nominated undertaker under paragraph 20, the nominated undertaker must submit to the undertakers a plan and description of the work and of any protective measures which the nominated undertaker proposes to take in respect of that apparatus, together with a specification of such measures where appropriate.
- (2) The work must be constructed only in accordance with the plan and description submitted under sub-paragraph (1) and in accordance with such reasonable requirements as may be made by the undertakers for the alteration or otherwise for the protection of the apparatus or for securing access to the apparatus, and the undertakers are to be entitled by their officer to watch and inspect the construction of the work.
- (3) If the undertakers within 14 days after the submission to them of any such plan and description, in consequence of the works proposed by the nominated undertaker, reasonably require the removal of any apparatus and give written notice to the nominated undertaker of that requirement, this Part has effect as if the removal of such apparatus had been required by the nominated undertaker under paragraph 20.
- (4) Nothing in sub-paragraphs (1) to (3) precludes the nominated undertaker from submitting at any time, or from time to time, but in no case less than 28 days before commencing the construction of the work, a new plan and description of it in lieu of the plan and description previously submitted, and having done so the provisions of those sub-paragraphs apply to and in respect of the new plan and description.
- (5) The nominated undertaker is not required to comply with sub-paragraphs (1) to (3) in a case of emergency but in such a case it must give notice to the undertakers as soon as reasonably practicable and a plan and description of those works as soon as reasonably practicable subsequently, and must comply with those sub-paragraphs so far as reasonably practicable in the circumstances.
