

Energy Act 2023

CHAPTER 52

ENERGY ACT 2023

PART 1

LICENSING OF CARBON DIOXIDE TRANSPORT AND STORAGE

CHAPTER 1

LICENSING OF ACTIVITIES

General functions

- 1 Principal objectives and general duties of Secretary of State and economic regulator

Licensable activities

- 2 Prohibition on unlicensed activities
- 3 Consultation on proposals for additional activities to become licensable
- 4 Territorial scope of prohibition
- 5 Exemption from prohibition
- 6 Revocation or withdrawal of exemption

Grant and conditions of licences

- 7 Power to grant licences
- 8 Power to create licence types
- 9 Procedure for licence applications
- 10 Competitive tenders for licences
- 11 Conditions of licences: general
- 12 Standard conditions of licences
- 13 Modification of conditions of licences

Status: Point in time view as at 11/01/2024.

Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

- 14 Modification of conditions under section 13: supplementary
- 15 Modification by order under other enactments

Interim power of Secretary of State to grant licences

- 16 Interim power of Secretary of State to grant licences

Termination of licence

- 17 Termination of licence

Transfer of licences

- 18 Transfer of licences
- 19 Consenting to transfer

Appeal from decisions of the economic regulator

- 20 Appeal to the CMA
- 21 Procedure on appeal to CMA
- 22 Determination by CMA of appeal
- 23 CMA's powers on allowing appeal
- 24 Time limits for CMA to determine an appeal
- 25 Determination of appeal by CMA: supplementary

Information

- 26 Provision of information to or by the economic regulator
- 27 Power of Secretary of State to require information

Other functions of the economic regulator

- 28 Monitoring, information gathering etc
- 29 Power to require information for purposes of monitoring
- 30 Duty to carry out impact assessment
- 31 Reasons for decisions

Enforcement

- 32 Enforcement of obligations of licence holders

False statements

- 33 Making of false statements etc

Criminal liability and procedure

- 34 Liability of officers of entities
- 35 Criminal proceedings

CHAPTER 2

FUNCTIONS WITH RESPECT TO COMPETITION

- 36 Functions under the Enterprise Act 2002
- 37 Functions under the Competition Act 1998
- 38 Sections 36 and 37: supplementary

Status: Point in time view as at 11/01/2024.
Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

CHAPTER 3

REPORTING REQUIREMENTS

- 39 Forward work programmes
- 40 Information in relation to CCUS strategy and policy statement
- 41 Annual report on transport and storage licensing functions

CHAPTER 4

SPECIAL ADMINISTRATION REGIME

Transport and storage administration orders

- 42 Transport and storage administration orders
- 43 Objective of a transport and storage administration

Application and amendment of the Energy Act 2004

- 44 Application of certain provisions of the Energy Act 2004
- 45 Conduct of administration, transfer schemes etc

Licence modifications

- 46 Modification of conditions of licences

Powers to modify enactments

- 47 Modification under the Enterprise Act 2002
- 48 Power to make further modifications of insolvency legislation

Interpretation

- 49 Interpretation of Chapter 4

CHAPTER 5

TRANSFER SCHEMES

- 50 Transfer schemes
- 51 Consultation in relation to transfers
- 52 Conduct of transfer schemes

CHAPTER 6

MISCELLANEOUS AND GENERAL

- 53 Cooperation of storage licensing authority with economic regulator
- 54 Amendments related to Part 1
- 55 Interpretation of Part 1

Status: Point in time view as at 11/01/2024.
Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

PART 2

CARBON DIOXIDE CAPTURE, STORAGE ETC AND HYDROGEN PRODUCTION, TRANSPORT AND STORAGE

CHAPTER 1

REVENUE SUPPORT CONTRACTS

Key definitions

56 Chapter 1: interpretation

Provision of revenue support under certain contracts

57 Revenue support contracts

Duties of revenue support counterparty

58 Duties of revenue support counterparty

Carbon dioxide capture, storage etc and hydrogen production, transport and storage

59 Designation of carbon dioxide transport and storage counterparty

60 Direction to offer to contract with licence holder

Hydrogen transport

61 Designation of hydrogen transport counterparty

62 Direction to offer to contract with eligible hydrogen transport provider

Hydrogen storage

63 Designation of hydrogen storage counterparty

64 Direction to offer to contract with eligible hydrogen storage provider

Hydrogen production

65 Designation of hydrogen production counterparty

66 Direction to offer to contract with eligible low carbon hydrogen producer

Carbon capture

67 Designation of carbon capture counterparty

68 Direction to offer to contract with eligible carbon capture entity

Hydrogen levy

69 Appointment of hydrogen levy administrator

70 Obligations of relevant market participants

71 Payments to relevant market participants

72 Functions of hydrogen levy administrator

Allocation of contracts

73 Power to appoint allocation bodies

74 Standard terms of revenue support contracts

Status: Point in time view as at 11/01/2024.
Changes to legislation: *There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)*

- 75 Allocation notifications
- 76 Allocation of contracts
- 77 Duty to offer to contract following allocation
- 78 Modification of standard terms
- 79 Sections 75 to 78: supplementary
- 80 Licence conditions regarding functions of certain allocation bodies

General provision about counterparties

- 81 Further provision about designations
- 82 Application of sums held by a revenue support counterparty

Information and advice

- 83 Information and advice

Enforcement

- 84 Enforcement

Consultation

- 85 Consultation

Transfer schemes

- 86 Transfer schemes
- 87 Modification of transfer schemes

General

- 88 Shadow directors, etc
- 89 Modifications of licences etc for purposes related to levy obligations
- 90 Electricity system operator and gas system planner licences: modifications
- 91 Sections 89 and 90: supplementary

CHAPTER 2

DECOMMISSIONING OF CARBON STORAGE INSTALLATIONS

Financing of costs of decommissioning etc

- 92 Financing of costs of decommissioning etc
- 93 Section 92: supplementary
- 94 Regulations under section 92(1): procedure with devolved authorities

Abandonment of carbon storage installations etc

- 95 Provisions relating to Part 4 of the Petroleum Act 1998

Change of use relief

- 96 Change of use relief: installations
- 97 Change of use relief: carbon storage network pipelines
- 98 Change of use relief: supplementary

Status: Point in time view as at 11/01/2024.

Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

CHAPTER 3

STRATEGY AND POLICY STATEMENT

- 99 Designation of strategy and policy statement
- 100 Duties with regard to considerations in the statement
- 101 Review
- 102 Procedural requirements

CHAPTER 4

CARBON DIOXIDE STORAGE LICENCES

- 103 Specified provisions in carbon dioxide storage licences
- 104 Content of storage permits under carbon dioxide storage licences
- 105 Offences relating to carbon dioxide storage licences
- 106 Power of OGA to require information about change in control of licence holder

CHAPTER 5

CARBON STORAGE INFORMATION AND SAMPLES

Introductory

- 107 Chapter 5: key definitions

Requirements relating to information and samples

- 108 Retention of information and samples
- 109 Preparation and agreement of information and samples plans
- 110 Information and samples plans: supplementary
- 111 Information and samples coordinators
- 112 Power of OGA to require information and samples
- 113 Prohibition on disclosure of information or samples by OGA
- 114 Power of Secretary of State to require information and samples

Enforcement of sanctionable requirements

- 115 Power of OGA to give sanction notices
- 116 Enforcement notices
- 117 Financial penalty notices
- 118 Revocation notices
- 119 Operator removal notices
- 120 Duty of OGA to give sanction warning notices
- 121 Publication of details of sanctions
- 122 Subsequent sanction notices
- 123 Withdrawal of sanction notices
- 124 Sanctions: information powers

General

- 125 Appeals
- 126 Procedure for enforcement decisions
- 127 Interpretation of Chapter 5

Status: Point in time view as at 11/01/2024.
Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

CHAPTER 6

GENERAL

- 128 Access to infrastructure
- 129 Financial assistance

PART 3

LICENSING OF HYDROGEN PIPELINE PROJECTS

Introductory

- 130 Key definitions for Part 3

Designation in relation to hydrogen pipeline projects

- 131 Designation
- 132 Designation: procedure
- 133 Revocation of designation

Grant etc of gas transporter licence

- 134 Grant, extension or restriction of gas transporter licence by Secretary of State
- 135 Applications for grant etc of gas transporter licence

Modification of gas transporter licence

- 136 Modification of gas transporter licence by Secretary of State
- 137 Scope of modification powers under section 136
- 138 Procedure etc relating to modifications under section 136

Information

- 139 Information and advice

Conditions of gas transporter licences

- 140 Conditions of gas transporter licences for conveyance of hydrogen

Other

- 141 Secretary of State directions to the GEMA
- 142 Repeal of Part 3

PART 4

NEW TECHNOLOGY

CHAPTER 1

LOW-CARBON HEAT SCHEMES

- 143 Low-carbon heat schemes
- 144 Application of scheme
- 145 Setting of targets etc
- 146 Further provision about scheme regulations

Status: Point in time view as at 11/01/2024.

Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

- 147 Administration of scheme
- 148 Enforcement, penalties and offences
- 149 Application of sums paid by virtue of section 146(4) or 148(3)
- 150 Appeals
- 151 Scheme regulations: procedure etc
- 152 Interpretation of Chapter 1

CHAPTER 2

HYDROGEN GRID CONVERSION TRIALS

- 153 Modifications of the gas code
- 154 Regulations for protection of consumers

CHAPTER 3

MISCELLANEOUS

Hydrogen

- 155 Power to modify Gas Act 1986 in relation to hydrogen

Fusion energy

- 156 Fusion energy facilities: nuclear site licence not required

Renewable and sustainable fuel

- 157 Treatment of recycled carbon fuel and nuclear-derived fuel as renewable transport fuel
- 158 Revenue certainty scheme for sustainable aviation fuel producers: consultation and report
- 159 Renewable liquid heating fuel obligations

Removals of greenhouse gases

- 160 Climate Change Act 2008: meaning of “UK removals”

PART 5

INDEPENDENT SYSTEM OPERATOR AND PLANNER

Independent System Operator and Planner: functions and designation

- 161 The Independent System Operator and Planner (“the ISOP”)
- 162 Designation etc

General duties

- 163 Duty to promote particular objectives
- 164 Duty to have regard to particular matters
- 165 Duty to have regard to strategy and policy statement

Licences

- 166 Licensing of electricity system operator activity

Status: Point in time view as at 11/01/2024.
Changes to legislation: *There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)*

- 167 Direction for transmission licence to have effect as electricity system operator licence
- 168 Licensing of gas system planning activity
- 169 Modification of licences etc
- 170 Procedure relating to modifications under section 169

Advice, analysis and information

- 171 Provision of advice, analysis or information
- 172 Power to require information from regulated persons etc
- 173 Duty to keep developments in energy sector under review

Transfers, pensions and financial assistance

- 174 Transfers
- 175 Pension arrangements
- 176 Financial assistance for the ISOP
- 177 Cross-sectoral funding

Other

- 178 Principal objective and general duties of Secretary of State and GEMA under Part 5
- 179 Minor and consequential amendments
- 180 Interpretation of Part 5
- 181 Regulations under Part 5

PART 6

GOVERNANCE OF GAS AND ELECTRICITY INDUSTRY CODES

Key definitions for Part 6

- 182 Designation of codes etc
- 183 Meaning of “code manager” and “code manager licence”
- 184 Designation of central systems

Licensing and selection of code manager

- 185 Licence under Gas Act 1986 for performance of code management function
- 186 Licence under Electricity Act 1989 for performance of code management function
- 187 Selection of code manager
- 188 Selection on a non-competitive basis
- 189 Selection on a competitive basis

Strategic direction statement for designated documents

- 190 Strategic direction statement
- 191 Transfer of functions under section 190 to Independent System Operator and Planner

Modifications and directions

- 192 Modification of designated documents by GEMA
- 193 Modification under section 192

Status: Point in time view as at 11/01/2024.

Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

- 194 Directions relating to designated central systems
- 195 Directions under section 194

General objectives and reports

- 196 Principal objective and general duties of Secretary of State and GEMA under Part 6
- 197 GEMA's annual report to cover matters relating to designated documents

Other

- 198 Regulations under Part 6
- 199 Interpretation of Part 6
- 200 Transitional provision and pension arrangements
- 201 Minor and consequential amendments

PART 7

MARKET REFORM AND CONSUMER PROTECTION

Principal objectives of Secretary of State and GEMA

- 202 Principal objectives of Secretary of State and GEMA

Competition

- 203 Competitive tenders for electricity projects
- 204 Mergers of energy network enterprises

Multi-purpose interconnectors

- 205 Licence required for operation of multi-purpose interconnector
- 206 Standard conditions for MPI licences
- 207 Operation of multi-purpose interconnectors: independence
- 208 Grant of MPI licences to existing operators
- 209 Power to make consequential etc provision
- 210 Consequential amendments relating to multi-purpose interconnectors

Support for energy-intensive industries

- 211 Electricity support payments for energy-intensive industries
- 212 Levy to fund electricity support payments

Electricity storage

- 213 Electricity storage

Reduction targets: carbon emissions and home-heating costs

- 214 Payment as alternative to complying with certain energy company obligations

Smart meters

- 215 Smart meters: extension of time for exercise of powers

Status: Point in time view as at 11/01/2024.
Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

PART 8

HEAT NETWORKS

CHAPTER 1

REGULATION OF HEAT NETWORKS

- 216 Relevant heat network
- 217 The Regulator
- 218 Alternative dispute resolution for consumer disputes
- 219 Heat networks regulations
- 220 Regulations made by Secretary of State: consultation with devolved authorities
- 221 Heat networks regulations: other provision about procedure
- 222 Recovery of costs by GEMA and NIAUR
- 223 Heat networks: licensing authority in Scotland
- 224 Heat networks: enforcement in Scotland
- 225 Interpretation of Chapter 1

CHAPTER 2

HEAT NETWORK ZONES

Zones regulations

- 226 Regulations about heat network zones

Heat Network Zones Authority and zone coordinators

- 227 Heat Network Zones Authority
- 228 Zone coordinators

Identification, designation and review of zones

- 229 Identification, designation and review of zones
- 230 Zoning methodology
- 231 Requests for information in connection with section 229 or 230

Heat networks within zones

- 232 Heat networks within zones
- 233 Delivery of district heat networks within zones

Enforcement

- 234 Enforcement of heat network zone requirements
- 235 Penalties

Records, information and reporting

- 236 Records, information and reporting

Interpretation

- 237 Interpretation of Chapter 2

Status: Point in time view as at 11/01/2024.

Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

PART 9

ENERGY SMART APPLIANCES AND LOAD CONTROL

CHAPTER 1

INTRODUCTORY

- 238 Energy smart appliances and load control

CHAPTER 2

ENERGY SMART APPLIANCES

- 239 Energy smart regulations
240 Prohibitions and requirements: supplemental
241 Enforcement
242 Sanctions, offences and recovery of costs
243 Appeals against enforcement action
244 Regulations: procedure and supplemental

CHAPTER 3

LICENSING OF LOAD CONTROL

- 245 Power to amend licence conditions etc: load control
246 Power to amend licence conditions etc: procedure
247 Load control: supplemental
248 Application of general duties to functions relating to load control
249 Licensing of activities relating to load control

PART 10

ENERGY PERFORMANCE OF PREMISES

- 250 Power to make energy performance regulations
251 Energy performance regulations relating to new premises
252 Sanctions
253 Regulations under Part 10

PART 11

ENERGY SAVINGS OPPORTUNITY SCHEMES

Establishment and application of schemes

- 254 Energy savings opportunity schemes
255 Application of energy savings opportunity schemes

Assessments, energy savings and emissions reductions

- 256 Requirement for assessment of energy consumption
257 Assessors
258 ESOS action plans
259 Action to achieve energy savings or emissions reductions

Status: Point in time view as at 11/01/2024.
Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

Administration, enforcement and appeals

- 260 Scheme administration
- 261 Enforcement, penalties and offences
- 262 Appeals

Procedure etc for regulations

- 263 ESOS regulations: procedure etc

Directions and financial assistance

- 264 Directions to scheme administrators
- 265 Financial assistance to scheme administrators and participants

Interpretation

- 266 Interpretation of Part 11

PART 12

CORE FUEL SECTOR RESILIENCE

CHAPTER 1

INTRODUCTION

- 267 General objective
- 268 “Core fuel sector activity” and other key concepts

CHAPTER 2

POWERS FOR RESILIENCE PURPOSES

Directions

- 269 Directions to particular core fuel sector participants
- 270 Procedure for giving directions
- 271 Offence of failure to comply with a direction

Corresponding powers to make regulations

- 272 Corresponding powers to make regulations

Information

- 273 Power to require information
- 274 Duty to report incidents
- 275 Contravention of requirement under section 273 or 274
- 276 Provision of information at specified intervals
- 277 Disclosure of information held by the Secretary of State
- 278 Disclosure of information by HMRC

Appeal against notice or direction

- 279 Appeal against notice or direction

Status: Point in time view as at 11/01/2024.
Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

CHAPTER 3

ENFORCEMENT

Offences

- 280 False statements etc
- 281 Offences under regulations
- 282 Proceedings for offences
- 283 Liability of officers of entities

Enforcement undertakings

- 284 Enforcement undertakings

Guidance

- 285 Guidance: criminal and civil sanctions
- 286 Guidance: Parliamentary scrutiny

CHAPTER 4

GENERAL

Financial assistance

- 287 Financial assistance for resilience and continuity purposes

Power to amend thresholds

- 288 Power to amend thresholds

Interpretation of Part 12

- 289 Interpretation of Part 12

PART 13

OFFSHORE WIND ELECTRICITY GENERATION, OIL AND GAS

CHAPTER 1

OFFSHORE WIND ELECTRICITY GENERATION

- 290 Meaning of “relevant offshore wind activity”
- 291 Strategic compensation for adverse environmental effects
- 292 Marine recovery fund
- 293 Assessment of environmental effects etc
- 294 Regulations under section 293: consultation and procedure
- 295 Interpretation of Chapter 1

CHAPTER 2

OIL AND GAS

Status: Point in time view as at 11/01/2024.
Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)

Environmental protection

- 296 Arrangements for responding to marine oil pollution
- 297 Habitats: reducing effects of offshore oil or gas activities etc
- 298 Regulations under sections 296 and 297: procedure with devolved authorities

Decommissioning: charging

- 299 Charges in connection with abandonment of offshore installations

Change in control of licensee

- 300 Model clauses of petroleum licences
- 301 Power of OGA to require information about change in control of licensee

PART 14

CIVIL NUCLEAR SECTOR

CHAPTER 1

CIVIL NUCLEAR SITES

- 302 Application to the territorial sea of requirement for nuclear site licence
- 303 Decommissioning of nuclear sites etc
- 304 Excluded disposal sites
- 305 Accession to Convention on Supplementary Compensation for Nuclear Damage
- 306 Power to implement Convention on Supplementary Compensation for Nuclear Damage

CHAPTER 2

CIVIL NUCLEAR CONSTABULARY

- 307 Provision of additional police services
- 308 Provision of assistance to other forces
- 309 Cross-border enforcement powers
- 310 Publication of three-year strategy plan

CHAPTER 3

RELEVANT NUCLEAR PENSION SCHEMES

- 311 Civil nuclear industry: amendment of relevant nuclear pension schemes
- 312 Meaning of “relevant nuclear pension scheme”
- 313 Information
- 314 Further definitions
- 315 Application of relevant pensions legislation
- 316 Procedure for regulations under Chapter 3

*Status: Point in time view as at 11/01/2024.**Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023. (See end of Document for details)***CHAPTER 4**

GREAT BRITISH NUCLEAR

Great British Nuclear: designation, status and objects

- 317 Great British Nuclear
- 318 Crown status
- 319 Great British Nuclear's objects

Financial assistance and directions etc

- 320 Financial assistance
- 321 Secretary of State directions and guidance

Annual report and accounts

- 322 Annual report
- 323 Annual accounts

Transfers and pension arrangements etc

- 324 Transfer schemes
- 325 Transfer schemes: compensation
- 326 Transfer schemes: taxation
- 327 Transfer schemes: provision of information or assistance
- 328 Reimbursement and compensation in connection with designation
- 329 Pension arrangements in connection with Great British Nuclear

PART 15

GENERAL

- 330 Power to make consequential provision
- 331 Regulations
- 332 General definitions
- 333 Extent
- 334 Commencement
- 335 Short title
