143 Low-carbon heat schemes

- (1) The Secretary of State may by regulations make provision for the establishment and operation of one or more low-carbon heat schemes.
- (2) A “low-carbon heat scheme” is a scheme for encouraging the supply or installation in the United Kingdom of relevant heating appliances through the imposition of low-carbon heat targets on persons to whom the scheme applies.
- (3) In this Chapter—
 - “low-carbon heat target” means a target imposed by or under scheme regulations;
 - “relevant heating appliance” means—
 - (a) a heating appliance that generates heat but is incapable of burning fossil fuels or peat to do so, or
 - (b) a heating appliance that generates heat by burning fossil fuels or peat, but does so only as part of a wider system to supplement heat from air, water or the ground.
- (4) In the definition of “relevant heating appliance” in [subsection \(3\)](#), “fossil fuel” means—
 - (a) coal,
 - (b) lignite,
 - (c) natural gas (within the meaning of the Energy Act 1976),

Status: Point in time view as at 31/01/2024.

Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023, Chapter 1. (See end of Document for details)

- (d) crude liquid petroleum,
 - (e) petroleum products (within the meaning of that Act), or
 - (f) any substance produced directly or indirectly from a substance mentioned in paragraphs (a) to (e).

- (2) A person within a description identified by virtue of subsection (1)(a) is referred to in this Chapter as a “scheme participant”.
- (3) Scheme regulations may—
- (a) set low-carbon heat targets, or
 - (b) provide for low-carbon heat targets to be set in accordance with provision made by the regulations.

Section 145 contains further provision about the setting of targets.

- (4) Scheme regulations must make provision about the period or periods in relation to which low-carbon heat targets have effect.
- (5) The provision that may be made by virtue of subsection (4) includes—
- (a) provision authorising things done by a scheme participant before the first period in relation to which a low-carbon heat target has effect to be treated as done by the scheme participant during that period;
 - (b) provision authorising things done by a scheme participant during one period in relation to which a low-carbon-heat target has effect to be treated instead as done by the scheme participant during a different period in relation to which such a target has effect.
