

Energy Act 2023

2023 CHAPTER 52

PART 4

NEW TECHNOLOGY

CHAPTER 3

MISCELLANEOUS

Renewable and sustainable fuel

157 Treatment of recycled carbon fuel and nuclear-derived fuel as renewable transport fuel

After section 131C of the Energy Act 2004 insert—

“131D Recycled carbon fuel and nuclear-derived fuel

- (1) An RTF order may—
 - (a) designate as recycled carbon fuel a description of liquid or gaseous fuel which is produced wholly from waste derived from a fossil source of energy;
 - (b) designate as nuclear-derived fuel a description of liquid or gaseous fuel which is produced wholly using, or by a process powered wholly by, nuclear fuel.
- (2) Where a designation under subsection (1) is in force, the recycled carbon fuel or nuclear-derived fuel is to be treated for the purposes of this Chapter and any RTF order as renewable transport fuel.”

Status: Point in time view as at 31/01/2024.

Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023, Section 157. (See end of Document for details)
