

Pipe-lines Act 1962

1962 CHAPTER 58

Supplementary Provisions

43 Preservation of amenity

Where—

- (a) a person is formulating proposals for the execution of pipe-line works, or
- (b) the Minister is considering any such proposals, whether in relation to the grant of a pipe-line construction or diversion authorisation or the imposition of conditions under section five of this Act,

that person or the Minister, as the case may be, having regard to the desirability of preserving natural beauty, of conserving flora, fauna and geological or physiographic features of special interest, and of protecting buildings and other objects of architectural or historic interest, shall take into account any effect which the proposals would have on the natural beauty of the countryside or on any such flora, fauna, features, buildings or objects, and in so doing shall have particular regard to the desirability of ensuring that things constructed in the course of the execution of the proposed works are kept below ground so far as that is practicable.
