Appointments to which the regulations apply

3.—(1) The provisions of these regulations shall apply with respect to the appointment of any medical or dental officer to the post of consultant on the staff of any hospital providing hospital and specialist services other than the appointment of any person in any of the classes specified in regulation 4.

(2) For the purposes of this regulation “appointment” includes any appointment to a post, whether existing or new, and whether whole-time or part-time.

Exempted appointments

4.—(1) The classes referred to in regulation 3 to which these regulations do not apply are—

(a) professors, readers or other members of a medical or dental professorial unit of a University who will receive no remuneration (other than any distinction award) from the Board for their hospital appointments;

(b) consultants who have reached the age of 65 or, in the case of mental health officers as defined in the National Health Service (Superannuation) Regulations 1961(b), the age of 60, and who will receive no remuneration for their hospital appointments;

(c) clinical teachers who are already officers of any Board of Governors and whose appointment is to be made by a Regional Board primarily to enable them to give clinical instruction to students in a non-teaching hospital;

(d) persons who are primarily engaged in research which necessitates their appointment to the staff of a hospital and who will receive no remuneration (other than any distinction award) for that appointment from the Board;

(e) persons to be appointed to posts which are, with the approval of the Minister of Health, expressly limited in duration; and

(f) redundant officers whose employment, or whose last employment, by a Board (including a Regional Hospital Board in Scotland) is, or was, in a post as consultant.

(2) In this regulation “redundant officers” means persons whose employment has been terminated owing to redundancy or other local change of organisation and whose names have at the direction of the Minister of Health or the Secretary of State been notified to Boards as officers to whom this regulation applies; and “employment” includes part-time employment, whether or not the officer is also employed by any other Board, but does not include employment in a post where the appointment was expressly limited in duration.

Advertisement of vacancy

5.—(1) Where a Board propose to make an appointment to a vacancy in any office to which these regulations apply, they shall place an advertisement, specifying the exact nature of the appointment and the closing date for receipt of applications, in not less than two publications circulating throughout England and Wales which are commonly used for similar advertisements relating to the profession concerned:

Provided that where such advertisement is not reasonably practicable they shall advertise the vacancy in such other publications as they think appropriate.

(2) Any advertisement shall state the effect of paragraph 8 of schedule 4.

(b) where the appointment is to be made by a Board of Governors to a post in a teaching hospital, in accordance with schedule 2; or

(c) where a Regional Board and a Board of Governors propose to appoint the same person to posts in a non-teaching hospital and a teaching hospital respectively, and agree not to constitute separate Committees but to act jointly, in accordance with schedule 3.

(2) Where two or more Regional Boards or two or more Boards of Governors, as the case may be, agree to appoint the same person to two or more posts in non-teaching hospitals or teaching hospitals respectively, they shall, instead of constituting separate Committees, act jointly in all respects for the constitution of a single Committee under schedule 1, 2 or 3, as the case may be.

(3) The provisions of schedules 1, 2 and 3 shall have effect subject to the general provisions as to Committees contained in schedule 4.

Selection by Committee

7.—(1) The Board shall refer to the Committee all applications received on or before the closing date specified in the advertisement and may also refer an application received after that date if they are satisfied that there is a reasonable explanation for the lateness.

(2) The Committee shall consider all applications so referred to them and they shall select from the applicants the person or persons considered by them to be suitable for the appointment and submit the appropriate name or names to the Board together with any comments they may wish to make.

(3) If the Committee consider that none of the applicants is suitable for the appointment they shall so inform the Board.

EXPLANATORY NOTE

(This Note is not part of the Regulations.)

These regulations re-enact with amendments the existing regulations governing the procedure for appointments to certain hospital posts. The procedure is henceforth to apply (with certain exceptions) only to appointments to the post of consultant. In addition to drafting amendments new provisions are made with respect to the Advisory Appointments Committees which select applicants. These include provisions for additional members in certain cases and procedural provisions for preventing and curing defects in nominations and for a quorum.
