1. This scheme may be cited as the Ploughing Grants (Scotland) Scheme 1968.

(4) The Interpretation Act 1889(a) applies for the interpretation of this scheme as it applies for the interpretation of an Act of Parliament.

- (a) the ploughing-up of land under grass;
- (b) after ploughing, the carrying out of such further operations on the land as may be required by the Secretary of State and as are necessary, or form part of the operations necessary, to bring the land into a state of cleanliness, fertility and fitness for cropping; and
- (c) the sowing on that land of a crop, unless in special circumstances the Secretary of State otherwise determines.

(2) A grant shall not be made under this scheme in respect of any land unless before the commencement of any operations in respect of which such a grant may be made the Secretary of State has approved those operations in relation to that land and is satisfied that the carrying out thereof on that land, together with any necessary preliminary operations, is likely to involve expenditure which is substantially heavier than normal for operations such as are specified in subparagraph (1) of this paragraph.

(3) Where the Secretary of State has approved operations in relation to any land for the purposes of Part II of the Ploughing Grants (Scotland) Scheme 1965(b), Part II of the Ploughing Grants (Scotland) Scheme 1966(c) or the Ploughing Grants (Scotland) Scheme 1967(d), and any part of the said land has not been ploughed up from grass before 1st June 1968, such operations shall be deemed to have been approved for the purposes of this scheme also.

(4) A grant shall not be made under this scheme in respect of any land which has been the subject of a grant under Part II of any previous scheme made under the Act.

4. The rate of grant to be made in accordance with this scheme shall be £12 per acre:

- (a) is not less than one acre in area;
- (b) was ploughed up from grass within the period beginning with 1st June 1968 and ending with 31st May 1969; and
- (c) at the time when such ploughing up was begun was under grass that had been sown not later than 1st June 1956, or had been continuously under grass since before that date.

6. The person to whom a grant may be made under this scheme in pursuance of an application made in that behalf shall be the occupier of the land ploughed up as at the date of the completion, on that land, of the operations in respect of which the grant is payable:

7. Where land is ploughed up by a landholder within the meaning of the Small Landholders (Scotland) Acts 1886 to 1931 or a crofter within the meaning of the Crofters (Scotland) Acts 1955 and 1961 or an eligible occupier then notwithstanding that the area of that land is less than one acre a grant may be made in respect thereof if—

- (b) the provisions of this scheme are complied with in relation to all the areas so ploughed up, or in relation to such number of them as, in the aggregate, amount to or exceed one acre; and
- (c) an application for grant in respect of all those areas is made on behalf of those landholders or crofters or eligible occupiers, as the case may be, by the Clerk of the Committee appointed for the management of the common grazings or common pasture in which the landholders or crofters or eligible occupiers, as the case may be, all have shares, or, where there is no such Clerk, or, where they do not all have such shares, by a person who has been duly authorised by the landholders or crofters or eligible occupiers, in a manner satisfactory to the Secretary of State, to make the application.

8. The Secretary of State may require an applicant for a grant under this scheme to give to any person authorised by the Secretary of State in that behalf adequate facilities for the inspection of any land to which the application relates.

EXPLANATORY NOTE

(This Note is not part of the scheme.)

This scheme, which is made under the Agriculture (Ploughing Grants) Act 1952, provides for the making of grants by the Secretary of State at the rate of £12 per acre in respect of land ploughed up from grass, where after ploughing the operations described in the scheme are carried out. The land must have been under grass since 1st June 1956 and the ploughing must be carried out within the period from 1st June 1968 to 31st May 1969.

Prior approval must be obtained from the Secretary of State, and this will only be given where he is satisfied that the carrying out of the operations (together with any necessary preliminary operations) is likely to involve expenditure which is substantially heavier than normal for operations of the kind.

Where the Secretary of State has approved operations for the purposes of Part II of the 1965 Scheme, Part II of the 1966 scheme or the 1967 scheme, but any of the ploughing is carried out during the period to which this scheme applies, the approval is to be treated as though it were given for the purposes of this scheme also. In other respects, except for the advancement of the dates by one year, the scheme is materially the same as the 1967 scheme.
