
STATUTORY INSTRUMENTS

1977 No. 1753

The Alcoholometers and Alcohol Hydrometers
(EEC Requirements) Regulations 1977

PART III

SUPPLEMENTARY PROVISIONS

Obliteration of EEC signs and marks

11.—(1) An inspector may obliterate any EEC sign or mark if he is satisfied—

- (a) that the instrument bearing the sign or mark falls outside the relevant limits of error; or
- (b) that the instrument does not comply in any other respect with the requirements of the Directive.

(2) In paragraph (1) above “the relevant limits of error” means the maximum permissible errors laid down by section 8 of the Annex to the Directive.

(3) Without prejudice to paragraph (1) above, an inspector may, at the request of any person appearing to him to be the owner of an instrument, obliterate any EEC sign or mark on the instrument which is related to an EEC pattern approval (whether granted under these Regulations or by any member state other than the United Kingdom) which the inspector is satisfied has ceased to have effect.

(4) Obliteration under this Regulation shall be carried out in such manner as the Secretary of State may direct.
