- (b) the name or trade name and the address or registered office of the manufacturer or packer of the product, or of a seller thereof established within the European Economic Community:

Provided that this sub-paragraph shall not apply in the case of any designated product which is specified in Part I of the Schedule and is not

pre-packed when it is sold by retail or consigned or delivered pursuant to such a sale.

(3) Where a designated product contains the ingredients coffee and chicory, or extracts of those ingredients, or extracts of coffee and fig, the reserved description of the product shall be such that in it the name of the ingredient of which the higher proportion was used in the manufacturing process shall precede the name of the other ingredient.

which is not pre-packed, the statement shall appear on a ticket or notice displayed on or in immediate proximity to the product.

(2) The height of the letters in any statement referred to in paragraph (1) of this regulation shall be such as is not calculated by any undue or insufficient prominence to mislead as to the nature, substance or quality of the designated product to which the statement relates.

(3) If any designated product is packaged within more than one container, any label which by virtue of any of these regulations is required to be borne on or securely attached to the container shall either be borne on or securely attached to the outermost container or be readily discernible and easily read through, or notwithstanding, the outermost container.
