(6) A registered producer shall not be entitled to withhold milk under subsection (2)(a)(ii) unless:—

- (a) for a period of five consecutive months in the period of twelve consecutive months immediately preceding the date from which he intends to withhold milk the price paid by the Board to him each month shall have been less than either—

(17) A certificate of exemption may be revoked by the Minister, whether or not it was issued by him, upon breach of any of its conditions on the part of the exempt producer.

EXPLANATORY NOTE

(This Note is not part of the Regulations.)

These Regulations further amend the North of Scotland Milk Marketing Scheme 1934 to comply with the requirements of Council Regulation (EEC) No. 1422/78 (O.J. No. L171, 28.6.78, p. 14.) and Commission Regulation (EEC) No. 1565/79 (O.J. No. L188, 26.7.79, p. 29.) concerning the granting of certain special rights to milk producer organisations in the United Kingdom, as provided for in Council Regulation (EEC) No. 804/68 (O.J. No. L148, 28.6.68, p. 13.) as amended by Council Regulation (EEC) No. 1421/78 (O.J. No. L171, 28.6.78, p. 12.). The principal amendments made to the Scheme are summarised below (section references relate to the Scheme).

(1) The North of Scotland Milk Marketing Board are required to place their "commercial activities" (a definition of which expression is inserted in the Scheme) under a system of financial management and administration which is separate from the systems used for their other activities; to make money or other financial benefits available for use in their commercial activities only on market terms; and to keep separate accounts in respect of their commercial activities and of their other activities in such form as the Minister (the Secretary of State for Scotland) may direct (sections 2, 15, 24 and 36);

(2) The principal powers of the Board are no longer to apply to milk which registered producers withhold from the Board for certain specified purposes. A procedure and conditions are laid down under which registered producers may withhold milk in this way. A penalty is provided for registered producers who fail to keep the required books and records in relation to milk withheld from the Board under these arrangements (sections 28 and 30);

(3) A procedure and conditions are laid down under which a registered producer may become an exempt producer (a definition of which expression is inserted in the Scheme) for the purposes of selling his milk direct to the final consumer. Exempt producers are required to contribute to the Board's fund each year a sum proportional to the services rendered by the Board to exempt producers (sections 2, 25 and 28);

(4) The Board are prohibited from recalling for sale for liquid consumption milk which has been allocated to buyers for export (section 15); and

(5) New procedures are provided for the setting of prices by the Joint Committee for milk sold by the Board and the criteria according to which these prices may be varied. Provision is made for any disagreement in the Joint Committee over the level of prices for milk to be referred to arbitration. Provision is also made that, in the event of the price of milk sold by the Board contravening Article 9(3) of Council Regulation (EEC) No. 1422/78, the Board shall make such adjustment in their prices as the Minister may require (sections 23 and 25).
