- (l) on the submission of a vehicle for a periodical test, or a re-test following a periodical test the driver of the vehicle or, in the case of a trailer, the driver of the vehicle which accompanies it, does not produce to an examiner the last plating certificate (or a photo-copy of it) and the last goods vehicle test certificate (or a photocopy of it) which have been issued in respect of the vehicle submitted.

- (a) to any information which may have been supplied by the Secretary of State as to the plated weights which have been determined for similar vehicles under these Regulations;
- (b) to the design, construction and equipment of the vehicle, and the stresses to which it is likely to be subject when in use on roads;
- (c) to any information which may be available about the weights at which the vehicle was originally designed to be driven on roads;
- (d) if the vehicle or its equipment has, or appears to have, been altered since the date of its manufacture, to the likely effect of any such alteration in making the vehicle fit to be driven safely on roads at weights different from those at which it appears to the examiner the vehicle was originally designed to be so driven;
- (e) if the vehicle is a motor vehicle, to the requirements as to brakes specified in the definition of “the standard lists” in Regulation 3(1);

*Goods vehicle test*

**21.** After an examination for plating in respect of a vehicle has been carried out a goods vehicle examiner shall arrange for the vehicle to undergo a goods vehicle test.

*Issue of goods vehicle test certificates (or of notices of refusal) and particulars to be contained therein*

(2) A goods vehicle examiner in carrying out an examination pursuant to Regulation 15(2) or (3) shall be under an obligation only to examine the vehicle for the purpose of ascertaining whether it complies with the particular items of the prescribed construction and use requirements with which it was shown in the last notice of a refusal of a test certificate not to comply.

(8) The vehicle shall be submitted for the re-examination (which will be carried out by the area engineer or, as the case may be, the appeal officer) at the place and time specified in the notice sent to the appellant under paragraph (6) unless arrangements are made with the agreement of the area engineer or, as the case may be the appeal officer, for the carrying out of the examination at some other place or time.

(9) On the submission of a vehicle for a re-examination for the purpose of an appeal the person submitting the vehicle for the re-examination shall, if requested to do so by the area engineer or the appeal officer,

- (b) where the vehicle is found not to comply with the prescribed construction and use requirements, a notice of the refusal of a goods vehicle test certificate.

*Re-test procedure, and issue of test certificates (or notices of refusal)*

26.— (1) Where a vehicle is submitted for a re-test at a vehicle testing station under Regulation 15(2) or (3) a goods vehicle examiner shall in carrying out the test be under an obligation only to examine the vehicle for the purpose of ascertaining whether it complies with the particular items of the prescribed construction and use requirements with which it was shown in the last notice of a refusal of a test certificate not to comply.

(2) Where a goods vehicle examiner finds that the vehicle complies with the particular items of the prescribed construction and use requirements mentioned in paragraph (1) and has no reason to believe that the other prescribed construction and use requirements are not complied with in relation to the vehicle, there shall be issued a goods vehicle test certificate.

(3) Where a goods vehicle examiner does not find that the vehicle complies with the particular items of the prescribed construction and use requirements mentioned in paragraph (1) or finds that the other prescribed construction and use requirements are not complied with in relation to the vehicle, there shall be issued a notice of the refusal of a test certificate.

(2) The provisions of Regulation 24(3) to (12) apply in relation to any appeal under paragraph (1) as they apply in relation to an appeal under Regulation 24 relating to a determination made on a goods vehicle test, but for the purposes of such application each reference in Regulation 24 to a plating certificate shall be treated as being omitted.

PART V

REGULATIONS GOVERNING NOTIFIABLE ALTERATIONS, AMENDMENTS OF  
PLATING CERTIFICATES AND RE-EXAMINATIONS IN CONNECTION THEREWITH

*Secretary of State to be informed of notifiable alterations*

**29.** In the event of a notifiable alteration being made to a vehicle in respect of which a plating certificate has been issued the person responsible for that alteration shall send particulars of that alteration on a form approved by the Secretary of State to him at the Goods Vehicle Centre, before the vehicle to which the alteration has been made is used on roads, and any such form may contain a request by the sender for an amendment to be made as respects a plated weight shown on the plating certificate for the vehicle.

*Other amendments to the plating certificate*

**30.** Where otherwise than by reason of a notifiable alteration, any particular (with reference to a plated weight or any other matter) contained in a plating certificate for a vehicle becomes or may have become no longer applicable to that vehicle, the person responsible for that alteration may make an application on a form approved by the Secretary of State to him at the Goods Vehicle Centre, for the purpose of having the vehicle re-examined with a view to that particular being amended.

*Provision as to re-examination*

**31.**— (1) Where, under Regulation 29, particulars of a notifiable alteration are sent to the Secretary of State and the form contains a request as provided in that Regulation the Secretary of State shall by notice to the sender require him to submit the vehicle for re-examination.

(2) Where, under Regulation 29, particulars of a notifiable alteration are sent to the Secretary of State and the form does not contain a request as provided in that Regulation the Secretary of State shall determine whether to require a re-examination of the vehicle. If the Secretary of State determines

that no re-examination is required he shall by notice inform the sender accordingly, and if the Secretary of State determines that a re-examination is required he shall by notice require the sender to submit the vehicle for re-examination.

(3) Where, under Regulation 30, an application to have a vehicle re-examined is received by the Secretary of State he shall by notice require the sender to submit the vehicle for re-examination.

(4) Any notice by which the Secretary of State requires a vehicle to be submitted for re-examination under the provisions of paragraph (1), (2) or (3) shall specify the vehicle testing station, date and time appointed by the Secretary of State for that re-examination.

32. Where such a request as is mentioned in Regulation 29 is contained in the form mentioned in that Regulation or where an application mentioned in Regulation 30 is made, a fee of £8.50 shall be sent to the Secretary of State with that form or, as the case may be, with that application.

*Condition of acceptance of vehicle*

33. A goods vehicle examiner shall not be under an obligation to proceed with a re-examination of a vehicle under this Part of the Regulations where on the submission of a vehicle for the re-examination the sender does not, after being required to do so, produce to the examiner the plating certificate relating to the vehicle, and nothing in this paragraph shall be taken to be in derogation of Regulation 8.

*Re-examination procedure, and issue or amendment of plating certificates (or notices of refusal)*

34.— (1) Where a vehicle is submitted for a re-examination under this Part of these Regulations a goods vehicle examiner shall—

- (a) in a case where the re-examination is carried out by reason of a notifiable alteration examine the vehicle for the purpose of determining to what extent that notifiable alteration has rendered the plated weights shown in the plating certificate relating to that vehicle no longer appropriate;
- (b) in any other case examine the vehicle for the purpose of determining to what extent any particular contained in the said plating certificate is no longer applicable.

(2) On completion of the re-examination the goods vehicle examiner shall either—

- (a) by notice inform the sender that—
  - (i) the notifiable alteration has not rendered any of the plated weights shown in the plating certificate no longer appropriate, or
  - (ii) the particular is still applicable;

or

- (b) amend the plating certificate to show any new plated weights or any new particulars which the examiner has determined for the vehicle; or
  - (c) issue a new plating certificate in place of the certificate produced under Regulation 33 and mark as cancelled the certificate so produced.

- (4) Where a new plating certificate is issued for a vehicle it shall contain—
- (a) particulars of any plated weights determined for the vehicle under this Regulation;

- (5) A new plating certificate shall be signed by the goods vehicle examiner who carried out the re-examination, or under whose direction the re-examination was carried out, or shall be signed on behalf of that examiner by a person authorised in that behalf by the examiner.

#### *Appeals*

35.— (1) Any person aggrieved by a determination made on a re-examination of a vehicle under this Part of these Regulations may appeal to an area mechanical engineer appointed by the Secretary of State to act for the traffic area in which that determination was made, and any person aggrieved by the determination of an area mechanical engineer under the provisions of this Regulation may appeal to the Secretary of State.

(2) The provisions of Regulation 24(3) to (10) shall apply in relation to an appeal under paragraph (1) as they apply to an appeal under Regulation 24, but for the purposes of such application paragraph (9) of that Regulation shall have effect as if the references therein to a plating certificate were references to any plating certificate relevant to the appeal under this Regulation.

(3) On completion of the re-examination of the vehicle for the purpose of the appeal, the area mechanical engineer or, as the case may be, the Secretary of State, shall make such determination in the matter as he thinks fit and may

issue a different plating certificate upon the surrender of any plating certificate previously issued for the vehicle.

- (4) Any different plating certificate issued under paragraph (3) shall—
- (a) be signed by the area mechanical engineer who carried out the re-examination or, as the case may be, on behalf of the Secretary of State by an officer appointed by him for the purpose; and
  - (b) contain—
    - (i) the same particulars as are appropriate in the case of a plating certificate issued under Regulation 20 subject to such modifications as may be appropriate and subject to the certificate showing particulars of the plated weights determined for that vehicle by the area mechanical engineer who carried out the examination or, as the case may be, by the Secretary of State in a case where such plated weight is so determined,
    - (ii) where the vehicle is one of a make, model and type and otherwise one to which the standard lists apply and any such plated weight so determined is less than the equivalent weight shown as a design weight in such lists, particulars of that equivalent weight;
    - (iii) where any such plated weight so determined is less than the weight that would have been otherwise determined under Regulation 19 but for sub-paragraph (g) of that Regulation, particulars of the last mentioned weight which shall be shown as a design weight.

“exceptional circumstances” means an accident, a fire, an epidemic, severe weather, a failure in the supply of essential services or other unexpected happening (excluding a breakdown or mechanical defect in a vehicle or non-delivery of spare parts therefor).

(2) Where any fee under these Regulations in respect of an examination has been paid that fee shall, subject to the provisions of paragraph (3), be payable notwithstanding that the vehicle is not submitted for an examination on the day and at the time fixed under these Regulations for that examination.

- (3) If the applicant—
- (a) has not less than 7 days before the day fixed under these Regulations for the carrying out of the examination given the Secretary of State notice (whether in writing or otherwise) at the vehicle testing station at which the examination has been arranged that he does not propose to submit the vehicle for examination on that day, or
  - (b) satisfies the Secretary of State that the vehicle cannot, or, as the case may be, could not be submitted for the examination on the day or at the time fixed for the examination because of exceptional circumstances occurring not more than 7 days before the said time and of which the applicant gives notice to the Secretary of State (whether in writing or otherwise) within 3 days of the occurrence of those circumstances,

then the applicant may either

- (i) make an application in writing to the Secretary of State at the vehicle testing station at which the examination has been arranged either at the time of the notice given under paragraph 3(a) or (b) or within 28 days of the date thereof, for another examination of the same kind for that vehicle or another vehicle to be carried out within three months of the date of the application, and in that event the said fee shall be treated as having been paid in respect of that application unless the fee in respect of that application is greater, in which case the fee already paid shall be treated as having been paid towards the fee payable in respect of that application, or

39.— (1) After the completion of a re-examination for the purposes of an appeal under section 45(3) or (4) of the 1972 Act the Secretary of State may repay to the appellant, as he thinks fit, either the whole or part of the fee paid on the appeal, where it appears to him there were substantial grounds for contesting the whole or part of the determination against which the appeal was made.

(2) A fee payable on an appeal in accordance with the foregoing provisions of these Regulations shall be payable notwithstanding that the vehicle is not submitted for re-examination in accordance with Regulation 24(8) or in accordance with that Regulation as applied by any other Regulations contained in these Regulations:

Provided that, if the appellant has before the time fixed under Regulation 24, or under that Regulation as so applied, for the carrying out of the re-examination given the Secretary of State not less than two clear days' notice (whether in writing or otherwise) at the office at which his appeal was lodged that the appellant does not propose to submit the vehicle for re-examination at that time, the appeal shall be treated for the purposes of this Regulation as one in respect of which no fee is payable and any amount previously paid in respect of such a fee shall be repaid by the Secretary of State to the appellant unless another time is arranged for the carrying out of the re-examination.

*Replacements of plates and certificates*

**40.**— (1) If a Ministry plate, a plating certificate issued under these Regulations, a goods vehicle test certificate or a Ministry test date disc has been lost or defaced, an application for the issue of a replacement for the plate, certificate or disc lost or defaced may be made in writing to the Goods Vehicle Centre, and every such application shall be accompanied by the payment of the fee of £1.50.

(2) On the receipt of an application and fee mentioned in paragraph (1) the Secretary of State shall determine whether the vehicle shall be re-examined, and if he determines—

- (a) that no re-examination of the vehicle is required he shall issue to the applicant a replacement for the plate, certificate or disc to which the application relates and any such replacement shall have the same effect as the plate, certificate or disc which it replaces and shall be marked “replacement”;
- (b) that a re-examination of the vehicle is required, he shall by notice to the sender require the vehicle to be submitted for re-examination at a vehicle testing station and appoint a date and time for the examination.

(3) A re-examination under paragraph 2(b) shall be carried out as if it were a first examination under Regulations 17 to 22, the appropriate fee shall be paid as if the examination were a first examination, and the appropriate documents shall be issued in accordance with Regulations 20 and 22.

*Provisions as to notices*

**41.**— (1) Except as otherwise provided in these Regulations, every notice under these Regulations shall be in writing and may be given by post.

2. Accordingly the Regulations make provision for the examination at vehicle testing stations provided by the Secretary of State of goods vehicles of prescribed classes for the purpose of determining particulars (including particulars as to maximum weights) applicable to those vehicles and for the purpose of ascertaining whether the vehicles comply with prescribed construction and use requirements.

3. In these Regulations amendments of drafting and a few amendments of substance have been made.

4. With certain exceptions, every motor vehicle to which the Regulations apply shall be submitted for a first examination not later than the end of the calendar month in which falls the first anniversary of the date on which it was registered, and every trailer to which the Regulations apply shall be submitted for a first examination not later than the end of the calendar month in which falls the first anniversary of the date on which it was first sold or supplied by retail.

5. The main changes of substance are as follows:—

- (1) In Regulation 3(1) “play bus” is defined.

- (7) The definition of “notifiable alteration” is amended to include alterations affecting the towing capacity and steering systems and, as regards

braking capacity, to extend the alterations so that they do not necessarily adversely affect the performance.

- (8) The provisions for the re-examination of a vehicle are amended to cater for the case where, otherwise than by reason of a notifiable alteration, any particular contained in a plating certificate may become no longer applicable to the vehicle, as well as in the case where any such particular may have become no longer applicable; (see Regulation 30).
