EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order amends article 8 of the VAT (Special Provisions) Order 1981 which prevents the deduction of input tax on non-standard fixtures and fittings incorporated by a speculative builder in a dwelling which he is building for supply by sale or long lease. Article 8 as amended will, with effect from 1st June 1984, prevent the deduction of input tax on certain specified items, viz fitted furniture (other than kitchen furniture) and materials used to make such furniture, domestic electrical or gas appliances (other than space or water heaters) as well as on any unspecified articles provided they are *not* of a kind ordinarily installed by builders as fixtures. Article 8 complements the zero-rating provisions in the Budget Resolution of 19th March 1984, made under the Provisional Collection of Taxes Act 1968 (c. 2), the effect of which is that standard rate tax will be due on the same fixtures and fittings even when supplied in connection with zero-rated building construction services.

This Order replaces the Value Added Tax (Special Provisions) (Amendment) Order 1984 (S.I. 1984/606), which has expired because it did not get House of Commons approval in the specified time.
