

STATUTORY INSTRUMENTS

1985 No. 1288

MEDICINES

**The Medicines (Veterinary Drugs) (Prescription Only) Order
1985**

| | |
|-------------------------------|------------------|
| <i>Made</i> - - - - - | 6th August 1985 |
| <i>Laid before Parliament</i> | 27th August 1985 |
| <i>Coming into Operation</i> | 1st October 1985 |

The Secretary of State concerned with health in England, the Secretaries of State respectively concerned with health and with agriculture in Scotland and in Wales, the Minister of Agriculture, Fisheries and Food, the Department of Health and Social Services for Northern Ireland, and the Department of Agriculture for Northern Ireland, acting jointly, in exercise of the powers conferred by sections 58(1) and (4) and 59 of the Medicines Act 1968(a) and now vested in them (b) and of all other powers enabling them in that behalf, after consulting such organisations as appear to them to be representative of interests likely to be substantially affected by the following order in accordance with section 129(6) of the said Act, and after consulting and taking into account the advice of the Veterinary Products Committee in accordance with sections 58(6) and 129(7) of the said Act, hereby make the following order:—

Title, commencement and interpretation

1.— (1) This order may be cited as the Medicines (Veterinary Drugs) (Prescription Only) Order 1985 and shall come into operation on 1st October 1985.

(2) In this order, unless the context otherwise requires,—

(a) “the Act” means the Medicines Act 1968;

“controlled drug” has the meaning assigned to it by section 2 of the Misuse of Drugs Act 1971(c);

“dosage unit” means—

(i) where a veterinary drug is in the form of a tablet or capsule or is an article in some other similar pharmaceutical form, that tablet, capsule or other article, or

(a) 1968 c.67.

(b) In the case of the Secretaries of State concerned with health in England and Wales by virtue of S.I. 1969/388, in the case of the Secretary of State concerned with agriculture in Wales by virtue of S.I. 1978/272 and in the case of the Northern Ireland Departments by virtue of section 40 of, and Schedule 5 to, the Northern Ireland Constitution Act 1973 (c.36) and section 1(3) of, and paragraph 2(1)(b) of Schedule 1 to, the Northern Ireland Act 1974 (c.28).

(c) 1971 c.38.

- (ii) where a veterinary drug is not in any such form, that quantity of the drug which is used as the unit by reference to which the dose is measured;

“external use” means application to the skin, hair, fur, feathers, scales, hoof, horn, ear, eye, mouth or mucosa of the throat or prepuce, when a local action only is intended and extensive systemic absorption is unlikely to occur;

“maximum strength” means such of the following as may be specified—

- (i) the maximum quantity of a substance by weight or volume contained in a dosage unit of a veterinary drug,
- (ii) the maximum percentage of a substance contained in a veterinary drug calculated in terms of weight in weight (w/w), weight in volume (w/v), volume in weight (v/w) or volume in volume (v/v), as appropriate, and
- (iii) the maximum amount of a substance contained in a stated weight of a veterinary drug calculated in terms of international units (iu) of biologically determined potency;

“the Misuse of Drugs Regulations” means, in relation to England, Wales and Scotland, the Misuse of Drugs Regulations 1973(a) and, in relation to Northern Ireland, the Misuse of Drugs (Northern Ireland) Regulations 1974(b);

“parenteral administration” means administration to an animal by breach of the skin or mucous membrane;

“prescription only medicine” means a medicinal product of a description or falling within a class specified in Article 3;

“repeatable prescription” means a prescription which contains a direction that it may be dispensed more than once;

“sell” means sell by retail as defined in section 131 and “sale” has a corresponding meaning;

“soap” means any compound of a fatty acid with an alkali or amine;

“supply” means supply in circumstances corresponding to retail sale as defined in section 131;

“unit preparation” means a preparation, including a mother tincture, prepared by a process of solution, extraction or trituration with a view to being diluted tenfold or one hundredfold, either once or repeatedly, in an inert diluent, and then used either in this diluted form or, where applicable, by impregnating tablets, granules, powders or other inert substances for the purpose of being administered to animals;

“the Veterinary Drugs Exemption Order” means the Medicines (Exemptions from Restrictions on the Retail Sale or Supply of Veterinary Drugs) Order 1984(c); and

(a) S.I. 1973/797; relevant amending instruments are S.I. 1975/499, 1623, 1977/1380, 1979/326, 1983/788 and 1984/1143.

(b) S.R. (N.I.) 1974 No. 272, amended by S.R. (N.I.) 1975 No. 140, 1977 No. 290, 1979 No. 258, 1983 No. 151 and 1984 No. 365.

(c) S.I. 1984/1861, amended by S.I. 1985/310.

- (b) a reference—
- (i) to a numbered section is to the section of the Act which bears that number,
 - (ii) to a numbered Article or Schedule is to the Article of, or Schedule to, this order which bears that number,
 - (iii) in an Article or in a Part of a Schedule to a numbered paragraph is to the paragraph of that Article or that Part of that Schedule which bears that number, and
 - (iv) in a paragraph to a lettered sub-paragraph is to the sub-paragraph of that paragraph which bears that letter.
- (3) In Schedule 1—
- (a) entries specified in columns 2 and 3 of Parts I and II relate to the substances listed in column 1 against which they appear and where, in relation to a particular substance listed in column 1, an entry in column 2 or 3 bears a number or letter it relates only to such entries in the other of those columns as bear the same number or letter;
 - (b) the following abbreviations are used:
 - “kg” for kilogram
 - “mg” for milligram
 - “ppm” for parts per million.

Appropriate practitioners

2. For the purposes of section 58 (medicinal products on prescription only) veterinary surgeons and veterinary practitioners shall be appropriate practitioners in relation to all the descriptions and classes of medicinal products specified for the purposes of that section in Article 3.

Medicinal products on prescription only

- 3.— (1) There are hereby specified descriptions and classes of medicinal products for the purposes of section 58, namely—
- (a) subject to Article 4(1) and (2), veterinary drugs consisting of or containing a substance listed in column 1 of Part I of Schedule 1;
 - (b) veterinary drugs that are controlled drugs;
 - (c) veterinary drugs specified in Part II of Schedule 1;
 - (d) subject to Article 4(2), veterinary drugs for parenteral administration whether or not they fall within sub-paragraph (a) or (b);
 - (e) veterinary drugs—
 - (i) which are not of a description and do not fall within a class specified in any of sub-paragraphs (a), (b), (c) or (d),
 - (ii) which are of a description in respect of which the conditions specified in section 59(1) are fulfilled, and
 - (iii) in respect of which a product licence is granted after the date of coming into operation of this order containing a provision to the effect that the method of sale or supply of the veterinary drug is to be only in accordance with a prescription given by an appropriate practitioner;

- (f) medicinal products which are veterinary drugs by reason of their having been sold or supplied for administration to animals and which, prior to such sale or supply, were prescription only medicines as defined in Article 1(2) of the Medicines (Products Other Than Veterinary Drugs) (Prescription Only) Order 1983(a).

(2) For the purposes of section 59(2)(a) (duration of restrictions for certain new products) the duration shall be a period of five years.

Medicinal products that are not prescription only

4.— (1) Notwithstanding Article 3(1)(a), a veterinary drug in respect of which there has been granted a product licence shall not be a prescription only medicine by reason that it consists of or contains a particular substance listed in column 1 of Part I of Schedule 1 where—

- (a) in relation to that substance there is an entry in one or more of columns 2 and 3;
- (b) the maximum strength in the drug of that substance does not exceed the maximum strength, if any, specified in column 2; and
- (c) the veterinary drug is sold or supplied—
- (i) if a pharmaceutical form or a route of administration is specified in column 3, in such pharmaceutical form, and for administration only by such route, as may be so specified, and
- (ii) if a use is specified in column 3, in a container or package labelled to show a use so specified to which the veterinary drug is to be put but no use not so specified.

(2) Notwithstanding Article 3(1)(a) and (d), a veterinary drug for parenteral administration consisting of or containing a substance listed in column 1 of Schedule 2 shall not be a prescription only medicine where the maximum strength of that substance does not exceed the maximum strength, if any, specified in column 2 and the veterinary drug in question is sold or supplied only for the purpose or in the circumstances specified in column 3.

Exemption for medicinal products at high dilutions

5. The restrictions imposed by section 58(2) (restrictions on sale, supply and administration) shall not apply to the sale, supply or administration of a veterinary drug which is not for parenteral administration and which consists of or contains, of the substances listed in column 1 of Part I of Schedule 1, only one or more unit preparations of such substances, if—

- (a) each such unit preparation has been diluted to at least one part in a million ($6 \times$), and the person selling, supplying or administering the veterinary drug has been requested by or on behalf of a particular person and in that person's presence to use his own judgment as to the treatment required, or
- (b) each such unit preparation has been diluted to at least one part in a million million (6c).

(a) S.I. 1983/1212, amended by S.I. 1984/756.

Exemptions for certain persons

6.—(1) The restrictions imposed by section 58(2)(a) (restrictions on sale and supply) shall not apply—

- (a) to the sale or supply by a person listed in column 1 of Part I of Schedule 3, or
- (b) to the supply by a person listed in column 1 of Part II of Schedule 3, of the prescription only medicines listed in column 2 of Part I or Part II, as the case may be, of Schedule 3 in relation to that person if and so long as the conditions specified in the corresponding paragraphs in column 3 of Part I or Part II, as the case may be, of Schedule 3 are fulfilled.

(2) The restriction imposed by section 58(2)(b) (restriction on administration) shall not apply to the administration by a person listed in column 1 of Part III of Schedule 3 of the prescription only medicines for parenteral administration listed in column 2 of that Part in relation to that person if and so long as the conditions specified in the corresponding paragraphs in column 3 of that Part are fulfilled.

Exemption in cases involving another's default

7. The restrictions imposed by section 58(2)(a) (restrictions on sale and supply) shall not apply to the sale or supply of a prescription only medicine by a person who, having exercised all due diligence, believes on reasonable grounds that the product sold or supplied is not a prescription only medicine, where it is due to the act or default of another person that the product is a product to which section 58(2)(a) applies.

Prescriptions

8.—(1) For the purposes of section 58(2)(a) a prescription only medicine shall not be taken to be sold or supplied in accordance with a prescription given by an appropriate practitioner unless the conditions specified in paragraph (2) are fulfilled.

(2) The conditions referred to in paragraph (1) are that the prescription—

- (a) shall be signed in ink with his own name by the veterinary surgeon or veterinary practitioner giving it;
- (b) shall, without prejudice to sub-paragraph (a), be written in ink or otherwise so as to be indelible;
- (c) shall contain the following particulars—
 - (i) the address of the veterinary surgeon or veterinary practitioner giving it,
 - (ii) the appropriate date,
 - (iii) such particulars as indicate whether it is given by a veterinary surgeon or veterinary practitioner, and
 - (iv) the name and address of the person to whom the prescription only medicine is to be delivered and a declaration by the veterinary surgeon or veterinary practitioner giving it that the prescription only medicine is prescribed for an animal or herd under his care;

- (d) shall not be dispensed after the end of the period of six months from the appropriate date, unless it is a repeatable prescription in which case it shall not be dispensed for the first time after the end of that period nor otherwise than in accordance with the direction contained in the repeatable prescription;
- (e) in the case of a repeatable prescription that does not specify the number of times it may be dispensed, shall not be dispensed on more than two occasions.

(3) The restrictions imposed by section 58(2)(a) (restrictions on sale and supply) shall not apply to a sale or supply of a prescription only medicine which is not in accordance with a prescription given by an appropriate practitioner by reason only that a condition specified in paragraph (2) is not fulfilled, where the person selling or supplying the prescription only medicine, having exercised all due diligence, believes on reasonable grounds that the condition is fulfilled in relation to that sale or supply.

(4) In paragraph (2) "the appropriate date" means the date on which the prescription was signed by the veterinary surgeon or veterinary practitioner giving it.

Transitional provision

9. Where, immediately before the coming into operation of this order, the restrictions imposed by section 58 applied to the sale, supply or administration of a veterinary drug of a particular description by reason that the veterinary drug fell within the class specified in Article 3(1)(e) (certain new products) of the Medicines (Veterinary Drugs) (Prescription Only) Order 1983(a) those restrictions shall continue to apply to veterinary drugs of that description as though Article 3(1)(e) and (2) of that order had remained in force.

Revocation

10. The orders listed in Schedule 4 are hereby revoked.

Norman Fowler,
Secretary of State for Social Services.

6th August 1985.

George Younger,
Secretary of State for Scotland.

24th July 1985.

(a) S.I. 1983/1213.

Nicholas Edwards,
Secretary of State for Wales.

26th July 1985.

In Witness whereof the Official Seal of the Minister of Agriculture, Fisheries and Food is hereunto affixed on 22nd July 1985.

Michael Jopling,
Minister of Agriculture, Fisheries and Food.

Sealed with the Official Seal of the Department of Health and Social Services for Northern Ireland this 24th day of July 1985.

Miss Zelma I. Davies,
Under Secretary,
on behalf of the Permanent Secretary.

Sealed with the Official Seal of the Department of Agriculture for Northern Ireland this 25th day of July 1985.

W. H. Jack,
Permanent Secretary.

SCHEDULE 1

DESCRIPTIONS AND CLASSES OF PRESCRIPTION ONLY MEDICINES

PART I

Articles 3(1)(a), 4(1) and 5

| CIRCUMSTANCES EXCLUDING MEDICINAL PRODUCTS IN RESPECT OF WHICH THERE HAS BEEN GRANTED A PRODUCT LICENCE FROM THE CLASS OF PRESCRIPTION ONLY MEDICINES | | |
|---|---|---|
| Column 1 | Column 2 | Column 3 |
| Substance | Maximum Strength | Use, pharmaceutical form or route of administration |
| Acebutolol Hydrochloride | | |
| Acepromazine | | |
| Acepromazine Maleate | | |
| Acetanilide | | |
| Acetarsol | | |
| Acetazolamide | | |
| Acetazolamide Sodium | | |
| Acetohexamide | | |
| Acetylcarbromal | | |
| Acetylcholine Chloride | 0.2 per cent | External use |
| Acetylcysteine | | |
| Acetyldigitoxin | | |
| Acetylstrophanthidin | | |
| Acetyl Sulphafurazole | | |
| Acetyl Sulphamethoxy pyridazine | | |
| Acinitrazole | | As an anti-blackhead preparation other than in feed |
| Aconitine | 0.2 per cent | External use |
| Aconitine Hydrobromide | Equivalent of 0.2 per cent of Aconitine | External use |
| Aconitine Hydrochloride | Equivalent of 0.2 per cent of Aconitine | External use |
| Aconitine Nitrate | Equivalent of 0.2 per cent of Aconitine | External use |
| Aconite Root | 1.3 per cent | External use |
| Actinomycin C | | |
| Actinomycin D | | |
| Adicillin | | |
| Adiphenine Hydrochloride | | |
| Adrenaline | | External use |
| Adrenaline Acid Tartrate | | External use |
| Adrenaline Hydrochloride | | External use |
| Aklomide | | |
| Albendazole | | As a liver fluke remedy and an anthelmintic |
| Alclofenac | | |
| Alcuronium Chloride | | |
| Aldosterone | | |
| Alfacalcidol | | |
| Algestone | | |
| Algestone Acetonide | | |
| Algestone Acetophenide | | |
| Allobarbitone | | |
| Allopurinol | | |
| Allyloestrenol | | |
| Alphadolone Acetate | | |
| Alphaxalone | | |

SCHEDULE 1 (Cont'd.)

| CIRCUMSTANCES EXCLUDING MEDICINAL PRODUCTS IN RESPECT OF WHICH THERE HAS BEEN GRANTED A PRODUCT LICENCE FROM THE CLASS OF PRESCRIPTION ONLY MEDICINES | | |
|---|--------------------------------|--|
| Column 1 | Column 2 | Column 3 |
| Substance | Maximum Strength | Use, pharmaceutical form or route of administration |
| Alprenolol Alprenolol Hydrochloride Alseroxylon Altizide Amantadine Hydrochloride Amibenonium Chloride Ambuside Ambutonium Bromide Amcinonide Ametazole Hydrochloride Amidopyrine Amikacin Sulphate Amiloride Hydrochloride Aminocaproic Acid Aminonitrothiazole | (a) 16.0 per cent (b) 10 mg | (1) As an anti-blackhead preparation other than in feed (2) For ailments of pet birds and pigeons (a) Solution (b) Capsule |
| Aminopterin Sodium Aminosalicic Acid Amiodarone Hydrochloride Amiphenazole Hydrochloride Amitriptyline Amitriptyline Embonate Amitriptyline Hydrochloride Ammonium Bromide Amoxycillin Amoxycillin Trihydrate Amphomycin Amphotericin Ampicillin Ampicillin Sodium Ampicillin Trihydrate Amprolium Hydrochloride | | (1) As a coccidiostat other than in feed (2) For ailment of pet birds and pigeons (3) Incorporation in feed as a coccidiostat for (a) poultry at levels from 62.5–125 ppm; (b) hens, turkeys and guinea fowl when combined with Ethopabate at levels from 66.5–133 ppm; (c) chickens for fattening and turkeys when combined with Sulphaquinoxaline and Ethopabate at levels up to 100 ppm; |
| Amylobarbitone Amylobarbitone Sodium Amylocaine Hydrochloride | | Any non-parenteral use except local ophthalmic use |

SCHEDULE 1 (Cont'd.)

| CIRCUMSTANCES EXCLUDING MEDICINAL PRODUCTS IN RESPECT OF WHICH THERE HAS BEEN GRANTED A PRODUCT LICENCE FROM THE CLASS OF PRESCRIPTION ONLY MEDICINES | | |

| Column 1 | Column 2 | Column 3 |
| Substance | Maximum Strength | Use, pharmaceutical form or route of administration |
| Ancrod | | |
| Androsterone | | |
| Angiotensin Amide | | |
| Anterior Pituitary Extract | | |
| Antimony Barium Tartrate | | |
| Antimony Dimercaptosuccinate | | |
| Antimony Lithium Thiomalate | | |
| Antimony Pentasulphide | | |
| Antimony Potassium Tartrate | | |
| Antimony Sodium Tartrate | | |
| Antimony Sodium Thioglycollate | | |
| Antimony Sulphate | | |
| Antimony Trichloride | | |
| Antimony Trioxide | | |
| Antimony Trisulphide | | |
| Apiol | | |
| Apomorphine | | |
| Apomorphine Hydrochloride | | |
| Apramycin | | |
| Apramycin Sulphate | | |
| Aprobarbitone | | |
| Aprobarbitone Sodium | | |
| Aprotinin | | |
| Arecoline | | |
| Arecoline-Acetarsol | | |
| Arecoline Hydrobromide | | |
| Arprinocid | | Incorporation in feed as a coccidiostat for (a) Chickens for fattening at a level of 60 ppm (b) Chickens reared for laying up to 16 weeks of age at a level of 60 ppm |
| Arsanilic Acid | | |
| Arsenic | | |
| Arsenic Triiodide | | |
| Arsenic Trioxide | | |
| Arsphenamine | | |
| Atenolol | | |
| Atropine | | External use (except local ophthalmic use) |
| Atropine Methobromide | | External use (except local ophthalmic use) |
| Atropine Methonitrate | | External use (except local ophthalmic use) |
| Atropine Oxide Hydrochloride | | External use (except local ophthalmic use) |
| Atropine Sulphate | | External use (except local ophthalmic use) |
| Avoparcin | | Incorporation in feed as a growth promoter for (a) Chickens for fattening at levels from 7.5–15 ppm |

SCHEDULE 1 (Cont'd.)

| CIRCUMSTANCES EXCLUDING MEDICINAL PRODUCTS IN RESPECT OF WHICH THERE HAS BEEN GRANTED A PRODUCT LICENCE FROM THE CLASS OF PRESCRIPTION ONLY MEDICINES | | |
|--|------------------|--|
| Column 1 | Column 2 | Column 3 |
| Substance | Maximum Strength | Use, pharmaceutical form or route of administration |
| Azacyclonol Azacyclonol Hydrochloride Azaperone Azapropazone Azathioprine Azathioprine Sodium Azidocillin Potassium Bacampicillin Hydrochloride Bacitracin Bacitracin Methylene Disalicylate Bacitracin Zinc | | (b) Piglets below 4 months at levels from 10–40 ppm (c) Pigs 4–6 months of age at levels from 5–20 ppm (d) Turkeys for fattening up to 16 weeks of age at levels from 10–20 ppm (e) Calves up to 6 months of age in milk replacer feeds at levels from 20–40 ppm (f) Cattle for fattening at levels from 15–45 ppm |
| Baclofen Bambermycin | | Incorporation in feed as a growth promoter for (a) Turkeys and other poultry (except ducks, geese, laying hens and pigeons) up to 4 weeks of age; calves, lambs and kids up to 16 weeks of age; piglets up to 4 months of age; at levels from 5–50 ppm; (b) Turkeys 5–26 weeks of age; other poultry (except ducks, geese, laying hens and pigeons) 5–26 weeks of age; calves, lambs and kids 17 weeks to 6 months of age; pigs 4 to 6 months of age; animals bred for fur; at levels from 5–20 ppm; (c) Laying hens at levels from 15–100 ppm; (d) Calves, lambs and kids up to 6 months of age; piglets up to 3 months of age; in milk replacer feeds at levels from 5–80 ppm. |

SCHEDULE 1 (Cont'd.)

|---|------------------|--|
| Column 1 | Column 2 | Column 3 |
| Substance | Maximum Strength | Use, pharmaceutical form or route of administration |
| | | (b) Laying hens at levels from 2-5 ppm (c) Cattle for fattening at levels from 2-10 ppm (d) Animals bred for fur at levels from 2-4 ppm (e) Calves up to 6 months of age at levels from 6-16 ppm (f) Calves up to 6 months of age in milk replacer feeds at levels from 8-16 ppm (g) Swine up to 3 months of age in milk replacer feeds at levels from 10-25 ppm. |
| Barbitone | | |
| Barbitone Sodium | | |
| Barium Carbonate | | |
| Barium Chloride | | |
| Barium Sulphide | | |
| Beclamide | | |
| Beclomethasone | | |
| Beclomethasone Dipropionate | | |
| Belladonna Herb | | External use |
| Belladonna Root | | External use |
| Bemegride | | |
| Bemegride Sodium | | |
| Benactyzine | | |
| Benactyzine Hydrochloride | | |
| Benapryzine | | |
| Benapryzine Hydrochloride | | |
| Bendrofluazide | | |
| Benethamine Penicillin | | |
| Benoxaprofen | | |
| Benperidol | | |
| Benserazide | | |
| Benzathine Penicillin | | |
| Benzbromarone | | |
| Benzhexol Hydrochloride | | |
| Benzilonium Bromide | | |
| Benzocaine | | Any non-parenteral use except local ophthalmic use |
| Benzocetamine Hydrochloride | | |
| Benzoestrol | | |
| Benzoyl Metronidazole | | |
| N-Benzoyl Sulphanilamide | | |
| Benzquinamide | | |
| Benzquinamide Hydrochloride | | |
| Benzthiazide | | |
| Benztropine Mesylate | | |
| Benzylpenicillin | | |
| Benzylpenicillin Calcium | | |
| Bephenium and its salts | | As an anthelmintic |
| Betahistine Hydrochloride | | |
| Betamethasone | | |

SCHEDULE 1 (Cont'd.)

|---|------------------|---|
| Column 1 | Column 2 | Column 3 |
| Substance | Maximum Strength | Use, pharmaceutical form or route of administration |
| Betamethasone Adamantoate | | |
| Betamethasone Benzoate | | |
| Betamethasone Sodium Phosphate | | |
| Betamethasone Valerate | | |
| Bethanechol Chloride | | |
| Bethanidine Sulphate | | |
| Biperiden Hydrochloride | | |
| Biperiden Lactate | | |
| Bismuth Glycollylarsanilate | | |
| Bleomycin Sulphate | | |
| Boldenone Undecylenate | | |
| Bretylum Tosylate | | |
| Bromhexine Hydrochloride | | Internal for ailments of pet birds and pigeons |
| Bromocriptine Mesylate | | |
| Bromvaletone | | |
| Brotianide | | As a liver fluke remedy |
| Broxyquinoline | | |
| Budesonide | | |
| Bufexamac | | |
| Bumetanide | | |
| Bunamidine and its salts | | As an anthelmintic |
| Buphenine Hydrochloride | | |
| Bupivacaine | | Any non-parenteral use except local ophthalmic use |
| Bupivacaine Hydrochloride | | Any non-parenteral use except local ophthalmic use |
| Buprenorphine | | |
| Buprenorphine Hydrochloride | | |
| Busulphan | | |
| Butacaine Sulphate | | Any non-parenteral use except local ophthalmic use |
| Butalbital | | |
| Butalbital Sodium | | |
| Butanilicaine Phosphate | | Any non-parenteral use except local ophthalmic use |
| Butobarbitone | | |
| Butobarbitone Sodium | | |
| Butorphanol Tartrate | | |
| Butriptyline Hydrochloride | | |
| Butylchloral Hydrate | | |
| Butyl Amino benzoate | | Any non-parenteral use except local ophthalmic use |
| Butynorate | | |
| Calcitonin | | |
| Calcitriol | | |
| Calcium 5-Allyl-5-N-Butylbarbiturate | | |
| Calcium Aminosalicylate | | |
| Calcium Amphomycin | | |
| Calcium Benzamidosalicylate | | |

EXPLANATORY NOTE

(This Note is not part of the Order.)

This order replaces the Medicines (Veterinary Drugs) (Prescription Only) Order 1983.

The order specifies descriptions and classes of medicinal products (being veterinary drugs) for the purposes of section 58 of the Medicines Act 1968 and states that veterinary surgeons and veterinary practitioners are to be appropriate practitioners for the purposes of that section in relation to such products (Articles 2 and 3). By virtue of section 58 such products may be sold or supplied by retail only in accordance with a prescription given by a veterinary surgeon or veterinary practitioner and may be administered only by or in accordance with the directions of such a person. The order also confers exemptions from those restrictions (Articles 5, 6 and 7) and prescribes conditions which must be fulfilled if a sale or supply is to be taken as being in accordance with a prescription (Article 8).
