<i>Coming into Operation</i>		25th September 1986

The Secretary of State, in exercise of the powers conferred on him by paragraph 6 of Schedule 2 to the Agriculture Act 1986(a), and of all other powers enabling him in that behalf, hereby makes the following order:-

Application, title and commencement

1. This order, which applies to tenancies in Scotland, may be cited as the Milk Quota (Calculation of Standard Quota) (Scotland) Order 1986 and shall come into operation on 25th September 1986.

Interpretation

2. In the application of this order, the expressions "disadvantaged land" and "severely disadvantaged land" mean land which has been determined to be disadvantaged land or severely disadvantaged land, as the case may be, in accordance with the definitions of those expressions as they are set out in regulation 2 of the Hill Livestock (Compensatory Allowances) Regulations 1984(b).

Standard yield per hectare

3. The number of litres prescribed for the purposes of sub-paragraph 6(5)(b) of Schedule 2 to the Agriculture Act 1986 (calculation of standard quota) in respect of each of the breeds shown in column 1 of the Schedule to this order is the number shown opposite that breed in -

- (a) column 2(a) in relation to severely disadvantaged land;
- (b) column 3(a) in relation to disadvantaged land; and
- (c) column 4(a) in relation to any other land.

Average yield per hectare

4. The amount of milk to be taken as the average yield per hectare for the purposes of sub-paragraph 6(2) of Schedule 2 to the Agriculture Act 1986 (calculation of standard quota in exceptional cases) in respect of each of the

EXPLANATORY NOTE

(This Note is not part of the Order.)

Where on the termination of a lease of a tenancy in Scotland the tenant has milk quota registered as his in relation to a holding consisting of or including the tenancy, Schedule 2 to the Agriculture Act 1986 gives him a right, on quitting the tenancy, to obtain from his landlord a payment in respect of all or part of that milk quota. The amount of payment to which the tenant is entitled is calculated by reference to the "standard quota" for the tenancy, and the "standard quota" is in turn calculated by reference to the "standard yield per hectare" and the "average yield per hectare". This order prescribes the standard yield per hectare and the average yield per hectare to be taken into account in determining the "standard quota".
