EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the National Health Service (Payments for Optical Appliances) Regulations 1986 which provide for payments to be made, by means of a voucher system, in respect of the cost incurred by certain categories of persons for the supply of optical appliances supplied following a sight test under the National Health Service in England and Wales.

The values of the vouchers (which bear a letter code according to the type of appliance prescribed or the type of lenses in it) are increased by an average of approximately 5% (regulation 2(1) and the Schedule) and additions for glasses for those with an inter-pupillary distance of 60 millimetres or less and glasses with specially manufactured frames are increased by 5% (regulation 2(2)).
