

## SCHEDULE 2

### PART 15

#### DEVELOPMENT BY WATER AUTHORITIES

##### Class A

##### Permitted development

- A. Development by a water authority for the purposes of their functions consisting of—**
- (a) development not above ground level required in connection with the provision, improvement, maintenance or repair of a sewer, outfall pipe, sludge main or associated apparatus,**
  - (b) development not above ground level required in connection with the supply of water or for conserving, redistributing or augmenting water resources, or for the conveyance of water treatment sludge,**
  - (c) development in, on or under any watercourse or land drainage works and required in connection with the improvement or maintenance or repair of that watercourse or those land drainage works,**
  - (d) the provision of a building, plant or machinery or apparatus in, on, over or under land for the purpose of survey or investigation,**
  - (e) the maintenance, improvement or repair of works for measuring the flow in any watercourse or channel,**
  - (f) the installation in a water distribution system of a booster station, valve house, meter or switch-gear house,**
  - (g) any works authorised by or required in connection with an order made under section 1 or 2 of the Drought Act 1976(1),**
  - (h) any other development in, on, over or under their operational land, other than the provision of a building but including the extension or alteration of a building.**
