

SCHEDULE 2

Regulation 5(2)(a)

PARTICULARS TO BE GIVEN IN A NOTIFICATION OF AN INTENTION TO CARRY OUT ACTIVITIES INVOLVING GENETIC MANIPULATION

1. The name of the person who will carry out activities involving genetic manipulation.
2. The address or location of the premises or site where the work is to be carried out.
3. The name and designation of the person responsible for the work.
4. Into which of the following categories the activities fall—
 - (a) the construction or modification of a cell or organism by genetic manipulation;
 - (b) the use of a cell or organism constructed or modified by genetic manipulation; or
 - (c) intentional introduction into the environment.
5. The arrangements for physical containment (unless the work is assigned to containment level 1 or good large-scale practice).
6. The names and capacities of members of the genetic manipulation safety committee.
7. Comments made by the genetic manipulation safety committee on the local arrangements for risk assessment.
8. The names of the biological and deputy biological safety officers concerned with the work (if any).
9. The name of the supervisory medical officer concerned with the work (if any).
10. The arrangements for health surveillance (if any).
