1991 No. 1111

The Yorkshire Dales Light Railway Order 1991

As to levels and formation of railway

7. The railway shall be laid on the same levels as, and within the existing formation of, the former railway with the exception of the section between the occupation bridge No.30 and the termination of the railway, where the railway shall be laid within the existing formation but at a maximum level of 60 centimetres above the former railway.
