SCHEDULE 4

PERMITTED ADDITIVES AND PROVISIONS RELATING TO THEIR USE

PART V

VITAMINS, PRO-VITAMINS AND SUBSTANCES HAVING A SIMILAR EFFECT

CHAPTER A

Column 1 <i>EECNo.</i>	Column 2 <i>Vitamin</i>	Column 3 <i>Kind of animal</i>	Column 4 <i>Maximum content (international units per kilogram in complete feeding stuff) or of the daily ration</i>	Column 5 <i>Special conditions</i>
E672	A	Chickens for fattening	13500 All feeding stuffs except feeding stuffs for young animals	
		Ducks for fattening	13500 All feeding stuffs except feeding stuffs for young animals	
		Turkeys for fattening	13500 All feeding stuffs except feeding stuffs for young animals	
		Lambs for fattening	13500 All feeding stuffs except feeding stuffs for young animals	
		Pigs for fattening	13500 All feeding stuffs except feeding stuffs for young animals	
		Bovines for fattening	13500 All feeding stuffs except feeding stuffs for young animals	
		Calves	25000 Only milk replacers	
		Other species of animals	— All feeding stuffs	

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Column 1 <i>EECNo.</i>	Column 2 <i>Vitamin</i>	Column 3 <i>Kind of animal</i>	Column 4 <i>Maximum content (international units per kilogram in complete feeding stuff) or of the daily ration</i>	Column 5 <i>Special conditions</i>	
E670	D <sub>2</sub>	Pigs	2000	Simultaneous use of Vitamin D <sub>2</sub> and D <sub>3</sub> prohibited	
		Piglets	10000 in milk replacer feeds only	Simultaneous use of Vitamin D <sub>2</sub> and D <sub>3</sub> prohibited	
		Cattle	4000	Simultaneous use of Vitamin D <sub>2</sub> and D <sub>3</sub> prohibited	
		or	Calves	10000 in milk replacer feeds only	Simultaneous use of Vitamin D <sub>2</sub> and D <sub>3</sub> prohibited
		Sheep	4000	Simultaneous use of Vitamin D <sub>2</sub> and D <sub>3</sub> prohibited	
		Lambs	10000 in milk replacer feeds only	Simultaneous use of Vitamin D <sub>2</sub> and D <sub>3</sub> prohibited	
		Horses	4000	Simultaneous use of Vitamin D <sub>2</sub> and D <sub>3</sub> prohibited	
		Other species of animals except poultry and fish	2000	Simultaneous use of Vitamin D <sub>2</sub> and D <sub>3</sub> prohibited	
E671	D <sub>3</sub>	Pigs	2000	Simultaneous use of Vitamin D <sub>2</sub> and D <sub>3</sub> prohibited	
		Piglets	10000 in milk replacer feeds only	Simultaneous use of Vitamin D <sub>2</sub> and D <sub>3</sub> prohibited	
		Cattle	4000	Simultaneous use of Vitamin D <sub>2</sub> and D <sub>3</sub> prohibited	

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.
