EXPLANATORY NOTE

(This note is not part of the Order)

This Order re-enacts with amendments the Spray Irrigation (Definition) Order 1965. The Order omits references to provisions in the Water Resources Act 1963 that are spent, and substitutes references to the Water Resources Act 1991, for provisions of the 1963 Act that have been re-enacted.

The Order also provides that references to spray irrigation in section 57 of the 1991 Act shall not include spray irrigation of certain container-grown plants (article 4(c)).
