

## SCHEDULE 3

### PART I

#### **Particulars of the Gates, Traffic Signs and Other Protective Equipment at the Accommodation Work Stage.**

5. Each gate shall be provided with a suitable mechanism at its tip to secure the gate in either position. An additional mechanism shall provide facility to secure one gate to the other gate when the gates are closed to road traffic and this mechanism shall be so arranged that it can be locked in the closed position by either of two padlocks but can only be opened when both are unlocked.
