1992 No. 1267

The Brechin and Bridge of Dun Light Railway Order 1992

Gauge of the railways and motive power

8. The railways shall be operated on a gauge of 1.435 metres (4 feet 8 ½ inches) and the motive power shall be diesel or steam or internal combustion or such other motive power as the Secretary of State may approve:

Provided that nothing in this Order shall authorise the Council to use electrical power as motive power on the railways unless such power is obtained from storage batteries or from a source of generation entirely contained in and carried along with the engines and carriages:

Provided also that, if electrical power is used as motive power on the railways, such electrical power shall not be used in such a manner as to cause or be likely to cause any interference with any telecommunications apparatus as defined in Schedule 2 to the Telecommunications Act 1984⁽¹⁾ or with telecommunication by means of any such apparatus.
