PART A

GENERAL PROVISIONS AND RETIREMENT

Citation and commencement

A1. This Scheme (which is in force from 1st March 1992) may be cited as the Firemen's Pension Scheme 1992.

Interpretation

A2.—(1) Part I of Schedule 1 to this Scheme contains a glossary of expressions; and in this Scheme, unless the context otherwise requires, any expression for which there is an entry in the first column of that Schedule has the meaning given against it in the second column or is to be construed in accordance with directions given against it in that column.

(2) Part II of Schedule 1 has effect for construing references in this Scheme to certain expressions related to the National Insurance and Social Security Acts.

(3) In this Scheme, unless the context otherwise requires, any reference to a rule, Part or Schedule identified by a letter or number or both ("an indicator") is to be construed as a reference to the rule, Part or Schedule, as the case may be, identified by that indicator in this Scheme, and any reference to a numbered paragraph in a rule of or a Schedule to this Scheme is to be construed as a reference to the paragraph bearing that number in that rule or, as the case may be, that Schedule.

(4) Where this Scheme requires anything to be done within a specified period after or from a specified day or event, the period begins immediately after the specified day or, as the case may be, the day on which the specified event occurs.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Exclusive application to regular firefighters

A3.—(1) Subject to paragraph (3), this Scheme applies in relation to regular firefighters and their spouses and dependants to the exclusion of pension provision under any enactment other than section 26 of the principal Act and the Social Security Act 1975⁽¹⁾.

(2) In paragraph (1) “pension provision” means any provision for the payment of a pension, allowance or gratuity, on cessation of employment or on death, in respect of employment as a regular firefighter.

(3) A person who is not a member of a brigade but whose employment is, under rule A4 or A5, treated for the purposes of this Scheme as employment as a regular firefighter is not a regular firefighter for the purposes of this rule.

Application to temporary employment connected with fire services

A4.—(1) This rule applies in the case of a person who has ceased to perform duties as a regular firefighter and has entered relevant employment.

(2) For the purposes of this rule relevant employment is temporary employment, on duties connected with the provision of fire services—

- (a) as an instructor at the central training institution or any training centre maintained by the Secretary of State, or
- (b) as an inspector, assistant inspector or other officer appointed under section 24 of the principal Act, or
- (c) in pursuance of arrangements made by the Secretary of State in connection with the training in fire-fighting of members of the armed forces of the Crown, or
- (d) in pursuance of arrangements made by the Secretary of State, or made after 31st March 1968 but before 15th November 1970 by the Minister of Overseas Development, in connection with the training and organisation of fire-fighting forces in any country or territory outside the United Kingdom.

(3) Where this rule applies the person’s relevant employment shall be treated for the purposes of this Scheme as employment as a member of a brigade and this Scheme applies in relation to the relevant employment as if—

- (a) he were, and his duties were duties as, a regular firefighter,
- (b) his pay and rank were the same as they would have been had he not ceased to perform duties as a regular firefighter or, where section 10 of the Fire Services Act 1959⁽²⁾ applies, the same as his pay and rank as a member of a brigade,
- (c) any reference to a brigade were a reference to the relevant employment,
- (d) rules A13 to A15 and L2 were omitted, and
- (e) any reference to a fire authority were a reference to the Secretary of State.

Application to permanent employment as instructor

A5.—(1) This rule applies in the case of a person who has ceased to perform duties as a regular firefighter and has entered relevant employment.

(2) For the purposes of this rule relevant employment is permanent employment, on duties connected with the provision of fire services, as an instructor at the central training institution or any training centre maintained by the Secretary of State.

(1) 1975 c. 14.

(2) 1959 c. 44.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(3) Where this rule applies the person's relevant employment shall be treated for the purposes of this Scheme as employment as a member of a brigade and this Scheme applies in relation to the relevant employment as if—

- (a) he were, and his duties were duties as, a regular firefighter,
- (b) any reference to a brigade were a reference to the relevant employment,
- (c) any reference to a fire authority were a reference to the Secretary of State, and
- (d) rules A13 to A15 and L2 were omitted.

No application to auxiliary firefighters

A6. This Scheme does not apply in relation to a member of a brigade who is enrolled for service in the brigade which is restricted, except in a war emergency, to such duties as are desirable for training.

Reckoning of service for purposes of awards

A7.—(1) Subject to paragraph (3), for the purpose of calculating an award payable to or in respect of a member of a brigade by reference to any period in years (including a period of pensionable or other service) the period shall be reckoned as—

$$A + \frac{B}{365} \text{ years}$$

where—

- A is the number of completed years in the period, and
- B is the number of completed days in any remaining part of a year, and accordingly a part of a year which includes 29th February in a leap year and comprises 365 days shall be treated as a whole year.

(2) Where, for the purpose of calculating an award payable to or in respect of a regular firefighter—

- (a) it is necessary to determine his pensionable service reckonable by reason of service or employment before or after a particular date (“the material date”), and
- (b) by virtue of the receipt by a fire authority of a transfer value, he is entitled to reckon a period of pensionable service (“the credited period”) by reason of service or employment for a period (“the previous employment period”) which includes that date,

the credited period counts as pensionable service reckonable by reason of service or employment before and after the material date in the same proportion as that between the parts of the previous employment period falling before and after the material date.

(3) In the case of a person who ceased to serve as a member of a brigade before 1st May 1975, Part III of Schedule 11 has effect and this rule does not apply.

Aggregate pension contributions for purposes of awards

A8.—(1) A regular firefighter's aggregate pension contributions comprise—

- (a) all payments made by him to a fire authority that fall within paragraph (2),
- (b) all payments made by him in accordance with an election under rule G6 (election to purchase increased benefits), and

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(c) if paragraph (3) applies, the amount of the notional award described in paragraph (4).

(2) The payments that fall within this paragraph are payments under this Scheme or a previous Scheme that relate to a period of service which the regular firefighter is, or was immediately before electing under rule G3 not to pay pension contributions, entitled to reckon as pensionable service and have not been refunded to him, including payments made—

(a) by way of rateable deductions from pay,

(b) by way of such additional and further payments as were mentioned in articles 57 to 59 of the 1973 Scheme, or

(c) in accordance with such an undertaking as is mentioned in Part I of Schedule 6.

(3) This paragraph applies where the regular firefighter is, or was immediately before electing under rule G3 not to pay pension contributions, entitled to reckon pensionable service by reason of a period of service or employment otherwise than as a regular firefighter “the previous employment period”).

(4) The notional award mentioned in paragraph (1)(c) is the award by way of return of contributions or analogous payment that would have been made to him if, at the end of the previous employment period, he had voluntarily retired in circumstances entitling him to such an award under the applicable superannuation arrangements.

Qualifying injury

A9.—(1) Except in rule J4, references in this Scheme to a qualifying injury are references to an injury received by a person without his own default in the execution of his duties as a regular firefighter.

(2) In rule J4, unless the context otherwise requires, references to a qualifying injury are references to an injury received by a person without his own default in the exercise of his duties as a part-time member of a brigade.

(3) An injury shall be treated as having been received by a person without his default unless the injury is wholly or mainly due to his own serious and culpable negligence or misconduct.

Disablement

A10.—(1) References in this Scheme to a person’s being permanently disabled are references to his being disabled at the time when the question arises for decision and to his disablement being at that time likely to be permanent.

(2) Subject to paragraph (3), disablement means incapacity, occasioned by infirmity of mind or body, for the performance of duty, except that in relation to a child it means incapacity, so occasioned, to earn a living.

(3) Where it is necessary to determine the degree of a person’s disablement, it shall be determined by reference to the degree to which his earning capacity has been affected as a result of a qualifying injury; if, as a result of such an injury, he is receiving in-patient treatment at a hospital he shall be treated as being totally disabled.

(4) Where a person has retired before becoming disabled and the date on which he becomes disabled cannot be ascertained, it shall be taken to be the date on which the claim that he is disabled is first made known to the fire authority.

Death or infirmity resulting from injury

A11.—(1) A person shall be taken to have died from the effects of an injury if it appears that had he not suffered that injury he would not have died when he did.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(2) In the case of a person who has died or become permanently disabled, any infirmity of mind or body shall be taken to have been occasioned by an injury if the injury caused or substantially contributed to the infirmity or, as the case may be, the person's death.

Relevant service in the armed forces

A12. References in this Scheme to relevant service in the armed forces are references to—

- (a) service specified in Schedule 1 to the Reserve and Auxiliary Forces (Protection of Civil Interests) Act 1951⁽³⁾ (“the 1951 Act”), other than service specified in paragraph 5(b) of that Schedule,
- (b) part-time service under the National Service Act 1948⁽⁴⁾, otherwise than pursuant to a training notice under that Act, and
- (c) service for the purposes of training only performed by a person mentioned in paragraph 7 of Schedule 1 to the 1951 Act for a period shorter than 7 days.

Compulsory retirement on account of age

A13.—(1) This rule applies to every whole-time member of a brigade appointed on terms under which he is or may be required to engage in fire-fighting.

(2) Subject to paragraph (3), a person to whom this rule applies shall retire—

- (a) if he holds the rank of assistant divisional officer or a higher rank, on attaining the age of 60, or
- (b) if he holds the rank of station officer or a lower rank, on attaining the age of 55.

(3) In special cases the fire authority may extend the service of a person to whom this rule applies for a further period if they are satisfied that such extension would be in the interests of efficiency.

Compulsory retirement on grounds of efficiency of brigade

A14. A whole-time member of a brigade who—

- (a) was appointed on terms under which he is or may be required to engage in fire-fighting, and
- (b) has attained the age of 50, and
- (c) has, or but for an election under rule G3 would have, completed 25 years' pensionable service,

may be required by the fire authority to retire on the grounds that his retention in the brigade would not be in the general interests of its efficiency.

Compulsory retirement on grounds of disablement

A15.—(1) Subject to paragraph (2), a regular firefighter may be required by the fire authority to retire on the date on which the authority determine that he ought to retire on the ground that he is permanently disabled.

(2) A retirement under this rule is void if, on an appeal against the medical opinion on which the fire authority acted in determining that he ought to retire, the medical referee decides that the appellant is not permanently disabled.

(3) 1951 c. 65.

(4) 1948 c. 64.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Effective date of retirement

A16. For the purposes of this Scheme a member of a brigade shall be taken to retire immediately after his last day of service.

PART B

- (a) has attained the age of 50, and
- (b) is entitled to reckon at least 25 years' pensionable service, and
- (c) does not become entitled to an ill-health award under rule B3.

(2) This rule does not apply—

- (a) to a person whose notice of retirement states that he is retiring for the purpose of joining another brigade, or
- (b) unless his notice of retirement was given with the permission of the fire authority, to a chief officer, or in Scotland a firemaster, who retires before attaining the age of 55, or

(3) A person to whom this rule applies becomes entitled on retiring to an ordinary pension calculated in accordance with Part I of Schedule 2.

Short service award

B2.—(1) This rule applies, unless immediately before his retirement an election under rule G3 not to pay pension contributions had effect, to a regular firefighter—

- (a) who retires as required by rule A13 (compulsory retirement on account of age) and does not on retiring become entitled to an ordinary pension under rule B1, or
- (b) who retires on or after attaining the age of 65, is entitled to reckon at least 2 years' pensionable service, and is not entitled to any other pension or gratuity under this Part.

Ill-health award

(2) A person to whom this rule applies becomes entitled on retiring—

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (a) if he is entitled to reckon at least 2 years' pensionable service or the infirmity was occasioned by a qualifying injury, to an ill-health pension calculated in accordance with Part III of Schedule 2, and
- (b) in any other case, to an ill-health gratuity calculated in accordance with Part IV of Schedule 2.

Injury award

B4.—(1) This rule applies to a regular firefighter who has retired and is permanently disabled if the infirmity was occasioned by a qualifying injury.

- (a) to a gratuity, and
- (b) subject to paragraphs (3) and (4), to an injury pension,

both calculated in accordance with Part V of Schedule 2.

(3) Payment of an injury pension is subject to paragraph 4 of Part V of Schedule 2.

(4) Where the person retired before becoming permanently disabled, no payment in respect of an injury pension shall be made for the period before he became permanently disabled.

Deferred pension

B5.—(1) This rule applies to a regular firefighter who is entitled to reckon at least 2 years' pensionable service or, though not so entitled—

- (a) has an earlier period of service as a regular firefighter which, disregarding breaks in service of not more than a month, is continuous and which, after deducting from it any period during which an election under rule G3 not to pay pension contributions had effect and aggregating the remainder with his pensionable service, amounts to 2 years or more, or
- (b) is entitled to reckon pensionable service by virtue both of service as a regular firefighter and of a period of other employment which together amount to 2 years or more.

(2) If a person to whom this rule applies ceases to be a member of a brigade, otherwise than in pursuance of a notice of retirement stating that he is retiring for the purpose of joining another brigade, or elects under rule G3 not to pay pension contributions, in circumstances in which—

- (a) no transfer value or cash equivalent is payable in respect of him, and
- (b) he does not become entitled to any award under rules B1 to B4,

he becomes entitled to a deferred pension calculated in accordance with Part VI of Schedule 2.

(3) If—

- (a) a person to whom, when he was a regular firefighter, this rule applied has been awarded an ill-health pension under rule B3, and
- (b) the unsecured portion of that pension is terminated under rule K1(3) otherwise than on his rejoining his brigade,

he becomes entitled to a deferred pension calculated in accordance with Part VI of Schedule 2.

(4) A deferred pension becomes payable—

- (a) from the 60th birthday of the person entitled to it, or
- (b) from any earlier date on which he becomes permanently disabled,

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

and no payment in respect of the pension shall be made for any earlier period.

(5) A person who under rule F4(4)(b) relinquishes his entitlement to a deferred pension ceases to be entitled to it.

Repayment of aggregate pension contributions

B6.—(1) This rule applies to a regular firefighter who ceases to be a member of a brigade, otherwise than in pursuance of a notice of retirement stating that he is retiring for the purpose of joining another brigade, or elects under rule G3 not to pay pension contributions, in circumstances in which—

- (a) no transfer value or cash equivalent is payable in respect of him, and
- (b) he does not become entitled to any award under rules B1 to B5 or J1.

(2) A person to whom this rule applies becomes entitled to the repayment of his aggregate pension contributions.

Commutation — general provision

B7.—(1) This rule applies to an ordinary, short service, ill-health or deferred pension under this Part; in relation to a deferred pension, it has effect as if references to retirement and to the date of retirement were references respectively to the pension's coming into payment and to the date of its coming into payment.

(2) A person entitled or prospectively entitled to a pension to which this rule applies may commute for a lump sum a portion of the pension ("the commuted portion").

(3) The lump sum is the actuarial equivalent of the commuted portion at the date of retirement, calculated from tables prepared by the Government Actuary.

(4) The commuted portion must not in any case exceed a quarter of the full amount of the pension.

(5) In the case of an ordinary pension, unless—

- (a) when the person retires he is entitled to reckon at least 30 years' service, or
- (b) he retires as required by rule A13 (compulsory retirement on account of age), or
- (c) he retires on or after his 55th birthday and notice of commutation is given with the consent of the fire authority,

the commuted portion must not be such that the lump sum exceeds two and a quarter times the full amount of the pension.

(6) The full amount of a pension is its amount as calculated under Part I, II, III or VI of Schedule 2, disregarding any reduction under any other provision of this Scheme.

(7) In order to commute a portion of a pension a person must, not earlier than 4 months before his intended retirement nor later than 6 months after his retirement, give the fire authority written notice of commutation specifying the portion.

(8) Notice of commutation takes effect from the later of—

- (a) the date on which it is received by the fire authority, and
- (b) the date of the person's retirement,

except that it does not take effect if it was given more than 4 months before retirement or relates to an ill-health pension the unsecured portion of which has already been terminated under rule K1(3).

(9) When a person's notice of commutation takes effect the fire authority shall—

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (a) reduce the pension, as from the effective date, by the commuted portion, and
- (b) pay him the lump sum, reduced, where the effective date is the date of receipt of the notice, by the difference between the aggregate payments made in respect of the pension and the aggregate payments that would have been made in respect of it if it had been reduced from the date of retirement.

(10) Where notice of commutation relating to an ill-health pension has taken effect and the unsecured portion of the pension is terminated under rule K1(3)—

- (a) no reduction shall be made under paragraph (9) in the secured portion of the ill-health pension, insofar as it is payable under rule K1(5), but
- (b) if the person later becomes entitled to another pension, other than an injury pension, for the purposes of which he is entitled to reckon the period of pensionable service that was reckonable for the purposes of the ill-health pension, the unsecured portion of the other pension shall be reduced by the amount by which the ill-health pension would have been reduced if its unsecured portion had not been terminated,

and where sub-paragraph (b) applies and notice of commutation is given in respect of the other pension, the portion of it that may be commuted is reduced by the amount of the reduction under sub-paragraph (b).

(11) For the purposes of this rule no account shall be taken of any increase under rule I 2(3) or I 4 in an award to a serviceman.

Commutation — small pensions

B8.—(1) Where the amount of any pension payable under this Part to a person who has attained state pensionable age, together with any increase under the Pensions (Increase) Act 1971⁽⁵⁾, does not exceed £260, or any greater amount prescribed by regulations for the time being in force under paragraph 15(4) of Schedule 16 to the Social Security Act 1973⁽⁶⁾, the fire authority may in their discretion commute the pension for a gratuity.

(2) The amount of a gratuity under this rule is the actuarial equivalent of the pension, calculated from tables prepared by the Government Actuary.

(3) Where a person is entitled to more than one pension, the pensions shall be treated as one for the purposes of this rule.

Allocation

B9.—(1) This rule applies to an ordinary, short service, ill-health or deferred pension under this Part.

(2) A person entitled or prospectively entitled to a pension to which this rule applies may allocate a portion of the pension in favour of a beneficiary, that is to say—

- (a) his spouse, or
- (b) some other person who the fire authority are satisfied is substantially dependent on him.

(3) A person who has allocated a portion of an ordinary pension may allocate a further portion of it—

- (a) in favour of the same beneficiary, or
- (b) if that beneficiary has died, in favour of some other beneficiary.

⁽⁵⁾ 1971 c. 56.

⁽⁶⁾ 1973 c. 38.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (4) A person who—
- (a) has allocated a portion of any pension to which this rule applies, and
 - (b) proposes to marry or re-marry, and
 - (c) has not attained the age of 70,
- may allocate a further portion of the pension in favour of his spouse by that marriage.
- (5) No more than one third of a pension may be allocated under this rule.
- (6) In order to allocate a portion of a pension a person must give the fire authority written notice of allocation specifying—
- (a) the portion, and
 - (b) the beneficiary,
- and must have satisfied the authority as to his good health.
- (7) A person's notice of allocation, which may be sent by post, must be given—
- (a) if he has not retired but is entitled to retire with an ordinary pension, before his intended retirement,
 - (b) if he is in receipt of a pension and has not attained the age of 70 and proposes to marry or re-marry, and the beneficiary is his spouse by that marriage, before but not earlier than 2 months before his intended marriage,
 - (c) if the pension is a deferred pension, before but not earlier than 2 months before the pension comes into payment, or
 - (d) in any other case, before but not earlier than 2 months before his intended retirement.

 - (b) the date of the person's retirement.
- (10) Where the notice of allocation has been accepted and paragraph (7)(b), (c) or (d) applies, the notice—

 - (b) if it takes effect, does so as from the date of the relevant event.
- (11) Where paragraph (7)(b) applies the relevant event is the marriage, where paragraph (7)(c) applies it is the coming into payment of the pension, and where paragraph (7)(d) applies it is the person's retirement.
- (12) Where a notice of allocation has taken effect and the pension to which it relates has become payable, the pension shall, even if the beneficiary has died, be reduced by the allocated portion as from the later of—

- (b) if he retires with an ill-health pension, the notice shall be treated as having been given in respect of that pension.

(15) In the case of a chief officer, or in Scotland a firemaster, in determining for the purposes of this rule—

- (a) whether he is entitled to retire with an ordinary pension, or
- (b) if he dies before retiring, what pension would have been paid if he had retired immediately before he died,

PART C

AWARDS ON DEATH — SPOUSES

Spouse's ordinary pension

C1.—(1) This rule applies where a person entitled to reckon at least 3 years' pensionable service dies, leaving a surviving spouse—

- (a) while serving as a regular firefighter, unless an election under rule G3 not to pay pension contributions had effect at the time of his death, or
- (b) while in receipt of an ordinary, short service or ill-health pension, or
- (c) while in receipt of an injury pension, if he has been but no longer is in receipt both of that pension and of an ill-health pension, or
- (d) in consequence of an injury on account of which he retired from service as a regular firefighter with an ill-health gratuity, if he has not since had any period of such service.

(2) Where this rule applies the surviving spouse is, subject to paragraph (3), entitled to an ordinary pension calculated, subject to Part I of Schedule 11 (calculation in certain cases where deceased serving or entitled to pension on 1st July 1973), in accordance with Part I of Schedule 3.

(3) Where the deceased died while serving as a regular firefighter, the surviving spouse may, by giving notice to the fire authority within 3 months after the date of the death, elect to have, instead of an ordinary pension, a reduced pension and a gratuity.

(4) The amount of the reduced pension is 75% of that of the ordinary pension which would otherwise have been payable.

(5) The amount of the gratuity is the greater of—

- (a) 6 times the amount of the reduced pension, and
- (b) the deceased's average pensionable pay,

but if the surviving spouse has received any pension payments at a rate higher than that of the reduced pension the fire authority shall recover the overpayment by reducing the gratuity.

(6) The fire authority may in their discretion accept a notice of election under paragraph (3) given more than 3 months after the date of the death.

Spouse's special award

C2.—(1) This rule applies where a person who is or has been a regular firefighter dies from the effects—

- (a) of a qualifying injury, or
- (b) of infirmity of mind or body occasioned by a qualifying injury,

leaving a surviving spouse.

(2) Where this rule applies the surviving spouse is entitled—

- (a) to a special pension calculated in accordance with Part II of Schedule 3, and
- (b) subject to paragraph (5), to a gratuity.

(3) Where the deceased died while serving as a regular firefighter the amount of the gratuity is the total of 25% of his average pensionable pay and the greater of—

- (a) his average pensionable pay, and

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (b) two and a quarter times the amount of the pension that would have been payable under rule B3 if on the date of his death he had retired on the ground of permanent disablement.
- (4) In any other case the amount of the gratuity is 25% of the deceased's average pensionable pay.
- (5) Where the deceased was entitled to an injury gratuity under rule B4—
 - (a) if it was of the same or a larger amount, no gratuity is payable under this rule, and
 - (b) if it was of a smaller amount, the gratuity under this rule shall be reduced by that amount.

Spouse's augmented award

C3.—(1) This rule applies where a person who is or has been a regular firefighter dies from the effects—

- (a) of a qualifying injury, or
- (b) of infirmity of mind or body occasioned by a qualifying injury,

leaving a surviving spouse, and one of the conditions in paragraph (2) is satisfied.

(2) The conditions are—

- (a) that the injury was received in the execution of duties performed, in circumstances in which there was an intrinsic likelihood of his receiving a fatal injury, for the immediate purpose of saving the life of another person or of preventing loss of human life, or
- (b) that the fire authority are of the opinion that the preceding condition may be satisfied and that this rule should apply, or
- (c) that the fire authority are of the opinion that the injury was received in such circumstances that it would be inequitable if this rule were not to apply.

(3) Where this rule applies, rule C2 applies with the modifications set out in paragraphs (4) and (5) below.

(4) For the purpose of calculating the special pension, Part II of Schedule 3 has effect with the substitution for “45%” of “50%”.

(5) Unless they produce a more favourable result, rule C2(3) to (5) does not apply, and the amount of the gratuity is twice the annual pensionable pay, at the date of the death, of a regular firefighter holding the rank of firefighter in the brigade maintained by the London Fire and Civil Defence Authority and entitled to reckon 30 years' service for the purposes of pay.

Spouse's accrued pension

C4.—(1) This rule applies, whether or not the pension has come into payment, where a person entitled to a deferred pension dies leaving a surviving spouse.

(2) For the purposes of paragraph (1) a person shall be treated as entitled to a deferred pension if he would have been entitled to one but for its commutation under rule B8.

(3) Where this rule applies the surviving spouse is entitled to an accrued pension calculated in accordance with Part III of Schedule 3.

- (a) a man entitled to reckon less than 3 years' pensionable service who is or has been a regular firefighter and by whom pension contributions have at any time been payable under rule G2 dies, leaving a widow, after the beginning of the tax year in which he attained or would have attained state pensionable age, and
- (b) neither rule C2 nor rule C4 applies.

(2) Where this rule applies the widow is entitled—

- (a) in respect of the first 13 weeks following the death, to a temporary pension, and
- (b) after the last of those 13 weeks, to a requisite benefit pension.

(3) The weekly amount of the temporary pension is $A - B$, where—

A is the weekly amount, immediately before he died, of the deceased's pensionable pay or, as the case may be, his pension or pensions (including any increase under the Pensions (Increase) Act 1971⁽⁸⁾), and

B is the weekly amount of any children's allowances payable in respect of his death.

(4) The requisite benefit pension shall be calculated in accordance with Part V of Schedule 3.

(5) If—

- (a) the deceased died while serving as a regular firefighter, and
- (b) the amount of the capitalised value of the requisite benefit pension, as calculated by the Government Actuary, is less than that of his average pensionable pay,

the widow is entitled to a gratuity equal to the difference between those amounts.

Spouse's award where no other award payable

C7.—(1) This rule applies where a person by whom pension contributions have at any time been payable under rule G2 dies while serving as a regular firefighter—

- (a) in the case of a man, before the end of the tax year preceding that in which he would have attained state pensionable age, or
- (b) in the case of a woman, at any time,

leaving a surviving spouse, and neither rule C1 nor rule C2 nor rule C4 applies.

(2) Where this rule applies the surviving spouse is entitled—

- (a) in respect of the first 13 weeks following the death, to a temporary pension calculated as if rule C6(2)(a) and (3) had applied, and
- (b) to a gratuity of an amount equal to the deceased's average pensionable pay.

(3) Where—

- (a) the surviving spouse would but for paragraph (1) be entitled to an award under rule C1, C2, C3 or C4, and
- (b) at the time of the death the deceased was making relevant contributions, or was liable to do so by virtue of an agreement or of an order or decree of a competent court,

the surviving spouse is entitled to a pension of the appropriate amount.

(4) Relevant contributions are contributions paid or payable—

- (a) for the support of the spouse, or
- (b) to the spouse for the support of a child of the spouse's,

the amount of which exceeds that of the requisite benefit pension that would otherwise be payable under paragraph (2).

(5) The appropriate amount is the lesser of—

- (a) the amount of a pension calculated in accordance with, as the case may be, rule C1, C2, C3 or C4, and
- (b) the amount of the relevant contributions.

(6) The fire authority may determine that, for such period as they think fit, a pension under paragraph (2) or (3) shall be paid at such increased rate, not exceeding that of the pension which would have been payable but for paragraph (1), as they think fit.

(7) Where but for paragraph (1) the surviving spouse would be entitled to a gratuity, the fire authority may decide that the gratuity be paid in whole or part, as they think fit.

Effect of remarriage

C9.—(1) A person entitled to a pension under this Part who remarries is not entitled to receive any payment on account of the pension in respect of any subsequent period; but if the marriage is dissolved or the other party to it dies the fire authority may pay the whole or any part of the pension for such period after the dissolution or death as they think fit.

C9.—(2) Where a person entitled to a gratuity under this Part remarries any part of the gratuity that has not already been paid (“the outstanding amount”) ceases to be payable; but if the marriage is dissolved or the other party to it dies the fire authority may pay the person the whole or any part of the outstanding amount.

- (b) in Case B, £188.84, and
- (c) in Case C, £233.19,

increased, in each case, in accordance with paragraph (7).

(8) In calculating an increased amount under paragraph (7) any increase that would have occurred under the 1971 Act in respect of a period beginning before 12th November 1979 shall be disregarded.

PART F

PENSIONABLE SERVICE AND TRANSFER VALUES

Reckoning of and certificates as to pensionable service

F1.—(1) Subject to paragraph (2), a person is entitled to reckon as pensionable service the total of the periods he is entitled to reckon under rules F2 to F7 and, in the case of a serviceman, any period reckonable under rule I 6 (relevant service in armed forces).

(2) No period is reckonable as pensionable service under more than one provision of rules F2 to F7.

(3) Within 6 months of the date on which a person becomes entitled to reckon a period as pensionable service under rule F3, F4, F5, F6, F7 or I6 the fire authority shall supply him with a certificate showing the pensionable service he was entitled to reckon on that date (“the material date”).

(4) A person who is dissatisfied with a certificate supplied to him under paragraph (3) may, within 3 months after being supplied with it, appeal to the Secretary of State, who shall either confirm or vary the certificate.

(5) If he does not appeal, the certificate as supplied, and if he does appeal, the certificate as confirmed or varied, is conclusive as to the pensionable service he was entitled to reckon on the material date.

(6) If he claims a pension or gratuity, or dies, after the material date but before a certificate has been supplied, paragraph (3) ceases to apply; if he does so before a certificate has become conclusive, the certificate ceases to have effect and paragraph (4) ceases to apply.

(7) For the purposes of paragraphs (3) to (6) a serviceman shall be treated as only becoming entitled to reckon service under rule I 6 if and when he resumes service in his former brigade.

Current service

F2.—(1) Subject to paragraphs (2) and (3), a person serving as a regular firefighter is entitled to reckon as pensionable service—

(a) any period of service as a regular firefighter after 31st March 1972, except a period during which pension contributions were not payable under rule G2, in the brigade in which he is serving, and

(b) if he was serving in that brigade both on and immediately before 1st April 1972, any period he was entitled to reckon immediately before that date.

(2) A person is not entitled to reckon as pensionable service by virtue of paragraph (1)—

(a) if he has left and rejoined the brigade after 31st March 1972, any period of service before he last rejoined the brigade, or

(b) any period of absence from duty as a regular firefighter as a result of sickness or injury certified by a qualified medical practitioner to be due to his own misconduct, or

(c) subject to paragraph (3), any period of absence from duty without pay.

(3) The fire authority maintaining the brigade in which a person is serving as a regular firefighter may at any time resolve that he shall be entitled to reckon as pensionable service all or part of any period of absence from duty without pay; in that event he becomes liable to pay the authority the contributions (including any such additional or further contributions as are mentioned in rule G4) that would have been payable for the reckonable period if he had been paid at his normal rate.

PART G

PENSIONABLE PAY AND CONTRIBUTIONS

Pensionable pay and average pensionable pay

- G1.**—(1) Subject to paragraph (2), the pensionable pay of a regular firefighter is his pay as determined—
- (a) in relation to his rank, or
 - (b) in the case of a chief officer or assistant chief officer, or in Scotland a firemaster or assistant firemaster, for the post.
- (2) For the purposes of paragraph (1), in the case of a person by whom pension contributions became payable after 31st May 1989 either—
- (a) for the first time, or
 - (b) following any period in respect of which they were not payable, except where regulation 4 of the Retirement Benefit Schemes (Tax Relief on Contributions) (Disapplication of Earnings Cap) Regulations 1990⁽¹¹⁾ applies his pay shall be taken not to include any excess, in any tax year, over the figure which is the permitted maximum for that year for the purposes of section 594(2) and (3) of the Income and

(11) S.I. 1990/586.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Corporation Taxes Act 1988(12) (that is to say, the figure specified for the year by an order made by the Treasury under section 590C(6) of that Act).

(3) The average pensionable pay of a regular firefighter is, subject to paragraphs (5) to (7), the aggregate of his pensionable pay during the year ending with the relevant date.

(4) The relevant date is—

(a) for the purposes of rules B4 (injury award), C2 (spouse's special award), C7 (spouse's award where no other award payable), D2 (child's special allowance), D3 (child's special gratuity) and E2 (adult dependent relative's special pension), the date of the person's last day of service as a regular firefighter, and

(b) for all other purposes, the date of his last day of service in a period during which pension contributions were payable under rule G2.

(5) Subject to paragraphs (6) and (7), if he was in receipt of pensionable pay for part only of the year ending with the relevant date, his average pensionable pay is the aggregate of his pensionable pay for that part multiplied by the reciprocal of the fraction of the year which that part represents.

(6) For the purposes of paragraphs (3) and (5) any reduction of pensionable pay during sick leave or stoppage by way of punishment shall be disregarded.

(7) If the amount determined in accordance with paragraphs (3) to (6) is less than it would have been if the relevant date had been the corresponding date in whichever of the two preceding years yields the highest amount, that corresponding date shall be taken to be the relevant date.

(8) A regular firefighter's average pensionable pay for a week is his average pensionable pay divided by 52 1/6th.

Pension contributions

G2.—(1) A regular firefighter shall, except while an election under rule G3 has effect, pay pension contributions to the fire authority at the rate of 1p a week less than 11% of his pensionable pay.

(2) The contributions payable under paragraph (1) on each instalment of pay are due at the same time as that instalment and, without prejudice to any other method of payment, may be deducted by the fire authority from the instalment.

Election not to pay pension contributions

G3.—(1) Subject to paragraph (8), a regular firefighter may at any time, by giving written notice to the fire authority, elect that rule G2 is not to apply in his case.

(2) Subject to paragraph (3), an election under paragraph (1) takes effect on the first date after the notice is received on which an instalment of pay falls due.

(3) In the case of a person who has given notice under paragraph (1) within 3 months after the date on which he last became a regular firefighter ("the material date"), the election shall be treated as having taken effect on the material date.

(4) Where an election is to be treated as having taken effect on the material date—

(a) the fire authority shall repay the person the pension contributions paid by him since that date, and

(12) 1988 c. 1; section 590C was inserted, and section 594 amended, by the Finance Act 1989 (c. 26), section 75 and Schedule 6 paragraphs 4 and 6.

(b) for the purposes of rules C6 and C7 pension contributions shall be taken not to have been payable by him at any time.

(5) Subject to paragraph (6), a person who has made an election under paragraph (1) may, not later than his 45th birthday, cancel it by giving written notice to the fire authority.

(6) The fire authority may resolve that a person's election may not be cancelled unless he has undergone a medical examination, at his own expense, and satisfied them as to his good health.

(7) Where an election is cancelled it ceases to have effect on the first date after the notice is received on which an instalment of pay falls due.

(8) A person who has cancelled an election made under paragraph (1) may not make a further election under that paragraph during the same period of service as a regular firefighter.

Continued payment of additional and further contributions

G4. A regular firefighter who immediately before 1st March 1992 was still liable to pay additional or further contributions pursuant to an election under article 58(2) or (3) of the 1973 Scheme shall continue to pay them, except while an election under rule G3 has effect, for so long as they would have remained payable if that Scheme had not been revoked.

Purchase of increased benefits

G5.—(1) For the purpose of securing increased benefits as provided in rule G8, additional sixtieths of average pensionable pay may be purchased in accordance with rules G6 and G7 by eligible persons.

(2) An eligible person is a regular firefighter—

- (a) who is paying pension contributions under rule G2,
- (b) to whom Part IV of Schedule 11 does not apply,
- (c) whose retirement date is at least 9 years after the date on which he last became a regular firefighter, and
- (d) who on his retirement date would be entitled to reckon less than 30 years' pensionable service.

(3) A person's retirement date is the date on which, as at the time of an election under rule G6, he could be required to retire on account of age if he continued to serve as a regular firefighter without change of rank.

Election to purchase increased benefits

G6.—(1) Subject to paragraphs (2) to (4), an eligible person may, by giving written notice to the fire authority, elect to purchase a specified number of sixtieths of his average pensionable pay by paying to the fire authority—

- (a) a lump sum calculated in accordance with paragraph 1 or 2 of Part I of Schedule 8, or
- (b) periodical contributions calculated in accordance with paragraph 3 or 4 of that Part.

(2) The number of sixtieths specified—

- (a) must not be such that, if he continued to serve as a regular firefighter until his retirement date, more than 40 sixtieths of his average pensionable pay would count in calculating his pension, and
- (b) need not be a whole number.

(3) An election to pay a lump sum—

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (a) must be made within 12 months after the date on which he last became a regular firefighter, and
 - (b) if the sum is not paid within 3 months after the date on which notice was given, shall be treated as not having been made.
- (4) An election to pay periodical contributions must be made at least 2 years before the person's retirement date, but no such election may be made—
- (a) if the fire authority have notified him that they require him to retire under rule A14 (efficiency of brigade) or A15 (disablement), or
 - (b) if the fire authority so resolve, unless he has at his own expense undergone a medical examination and satisfied the authority as to his good health.
- (5) An election under this rule—
- (a) takes effect, subject to paragraph (3)(b), on the day on which the written notice is received by the fire authority,
 - (b) continues to have effect notwithstanding any postponement by reason of promotion of the date on which the person could be required to retire on account of age, and
 - (c) is irrevocable.

Payment of periodical contributions for increased benefits

G7.—(1) Subject to paragraphs (2) to (4), where a person has elected under rule G6 to pay periodical contributions they are payable from his next birthday and continue to be payable until the earliest of—

- (a) his retirement date,
- (b) the date on which he ceases to serve as a regular firefighter, and
- (c) the date on which any election under rule G3 takes effect.

(2) If before his retirement date he—

- (a) retires with an ill-health pension, and resumes service as a regular firefighter, or
- (b) having made an election under rule G3, cancels it,

the contributions again become payable, and continue to be payable as provided in paragraph (1).

(3) If for any period the total of—

- (a) the periodical contributions calculated in accordance with paragraph 3 or 4 of Part I of Schedule 8, and
- (b) his pension contributions under rule G2 and any additional or further contributions remaining payable by virtue of rule G4,

exceeds 15% of his pensionable pay, the excess is not payable by way of contributions under paragraph (1), but he shall make a lump sum payment of its actuarial equivalent as determined by the Government Actuary.

(4) If the fire authority are satisfied that payment of the periodical contributions is causing, or is likely to cause, financial hardship they may consent to the discontinuance of payment for such period as they think fit.

Effect of payment for increased benefits

G8.—(1) Where a person has paid a lump sum, or begun paying periodical contributions, in accordance with an election under rule G6—

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (a) if he becomes entitled to a pension under rule B1, B2, B3 or B5 (ordinary, short-service, ill-health and deferred pensions) the amount of the pension, before any commutation under rule B7, shall be increased by the appropriate amount, and
- (b) awards mentioned in paragraph 2(2), 3(2), 4 and 5 of Part III of Schedule 8 shall be increased in accordance with that Part.

(2) Subject to paragraph (3), where the person—

- (a) dies while serving as a regular firefighter, or
- (b) retires with an ill-health pension, or
- (c) retires on or after his retirement date,

the appropriate amount is the number of sixtieths of his average pensionable pay specified in the election.

(3) If the person had begun paying periodical contributions and—

- (a) payment of those contributions had at any time been discontinued under rule G7(4), or
- (b) he had made and subsequently cancelled an election under rule G3,

the appropriate amount is the amount described in paragraph 1 of Part II of Schedule 8.

(4) Where on—

- (a) ceasing to be a member of a brigade in circumstances not falling within paragraph (2), or
- (b) making an election under rule G3 which is not subsequently cancelled,

the person does not become entitled to the repayment of his aggregate pension contributions, the appropriate amount is to be ascertained from paragraphs (5) and (6).

(5) Subject to paragraph (6)—

- (a) if he had paid a lump sum, the appropriate amount is the number of sixtieths of his average pensionable pay specified in the election, and
- (b) if he had begun paying periodical contributions, the appropriate amount is the amount described in paragraph 2 of Part II of Schedule 8.

(6) Where he retires with an ordinary pension before his retirement date, the appropriate amount is the amount specified in paragraph (5)(a) or (b) reduced by the actuarial valuation described in paragraph 3 of Part II of Schedule 8.

PART H

H1.—(1) The question whether a person is entitled to any and if so what awards shall be determined in the first instance by the fire authority.

(2) Subject to paragraph (3), before deciding, for the purpose of determining that question or any other question arising under this Scheme—

- (a) whether a person has been disabled,
- (b) whether any disablement is likely to be permanent,
- (c) whether any disablement has been occasioned by a qualifying injury,

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (d) the degree to which a person is disabled,
- (e) whether a person has become capable of performing the duties of a regular firefighter, or
- (f) any other issue wholly or partly of a medical nature,

the fire authority shall obtain and consider the written opinion of at least one qualified medical practitioner selected by them.

(3) If by reason of the person's refusal or wilful or negligent failure to submit to medical examination by the practitioner or practitioners selected by them the authority are unable to obtain the opinion mentioned in paragraph (2), they may—

- (a) on such other medical evidence as they think fit, or
- (b) without medical evidence,

give such decision on the issue as they may in their discretion choose to give.

Appeal to medical referee

H2.—(1) Where—

- (a) an opinion of the kind mentioned in rule H1(2) has been obtained, and
- (b) within 14 days of his being notified of the fire authority's decision on the issue the person concerned applies to them for a copy of the opinion,

the authority shall supply him with a copy.

(2) If he is dissatisfied with the opinion he may appeal against it to an independent person nominated by the Secretary of State as medical referee.

(3) A fire authority shall be bound by any decision on a medical issue duly given on an appeal under this rule.

(4) Further provisions as to appeals under this rule are contained in Part I of Schedule 9.

- (b) do not admit the claim to its full extent,

the authority shall reconsider the case if he applies to them to do so.

(2) If he is dissatisfied with any determination given by the fire authority on reconsidering the case, he may appeal to the Crown Court, which may, subject to paragraph (3), make such order or declaration in the matter as appears to it to be just.

(3) Nothing in paragraph (2) shall be taken to authorise the Crown Court—

- (a) to make an order or declaration controlling the exercise of any discretion vested in the fire authority by any provision of this Scheme except rule K5 (withdrawal of pension on conviction),
- (b) to reopen any medical issue decided on an appeal under rule H2, or
- (c) to question any certificate as to pensionable service which has become conclusive under rule F1(5).

(4) In the case of a person to whom this Scheme applies by virtue of temporary employment falling within rule A4(2)(d), paragraphs (2) and (3) have effect with the substitution for

references to the Crown Court of references to an appeal tribunal appointed by the Secretary of State.

(5) Further provisions as to appeal tribunals are contained in Part II of Schedule 9.

(6) Subject to paragraph (4), this rule applies to Scotland with the substitution for the references in paragraphs (2) and (3) to the Crown Court of references to the sheriff having jurisdiction—

- (a) in the place where the person in respect of whose service the award or payment is claimed last served as a regular firefighter, or
- (b) if this Scheme applies to him by virtue of temporary employment falling within rule A4(2)(a) to (c), in the place where he served as a regular firefighter immediately before entering that employment, or
- (c) if his Scheme applies to him by virtue of employment falling within rule A5(2), in the place where the central training institution is situated.

Preliminary

11.—(1) A serviceman is a person who immediately before undertaking relevant service in the armed forces was a regular firefighter.

(2) For the purposes of this Scheme a serviceman is, unless the context otherwise requires or a contrary intention appears, to be treated as having continued to be a regular firefighter during his period of relevant service in the armed forces (referred to in this Part as his “forces period”).

Awards to servicemen

12.—(1) This rule applies to a serviceman who at the end of his forces period is permanently disabled.

(2) Subject to paragraphs (3) and (4), rule B3 (ill-health award) has effect in relation to a serviceman to whom this rule applies as if he had been required to retire under rule A15 (compulsory retirement on grounds of disablement) at the end of his forces period.

(3) Where the infirmity that occasioned his incapacity for the performance of duty was occasioned by an injury received during his forces period or by a qualifying injury the fire authority may, in their discretion—

- (a) pay him, instead of an ill-health gratuity under rule B3(2)(b), a pension at the rate of 1/12th of his average pensionable pay, and
- (b) subject to paragraph (4), increase any such pension, or any ill-health pension payable to him under rule B3(2)(a).

(4) Paragraph 1 of Schedule 10 has effect for limiting increases under paragraph (3)(b) above

- (2) Subject to paragraphs (3) and (4), where this rule applies—
 - (a) rule C1 (spouse's ordinary pension) has effect as if the serviceman had died in the circumstances mentioned in rule C1(1)(b) to (d), and
 - (b) if the serviceman died during his forces period and no pension is payable under rule C1, rule C7 (spouse's award where no other award payable) has effect as if he had died in the circumstances mentioned in rule C7(1).
- (3) If the serviceman dies from the effects of an injury received during his forces period or a qualifying injury the fire authority may, in their discretion—
 - (a) pay the surviving spouse, instead of a gratuity under rule C7(2)(b), a pension of the appropriate amount, and
 - (b) subject to paragraph (5), increase any such pension and any pension or child's allowance payable under rule C1 or D1.

PART K

REVISION AND WITHDRAWAL OF AWARDS

Cancellation of ill-health and injury pensions

K1.—(1) As long as a person—

- (a) is in receipt of an ill-health pension, and
- (b) would not, if he had continued to serve as a regular firefighter instead of retiring with an ill-health pension, have become entitled to retire with an ordinary pension, and
- (c) if he had continued so to serve, could not have been required to retire on account of age,

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

the fire authority may, if they wish to exercise the powers conferred by this rule, consider, at such intervals as they in their discretion think proper, whether he has become capable of performing the duties of a regular firefighter.

(2) The fire authority may also consider as mentioned in paragraph (1) in the case of a person who—

- (a) has elected under rule G3 not to pay pension contributions, and
- (b) is entitled under rule B5 to a deferred pension, and
- (c) has begun to receive payments in respect of the pension on becoming permanently disabled.

(3) If on any such consideration it is found that he has become capable of performing the duties of a regular firefighter, the authority may terminate the unsecured portion of his ill-health pension or, in a case falling within paragraph (2), may determine that payment of the deferred pension shall be suspended, that is to say, that the pension shall not be payable in respect of any period before he attains the age of 60.

(4) If within one month after the termination or suspension he presents himself for service in the brigade—

- (a) the fire authority shall permit him to resume service forthwith in a rank not lower than the rank he held when he retired with the pension, and
- (b) if they do not, the termination or suspension shall be deemed never to have taken effect.

(5) Where the unsecured portion of an ill-health pension is terminated, or payment of a deferred pension is suspended, under this rule—

- (a) the secured portion of an ill-health pension is not payable in respect of any period before the person attains state pensionable age,
- (b) any injury pension to which he is entitled is also terminated, and
- (c) unless he is entitled to a deferred pension, he shall be paid the amount, if any, by which his aggregate pension contributions exceed the amount specified in paragraph (6).

(6) The amount is the total of—

- (a) the sums paid in respect of the ill-health pension,
- (b) if, one month after the termination, he had a guaranteed minimum in relation to a pension provided by this Scheme, the actuarial value (calculated in accordance with tables prepared from time to time by the Government Actuary) of a pension equal to the guaranteed minimum and beginning at state pensionable age, and
- (c) the actuarial value (so calculated) of the secured portion of the ill-health pension, so far as it is payable under paragraph (5).

Reassessment of injury pension

K2.—(1) Where a person is in receipt of an injury pension the fire authority shall, at such intervals as they think fit, consider whether the degree of his disablement has substantially altered; if they find that it has, the pension shall be reassessed accordingly.

(2) Where—

- (a) the person is not also in receipt of an ordinary, ill-health or short service pension, and
- (b) the authority, on consideration under paragraph (1), find that his disability has ceased,

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

the injury pension is terminated.

(3) This rule ceases to have effect with respect to a particular injury pension if, at any time after the expiration of 5 years from the time when it first became payable, the fire authority so resolve.

Reduction of award in case of default

K3.—(1) Subject to paragraph (2), where a person—

- (a) is permanently disabled, and
- (b) has brought about or contributed to his infirmity by his own default,

the fire authority may reduce any ill-health or injury award payable to him by them to not less than half its full amount.

(2) Where—

- (a) a pension has been reduced under paragraph (1), and
- (b) when the person attains the age of 60 the amount of the reduced pension is less than that of the notional deferred pension,

the amount of the reduced pension shall be increased to that of the notional deferred pension.

(3) The notional deferred pension is the deferred pension that would have been payable if the person had become entitled to one on the date of his ceasing to serve.

Withdrawal of pension during service as regular firefighter

K4. The fire authority by whom a pension is payable may, in their discretion, withdraw the whole or any part of the pension for any period during which the person entitled to it is serving as a regular firefighter in any brigade.

Withdrawal of pension on conviction of certain offences

K5.—(1) Subject to paragraph (4), in the circumstances specified in paragraph (2) the fire authority by whom a pension is payable may withdraw the pension in whole or in part, and permanently or temporarily as they may specify.

(2) The circumstances are—

- (a) that the person entitled to the pension (“the pensioner”) has been convicted of an offence falling within paragraph (3), and in the case of a pension under Part C that the offence was committed after the death on which the pensioner became entitled to it, or
- (b) that the pensioner has been convicted of an offence committed in connection with his service as a member of a brigade which is certified by the Secretary of State either to have been gravely injurious to the interests of the State or to be liable to lead to serious loss of confidence in the public service.

(3) The offences mentioned in paragraph (2)(a) are—

- (a) an offence of treason, and
- (b) one or more offences under the Official Secrets Acts 1911 to 1989⁽¹⁸⁾ for which the pensioner has been sentenced on the same occasion to a term of imprisonment of, or to two or more consecutive terms amounting in the aggregate to, at least 10 years.

(18) 1911 c. 28, 1920 c. 75, 1939 c. 121, 1989 c. 6.

(4) In determining whether the withdrawal of a pension, other than an injury pension, should—

- (a) be permanent or temporary, and
- (b) affect the pension in whole or in part,

the fire authority may make different determinations in respect of the secured and unsecured portions of the pension; but the secured portion may not be withdrawn permanently and may only be withdrawn temporarily for a period ending before the pensioner attains state pensionable age or one during which he is imprisoned or otherwise detained in legal custody.

(5) The fire authority may, to such extent as they at any time in their discretion think fit—

- (a) apply for the benefit of any dependant of the pensioner's, or
- (b) restore to the pensioner,

so much of any pension as has been withdrawn under this rule.

PART L

- (a) it is payable in respect of each week, and

but payment may be delayed to the extent necessary for determining any question as to the liability of the fire authority.

(2) Where a person dies after receiving a payment in advance in respect of a pension or allowance, no claim for repayment shall be made on the ground that the payment or any part of it is referable to a period after his death.

(3) Where a surviving spouse remarries after receiving a payment in advance in respect of a pension under Part C, no claim for repayment shall be made on the ground that the payment or any part of it is referable to a period after the remarriage.

no survivors' benefits are payable before the end of that period.

(7) Where the deceased received a gratuity, other than an injury gratuity under rule B4, survivors' benefits are payable from the first anniversary of his death or such earlier date as the fire authority, in the circumstances of the case, think fit.

- (a) payment may be delayed to the extent necessary for determining any question as to the liability of the fire authority, and
- (b) if the authority are satisfied that it would be to the advantage of the person entitled, they may pay a gratuity in instalments of such reasonable amounts and over such reasonable period as they think fit.

(9) Where a person is entitled under rule B6 to the repayment of his aggregate pension contributions, the fire authority are not obliged to make payment—

those pensions shall be treated as one.

Payment of awards — supplementary

L5.—(1) Any sum payable to a minor in respect of an award may, if the fire authority think fit, be paid by them to such other person as they may determine, who shall, in accordance with any directions given by the authority, apply it for the minor's benefit.

(2) If it appears to the fire authority that a person entitled to payment of an award is, by reason of mental disorder or otherwise, incapable of managing his affairs—

- (a) they may in their discretion pay the award or any part of it to a person having the care of the person entitled, or such other person as they may determine, and
- (b) insofar as they do not pay the award in that manner, they may apply it in such manner as they think fit for the benefit of the person entitled or his dependants.

(3) On the death of a person to whom there was due in respect of an award a sum not exceeding the amount specified in any order for the time being in force under section 6 of the Administration of Estates (Small Payments) Act 1965⁽¹⁹⁾ and apply in relation to the death, the fire authority may, as they think fit, without requiring the production of probate or any other proof of title—

(5) On the bankruptcy of a person entitled to an award the award does not pass to any trustee or other person acting on behalf of the creditors.

(6) Subject to paragraphs (7) to (9), where as a result of fraud, theft or negligence on the part of a regular firefighter in connection with his employment there has been a loss to the funds of a fire authority, the authority may withhold all or part of any sums becoming due to him from the authority in respect of a pension.

(7) The total amount withheld under paragraph (6) must not exceed the amount of the loss; and in the event of any dispute as to the amount of the loss nothing may be withheld unless the loss has become recoverable from the person entitled to the pension under the order of a competent court.

(8) There shall not in any case be withheld—

- (a) where a sum is due in respect of a period beyond state pensionable age, any amount in respect of the secured portion of an ordinary, short service or ill-health pension, or

(9) The fire authority shall provide the person entitled to the award with a certificate showing the amount withheld.

2. In this Scheme any reference to state pensionable age is a reference—

- (a) in the case of a man, to the age of 65, and

(2) For the purposes of sub-paragraph (1) any reduction of the other pension under rule B7 or B9 (commutation and allocation) or under Part VIII of this Schedule shall be disregarded.

3.—(1) In respect of any week for which the person is entitled to an additional benefit mentioned in sub-paragraph (2) the amount of his injury pension calculated in accordance with paragraph 1 shall, subject to sub-paragraph (6), be reduced by the amount of the benefit.

(2) The additional benefits are—

- (a) so much of any disablement pension under section 57 of the Social Security Act 1975(28) ("the 1975 Act") as relates to the qualifying injury, together with any relevant increase,

(6) Where the provisions governing scales of additional benefits have changed after the person ceased to be a regular firefighter, the amount of the reduction in his injury pension in respect of any week on account of a particular benefit shall not exceed what it would have been if those provisions had not changed; where the benefit includes an amount attributable to an increase under section 60 of the 1975 Act (special hardship), it is to be assumed that the increase would have borne the same relationship to the former maximum for increases under that section.

(7) Where a person has become entitled to a disablement gratuity under section 57 of the 1975 Act in respect of the qualifying injury, this paragraph has effect as if he were entitled under that section during the relevant period to a disablement pension of the amount that would be produced by converting the gratuity into an annuity for that period; the relevant period is the period taken into account, in accordance with section 57 of the 1975 Act, for the purpose of making the assessment by reference to which the gratuity became payable.

4. No payment shall be made in respect of an injury pension for any week in which the aggregate reductions under paragraphs 2 and 3 equal or exceed the amount of the pension calculated in accordance with paragraph 1.

and the provisions as to calculation and payment that were contained in article 15 (special pensions) of the Firemen's Pension Scheme 1971(29) ("the 1971 provisions") would have been more favourable to him than those of paragraphs 1 to 4 above.

(2) Where this paragraph applies—

- (a) paragraphs 1 to 4 above do not apply, and
- (b) the injury pension shall be calculated and payable as if the 1971 provisions had continued in force and had applied in his case.

(29) See S.I. 1971/145.

- (a) as if the reference in sub-paragraph (1)(a) to the base pension were a reference to the appropriate proportion of the base pension, and
- (b) where the widow would otherwise have been entitled to a special award under rule C2, as if the base pension were the ill-health pension to which the deceased would have been entitled if he had, when he ceased to serve, retired because he was disabled in circumstances entitling him to such a pension.

2.—(1) Where the widow would otherwise have been entitled to an accrued pension under rule C4, the amount of her pension under rule C5 shall, subject to sub-paragraph (2), be calculated in accordance with Part III of this Schedule in the same way as that of an accrued pension.

(2) The survivors' benefit rate is the aggregate of the rates of the spouse's ordinary pension and the children's ordinary allowances calculated in accordance with paragraph 1, and the final pension rate is the rate at which the deceased's pension was last payable, disregarding any reduction in it except a reduction under rule B7(9) (commutation), rule B9(12) (allocation) or paragraph 2 of Part V of Schedule 2 (reduction in injury award).

3. For any period in respect of which a person to whom a child's ordinary allowance which would otherwise fall to be calculated in accordance with paragraph 1 is paid so elects, the amount of the allowance shall be calculated in accordance not with paragraph 1 but with rule E9 (flat-rate award).

Rule D4

PART III

CHILD'S ACCRUED ALLOWANCE

1.—(1) Subject to sub-paragraph (2) and to paragraphs 2 to 5 below, the amount of an accrued allowance shall be calculated in accordance with paragraphs 1 and 3 of Part I of this Schedule as if it were an ordinary allowance to which the child was entitled.

(2) Where an election made by the deceased under rule G3 had effect at the time of his death, paragraph 3 of Part I of this Schedule (election for flat-rate allowance) does not have effect for the calculation under this part of an accrued allowance.

2. Except where paragraph 3 below applies, for the purposes of paragraph 1 above paragraph 1 of Part I of this Schedule has effect with the substitution for references to the base pension of references to the deceased's deferred pension.

3.—(1) This paragraph applies where the deceased was the child's father and was entitled to reckon pensionable service otherwise than by virtue of—

- (a) service as a regular firefighter after 31st March 1972, or
- (b) rule I6 (servicemen), or
- (c) article 51 or 52 of the 1973 Scheme.

(2) Where this paragraph applies, for the purposes of paragraph 1 above paragraph 1 of Part I of this Schedule has effect with the substitution for references to the base pension of references to the appropriate proportion of the deceased's deferred pension.

(3) The appropriate proportion is that which his half-rate service bears to his total pensionable service.

4. In calculating the deceased's deferred pension for the purposes of paragraph 2 or 3 no account shall be taken of—

- (a) rule B5(4) (restriction on payment), or
- (b) rule B7(9) or B9(12) or Part VII or VIII of Schedule 2 (reduction in various circumstances).

5. Where one of the parents is alive and in respect of any week the aggregate of—

- (a) the surviving spouse's accrued pension, and
- (b) the accrued children's allowances,

exceeds the rate at which the deceased's deferred pension was last payable, or would have been payable if he had attained the age of 60 ("the final pension rate"), the allowances shall be reduced by the factor necessary to secure that the aggregate equals the final pension rate.

Rule D5(6)

PART IV

REDUCTION IN CHILD'S ALLOWANCE DURING FULL-TIME REMUNERATED TRAINING

1.—(1) Subject to sub-paragraph (2), this Part applies where a child entitled to an allowance under rule D1, D2 or D4 ("the relevant allowance")—

- (a) is undergoing full-time vocational training within the meaning of rule D5, and
- (b) is receiving in respect of that training remuneration at an annual rate which exceeds the rate specified in paragraph 3(1) ("the specified rate").

(2) Where the deceased died or ceased to be a regular firefighter before 10th October 1983, this Part applies only when the child has attained the age of 19.

2.—(1) Where this Part applies—

- (a) if the amount by which the annual rate of the remuneration exceeds the specified rate ("the excess remuneration") is the same as or larger than the effective amount of the relevant allowance, the allowance shall not be paid, and
- (b) in any other case, the amount of the relevant allowance shall be reduced by that of the excess remuneration.

(2) Where other children are also entitled to allowances and one of the relevant provisions, that is to say paragraph 1(2)(b) and (3)(b) of Part I and paragraphs 2(b) and 3(b) of Part II of this Schedule, applies—

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (a) where sub-paragraph (1)(a) above applies, each of the other allowances shall be recalculated as if there were no entitlement to the relevant allowance, and
 - (b) where sub-paragraph (1)(b) above applies, each of the other allowances shall be increased by the amount of the excess remuneration divided by the number of those allowances.
- (3) Notwithstanding anything in sub-paragraph (2)—
- (a) no child shall by virtue of that sub-paragraph receive an allowance greater than that to which he would be entitled if no relevant provision applied in his case, and
 - (b) the total of the effective amounts of the allowances to be paid under a relevant provision shall not by virtue of that sub-paragraph exceed what would otherwise have been payable under the relevant provision.

3.—(1) The specified rate is the annual rate (rounded up to the nearest £1) at which an official pension, within the meaning of the Pensions (Increase) Act 1971⁽³⁴⁾ (“the 1971 Act”), would for the time being be payable if it had begun, and first qualified for increases under the 1971 Act, on 1st June 1972 and had then been payable at an annual rate of £250.

(2) The effective amount of an allowance is its amount together with that of any increase in it under the 1971 Act.

Rule F7

PART II

SERVICE RECKONABLE ON RECEIPT OF TRANSFER VALUE

1.—(1) If the previous scheme is a club scheme, the period reckonable as pensionable service is one equal to the period that would enable the fire authority to pay a transfer value, calculated on the cash equivalent basis, of the same amount as the one received.

(2) A transfer value is calculated on the cash equivalent basis if it is calculated in the manner prescribed under paragraph 14 of Schedule 1A to the Social Security Pensions Act 1975⁽³⁵⁾ for the calculation of cash equivalents.

(3) In calculating the period any sum representing interest that is included in the transfer value received is not to be taken into account.

2.—(1) Subject to paragraph 3, if the previous scheme is not a club scheme the period reckonable as pensionable service is that specified in sub-paragraph (2).

(2) The period is—

$$\frac{A+B+C}{D+E} \text{ years,}$$

where—

A is the amount of the transfer value divided by the market level indicator for the month in which the material date occurred,

B is any amount in respect of graduated National Insurance modification notified by the scheme managers of the previous scheme,

C is 52 times the amount in respect of the person's guaranteed minimum multiplied by the minimum pension factor,

D is 1/45th of the rate of his annual pensionable pay at the material date multiplied by the pension factor, and

E is 1/90th of the rate of his annual pensionable pay at the material date multiplied by the surviving spouse's pension factor.

(3) The market level indicator for a month is to be ascertained from tables provided by the Government Actuary by reference to—

(a) the person's age at the material date, and

(b) the average gross redemption yield on the first working day of the month, ascertained from the FT-Actuaries Share indices published in the Financial Times newspaper, on British Government index-linked stocks redeemable after 5 years or more, assuming inflation at 5 per cent (interpolating where that yield is not an integral percentage).

(4) The amount in respect of the person's guaranteed minimum is F + G, where—

F is so much of his guaranteed minimum as is attributable to service before 6th April 1988, and

⁽³⁵⁾ 1975 c. 60; Schedule 1A was inserted by the Social Security Act 1985 (c. 53), Schedule 1, paragraph 3, and amended by the Social Security Act 1986 (c. 50), Schedule 10, paragraphs 29 and 30.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

G is half of so much of it as is attributable to service after 5th April 1988.

(5) The material date—

(a) if the transfer value was received within 12 months after the date on which the person became a regular firefighter, is that date, and

(b) in any other case, is the date on which the transfer value was received.

(6) The factors are to be ascertained from tables provided by the Government Actuary by reference to the person's age on the material date.

3. If—

(a) the previous scheme is not a club scheme, and

(b) the person became a regular firefighter before 1st January 1986,

the period reckonable as pensionable service is one calculated as if paragraphs 1 to 4 of Part II of Schedule 9 to the 1973 Scheme and Part III of that Schedule, as in force on 29th February 1992, had continued in force.

Rule F8

PART III

TRANSFER PAYMENTS BETWEEN FIRE AUTHORITIES

1. Subject to paragraphs 4, 5 and 7, the sum payable is the total of the basic element and the spouse's element.

2. The basic element is $(A \times B) - (C \times D)$, where—

A is the annual amount of the deferred pension to which the person would have been entitled had he become entitled to one on retiring from the first brigade ("the notional pension"),

B is the pension factor,

C is any annual amount by which such a deferred pension would have been reduced at state pensionable age under paragraphs 1 to 3 of Part VII of Schedule 2, and

D is the National Insurance factor.

3. The spouse's element is $E \times F$, where—

E is the annual amount of the accrued pension to which a surviving spouse would become entitled on the death of a person entitled to a deferred pension equal to the notional pension, and

F is 4 in the case of a man and 1.1 in the case of a woman.

4.—(1) If when he retired from the first brigade the person had a guaranteed minimum in relation to a pension provided by this Scheme, the sum calculated in accordance with paragraphs 1 to 3 is reduced by $G \times H$, where—

G is 52.18 times the guaranteed minimum, and

H is the minimum pension factor.

(2) If a contributions equivalent premium has been paid in respect of the person and has not been repaid, the sum calculated in accordance with paragraphs 1 to 3 is reduced by the amount of that premium.

5. If—

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(a) the person had undertaken to make payments in accordance with paragraph 1 of Part I, and

(b) not all the instalments had been paid when he retired from the first brigade,

the sum calculated in accordance with paragraphs 1 to 3 is reduced by the actuarial equivalent of the unpaid instalments calculated, in accordance with tables provided by the Government Actuary, by reference to the amount of each instalment, the interval at which instalments were payable and the number of unpaid instalments.

6. The factors referred to in paragraphs 2 and 4 are to be ascertained from the Table below by reference to the person's age on retiring from the first brigade.

- (b) a transfer value is payable to the scheme managers of an approved scheme which is not a club scheme and none of the service to which it relates is service before 1st October 1990,

and no right to a cash equivalent was acquired, the transfer value is to be calculated on the cash equivalent basis.

3. Where—

- (a) a transfer value is payable to the scheme managers of an approved scheme which is not a club scheme, and
- (b) the service to which it relates includes service before 1st October 1990, and
- (c) no right to a cash equivalent was acquired,

the amount of the transfer value is the total of A and the greater of B and C, where—

A is a notional transfer value, calculated on the cash equivalent basis, in respect of the person's service after 30th September 1990,

B is a notional transfer value, calculated on the cash equivalent basis, in respect of his service before 1st October 1990, and

C is a notional transfer payment, calculated in accordance with Part III of this Schedule, in respect of his service before 1st October 1990.

4. Where—

- (a) a transfer value is payable to the scheme managers of an approved scheme which is not a club scheme, and
- (b) the service to which it relates includes service before 1st October 1990, and
- (c) a right to a cash equivalent was acquired,

the amount of the transfer value is $D - E$, where—

D is the transfer value that would have been payable if paragraph 3 had applied, and

E is the amount of the cash equivalent.

5. Where—

- (a) a transfer value is payable to the scheme managers of a personal pension scheme, and

SCHEDULE 7

Rule F6

WAR SERVICE

PART I

WAR SERVICE ELECTIONS

1. A war service election is an election that additional pensionable service is to become, or to be treated as having become, reckonable by virtue of a period of war service.

2.—(1) A war service election is to be made by giving written notice to the appropriate fire authority.

(2) The appropriate fire authority is—

- (a) the fire authority maintaining the brigade in which the person in relation to whom the additional pensionable service is to be reckonable is serving, or
- (b) where he is entitled to a pension, or a surviving spouse's pension or child's allowance is payable, or a transfer value or cash equivalent has at any time become payable, the fire authority liable for payment.

(3) The notice must specify whether the additional pensionable service is to be reckonable—

- (a) for all purposes except those of calculating a surviving spouse's pension or child's allowance, or
- (b) for all purposes.

PART II

WAR SERVICE FOLLOWED BY FIRE SERVICE

1.—(1) For the purposes of this Part a person's war service is, subject to sub-paragraph (2), the period of his whole-time service after 2nd September 1939 but before 1st July 1950, while 18 years old or older, in the armed forces of the Crown, in the merchant navy or the mercantile marine, or in any of the women's services that were specified in Schedule 1 to the Superannuation Act 1946⁽³⁶⁾.

(2) A person's war service does not include any period—

- (a) in respect of which any non-effective pay or excess remuneration has been received by him and not repaid, or
- (b) by virtue of which any armed forces pension or retired pay is payable to him in pursuance of any Royal Warrant or other instrument otherwise than in respect of disablement, or
- (c) by virtue of which he is entitled to reckon any period as pensionable service otherwise than under this Part, or
- (d) which he has reckoned or had the opportunity to reckon for the purposes of a public service pension scheme within the meaning of section 51(3)(b) of the Social Security Act 1973⁽³⁷⁾.

⁽³⁶⁾ 1946 c. 60; Schedule 1 was repealed by the Superannuation Act 1965 (c. 74), section 104 and Schedule 11.

⁽³⁷⁾ 1973 c. 38.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (3) For the purposes of sub-paragraph (2)(a)—
- (a) “non-effective pay” includes naval, military and air force pensions, retired pay, and gratuities (other than war gratuities to which section 23 of the Finance (No. 2) Act 1945⁽³⁸⁾ applied), and
 - (b) “excess remuneration” means, in relation to a retired officer of the armed forces of the Crown who is re-employed in those forces, any service pension drawn in respect of such period of re-employment or any addition to the normal pay attaching to the post in which the officer is re-employed which is granted by reason of the officer’s former employment in those forces,

and a fire authority shall be entitled to rely on a certificate, signed by a duly authorised officer of the Ministry of Defence, that non-effective pay or excess remuneration was, or was not, paid in respect of any period and as to the sufficiency of any repayment.

2. This Part applies in the case of a person with war service who—
- (a) after the end of his war service and before 1st July 1950 served as a member of a brigade^{1.75e}, and
 - (b) is, or was immediately before his death, entitled to reckon pensionable service by virtue of his service before that date,

and in this Schedule “qualified fireman” means a person in whose case this Part applies.

3.—(1) Where this Part applies a war service election may be made by the qualified fireman.

(2) The notice of election must specify the period of war service by virtue of which the additional pensionable service is to be reckonable (“the specified period”).

(3) The notice must be given not earlier than 3 months before his intended retirement nor later than 3 months (or such longer period as the fire authority may allow) after his retirement, and if—

- (a) he dies while serving as a regular firefighter, or
- (b) he retires more than 3 months after the notice was given,

the election does not take effect.

(4) Subject to sub-paragraph (5) and to Part V, where—

- (a) an election has taken effect, and
- (b) the payment conditions in paragraph 4 are satisfied,

the qualified fireman shall be treated as having been entitled, immediately before his retirement, to reckon as pensionable service for the purposes specified in the notice (“the specified purposes”) a period equal to half the specified period.

(5) Where—

- (a) the period specified in the notice is the whole of his war service, and
- (b) a shorter period would produce the benefits sought,

the shorter period shall be substituted as the specified period.

4.—(1) Subject to sub-paragraphs (8) and (9), the payment conditions are satisfied if the required amount is paid to the fire authority within the appropriate period, or such longer period as the fire authority may allow.

(2) Where the qualified fireman—

⁽³⁸⁾ 1945 c. 13; section 23 was repealed by the Income Tax Act 1952 (c. 10) (N.I.); 1963 c. 7 (N.I.); 1967 c. 3 (N.I.), partially repealed with savings by Article 23 of the Superannuation (Northern Ireland) Order 1972 (S.I. 1972/1073) (N.I. 10).

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (a) has commuted a portion of his pension for a lump sum equal to or greater than the required amount, and
- (b) has not been paid the lump sum, and
- (c) instructs the fire authority in writing to deduct the required amount from the lump sum,

the required amount is to be treated as having been paid when the instruction was given.

(3) The required amount is—

- (a) where the specified purposes are those mentioned in paragraph 2(3)(a) of Part I, the basic amount calculated in accordance with sub-paragraph (4), and
- (b) where the specified purposes are those mentioned in paragraph 2(3)(b) of Part I, the total of the basic amount and the additional amount calculated in accordance with sub-paragraph (5) or, as the case may be, sub-paragraphs (5) and (6).

(4) The basic amount is $\text{£}A + B$, where

A is one seventh of 0.225 times the number of days of additional pensionable service, and B is interest on A at three and a half per cent per annum, compounded with yearly rests, from 1st July 1950 to the date of payment, or if earlier, the date of the qualified fireman's death.

(5) Subject to sub-paragraph (6), the additional amount is half the amount by which the actuarial value of the hypothetical pension, calculated in accordance with tables prepared by the Government Actuary, is increased by virtue of the additional pensionable service; the hypothetical pension is the pension that would have been payable to a surviving spouse entitled to such a pension if—

- (a) the qualified fireman had died on the date of his retirement, and
- (b) rule E8 (increase during first 13 weeks) had not applied.

(6) Where the qualified fireman is, or on retirement will be, entitled to a deferred pension, the additional amount calculated in accordance with sub-paragraph (5) is increased by adding to it interest at three and a half per cent per annum, compounded with yearly rests, from 1st July 1950 to the date of payment or, if earlier, the date of his death.

(7) The appropriate period for payment of the required amount is one of 3 months beginning on the date on which notice of the election was given.

(8) Where the qualified fireman is entitled to a deferred pension which has not come into payment within the appropriate period, the payment conditions are satisfied if the required amount is paid to the fire authority within 3 months after the date on which the pension comes into payment.

D is, subject to paragraph 6, his pensionable service up to 20 years, and

- (b) where his weighted relevant pensionable service exceeds 20 years, by reference, subject to paragraph 6, to the total of his relevant pensionable service and half his pre-1972 pensionable service,

instead of by reference to his pensionable service.

(2) For the purposes of this paragraph—

- (a) the deceased's relevant pensionable service is his pensionable service other than pre-1972 pensionable service, and
- (b) his weighted relevant pensionable service is what his relevant pensionable service would be if so much of it as exceeds the relevant period were counted twice, the relevant period being the period, if any, by which his pre-1972 pensionable service falls short of 20 years.

6. Where the deceased's pensionable service exceeds 30 years, the excess is to be deducted—

- (a) for the purposes of paragraph 4, from his pensionable service and from his pre-1972 pensionable service, and

(69) 1958 c. 55.

(70) 1963 c. 33.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (b) if in the first brigade the person held the rank of assistant divisional officer or a higher rank and he has suffered a reduction in rank attributable to the relevant instrument, rule A13 (compulsory retirement on account of age) has effect as if he had not suffered the reduction in rank, unless by giving written notice to the fire authority he otherwise elects.

3.—(1) This paragraph applies in the case of a person who has suffered loss of employment as a regular firefighter which is attributable to a relevant instrument.

(2) Where this paragraph applies—

- (a) this Scheme has effect as if when he suffered the loss of employment he had retired after giving due notice of retirement to the fire authority and, if they agree, as if the notice had been given with their permission, and
- (b) if before the end of his resettlement period he has become a regular firefighter in another brigade, rule F2 (current service) has effect as if he had been a member of that brigade immediately after suffering the loss of employment.

(3) A person's resettlement period is—

- (a) where the loss of employment occurred before he had attained the age of 45, the period of 13 weeks beginning with the week after that in which the loss occurred, and
- (b) in any other case, that period of 13 weeks extended by an additional week for each year by which his age when the loss occurred exceeded 45, but not by more than 13 such weeks.

4.—(1) This paragraph applies in the case of a person who was a member of a brigade and has by virtue of the London Government Act 1963 or a relevant instrument become a member of another brigade, if—

- (a) Part IV of this Schedule applies in his case, and
- (b) his last change of rank during the period of 3 years ending with his last day of service as a regular firefighter was a reduction in rank attributable to that Act or a relevant instrument, and

(2) Where this paragraph applies, rule G1 (pensionable pay) as modified by paragraph 13 of Part IV of this Schedule has effect as if paragraphs (4) and (5) were omitted.

SCHEDULE 12

Rule M1

TRANSITIONAL AND OTHER MATTERS

1.—(1) The revocation by article 2(1) of the Firemen's Pension Scheme Order 1992 ("the 1992 Order") of the orders specified in Part I of Schedule 1 to the 1992 Order ("the Part I Orders") and the re-enactment in this Scheme, by virtue of article 2(2), of provisions that were contained in or required to be construed as one with the 1973 Scheme ("1973 provisions"), shall not, except in so far as 1973 provisions are re-enacted with modifications, be taken to affect the continuity of the law, and accordingly—

- (a) any reference in this Scheme to, or to things done or falling to be done under or for the purposes of, any provision of this Scheme is, if and so far as the nature of the reference permits, to be construed as including, in relation to circumstances

or purposes in relation to which the corresponding 1973 provision had effect, a reference to, or as the case may be to things done or falling to be done under or for the purposes of, that corresponding provision, and

- (b) where a period of time specified in a 1973 provision is current at the commencement of this Scheme, this Scheme has effect as if the corresponding provision of this Scheme had been in force when that period began to run.

(2) Sub-paragraph (1)—

- (a) has effect subject to any express provision to the contrary, and to paragraph 2 (protected benefits), and
- (b) does not mean that the provisions of this Scheme apply to cases to which the corresponding 1973 provisions did not apply by virtue of transitional provision made in connection with the commencement of any of the Part I Orders.

2.—(1) Where—

- (a) a provision of this Scheme (“the new provision”) re-enacts a 1973 provision with any modification, and
- (b) a person to whom a protected benefit was being paid or might become payable is placed in a worse position than he would have been in if the 1973 provision had continued to have effect,

he may, by giving written notice within 3 months after 1st March 1992 to the fire authority liable or prospectively liable for payment of the benefit, elect that the new provision is to apply in relation to the benefit as if it had re-enacted the 1973 provision without modification.

(2) A protected benefit is one paid, or capable of becoming payable, to or in respect of a person who before 1st March 1992 ceased to be a member of a brigade or died.

3.—(1) The revocation by article 2(1) of the 1992 Order of a transitional provision relating to the coming into force of a 1973 provision re-enacted in this Scheme does not affect the operation of that transitional provision, so far as it remains capable of having effect, in relation to the provision as re-enacted.

(2) The revocation by article 2(1) of the 1992 Order of the Part I Orders and the orders specified in Part II of Schedule 1 to the 1992 Order (“the Part II Orders”) does not affect—

- (a) the previous operation, or
- (b) so far as they remain capable of having effect, the operation,

of the savings subject to which the Part II Orders were previously revoked or, in relation to provisions that were given continued effect by those savings, of the Part I Orders and the Part II Orders in so far as they varied those provisions.

4. Any document made, served or issued after 29th February 1992 which includes a reference to a 1973 provision is to be construed, except so far as a contrary intention appears, as referring or, as the context may require, including a reference to the corresponding provision of this Scheme.”
