

SCHEDULE 3

INFLATED BOATS

General

1.2 All inflated boats prescribed in this Schedule shall:

- (1.2.1) be constructed with proper workmanship and materials;
- (1.2.2) not be damaged in stowage throughout the air temperature range -30°C to $+65^{\circ}\text{C}$;
- (1.2.3) be capable of operating throughout a seawater temperature range of -1°C to $+30^{\circ}\text{C}$;
- (1.2.4) be rot-proof, corrosion-resistant, and not be unduly affected by seawater, oil or fungal attack;
- (1.2.5) be resistant to deterioration from exposure to sunlight;
- (1.2.6) be of a highly visible colour on all parts where this will assist detection;
- (1.2.7) be fitted with retro-reflective material where this will assist in detection and the dimensions and location of the material shall be to the satisfaction of the Secretary of State; and
- (1.2.8) be capable of satisfactory operation in a sea environment.
