
STATUTORY INSTRUMENTS

1992 No. 2372

The Electromagnetic Compatibility Regulations 1992

PART III

GENERAL REQUIREMENTS

Conformity assessment requirements—the three routes to compliance

- 31.** The conformity assessment requirements are that—
- (a) in the case of relevant apparatus other than radiocommunication transmission apparatus, the requirements of—
 - (i) Part IV (in these Regulations referred to as “the standards route to compliance”); or
 - (ii) Part V (in these Regulations referred to as “the technical construction file route to compliance”)of these Regulations are complied with; and
 - (b) in the case of radiocommunication transmission apparatus, the requirements of Part VI (in these Regulations referred to as “the EC type-examination route to compliance”) of these Regulations are complied with.
