## **EXPLANATORY NOTE**

*(This note is not part of the Regulations)*

These Regulations amend the Commons Registration (Disposal of Disputed Registrations) Regulations 1972, which provided for the indication of the disposal of disputed registrations in the registers maintained under the Commons Registration Act 1965. They prescribe a new model entry on the register so that when a registration has become final with modifications that fact may be indicated by an entry setting out the registration in its modified form.
