

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

### SCHEDULE 3

#### GENERAL BUSINESS SOLVENCY MARGIN: FIRST METHOD OF CALCULATION (PREMIUM BASIS)

**5.** If the amount arrived at under paragraph 4 above is more than 10 million units of account, it shall be divided into two portions, the former consisting of 10 million units of account and the latter comprising the excess.
