(2) Any person who owns a registered fishing vessel in respect of which an application was approved by the Ministers under the Fishing Vessels (Decommissioning) Scheme 1993⁽⁸⁾ but which was not decommissioned, shall not be eligible to apply for a decommissioning grant in respect of that vessel under this Scheme.

Application for decommissioning grant

4.—(1) The Ministers shall publish in such manner as they consider appropriate a notice inviting applications for grant under this Scheme and specifying the closing date for such applications.

(2) An application made in pursuance of a notice under subparagraph (1) above shall be in writing in such form and manner and with such information and documentation as the Ministers may require and shall be delivered to such address as they may direct.

(3) No more than one application in pursuance of a notice under subparagraph (1) above may be made in respect of a vessel.

(4) The foregoing provisions of this paragraph shall apply in respect of any subsequent notices inviting applications for grant under this Scheme.

(5) If an application for grant under this Scheme has been approved in respect of a vessel, no further application in respect of that vessel may be made under this Scheme.

5. An application for grant under this Scheme shall include a bid stating the amount of grant for which the applicant offers to scrap the vessel.

Consideration of applications

6.—(1) As soon as reasonably practicable after the date specified in a notice under paragraph 4(1) as the closing date for applications the Ministers shall—

- (a) identify those applications made in pursuance of that notice which satisfy the foregoing provisions of this Scheme,
- (b) divide the bid included in each such application by the number of capacity units of the vessel concerned, and
- (c) place each such application in rank according to the result of the calculation referred to in subparagraph (b) above.

(2) The Ministers may reject any application for grant under this Scheme if they consider the amount of the bid in the application to be unreasonable, having regard to—

- (a) the extent to which approval of the application would contribute towards the objectives of the United Kingdom’s multiannual guidance programme for its fishing fleet as approved in Commission Decision 92/593;
- (b) the amount of money allocated for this Scheme.

⁽⁸⁾ S.I. 1993/1345.

(3) The Ministers shall reject any application for grant under this Scheme if they have reasonable grounds for suspecting that there has been any fixing or adjustment of the amount of a bid by or under or in accordance with any agreement (whether legally binding or not) or arrangement with another person.

(4) Subject to subparagraphs (2) and (3) above, the Ministers shall approve applications by proceeding through the rank referred to in subparagraph (1)(c) above from the application incorporating the lowest amount bid per capacity unit towards the application incorporating the highest amount bid per capacity unit until the maximum amount of money allocated for the Scheme is reached.

(5) Where as a result of the procedure referred to in subparagraph (4) above there are two or more identical bids per capacity unit which are higher than the amount of any other bid which has been approved, and there is insufficient money to meet all of them, in deciding which bid or bids to accept the Ministers may take into account the amount of time spent at sea on fishing trips in Community waters by each of the vessels concerned during the calendar years 1992 and 1993 with a view to giving preference to vessels that spent more time at sea in those years.

Approval of applications

7.—(1) The Ministers shall notify each applicant in writing of the result of his application.

(2) Applicants whose bids have been approved shall be eligible for payment of grant.

Conditions for payment of grant

8. No grant shall be paid under this Scheme unless the conditions set out in paragraphs 9 to 12 have been complied with.

9. The vessel shall not be scrapped before the applicant has been notified in accordance with paragraph 7(1) and the method has been approved under paragraph 10(3).

10.—(1) The applicant shall ensure that the vessel is scrapped in a member State.

(2) At least two weeks prior to the scrapping of the vessel the applicant shall notify the Ministers in writing of the intended date and place of scrapping and of the proposed method of scrapping.

(3) The method of scrapping shall conform to that proposed to, and approved by, the Ministers.

11.—(1) The applicant shall surrender the licence referred to in paragraph 3(1)(b) above and any other current licence in respect of the vessel to the Ministers.

(2) The applicant shall take all necessary steps to ensure that the vessel is removed from the register.

(3) The applicant shall furnish to the Ministers before 1st March 1995 a declaration that the vessel has been scrapped, that it has been removed from the register and that the licence in respect of the vessel has been surrendered.

12. The applicant shall take all necessary steps to ensure that any person authorised in writing by the Ministers shall on producing, if required to do so, some duly authenticated document to show his authority, have the right at any reasonable time to inspect the vessel, and the carrying out of its scrapping, for the purpose of establishing that the provisions of this Scheme have been met.

Amount of grant

13. The amount of decommissioning grant in respect of a vessel shall be the amount of the bid made by the applicant in his application.

False statements

14. If any person makes a false statement or furnishes false information in connection with an application for a decommissioning grant under this Scheme, any payment of grant to that applicant may at any time be refused and any such payment already made in relation to that application may be recovered as a civil debt or, in Scotland, as a debt.

EXPLANATORY NOTE

(This note is not part of the Scheme)

This Scheme provides for the making of grants by the Minister of Agriculture, Fisheries and Food and the Secretaries of State respectively concerned with the sea fish industry in Scotland, Wales and Northern Ireland, in respect of the decommissioning (by scrapping) of fishing vessels registered in the United Kingdom.

Provision for decommissioning grant is made pursuant to Council Regulation (EEC) No. 3699/93 laying down the criteria and arrangements regarding Community structural assistance in the fisheries and aquaculture sector and the processing and marketing of its products (O.J. No. L346, 31.12.93, p.1) (as read with Council Decision 94/15/EC relating to the objectives and detailed rules for restructuring the Community fisheries sector over the period 1st January 1994 to 31st December 1996 with a view to achieving a lasting balance between the resources and their exploitation (O.J. No. L10, 14.1.94, p.20)) which supersedes Council Regulation (EEC) No. 4028/86 on Community measures to improve and adapt structures in the fisheries and aquaculture sector (O.J. No. L376, 31.12.86, p.7).

Applications for grant will be considered in respect of vessels meeting the requirements set out in paragraph 3 of the Scheme. Applications must be made in accordance with paragraph 4 and must include a bid by the applicant for the amount of grant for which he offers to scrap his vessel (paragraph 5). Bids will be considered in accordance with paragraph 6.

No grant will be paid unless the conditions set out in paragraphs 9 to 12 have been complied with (paragraph 8). Successful applicants will receive by way of grant the amount for which they bid (paragraph 13).

Provision is made for the refusal or recovery of grant in specified circumstances (paragraph 14).

Offences and penalties in connection with this Scheme are provided by section 17 of the Fisheries Act 1981.
