

SCHEDULE 6

AIRCRAFT ENGINE AND PROPELLER LOG BOOKS

2. Engine Log Book

The following entries shall be included in the engine log book:

- (a) the name of the constructor, the type of engine, the number assigned to it by the constructor and the date of the construction of the engine;
- (b) the nationality and registration marks of each aircraft in which the engine is fitted;
- (c) the name and address of the operator of each such aircraft;
- (d) either:
 - (i) the date of each flight and the duration of the period between take-off and landing or, if more than one flight was made on that day, the number of flights and the total duration of the periods between take-offs and landings on that day; or
 - (ii) the aggregate duration of periods between take-off and landing for all flights made by that aircraft since the immediately preceding occasion that any maintenance overhaul, repair, replacement, modification or inspection was undertaken on the engine;
- (e) particulars of all maintenance work done on the engine;
- (f) particulars of any defects occurring in the engine, and of the rectification of such defects, including a reference to the relevant entries in the technical log required by article 11(2) and (3) of this Order;
- (g) particulars of all overhauls, repairs, replacements and modifications relating to the engine or any of its accessories.
