

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

SCHEDULE 4

CATEGORIES OF ADDITIVES WHICH MUST BE IDENTIFIED IN A LIST OF INGREDIENTS BY THEIR CATEGORY NAME

Notes

1. In the case of an additive which is added to or used in food to serve the function of an acid and whose specific name includes the word “acid”, it shall not be necessary to use the category name.
