

SCHEDULE 4

OVERALL AND SPECIFIC MIGRATION TESTING USING FOOD SIMULANTS

PART III

Selection of Food Simulants

C. Selection of simulants for testing materials and articles which are already in contact with a known food

5. The simulant or simulants to be used in testing a plastic material or article which is already in contact with a known food shall be—

- (a) where the known food is a specific food or is within a specific group of foods described in column 2 of the Table to Part IV of this Schedule and, for the purposes of Part IV of this Schedule, a simulant is, or simulants are, specified in relation to that specific food or specific group of foods, the simulant or simulants so specified;
- (b) where the known food is neither a specific food nor within a specific group of foods described in the Table to Part IV of this Schedule, the simulant or simulants in column 2 of Table 2 to this Part of this Schedule opposite the description of food in column 1 of that Table which corresponds most closely to the known food.
