17.—(1) Subject to the following provisions of this article, the undertaker may at its own expense and from time to time carry out such safeguarding works to any building situated on the relevant lands as the undertaker considers to be necessary or expedient.

(2) Safeguarding works may be carried out—

- (a) at any time before or during the construction in the vicinity of the building of any part of the authorised works; or
- (b) after the completion of the construction of that part of the authorised works, at any time up to the end of the period of 5 years beginning with the day on which that part of the authorised works is first opened for use.

(4) For the purpose of carrying out safeguarding works under this article to a building the undertaker may (subject to paragraphs (5) and (6) below)—

- (a) enter the building and any land belonging to it, being land forming part of the relevant lands; and
- (b) where the works cannot be carried out reasonably conveniently without entering land adjacent to the building, enter the adjacent land (but not any building erected on it), being lands forming part of the relevant lands.

the undertaker shall, except in case of emergency, serve on the owners and occupiers of the building or land not less than 14 days' notice of its intention to exercise that right and, in a case falling within sub-paragraph (a) or (c) above, specifying the safeguarding works proposed to be carried out.

(6) Where notice is served under paragraph (5)(a), (c) or (d) above, the owner or occupier of the building or land concerned may, by serving a counter-notice within the period of 10 days beginning with the day on which the notice was served, require the question whether it is necessary or expedient to carry out the safeguarding works or to enter the building or land to be referred to arbitration under article 49 below.

(7) The undertaker shall compensate the owners and occupiers of any building or land in relation to which the powers of this article have been exercised for any loss or damage arising to them by reason of the exercise of those powers.

(8) Where—

- (a) safeguarding works are carried out under this article to a building, and
- (b) within the period of 5 years beginning with the day on which the part of the authorised works constructed within the vicinity of the building is first opened for use it appears that the safeguarding works are inadequate to protect the building against damage caused by the construction or operation of that part of the works,

the undertaker shall compensate the owners and occupiers of the building for any damage sustained by them.

(9) Without prejudice to article 47 below, nothing in this article shall relieve the undertaker from any liability to pay compensation under section 10(2) of the 1965 Act.
