EXPLANATORY NOTE

(This note is not part of the Order)

This Order designates those foundation or voluntary schools in England which have a religious character. Part I of the Schedule lists those schools in respect of which a final decision has been taken, and Part II lists those schools dealt with on a provisional basis where a final decision has not yet been taken, as to religious character and the relevant religion or religious denomination.

Designation as a school which has a religious character is relevant for a number of purposes under the School Standards and Framework Act 1998 (“the Act”), notably:

- (a) as part of the mechanism for determining the form of religious education to be provided under Schedule 19 to the Act;
- (b) as part of the mechanism for determining the form of collective worship to be provided under Schedule 20 to the Act;
- (c) as part of the mechanism for determining school staffing matters under sections 58 to 60 of the Act;
- (d) as part of the mechanism for determining the criteria for the admission of pupils to schools under section 91 of the Act;
- (e) for the purposes of the disposition of assets under paragraph 5 of Schedule 3 to the Act, so that assets can be re-assigned for the benefit of schools of the same religion or religious denomination;
- (f) the inclusion of a description of the ethos of the school in the instrument of government under paragraph 1(1)(g) of Schedule 12 to the Act.

Designation by this Order is not of itself a means of acquiring a religious character or of changing religious character. Designation is the recognition of certain existing attributes of the school or its governing body as described in the Religious Character of Schools (Designation Procedure) Regulations 1998. Under the Act a school must first close if it is to acquire a religious character, if it does not, as a question of fact, have one already, or where it is to change its religious character.

In England, the religions in accordance with whose tenets religious education is, or may be, required to be provided at the school in accordance with Schedule 19 to the 1998 Act are currently the Christian, Muslim, Jewish and Sikh religions. The relevant religious denominations within Christianity are the Church of England, the Roman Catholic Church, the Methodist Church, the United Reformed Church, the Free Church, the Congregational Church, the Seventh-Day Adventist Church and the Quakers.

Designation as a school with a religious character will not be accepted by the Secretary of State as conclusive evidence that an endowment has been held or used, wholly or partly, in connection with the provision at the school of religious education for the purposes of section 554(2) of the Education Act 1996. Section 554 enables appropriate authorities of any religious denomination or religion (but normally Church of England diocesan authorities) to make fresh provision for endowments held or used for the provision of religious education. This normally happens as a result of a school closing. In confirming eligibility for an order, the trust deeds and other supporting evidence would be considered.

A statement in the Order in relation to a school that the religious denomination in accordance with whose tenets religious education is, or may be, required to be provided at the school in accordance with Schedule 19 to the 1998 Act, is Roman Catholic, does not determine whether or not the school is a Catholic school according to canon law.
