Medical Attention

(4) Subject to any directions given in the particular case by the Secretary of State, a registered medical practitioner selected by or on behalf of an inmate who is a party to any legal proceedings must be afforded reasonable facilities for examining the inmate in connection with the proceedings, and may do so out of hearing but in the sight of an officer.

(5) An inmate may correspond, in accordance with arrangements made by the Secretary of State for the confidential handling of correspondence, with a registered medical practitioner who has treated the inmate for a life threatening condition, and such correspondence may not be opened, read or stopped unless the governor has reasonable cause to believe its contents do not relate to the treatment of that condition.]
