“certificate of approval” means a certificate of approval of a pattern of weighing equipment granted or renewed by the Secretary of State under section 12 of the Act or any instrument having effect under paragraph 11(1) of Schedule 11 to the Act as if it were a certificate of approval so granted on 4th April 1979;

“maximum permissible error” in relation to a beltweigher means, except in paragraph (3), the maximum permissible error for automatic weighing in relation to a beltweigher of its Class as determined in accordance with clauses 2.2 to 2.2.3 of R 50–1; the Table in clause 2.2.1 is set out in the Schedule;

“minimum totalised load” means the quantity in units of mass below which a totalisation may be subject to excessive relative errors as determined in accordance with clause 2.3 of R 50–1;

“the stamp” means the prescribed stamp⁽²⁾;

“weighing unit” means the part of a beltweigher providing information on the mass of the load to be measured.

(2) In these Regulations—
