- (c) it has been determined by or on behalf of the Secretary of State, the Scottish Ministers, the National Assembly for Wales or the Department of Agriculture and Rural Development, having regard to the conditions laid down in paragraphs 2 and 3 of Schedule 3, and paragraph 1 of Schedule 4, that the plants produced in the control plot are not satisfactory plants from which to harvest CS seed.

(16) Where the Secretary of State has carried out an examination of the crop referred to in paragraph (14)(i) or the crops referred to in paragraph (14)(ii), or has carried out an examination of both the crop referred to in paragraph (14)(i) and the crops referred to in paragraph (14)(ii), she shall inform the applicant whether she is satisfied that the seed used to produce the crop to which his application relates was satisfactory seed to be used for the production of CS seed, and, if the Secretary of State is satisfied that this is the case, the seed used to produce the crop, and seed from the same seed lot, shall be treated as being seed that has been subject to satisfactory official post control for the production of CS seed.

(17) This paragraph applies to the following categories of seed—

- (a) in the case of an application made under paragraph (1) relating to a crop that has been produced from breeder's seed or officially certified pre-basic seed and from which it is intended to harvest pre-basic seed, to the category of basic seed, and
- (b) in the case of an application made under paragraph (1) relating to a crop produced from breeder's seed or officially certified pre-basic seed and from which it is intended to harvest basic seed other than a component of a hybrid, to the category of pre-basic seed.

(18) In this regulation “seed that is subject to official post control” means seed from a seed lot for which a control plot has been sown by or on behalf of the Secretary of State, the Scottish Ministers, the National Assembly for Wales or the Department of Agriculture and Rural Development to produce plants which are to be, or have been, examined by or on behalf of the Secretary of State, the Scottish Ministers, the National Assembly for Wales or the Department of Agriculture and Rural Development, as the case may be, to determine whether, having regard to the conditions laid down in—

- (a) paragraphs 2, 3 and 10 of Schedule 3, and
- (b) paragraphs 1 and 12 of Schedule 4,

the plants produced in the plot indicate that the corresponding plants in the field are satisfactory plants from which to harvest CS seed.

  - (iii) in relation to a crop produced in another member State, by a copy of the document referred to in paragraph (2)(c);
  - (iv) in relation to a crop produced in an equivalent third country, by a copy of the document referred to in paragraph (2)(d); and
  - (v) by such other information and documents as the Secretary of State may require.

(4) The Secretary of State may permit, subject to any conditions that she may impose, an application made under this regulation relating to a crop for which the applicant previously made an application under regulation 7(3) to be accompanied by the following document instead of the field inspection report issued under regulation 7(10) or (12), namely a document relating to the crop (whether relating to that crop alone or relating to other crops in respect of which an application has been made by the applicant under regulation 7(3))—

- (a) that states, by reference to the relevant category, the conditions met by that crop;
- (b) that identifies the licensed crop inspector or inspectors who inspected the crop;

- (d) that contains such other information as the Secretary of State may require.

(5) Where a document of the type specified in paragraph (4) accompanies an application made under this regulation instead of a field inspection report, the applicant shall produce the field inspection report referred to in paragraph (3) to the Secretary of State on demand during the period of three years from the date of the issue of the field inspection report and shall make a copy of the report available to her on request during that period.

### **Re-grading of crops**

9.—(1) An application to re-grade—

- (a) for the appropriate category of seed, and
- (b) where applicable, for any other category of seed to which paragraph (14) applies.

(8) Subject to paragraph (13), where—

(9) Subject to paragraph (13), where it has been determined, by way of a Schedule 4 germination test, that the official sample taken from a regulation 10(1)(a) or (b) seed lot will not meet the applicable germination condition but the sample is found to satisfy all the other conditions laid down in Part II of Schedule 4 for the appropriate category of seed, the licensed seed testing station (or the Secretary of State where paragraph (3) or (4) applies), shall issue a seed test report to the applicant containing a statement to that effect.

(10) Where (otherwise than in connection with a retest of the seed) the results of a Schedule 4 germination test of an official sample of a seed lot referred to in paragraph (1) are awaited, and, except for the result of that test, the official sample has otherwise been found to meet all the other conditions laid down in Part II of Schedule 4—

- (a) for the appropriate category of seed, and
- (b) where applicable, for any other category of seed to which paragraph (14) applies,

the licensed seed testing station (or the Secretary of State in a case where paragraph (3) or (4) applies), shall, subject to paragraph (13), issue an interim seed test report to the applicant stating that the results of the Schedule 4 germination test for the official sample are awaited but that it has otherwise been found to meet all the other conditions laid down in Part II of Schedule 4 for the appropriate category of seed, and, where applicable, for any relevant category of seed to which paragraph (14) applies.

(11) Where, following the issue of an interim seed test report under paragraph (10), the tested seed is found to meet the applicable germination condition, the licensed seed testing station (or the Secretary of State in a case where paragraph (3) or (4) applies), shall, subject to paragraph (13), issue a seed test report to the applicant stating that the official sample has been found to meet the conditions laid down in Part II of Schedule 4 for the appropriate category of seed, and, where applicable, for any other category of seed to which paragraph (14) applies.

(12) Subject to paragraphs (9) and (10), where an official sample of a seed lot referred to in paragraph (1) is found not to satisfy the conditions laid down in Part II of Schedule 4 for the appropriate category of seed, the licensed seed testing station (or the Secretary of State in a case where paragraph (3) or (4) applies) shall issue and send to the applicant a seed test report—

- (a) stating that the official sample has been found not to meet those conditions, and
- (b) subject to paragraph (13), in a case where the seed has been tested to determine whether it meets the conditions laid down in Part II of Schedule 4 for any other category of seed to which paragraph (14) applies, stating (by reference to the relevant category) whether the seed has been found to meet the conditions for any such category.

(13) If it appears to the Secretary of State that an official sample of the seed lot taken for the purpose of a test in order to ascertain whether it met the appropriate conditions laid down in Part II of Schedule 4 was not taken in accordance with the requirements of regulation 20 the Secretary of State may—

- (a) in a case where paragraph (3) or (4) applies, refuse to issue a seed test report in accordance with paragraph (8), (9), (10), (11) or (12)(b), and, in such a case, shall notify the applicant of her decision and the reason for it, or
- (b) in a case where paragraph (3) or (4) does not apply, direct the licensed seed testing station to refuse to issue a seed test report in accordance with those paragraphs and the licensed seed testing station shall comply with that direction and shall notify the applicant of the reason for its refusal to issue the report.

## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations apply in England and come into force on 31st January 2003. They revoke and replace, with modifications, the Beet Seeds Regulation 1993 (S.I. 1993/2006) insofar as they apply to England. They also revoke the Beet Seeds (Amendment) Regulations 1999 (S.I. 1999/1861) insofar as they apply to England and the Beet Seeds (Amendment)(England) Regulations 2000 (S.I. 2000/1791), both of which amended the 1993 Regulations.

The 1993 Regulations implemented the provisions of Council Directive 66/400/EEC on the marketing of beet seed (O.J. No. L125, 11.7.66, p. 2290, OJ/SE 1965–66, p. 124). That Directive, as amended, was replaced by Council Directive 2002/54/EC on the marketing of beet seed (O.J. No. L193, 20.7.2002, p. 12). These Regulations implement the provisions of that Directive.

The Regulations apply to the certification and marketing of beet seed of the species specified in Schedule 2 to these Regulations (regulation 4). They do not apply to seed harvested on or before 31st December 2002 until 1st July 2003 (regulation 30).

The Regulations include provisions that lay down the procedures relating to the certification of beet seed in England (Part II), including provisions relating to the entry of seed lots (regulation 5), the entry of crops (regulation 6), the field inspection of crops (regulation 7), the lodging of field inspection reports and similar documents (regulation 8), the re-grading of crops (regulation 9), seed testing (regulation 10), the lodging of seed test reports (regulation 11), the re-grading of seed (regulation 12) and the withdrawal of official certification (regulation 13).

The Regulations include provisions that prohibit the marketing of beet seed in England except for seed that falls into one of the categories listed in Schedule 6 (regulation 14). These categories are defined in Schedule 1. The prohibition does not apply in the case of seed of a category that is not listed in Schedule 6 where an authorisation has been granted for scientific purposes or selection work (regulation 17) or for the purpose of tests and trials (regulation 18) or is authorised by a general licence made under regulation 19.

The Regulations lay down requirements relating to the sampling (regulation 20) and packaging (regulation 21) of seed and the sealing (regulation 22) and labelling of packages (regulation 23) of seed.

The Regulations enable the Secretary of State to make arrangements for any person to act under her responsibility in carrying out official measures (regulation 25) and include provisions relating to the charging of fees (regulation 26).

The contravention of these Regulations is a criminal offence (section 16(7) of the Plant Varieties and Seeds Act 1964).

A Regulatory Impact Assessment and a Transposition Note have been prepared for these Regulations. A copy of each of these documents has been placed in the library of each House of Parliament. Copies can be obtained from the Plant Variety Rights Office and Seeds Division of the Department for Environment, Food and Rural Affairs, White House Lane, Huntingdon Road, Cambridge CB3 0LF.
